RE: Twenty-Third Annual Report of the Supervisor of Records
January 1 to December 31, 2022

The City Attorney's Office submits this report to the Sunshine Ordinance Task Force under Section 67.21(h) of the San Francisco Sunshine Ordinance (S.F. Admin. Code §67.21(h)). That section requires the Supervisor of Records to prepare an annual tally and report for the Sunshine Ordinance Task Force on each petition brought before the Supervisor of Records for access to records. Section 67.21(h) includes the following requirements:

The report shall at least identify for each petition the record or records sought, the custodian of those records, the ruling of the supervisor of public records, whether any ruling was overturned by a court and whether orders given to custodians of public records were followed. The report shall also summarize any court actions during that period regarding petitions the Supervisor has decided. At the request of the Sunshine Ordinance Task Force, the report shall also include copies of all rulings made by the supervisor of public records and all opinions issued.

Reporting period: This report covers petitions brought before the Supervisor of Records between January 1 – December 31, 2022 (the "reporting period"). We also include petitions submitted in 2020 and 2021 that have been resolved since the previous Annual Report of the Supervisor of Records dated November 8, 2022, including 92 petitions from Anonymous petitioner that were closed in November 2023.

Custodian of Records: For the custodian of records, the report generally gives the name of the employee who responded to the request.

Court actions: There have been no court decisions issued regarding determinations by the Supervisor of Records for the reporting period.

Orders issued: There have been no orders from the Supervisor of Records issued to any City department whose records were the subject of a petition.

Court Decisions Interpreting or Applying the San Francisco Sunshine Ordinance: There have been no court decisions interpreting or applying the Sunshine Ordinance for the reporting period.

Scheduled Closure of “Anonymous” Petitions

On September 29, 2023, the Supervisor of Records sent a letter to Anonymous to schedule the closure of 92 outstanding petitions that were submitted to the Supervisor of Records between the years 2020 to 2022. This letter followed Anonymous’ announcement in late 2022 that they had retired from the practice of seeking public records from the City and County of San Francisco, and requesting the Sunshine Ordinance Task Force dismiss 50 pending complaints Anonymous had filed against various City departments and officials. The Task Force dismissed those complaints.

While Anonymous did not request the Supervisor of Records to similarly close the 92 pending Supervisor of Records petitions, the Supervisor of Records determined that closing those petitions would be consistent with closing the Task Force complaints. Additionally, the Supervisor of Records determined that, given the number of outstanding petitions the vast majority either were or would soon become stale.

The Supervisor of Records therefore contacted Anonymous via letter stating that the pending petitions would be closed, but inviting Anonymous to inform the Supervisor of Records if they wished to keep any of the petitions open. The Supervisor of Records provided Anonymous the opportunity to oppose the planned closure, and gave Anonymous until October 31, 2023 to do so. Anonymous did not respond to the Supervisor of Records’ communication or otherwise seek to keep any of the 92 petitions open. A copy of our response is included on page 1175 of the Appendix.

The following are the closed petitions the Anonymous petitioner submitted between the years 2020 to 2022.

Hi Bradley,

The San Francisco Department of Public Works did not provide the requested information by Request 22-1088 (<https://sanfrancisco.nextrequest.com/requests/22-1088>). I am writing to make a sunshine appeal that the response to Public Record Request #22-1088 is non-compliant with the request.

The San Francisco Department of Public Works published a request for proposal on the Sunset and Parkside Sewer and Pavement Renovation Project on November 13, 2019. Amongst other requirements, the Project Manual prescribed the submittal to include design, details, and calculation associated with a suitable sheet piling installation to minimize vibrations and damage to adjacent structures, according to Project Manual § 01 35 45 1.6F, § 01 35 49 1.5C, § 01 35 50 1.04C, § 01 73 29 1.5B, § 31 23 33 1.6A, and § 31 23 33 2.2A. The requested calculation package determining the hammering parameters is essential for a suitable sheet piling installation. Therefore, The Contractor should have submitted for approval.

The project has been proceeded, implying a contract has been awarded. Therefore, the requested calculation package is public information that must be disclosed and available for public inspection pursuant to San Francisco Administration Code § 67.24(e)(1).

I understand that you have now submitted a new public records request to Public Works clarifying what you are seeking along the same lines as what you have stated below. Accordingly, we are not reopening this petition. If you are dissatisfied with Public Works' response to your new request, because you believe the department has unlawfully withheld or redacted a record based on an exemption in the Public Records Act, feel free submit a new petition. Thank you.

Hi Bradley,

I reviewed the document "released" by the San Francisco Department of Public Works, "1000015025-Project Manual 2 of 2.pdf". I confirmed that it is *not* a qualified document responsive to the request, as justified as follows.

The document is a digital file of the Bid Documents associated with the Invitation to Bid, a call to contractors to submit a proposal on the Sunset and Parkside Sewer and Pavement Renovation Project for a specific service. The Invitation to Bid is publically visible at <https://proposal-bid-notices.construction.com/bid/5984/city-county-of-san-francisco-san-francisco-public-works->. The digital file was available at <http://www.sfpublicworks.org/biddocs>. Public Works did not release them in response to Request #21-6702.

After the publication of the Invitation to Bid, the Contractor may submit the bid with the bidding form. The Contractor shall submit drawings to scale indicating materials, details, and calculations for all permits in a format as required by the San Francisco Department of Public Works. Plans and calculations for the shoring system shall be submitted for review and approval by the City prior to trench excavation. The Contractor shall provide all engineering, including design, details and calculations, installation and construction of shoring, sheeting, and bracing necessary to support the sides of the excavation to prevent movement, which may damage adjacent pavements, utilities, or structures, damage or delay the Work, or endanger life and health as required by Cal-OSHA and other applicable governmental regulations and agencies. Details and calculations shall be signed and stamped by a California licensed Civil or Structural Engineer.

The Contractor should have submitted these documents to the City for review and approval. The Contractor used excavator-mounted pile-driving hammers to install sheet piling into the sandy ground, generating soil movement and potentially damaging adjacent structures. Therefore, Request #21-6702 demanded the design and details of the installation of sheet piling to support the sides of the excavation to prevent movement, the calculation package that determined and supported the choice of hammering parameters (the specified rated number of blows per minute, the

specified energy per blow, the specified stroke length, the specified capacity and pressure of the compressor, and the specified vibratory frequency of the pile driver), as well as the design of preventive and control measures to prevent damage to the adjacent structures. All are supposedly included in the submittal and signed and stamped by a California licensed Civil or Structural Engineer.

The Contractor produced submittal after the publication of the Invitation to Bid. The submittal by the Contractor obviously differs from the digital file of the Bid Documents. Therefore, The documents demanded by Request #21-6702 have not been released by the San Francisco Department of Public Works. I would have to request reopening the Sunshine Appeal respectfully.

Best,
Yuli

Yuli –

We have confirmed that the Department of Public Works is not withholding records responsive to your request. Accordingly, because the department has not withheld any records based on an exemption in the Public Records Act, there is nothing for the Supervisor of Records to consider and we consider your petition closed. Thank you.

Hi Bradley,

The San Francisco Department of Public Works did not provide the requested information by Request 22-1088 (<https://sanfrancisco.nextrequest.com/requests/22-1088>). I am writing to make a sunshine appeal that the response to Public Record Request #22-1088 is non-compliant with the request.

The San Francisco Department of Public Works published a request for proposal on the Sunset and Parkside Sewer and Pavement Renovation Project on November 13, 2019. Amongst other requirements, the Project Manual prescribed the submittal to include design, details, and calculation associated with a suitable sheet piling installation to minimize vibrations and damage to adjacent structures, according to Project Manual § 01 35 45 1.6F, § 01 35 49 1.5C, § 01 35 50 1.04C, § 01 73 29 1.5B, § 31 23 33 1.6A, and § 31 23 33 2.2A. The requested calculation package determining the hammering parameters is essential for a suitable sheet piling installation. Therefore, The Contractor should have submitted for approval.

The project has been proceeded, implying a contract has been awarded. Therefore, the requested calculation package is public information that must be disclosed and available for public inspection pursuant to San Francisco Administration Code § 67.24(e)(1).

I understand that you have now submitted a new public records request to Public Works clarifying what you are seeking along the same lines as what you have stated below. Accordingly, we are not reopening this petition. If you are dissatisfied with Public Works' response to your new request, because you believe the department has unlawfully withheld or redacted a record based on an exemption in the Public Records Act, feel free submit a new petition. Thank you.

Hi Bradley,

I reviewed the document "released" by the San Francisco Department of Public Works, "1000015025-Project Manual 2 of 2.pdf". I confirmed that it is *not* a qualified document responsive to the request, as justified as follows.

The document is a digital file of the Bid Documents associated with the Invitation to Bid, a call to contractors to submit a proposal on the Sunset and Parkside Sewer and Pavement Renovation Project for a specific service. The Invitation to Bid is publically visible at <https://proposal-bid-notices.construction.com/bid/5984/city-county-of-san-francisco-san-francisco-public-works->. The digital file was available at <http://www.sfpublicworks.org/biddocs>. Public Works did not release them in response to Request #21-6702.

After the publication of the Invitation to Bid, the Contractor may submit the bid with the bidding form. The Contractor shall submit drawings to scale indicating materials, details, and calculations for all permits in a format as required by the San Francisco Department of Public Works. Plans and calculations for the shoring system shall be submitted for review and approval by the City prior to trench excavation. The Contractor shall provide all engineering, including design, details and calculations, installation and construction of shoring, sheeting, and bracing necessary to support the sides of the excavation to prevent movement, which may damage adjacent pavements, utilities, or structures, damage or delay the Work, or endanger life and health as required by Cal-OSHA and other applicable governmental regulations and agencies. Details and calculations shall be signed and stamped by a California licensed Civil or Structural Engineer.

The Contractor should have submitted these documents to the City for review and approval. The Contractor used excavator-mounted pile-driving hammers to install sheet piling into the sandy ground, generating soil movement and potentially damaging adjacent structures. Therefore, Request #21-6702 demanded the design and details of the installation of sheet piling to support the sides of the excavation to prevent movement, the calculation package that determined and supported the choice of hammering parameters (the specified rated number of blows per minute, the specified energy per blow, the specified stroke length, the specified capacity and pressure of the compressor, and the specified vibratory frequency of the pile driver), as well as the design of preventive and control measures to prevent damage to the adjacent structures. All are supposedly included in the submittal and signed and stamped by a California licensed Civil or Structural Engineer.

The Contractor produced submittal after the publication of the Invitation to Bid. The submittal by the Contractor obviously differs from the digital file of the Bid Documents. Therefore, The documents demanded by Request #21-6702 have not been released by the San Francisco Department of Public Works. I would have to request reopening the

Sunshine Appeal respectfully.

Yuli

(Please note we corrected an error in numbering the above requests for purposes of accuracy in the analysis below.)

The Department responded on February 16, 2022, February 24, 2022, and March 17, 2022. On February 16, 2022, the Department stated that it had withheld criminal history records responsive to your request because such records are protected from public disclosure under Sections 11105, et seq. of the Penal Code. The Department further provided you information concerning how to obtain an incident report from the Department, to the extent you were seeking such a report. And the Department referred you to the Department of Emergency Management for records regarding calls for service, CAD, and 911 calls, among other records.

On February 24, 2022, the Department supplemented its response and reaffirmed its position that criminal history records are exempt from disclosure but further informed you that it was unable to locate a responsive incident report related to an incident on September 22, 2021, based on the information that you provided in the request.

In response to further correspondence from you, the Department provided another supplemental response on March 17, 2022. In that response, the Department reiterated its assertion that criminal history records were exempt from disclosure but provided you instructions on how to obtain your own criminal history information from the Department.

With regard to the February 15, 2022 request numbers 1-18, 24, and 25, and February 28, 2022 request numbers 1-22, 24 -26 such requests potentially call for criminal history information for the named individuals, to the extent such information exists. The Department properly withheld any such records as criminal offender record information and information derived from the California Law Enforcement Telecommunication System. *See* Government Code § 6254(k), Penal Code §§ 11105, 11145, 13100 et seq. Additionally, the Department directed you to the Department's process for obtaining such information regarding yourself; this would not be a request under the Public Records Act. And the Supervisor of Records would not have jurisdiction over such a request.

With regard to February 15, 2022 request numbers 19-23 and February 28, 2022 request numbers 19, 22-26 which would potentially call for a police incident report, the Department indicated that it was unable to locate an incident report based on the information you provided. It is not within the jurisdiction of the Supervisor of Records to determine whether a City department has conducted an adequate search for records. *See* Sec. 67.21(d) (jurisdiction of Supervisor of Records is to determine "whether the record requested, or any part of the record requested, is public.") Additionally, these requests could also seek call for service information. The Department properly referred that portion of the request to the Department of Emergency Management. To the extent that the Department is able to access such information directly, such information would be derived from the California Law Enforcement Telecommunication System and exempt from disclosure. *See* Government Code § 6254(k), Penal Code §§ 11105, 11145, 13100 et seq.

For the reasons stated above, we deny your petition and consider it closed.

(Please note we corrected an error in numbering the above requests for purposes of accuracy in the analysis below.)

The Department responded on February 16, 2022, February 24, 2022, and March 17, 2022. On February 16, 2022, the Department stated that it had withheld criminal history records responsive to your request because such records are protected from public disclosure under Sections 11105, et seq. of the Penal Code. The Department further provided you information concerning how to obtain an incident report from the Department, to the extent you were seeking such a report. And the Department referred you to the Department of Emergency Management for records regarding calls for service, CAD, and 911 calls, among other records.

On February 24, 2022, the Department supplemented its response and reaffirmed its position that criminal history records are exempt from disclosure but further informed you that it was unable to locate a responsive incident report related to an incident on September 22, 2021, based on the information that you provided in the request.

In response to further correspondence from you, the Department provided another supplemental response on March 17, 2022. In that response, the Department reiterated its assertion that criminal history records were exempt from disclosure but provided you instructions on how to obtain your own criminal history information from the Department.

With regard to the February 15, 2022 request numbers 1-18, 24, and 25, and February 28, 2022 request numbers 1-22, 24 -26 such requests potentially call for criminal history information for the named individuals, to the extent such information exists. The Department properly withheld any such records as criminal offender record information and information derived from the California Law Enforcement Telecommunication System. *See* Government Code § 6254(k), Penal Code §§ 11105, 11145, 13100 et seq. Additionally, the Department directed you to the Department's process for obtaining such information regarding yourself; this would not be a request under the Public Records Act. And the Supervisor of Records would not have jurisdiction over such a request.

With regard to February 15, 2022 request numbers 19-23 and February 28, 2022 request numbers 19, 22-26 which would potentially call for a police incident report, the Department indicated that it was unable to locate an incident report based on the information you provided. It is not within the jurisdiction of the Supervisor of Records to determine whether a City department has conducted an adequate search for records. *See* Sec. 67.21(d) (jurisdiction of Supervisor of Records is to determine "whether the record requested, or any part of the record requested, is public.") Additionally, these requests could also seek call for service information. The Department properly referred that portion of the request to the Department of Emergency Management. To the extent that the Department is able to access such information directly, such information would be derived from the California Law Enforcement Telecommunication System and exempt from disclosure. *See* Government Code § 6254(k), Penal Code §§ 11105, 11145, 13100 et seq.

For the reasons stated above, we deny your petition and consider it closed.

Subject: Public Records Request Appeal - Petition to the Supervisor of Records
Attachments: Public Records Request Made 02.04.2022.pdf; Beverly Popek Email Re Extension of Time to Respond to Public Records Request - 02.07.2022.pdf; Beverly Popek Email Re Response to Public Records Request - 02.17.2022.pdf

On February 4, 2022, I made a records request of the Office of Legal Standards Enforcement ("OLSE"), San Francisco Minimum Compensation Ordinance Compliance, directed and emailed to Beverly Popek at her direction as the compliance officer of the matter of which I sought the aforementioned public records. Despite the extended time to respond to this request, the resultant production is woefully incomplete and non-compliant. Therefore, I am lodging this appeal, otherwise referred to as a Petition to the Supervisor of Records.

Background

On February 4, 2022, via phone as previously agreed to, I conferred with Ms. Popek, who was the OLSE Compliance Officer who was the assigned officer to a previous investigation into United Airlines, Inc. ("United") failures to comply with the San Francisco Minimum Compensation Order complained of by employees of United beginning in 2017.

Over the course of our discussions, on February 4, 2022, Ms. Popek and I discussed in detail the records request I would later file following our conversation. Ms. Popek was acutely aware of exactly what records I sought and was requesting as Ms. Popek and I went over the details of the records request thoroughly.

Having explained my request, Ms. Popek stated unequivocally: (1) Ms. Popek was the correct person to direct my records request to; (2) Ms. Popek would gather the pertinent information; and (3) Ms. Popek presently knew of no records I would not be permitted to obtain. Later the same day, following our call, I reduced the discussed records request to a writing and submitted the same to Ms. Popek. The submitted written records request is attached below for your review.

On February 7, 2022, Ms. Popek responded to my request, exercising an extension right in order to have sufficient time to gather and secure all responsive documents. Specifically, Ms. Popek stated she, "was invoking the extension of time . . . because of the need to search for, compile, and appropriately examine a voluminous amount of documents." Ms. Popek's email response is attached below for your review.

On February 17, 2022, Ms. Popek, via SF Secure Share, produced documents allegedly responsive to the request. I accessed the documents the same day and, over the course of the intervening days, have thoroughly reviewed the production.

On March 7, 2022, having found the production woefully incomplete and non-compliant, I emailed Ms. Popek to set up a time to discuss the production. Following an exchange of emails, we agreed to discuss the matter on March 9, 2022, at 9 a.m. PST. The results of this discussion form resulted in this appeal.

On March 9, 2022, Ms. Popek called and I began our discussion by first asking if Ms. Popek had exempted, excluded, or otherwise withheld anything from the production. Ms. Popek assured me she had not. I then stated the production was not responsive to my request and was missing many known items. Ms. Popek had me elaborate and I did so.

I addressed each item in the production and described the inadequacies to Ms. Popek starting with the case file. For example, the investigation began on or about April 17, 2017 and was officially closed on March 4, 2019. However, there

was over a year long gap in the emails produced - emails from July 2017 through July 2018 were completely missing; there were not any notes whatsoever either typed or handwritten; there was a single notice of violation but no documents whatsoever relating to the investigation, discussions, agreements, communications, etc., even items referenced in the few emails that were provided; and there were no notes of the many phone calls, calls detailed by Ms. Popek in what emails there were, or of any of the in person communications Ms. Popek had with the various parties to this action.

Ms. Popek's explanation was she would need to go and do some research. Ms. Popek stated she had not in fact searched for all of the records responsive to my request. Ms. Popek stated she had "only copied what I had." I do not know the significance of Ms. Popek's access to the items requested; however, the extension of time and the act itself, and as Ms. Popek herself stated in the extension email, requires Ms. Popek to "search for, compile, and appropriately examine a voluminous amount of documents." By Ms. Popek's own admission, this has not been done.

Additionally, Ms. Popek shifted the responsibility to respond to my request to the City Attorney. Ms. Popek stated the City Attorney, in fact, had many of the records I was requesting. I asked Ms. Popek why those records were not made part of the production. I did not receive a direct and satisfactory response to this question. Ms. Popek further stated the alleged City Attorney who worked the case, Josh White, was no longer with the City Attorney's office and it would be very difficult to retrieve records as a result. I was incredibly surprised by this statement - none of the records requested would be or could be characterized as Mr. White's personal files to the extent Mr. White would have taken the files with him upon his departure from the City Attorney's office. I stated the same to Ms. Popek - the records are not and should not be affected by Mr. White's departure.

Ms. Popek then suggested I resubmit my request to her and let her handle making a request to the City Attorney. I went over every item on the list to clarify and ask if each one of those items was under the control of the City Attorney. As Ms. Popek deflected and obfuscated, I became more and more wary of resubmitting my request to Ms. Popek to handle individually. Ms. Popek did state she would look in her Outlook, seemingly a place she did not review previously, to see if she could locate all of the missing records. I again was taken aback because the inference was Ms. Popek had not in fact done the required researching, compiling, or reviewing of my initial request. I declined Ms. Popek's offer to handle my appeal.

I now submit this Petition to the Supervisor of Records to properly and adequately respond to my records request and to provide me with all of the documents relevant to my lawful request. Additionally, I would like Ms. Popek to be directed to search, compile, and examine all pertinent areas known to her to possibly contain the records responsive to my request.

If, upon review of my original records request, you determine I have somehow failed to clearly state what I am requesting or would like me to submit an additional or different request clarifying what I am requesting, I will be more than willing to do so.

Moreover, should you need any additional information or clarification, please do not hesitate to contact me. My contact information is contained in the original records request and provided here as well. By telephone at **Personal Info** and by email **Personal Info**

I look forward to working with you to swiftly resolve this matter.

Sincerely,

Dear Ms. Mariani:

I am writing in response to your Immediate Disclosure Request dated February 4, 2022. Based upon our hour long conversation on February 4 in which we discussed the case and your request, I will send the case file and will include documents (i.e. emails, United Airlines MCO Policy) related to the investigation regarding compliance with the Minimum Compensation Ordinance (MCO). Please be advised that this Office is hereby invoking an extension of not more than 14 calendar days to complete our response to your Immediate Disclosure Request. We are invoking the extension of time under Government Code Section 6253(c) and San Francisco Administrative Code Section 67.25 because of the need to search for, compile, and appropriately examine a voluminous amount of documents.

Please do not hesitate to contact me at (925) 445-7946 if you have questions about this matter. Otherwise, we will endeavor to process your request as quickly as possible and anticipate responding no later than the close of business on February 20.

RE: PUBLIC RECORDS REQUEST - IMMEDIATE DISCLOSURE REQUEST

Dear Ms. Popek:

Below please find the information pertinent to my request, in keeping with and to facilitate my efforts to copy and acquire documents pursuant to California Public Records Act, Government Code Section 6250 et seq., and San Francisco Sunshine Ordinance, San Francisco Administrative Code Section 67 et seq.

I am requesting access to records in possession or control of the Office of Labor Standards Enforcement for the purposes of inspection and copying pursuant to the California Public Records Act, California Government Code § 6250 et seq. ("CPRA"), and Article I, § 3(b) of the California Constitution. The specific records I seek to inspect and copy are listed below. As used herein, "Record" includes "Public Records" and "Writings" as those terms are defined at Government Code § 6252(e) & (g). I request access to inspect/copies of

If you contend any portion of the records requested is exempt from disclosure by express provisions of law, Government Code § 6253(a) requires segregation and redaction of that material in order for the remainder of the records to be released. If you contend any express provision of law exists to exempt from disclosure all or a portion of the records I have requested, Government Code § 6253(c) requires you notify me of the reasons for the determination not later than 10-days from your receipt of this request. Government Code §§ 6253(d) & 6255(b) require any response to this request that includes a determination the request is denied, in whole or in part, must be in writing and include the name and title of the person(s) responsible for the City's response. And, Government Code § 6253(d) prohibits the use of the 10-day period, or any provisions of the CPRA or any other law, "to delay access for purposes of inspecting public records." If payment is required before releasing copies, please let me know.

Should you need any further information, please do not hesitate to contact me via email or telephone. And, thank you in advance for your attention to this matter.

Re: Petition to Supervisor of Records

Dear Ms. Mariani:

This letter responds to your petition to the Supervisor of Records concerning your public records request to the Office of Labor Standards Enforcement (“OLSE”) dated February 4, 2022.

You submitted a petition to the Supervisor of Records on March 9, 2022 contesting OLSE’s response to your request as “woefully incomplete and non-compliant.” In your petition you asked that your February 4, 2022 request be “properly and adequately” answered and that Ms. Beverly Povek of OLSE be “directed to search, compile, and examine all pertinent areas known to her to possibly contain the records responsive” to your February 4, 2022 request.

Under the Sunshine Ordinance, it is the responsibility of the Supervisor of Records to determine whether a City department has withheld a record, or any part of a record, without a lawful basis for doing so – in the words of the Ordinance, to determine “whether the record requested, or any part of the record requested, is public.” Admin. Code § 67.21(d). That is the extent of our jurisdiction. Your petition raises issues concerning a City department’s alleged failure to conduct an adequate search in response to a public records request. The concerns outlined in your petition are therefore outside the jurisdiction of the Supervisor of Records under Section 67.21(d). Nonetheless, we have conferred with OLSE concerning your request and confirmed that the department has searched for and produced all records responsive to your request as it is presently formulated.

For the foregoing reasons, we consider your petition closed.

Very truly yours,

DAVID CHIU

To Whom It May Concern:

We write in response to your petition below to the Supervisor of Records concerning public records requests to members of the Redistricting Task Force. We understand that some of the members have not yet responded to your request. Under the Sunshine Ordinance (Section 67.21(d) of the Administrative Code), the Supervisor of Records is responsible for determining whether a City department or official has withheld a record, or any part of a record, without a lawful basis for doing so – for determining “whether the record requested, or any part of the record requested, is public.” The Supervisor of Records does not have jurisdiction to consider whether a department or official has timely complied with a request or properly invoked an extension of time. If members of the Task Force ultimately withhold or redact records when they respond to your request and you believe that they have acted unlawfully in doing so, please let us know and we will look into the issue. Additionally, we understand that the Clerk of the Board of Supervisors is assisting members of the Task Force with responding to records requests and the City Attorney’s Office is also available to provide guidance to Task Force members about the requirements of the Public Records Act and Sunshine Ordinance. Thank you.

We've filed the following Sunshine Record request from the office of San Francisco City Attorney weeks ago but we've received NO response from your office despite our second attempt in repeating our request by sending an email to Ms. Pearson who we believe is responsible for land use matters in this city.

Is the City Attorney office not required to abide by Sunshine law? This is the 3rd attempt in repeating our Sunshine record request for all records sent or received during the period beginning **January 1st, 2021** and ending today, which are in the possession of the City Attorney's office and/or any Supervisors and their staff that reflect, reference, relate to, or contain communications or discussions concerning the development project at **Per [San] Texas Street and/or Scott Emblidge**. The records requested include, but are not limited to, emails, texts, calendar entries for meetings, electronic messages, and

electronic platform messages (such as Twitter, Slack, Signal), whether sent on personal, business or city-related accounts.

Why has the office of the City Attorney been ignoring our Sunshine request? Is your office above the law and does not have to abide by the Sunshine Ordinance?

Dear RDTF Members,

Please see the immediate disclosure/public records request below from Joe Fitzgerald Rodriguez with KQED (Requestor) and please provide a direct response by April 8, 2022. While there may be some overlap with the other recent immediate disclosure request from Annelise Finney with KQED, note that this request does have differences and should be processed as its own separate request. The requests is for the following:

All text, chat, private, direct, or group messages in any form or application (including but not limited to iMessage, SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams, Telegram, and any application not listed here) and emails sent to or from any of the nine task force members (Matthew Castillon, Lily Ho, Arnold Townsend, José María Hernández Gil, Jeremy Lee, J. Michelle Pierce, Raynell Cooper, Chasel Lee, and Ditka Reiner) from any member of The Mayor's Office or the Board of Supervisors (including legislative aides and supervisors) with timestamps between April 1st, 2022 and April 5th, 2022 (inclusive), including a personal search under City of San Jose vs Superior Court (2017). Please also include any group messages where any parties in addition to the above named persons are on the conversation. While the phone numbers are not needed, at least the following must be preserved: the date/timestamps, the textual content, attachments, images, audio, and video (all in their original electronic content, and not merely screenshots of such media) and also ALL sender and recipient names (including groups).

We also understand that the purpose of an immediate disclosure request is to expedite the City's response to a simple, routine, or otherwise readily answerable request. For more extensive or demanding requests, the maximum deadlines for responding to a request may apply (Admin. Code §67.25(a)). If additional time is needed for production, in accordance with Admin. Hello, John! Joe Fitzgerald Rodriguez from KQED, here.

Hope you're well. Please call if you need this refined in any way. 415-310-9964.

My request is as follows.

Redistricting Task Force and John Carroll:

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and its clerk. Your response is required by Thursday April 7th, 2022. Rolling responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. You must provide exact copies of every responsive record. Do not: print and scan electronic records, provide only the final message in a thread instead of the entire thread, convert native files to PDFs, combine or merge multiple records together, or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations:

*

All withholding of any information must be justified in writing (SFAC 67.27).

*

All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).

*

You must respond to emailed requests (SFAC 67.21(b)).

*

You must notify us of whether or not responsive records exist and/or were withheld for each request below (Gov Code 6253(c), 6255(b)).

*

You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).

*

Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App<<http://Cal.App>> 4th 1301); so if you use a website to publish records, please make them completely public without any login, sign-in, or agreement to any type of terms of use or acceptable use policies.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for each and every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception.

1.

All text, chat, private, direct, or group messages in any form or application (including but not limited to iMessage, SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams, Telegram, and any application not listed here) and emails sent to or from any of the nine task force members (Matthew Castillon, Lily Ho, Arnold Townsend, José María Hernández Gil, Jeremy Lee, J. Michelle Pierce, Raynell Cooper, Chasel Lee, and Ditka Reiner) from any member of The Mayor's Office or the Board of Supervisors (including legislative aides and supervisors) with timestamps between April 1st, 2022 and April 5th, 2022 (inclusive), including a personal search under City of San Jose vs Superior Court (2017). Please also include any group messages where any parties in addition to the above named persons are on the conversation. While the phone numbers are not needed, at least the following must be preserved: the date/timestamps, the textual content, attachments, images, audio, and video (all in their original electronic content, and not merely screenshots of such media) and also ALL sender and recipient names (including groups).

PRESERVE AND DO NOT DESTROY ANY ORIGINALS OF RESPONSIVE RECORDS UNTIL THE FINAL ADJUDICATION OF ANY APPEALS - we will appeal all withholdings or Sunshine violations.

Thank you for any time you are able to put towards this request.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. Dear Mr. Rodriguez,

On April 25, 2022, you simultaneously filed the below complaint with the Sunshine Ordinance Task Force (SOTF) and the Supervisor of Records regarding a request for documents you had made to the San Francisco Redistricting Task Force members. Unfortunately, because that Task Force ceased to exist shortly after we received your petition. The Task Force issued its final report in March 2022 and had its last meeting on April 28, 2022, only three days after you made your petition. Due to the disbanding of the Task Force, we have been unable to make a determination regarding whether there are any responsive records. We therefore must close this petition at this time. If you were unable to resolve your concerns via the SOTF, please let us know so that we can reopen the petition.

Sincerely,

EXTERNAL

Dear RDTF Members,

Please see the immediate disclosure/public records request below from Joe Fitzgerald Rodriguez with KQED (Requestor) and please provide a direct response by April 8, 2022. While there may be some overlap with the other recent immediate disclosure request from Annelise Finney with KQED, note that this request does have differences and should be processed as its own separate request. The requests is for the following:

All text, chat, private, direct, or group messages in any form or application (including but not limited to iMessage, SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams, Telegram, and any application not listed here) and emails sent to or from any of the nine task force members (Matthew Castillon, Lily Ho, Arnold Townsend, José María Hernández Gil, Jeremy Lee, J. Michelle Pierce, Raynell Cooper, Chasel Lee, and Ditka Reiner) from any member of The Mayor's Office or the Board of Supervisors (including legislative aides and supervisors) with timestamps between April 1st, 2022 and April 5th, 2022 (inclusive), including a personal search under City of San Jose vs Superior Court (2017). Please also include any group messages where any parties in addition to the above named persons are on the conversation. While the phone numbers are not needed, at least the following must be preserved: the date/timestamps, the textual content, attachments, images, audio, and video (all in their original electronic content, and not merely screenshots of such media) and also ALL sender and recipient names (including groups).

We also understand that the purpose of an immediate disclosure request is to expedite the City's response to a simple, routine, or otherwise readily answerable request. For more extensive or demanding requests, the maximum deadlines for responding to a request may apply (Admin. Code §67.25(a)). If additional time is needed for production, in accordance with Admin. Code §67.25, please reach out and advise the Requestor accordingly.

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hello, John! Joe Fitzgerald Rodriguez from KQED, here.

Hope you're well. Please call if you need this refined in any way. 415-310-9964.

My request is as follows.

Redistricting Task Force and John Carroll:

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and its clerk. Your response is required by Thursday April 7th, 2022. Rolling responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. You must provide exact copies of every responsive record. Do not: print and scan electronic records, provide only the final message in a thread instead of the entire thread, convert native files to PDFs, combine or merge multiple records together, or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations:

*

All withholding of any information must be justified in writing (SFAC 67.27).

*

All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).

*

You must respond to emailed requests (SFAC 67.21(b)).

*

You must notify us of whether or not responsive records exist and/or were withheld for each request below (Gov Code 6253(c), 6255(b)).

*

You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).

*

Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App<<http://Cal.App>> 4th 1301); so if you use a website to publish records, please make them completely public without any login, sign-in, or agreement to any type of terms of use or acceptable use policies.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for each and every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception.

1.

All text, chat, private, direct, or group messages in any form or application (including but not limited to iMessage, SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams, Telegram, and any application not listed here) and emails sent to or from any of the nine task force members (Matthew Castillon, Lily Ho, Arnold Townsend, José María Hernández Gil, Jeremy Lee, J. PRESERVE AND DO NOT DESTROY ANY ORIGINALS OF RESPONSIVE RECORDS UNTIL THE FINAL ADJUDICATION OF ANY APPEALS - we will appeal all withholdings or Sunshine violations.

Thank you for any time you are able to put towards this request.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. I submitted a [public records request 22-2450](#) to the SFMTA. They responded with a partial list of compliant documents and closed the request. I immediately responded asking to re-open my request and provide all the documents that were requested. That was May 3, 2022 and the request is still closed with no response from SFMTA.

After reading Section 67 - Sunshine Ordinance, it seems like the next step to contact the "Supervisor of Record" - the city attorney. To Whom It May Concern:

Under the Sunshine Ordinance (Section 67.21(d) of the Administrative Code), the Supervisor of Records is responsible for determining whether a City department has withheld a record, or any part of a record, without a lawful basis for doing so – for determining “whether the record requested, or any part of the record requested, is public.” The Supervisor of Records does not have jurisdiction to consider the extent of a department’s search for records or whether a department properly invoked an extension of time. We understand that the Municipal Transportation Agency has produced all records responsive to your request. Accordingly, there is nothing within the jurisdiction of the Supervisor of Records to determine. Thank you.

Subject: Re: Sunshine Appeal regarding Public Record Request #22-1088 and #21-6702

Dear Sir/Madam,

I am writing to reopen the Sunshine Appeal regarding Public Record Request #22-1088 and #21-6702.

Public Works justified its failure to comply with the request on the basis the requested document is not in its possession and that because the record does not exist, it has no obligation to provide it. This reasoning contradicts the statement in the Summary of the California Public Records Act 2004, via the office of the Attorney General, California Department of Justice: "A writing includes all forms of recorded information that currently exist or that may exist in the future". Because the requested document is a submittal required by the Contract Documents of the project, it may reasonably be expected to exist in the future and hence is a writing and public record pursuant to Government Code §6252 (e) and the Summary of the California Public Records Act 2004.

The Contract Documents specified how the City runs the project. It is the City Representative's responsibility to administer the Contract as described in the Contract Documents and review submittals for conformance with the requirements of the Contract Documents. The requested document is a submittal for the City's review required by the Contract Documents. Therefore, it is public information that shall be available for public inspection.

Public Works claims that the requested document is not in its possession. This excuse does not supersede the right of the people to know how the City conducts the public's business because a) it is a document that should be in Public Works' custody according to the Contract Documents, and b) the Public Works has the authority to acquire the document. The construction proposal is a crucial document that helps protect public safety and welfare. Public Works should have investigated why the document was not in its possession, assessed the damage to the public interest, performed corrective actions, pursued the document, and responded to the requestor, elaborating the reason for the delay and timeline to provide the document. The lack of corrective actions created the potential for, and the appearance of, favoritism or preferential treatment to the Contractor. It has infringed the right of the people to know how the City conducts the public's business.

Best,
Yuli

Hi Bradley,

The San Francisco Department of Public Works did not provide the requested information by Request 22-1088 (<https://sanfrancisco.nextrequest.com/requests/22-1088>). I am writing to make a sunshine appeal that the response to Public Record Request #22-1088 is non-compliant with the request.

The San Francisco Department of Public Works published a request for proposal on the Sunset and Parkside Sewer and Pavement Renovation Project on November 13, 2019. Amongst other requirements, the Project Manual prescribed the submittal to include design, details, and calculation associated with a suitable sheet piling installation to minimize vibrations and damage to adjacent structures, according to Project Manual § 01 35 45 1.6F, § 01 35 49 1.5C, § 01 35 50 1.04C, § 01 73 29 1.5B, § 31 23 33 1.6A, and § 31 23 33 2.2A. The requested calculation package determining the

hammering parameters is essential for a suitable sheet piling installation. Therefore, The Contractor should have submitted for approval.

The project has been proceeded, implying a contract has been awarded. Therefore, the requested calculation package is public information that must be disclosed and available for public inspection pursuant to San Francisco Administration Code § 67.24(e)(1).

Hi Bradley,

I reviewed the document "released" by the San Francisco Department of Public Works, "1000015025-Project Manual 2 of 2.pdf". I confirmed that it is *not* a qualified document responsive to the request, as justified as follows.

The document is a digital file of the Bid Documents associated with the Invitation to Bid, a call to contractors to submit a proposal on the Sunset and Parkside Sewer and Pavement Renovation Project for a specific service. The Invitation to Bid is publically visible at <https://proposal-bid-notices.construction.com/bid/5984/city-county-of-san-francisco-san-francisco-public-works->. The digital file was available at <http://www.sfpublishworks.org/biddocs>. Public Works did not release them in response to Request #21-6702.

After the publication of the Invitation to Bid, the Contractor may submit the bid with the bidding form. The Contractor shall submit drawings to scale indicating materials, details, and calculations for all permits in a format as required by the San Francisco Department of Public Works. Plans and calculations for the shoring system shall be submitted for review and approval by the City prior to trench excavation. The Contractor shall provide all engineering, including design, details and calculations, installation and construction of shoring, sheeting, and bracing necessary to support the sides of the excavation to prevent movement, which may damage adjacent pavements, utilities, or structures, damage or delay the Work, or endanger life and health as required by Cal-OSHA and other applicable governmental regulations and agencies. Details and calculations shall be signed and stamped by a California licensed Civil or Structural Engineer.

The Contractor should have submitted these documents to the City for review and approval. The Contractor used excavator-mounted pile-driving hammers to install sheet piling into the sandy ground, generating soil movement and potentially damaging adjacent structures. Therefore, Request #21-6702 demanded the design and details of the installation of sheet piling to support the sides of the excavation to prevent movement, the calculation package that determined and supported the choice of hammering parameters (the specified rated number of blows per minute, the specified energy per blow, the specified stroke length, the specified capacity and pressure of the compressor, and the specified vibratory frequency of the pile driver), as well as the design of preventive and control measures to prevent damage to the adjacent structures. All are supposedly included in the submittal and signed and stamped by a California licensed Civil or Structural Engineer.

The Contractor produced submittal after the publication of the Invitation to Bid. The submittal by the Contractor obviously differs from the digital file of the Bid Documents. Therefore, The documents demanded by Request #21-6702 have not been released by the San Francisco Department of Public Works. I would have to request reopening the Sunshine Appeal respectfully.

Yuli

Subject: Re: Sunshine Appeal regarding Public Record Request #22-1088 and #21-6702

Dear Sir/Madam,

I am writing to reopen the Sunshine Appeal regarding Public Record Request #22-1088 and #21-6702.

Public Works justified its failure to comply with the request on the basis the requested document is not in its possession and that because the record does not exist, it has no obligation to provide it. This reasoning contradicts the statement in the Summary of the California Public Records Act 2004, via the office of the Attorney General, California Department of Justice: "A writing includes all forms of recorded information that currently exist or that may exist in the future". Because the requested document is a submittal required by the Contract Documents of the project, it may reasonably be expected to exist in the future and hence is a writing and public record pursuant to Government Code §6252 (e) and the Summary of the California Public Records Act 2004.

The Contract Documents specified how the City runs the project. It is the City Representative's responsibility to administer the Contract as described in the Contract Documents and review submittals for conformance with the requirements of the Contract Documents. The requested document is a submittal for the City's review required by the Contract Documents. Therefore, it is public information that shall be available for public inspection.

Public Works claims that the requested document is not in its possession. This excuse does not supersede the right of the people to know how the City conducts the public's business because a) it is a document that should be in Public Works' custody according to the Contract Documents, and b) the Public Works has the authority to acquire the document. The construction proposal is a crucial document that helps protect public safety and welfare. Public Works should have investigated why the document was not in its possession, assessed the damage to the public interest, performed corrective actions, pursued the document, and responded to the requestor, elaborating the reason for the delay and timeline to provide the document. The lack of corrective actions created the potential for, and the appearance of, favoritism or preferential treatment to the Contractor. It has infringed the right of the people to know how the City conducts the public's business.

Best,
Yuli

Hi Bradley,

The San Francisco Department of Public Works did not provide the requested information by Request 22-1088 (<https://sanfrancisco.nextrequest.com/requests/22-1088>). I am writing to make a sunshine appeal that the response to Public Record Request #22-1088 is non-compliant with the request.

The San Francisco Department of Public Works published a request for proposal on the Sunset and Parkside Sewer and Pavement Renovation Project on November 13, 2019. Amongst other requirements, the Project Manual prescribed the submittal to include design, details, and calculation associated with a suitable sheet piling installation to minimize vibrations and damage to adjacent structures, according to Project Manual § 01 35 45 1.6F, § 01 35 49 1.5C, § 01 35 50 1.04C, § 01 73 29 1.5B, § 31 23 33 1.6A, and § 31 23 33 2.2A. The requested calculation package determining the hammering parameters is essential for a suitable sheet piling installation. Therefore, The Contractor should have submitted for approval.

The project has been proceeded, implying a contract has been awarded. Therefore, the requested calculation package is public information that must be disclosed and available for public inspection pursuant to San Francisco Administration Code § 67.24(e)(1).

Hi Bradley,

I reviewed the document "released" by the San Francisco Department of Public Works, "1000015025-Project Manual 2 of 2.pdf". I confirmed that it is *not* a qualified document responsive to the request, as justified as follows.

The document is a digital file of the Bid Documents associated with the Invitation to Bid, a call to contractors to submit a proposal on the Sunset and Parkside Sewer and Pavement Renovation Project for a specific service. The Invitation to Bid is publically visible at <https://proposal-bid-notices.construction.com/bid/5984/city-county-of-san-francisco-san-francisco-public-works->. The digital file was available at <http://www.sfpublicworks.org/biddocs>. Public Works did not release them in response to Request #21-6702.

After the publication of the Invitation to Bid, the Contractor may submit the bid with the bidding form. The Contractor shall submit drawings to scale indicating materials, details, and calculations for all permits in a format as required by the San Francisco Department of Public Works. Plans and calculations for the shoring system shall be submitted for review and approval by the City prior to trench excavation. The Contractor shall provide all engineering, including design, details and calculations, installation and construction of shoring, sheeting, and bracing necessary to support the sides of the excavation to prevent movement, which may damage adjacent pavements, utilities, or structures, damage or delay the Work, or endanger life and health as required by Cal-OSHA and other applicable governmental regulations and agencies. Details and calculations shall be signed and stamped by a

California licensed Civil or Structural Engineer.

The Contractor should have submitted these documents to the City for review and approval. The Contractor used excavator-mounted pile-driving hammers to install sheet piling into the sandy ground, generating soil movement and potentially damaging adjacent structures. Dear Supervisor of Records,

I demand a written determination that records are public and that you order PUC to release them and send them to the Attorney General in 15 days.

Throughout all of this response they have stated attorney client privilege of communications where the parties are not attorneys and redacted those words.

And worse, They even say Mayara Sa's email to John Scarpulla on April 20, 2022 is attorney work product privilege but Sa is not a valid attorney as of Feb

2021: <https://apps.calbar.ca.gov/attorney/Licensee/Detail/331528>

Re: Petition to Supervisor of Records

To Whom It May Concern:

This letter responds to your petition sent via email to the Supervisor of Records on September 27, 2022, concerning your September 11, 2022 request to the San Francisco Public Utilities Commission (“SFPUC”). In your September 11 email, you requested the following records:

communications (emails, texts, chats, etc.) sent or received in the last 6 months between or among: Dennis Herrera, Ron Flynn, John Cote, Michael Carlin, Scarpulla, and/or PUC records-specific staff, discussing or planning response or strategy to or for ANY SUNSHINE REQUESTOR COMPLAINT OR SUNSHINE LAW IN GENERAL.

In response to your request, the SFPUC provided you a number of records on a rolling basis on September 14, September 20, September 23, September 26, and September 27, 2022. The SFPUC redacted portions of those records based on attorney-client privilege (California Government Code Section 6254(k) and California Evidence Code Section 954), attorney work product (California Government Code § 6276.04), personal privacy (California Constitution, Article I, section 1, and California Government Code Section 6254(c)), and confidential vendor or contractor information (Government Code Section 6254.33).

In your petition to the Supervisor of Records, you requested that we review the records, and you specifically questioned whether the SFPUC appropriately redacted portions of the text based on attorney-client privilege. On October 19, 2022, after you submitted the petition, the SFPUC produced one of the previously-disclosed records with modified redactions. In the SFPUC’s initial production, the agency had redacted a portion of that record based on attorney-client privilege, but the agency made a correction in the revised production on October 19, stating that it was withholding a portion of the record as a confidential personnel record under Government Code Section 6254(c).

After reviewing the records, including the corrected record that the SFPUC produced on October 19, we conclude that the SFPUC appropriately redacted portions of the documents produced to you. In your petition, you noted that the SFPUC relied on attorney-client privilege to redact portions of emails between SFPUC staff that did not include direct communications with any attorneys. The redacted portions of those emails reflected attorney-client communications and privileged advice provided by the City Attorney’s Office to the SFPUC. Disclosure of the redacted portions would have disclosed the attorney-client privileged

Re: Petition to Supervisor of Records

To Whom It May Concern:

On October 25, 2022, we issued a letter responding to the petition you submitted on September 27, 2022 regarding your September 11, 2022 public records request to the San Francisco Public Utilities Commission (“SFPUC”). On October 31, you responded to the Supervisor of Records by email, stating:

Hi thanks but you only responded to the attorney client privilege part of my petition. You didn't respond to the last part of the. petition:

And worse, They even say Mayara Sa's email to John Scarpulla on April 20, 2022 is attorney work product privilege but Sa is not a valid attorney as of Feb 2021:

<https://apps.calbar.ca.gov/attorney/Licensee/Detail/331528>

Our October 25 letter concluded that the SFPUC appropriately redacted the documents produced to you. Although our letter specifically discussed the redactions based on attorney-client privilege, we reviewed all the records and redactions, including the April 20, 2022 email from Mayara Sa to John Scarpulla. In that email, the SFPUC redacted the name of an attachment and withheld the attachment. The SFPUC’s email to you stated that the SFPUC had redacted and withheld records that contain that included attorney-client communications or attorney work product.

Based on our review of the redaction and the withheld document, we conclude that the SFPUC appropriately redacted the document and withheld the attachment based on both attorney

work-product and attorney-client privilege. The withheld document included both attorney work product and attorney-client privileged advice provided by the City Attorney's Office to the SFPUC. Mayara Sa's email forwarded that confidential information to John Scarpulla without waiving confidentiality on behalf of the SFPUC. We hope this addresses your question.

The city department to which I made my request: Public Works
The information I requested: Sheet-piling installation method used on the Sunset and Parkside Sewer and Pavement Renovation Project
The date of my request: September 26

The justification is summarized as follows:

Appellate courts have generally concluded records related to public business are subject to disclosure if they are in an agency's actual or constructive possession. (See, e.g., Board of Pilot Comrs. for the Bays of San Francisco, San Pablo and Suisun v. Superior Court (2013) 218 Cal.App.4th 577, 598; Consolidated Irrigation Dist. v. Superior Court (2012) 205 Cal.App.4th 697, 710 (Consolidated Irrigation).) "[A]n agency has constructive possession of records if it has the right to control the records, either directly or through another person." (Consolidated Irrigation, at p. 710.) The contractual relationship of a public agency and its private consultant is important in determining the agency's duty of disclosure (Community Youth Athletic Center v. City of National City, 220 Cal App.4th 1385, 164 Cal. Rptr. 3d 644 (Cal. Ct. App. 2013).)

Based on the unambiguous contractual language between the Contractor and the City, the City had an ownership interest in the requested information and had the right to possess and control it, even though it did not enforce its contractual right. Because the City has the right to control the information, it has constructive possession. And because the information is of the constructive possession of the City, it is a public record.

The non-existence statement of the information does not hold. Please be mindful that the requested information is the installation method. It is evident that the Contractor completed the installation and must have used one method to get it done. The way the Contractor installed the piling is the method. The procedure the Contractor has used is the method. In other words, the fact that the Contractor completed the installation proves the existence of an installation method. The on-site workers are human beings. They consciously do their work following processes. Because the work is done, it is a logical fallacy to claim that the method associated with the work does not exist. The information may not be documented, it can be communicated via images, text messages, and voices, all of which are subject to CPRA disclosure.

In summary, here are two undeniable facts

1. the requested installation method existed because the Contractor used it to complete the installation;
2. the information is of the constructive possession of the City because it has a contractual right to control it.

These facts justify a Sunshine Appeal regarding Public Record Request #21-6702.

IMMEDIATE DISCLOSURE REQUESTS
PUBLIC RECORDS REQUEST

Pursuant to the California Public Records Act, California Government Code Section 6250, and the SF Sunshine Ordinance (Chapter 67 of the SF Admin. Code), this is to request that the San Francisco Department of Public Works produce the following public records, as defined in Gov. Code Section 6252 (c) and (e), in DPW's constructive possession or control, even if they might have a different caption.

1. The suitable installation method for steel sheet piling proposed and submitted by the Contractor, in accordance with Contract Documents -- Project Manual § 31 23 33 "Trenching and Backfilling" Part 2, Section 2.2, Subdivision A.
2. The approval document by the San Francisco Department of Public Works in accordance with Contract Documents -- Project Manual § 31 23 33 "Trenching and Backfilling" Part 2, Section 2.2, Subdivision A.

Despite Public Works' possible claim of no actual possession of the requested public records, they are submittal and approval required by the Contract Documents; Public Works' constructive possession exists because it has knowledge of the documents and the ability to control them. Therefore, the requested public records must be disclosed unless a statutory exception is shown.

Our engineering staff said that this request seems to be for the same document as your previous requests and that these documents do not exist.

The Public Records Act requires an agency to make available to any person a copy of an "identifiable record or records" in its possession, unless the record is specifically exempt from disclosure. (Please see California Government Code § 6253(b).) The City's obligation under the Sunshine Ordinance, like the Public Records Act, is to produce public records in its custody. We received your Immediate Disclosure Request, dated Sept. 26. You have requested the following records:

1. The suitable installation method for steel sheet piling proposed and submitted by the Contractor, in accordance with Contract Documents -- Project Manual § 31 23 33 "Trenching and Backfilling" Part 2, Section 2.2, Subdivision A.
2. The approval document by the San Francisco Department of Public Works in accordance with Contract Documents -- Project Manual § 31 23 33 "Trenching and Backfilling" Part 2, Section 2.2, Subdivision A.

Although you labeled your request as an Immediate Disclosure Request, it is not "simple, routine, or otherwise readily answerable," as is required by San Francisco Administrative Code Section 67.25(a). For this reason, we are treating your Immediate Disclosure Request as a standard public records request, subject to the normally applicable 10-day response time, with a possible extension. Accordingly, we will be in touch with you regarding the request by no later than Oct. 6.

Please see Pages 4-5 of the City Attorney's Opinion at <https://sanfrancisco.nextrequest.com/documents/9556982/download> for an explanation of the requirements for an Immediate Disclosure Request.

It is not necessary to create a NextRequest account to view responsive records. Once they have been released, a link, valid for 30 days, will be provided to view the records. This is a petition to the Supervisor of Records for a determination on whether the below requested records are public.

I filed an Immediate Disclosure Request seeking "a copy of all Notice(s) of Future Employment Restrictions filed by Police Chief Bill Scott."

SFPD denied my request stating: "SFPD is unable to disclose this information pursuant to Cal. Govt. Code § 6254(c), which exempts from disclosure of records of supervisor's performance evaluation of an employee a private matter that is not subject to disclosure. Even if the evaluation is favorable, it is not generally for public consumption."

SFPD has failed to sufficiently justify how these records are exempt from disclosure under the Sunshine Ordinance.

SFPD's blanket denial of my request does not cite "express provisions" of the Ordinance that justify withholding these records.

Furthermore, SFPD appears to be referencing an irrelevant example from the City Attorney's Good Government Guide as reason to not disclose the records. These notices are not "performance evaluation(s)."

These records are of great public interest and should be produced immediately.

Thank you,

Hi, thanks for your quick response to my Immediate Disclosure Request.

However, we disagree that these records are exempt from disclosure.

I think you're citing an example from the Good Government Guide that says performance evaluations are not public. However, these notices I'm seeing aren't performance evaluations.

These records are of great public interest and The Standard respectfully requests again that you disclose them immediately.

Subject: RE: Public Records Request :: P092016-111822

Dear Mr. Barba,

Thank you for your patience as we investigated your petition. The Supervisor of Records has determined that the SFPD properly withheld the documents requested, "a copy of all Notice(s) of Future Employment Restrictions filed by Police Chief Bill Scott." Such records are exempt from disclosure under the California Public Records Act, section 6254(c). Although not cited by the department, such records are also not subject to disclosure under the Sunshine Ordinance, *see* Administrative Code section 67.24(c) because they are private personnel records that do not otherwise fall within one of the enumerated categories of publicly available information. Additionally, most peace officer personnel records, including any notices of future employment restrictions, are exempt from disclosure under California Penal Code section 832.7 and 832.8. Because the requested documents were appropriately withheld, the Supervisor of Records considers this petition closed.

Sincerely,

Odaya Buta-Scott (*she/her/hers*)

This is a petition to the Supervisor of Records for a determination on whether the below requested records are public.

I filed an Immediate Disclosure Request seeking "a copy of all Notice(s) of Future Employment Restrictions filed by Police Chief Bill Scott."

SFPD denied my request stating: "SFPD is unable to disclose this information pursuant to Cal. Govt. Code § 6254(c), which exempts from disclosure of records of supervisor's performance evaluation of an employee a private matter that is not subject to disclosure. Even if the evaluation is favorable, it is not generally for public consumption."

SFPD has failed to sufficiently justify how these records are exempt from disclosure under the Sunshine Ordinance.

SFPD's blanket denial of my request does not cite "express provisions" of the Ordinance that justify withholding these records.

Furthermore, SFPD appears to be referencing an irrelevant example from the City Attorney's Good Government Guide as reason to not disclose the records. These notices are not "performance evaluation(s)."

These records are of great public interest and should be produced immediately.

Thank you,

However, we disagree that these records are exempt from disclosure.

Hello,

I am writing to advise that the City Attorney's Office is in violation of San Francisco Administrative Code, Chapter 67, the Sunshine Ordinance.

On October 26 I sent an administrative appeal to the Supervisor of Records under Section 67.21.

I have yet to receive a response.

Section 67.21 requires your agency to provide a response within 10 days.

The Ordinance states that *"the supervisor of records shall inform the petitioner, as soon as possible and within 10 days, of its determination whether the record requested, or any part of the record requested, is public."*

It is now 24 days since I made my administrative appeal.

Please provide a response today.

Kindly,

Matt

encl.

Below is my appeal of Oct. 24.

Hello from Matt Smith, director of investigations at The San Francisco Standard.

Please consider this a petition to the Supervisor of Records, which according to San Francisco's Sunshine Ordinance Sec. 67.20.(c) is the office of City Attorney.

I am writing to request a review of [records request 22-5487](#) of September 25, 2022.

My request was for *"a copy of the entire database of NexRequest "Documents," as well as the accompanying index."*

I received a notice Oct 15 , 11:30a.m. from the Dept. of Technology advising me that my request had been closed.

That notice said: *Given the practical burdens imposed on public entities by public records requests, the Public Records Act now provides that a requester may be directed to obtain responsive records that are available online through a departmental website by accessing the website. See California Government Code Section 6253(f).*

In response I wrote a message to the Dept of Technology Oct. 15, 12:22 p.m.

I detailed why I believed that the Dept of Technology's refusal to comply with my records request *does not* comply with California Government Code Section 6253(f).

The Dept. of Technology has not responded to my Oct. 15 message.

For purposes of this petition to the Supervisor of Records/SF City Attorney my explanation follows:

The reason I requested a copy of the entire database of NexRequest "documents," as well as the accompanying index, is that we wish to conduct our own [optical character recognition](#) scan of those records.

This request is in the public interest because we are a news organization, and wish to conduct this scan in order to be able to search the content of these records for the purpose of producing news reports about the activities of San Francisco's government.

We are a news organization focused purely on informing San Franciscans about our own city's public life. This mission can be furthered by enhancing for our own use what is currently the limited utility of the Department of Technology's document search function available on the sanfrancisc.nextrequest.com website. For this reason, I am writing to request that the Supervisor of Records reconsider the Dept. of Technology's determination that directing me to the a departmental website constitutes the fulfillment of my request.

I am providing this explanation in the context of the California Code section the Dept. of Technology cited in its message to me.

Section 6253(f) states: "However, if after the public agency directs a member of the public to the internet website, the member of the public requesting the public record requests a copy of the public record due to an inability to access or reproduce the public record from the internet website, the public agency shall promptly provide a copy of the public record pursuant to subdivision C."

If the Dept. of Technology does not provide us with the entire database and index as requested, we cannot access the content of these papers by conducting our own optical character recognition scan, which would allow us to search for terms describing newsworthy people, events, and facts. The current website format, whereby one can search only the text of a request, but not the content of the papers posted in response to the request, is not useful for this purpose.

For purposes of a news organization such as ours, this purportedly public database is closed to thorough examination, contravening the spirit of the California Public Records Act as well as of the San Francisco Sunshine Ordinance.

California Government Code 6253.9 states that an "agency shall make the information available in any electronic format in which it holds the information."

That code section also states that an "agency shall provide a copy of an electronic record in the format requested if the requested format is one that has been used by the agency to create copies."

If this petition is unclear, or if it can somehow be made easier to evaluate by narrowing it, being more specific or explicit, or otherwise improving it in the name of assisting the Office of City Attorney in responding to my petition, please telephone me at **Personal Info**.

Matt

Re: Petition to Supervisor of Records Regarding Public Records Request 22-5487

Dear Mr. Smith:

This letter responds to your petition sent via email to the Supervisor of Records on November 18, 2022, concerning your September 25, 2022 request for records to the Department of Technology (“DT” or “Department”). Your request sought the following records: “a copy of the entire database of NextRequest ‘Documents,’ as well as the accompanying index.”

On October 15, 2022, DT responded to your request as follows:

Given the practical burdens imposed on public entities by public records requests, the Public Records Act now provides that a requestor may be directed to obtain responsive records that are available online through a departmental website by accessing the website. *See* California Government Code Section 6253(f).

DT’s October 15 response further directed you to the NextRequest website (<https://sanfrancisco.nextrequest.com/requests>) and provided instructions for searching and downloading documents. DT also responded that, with respect to your request for an “index” of documents, “the Department does not have responsive records.”

In your petition to the Supervisor of Records, you assert that DT’s response does not comply with California Government Code Section 6253(f) because you “wish to conduct your own optical character recognition scan” of the documents contained within NextRequest. You also claim that “[i]f the Dept. of Technology does not provide us with the entire database and

Letter to Matthew Smith
Page 2
December 12, 2022

index as requested, we cannot access the content of these papers by conducting our own optical character recognition scan,” and that, therefore, you have satisfied the requirement of Section 6253(f), which states, in part:

if after the public agency directs a member of the public to the internet website, the member of the public requesting the public record requests a copy of the public record due to an inability to access or reproduce the public record from the internet website, the public agency shall promptly provide a copy of the public record pursuant to subdivision C.

You also claim that, under California Government Code Section 6253.9, DT is obligated to “provide a copy of an electronic record in the format requested if the requested format is one that has been used by the agency to create copies.”

After a review of your petition and DT’s October 15, 2022 response, we conclude that DT appropriately responded to your request for records. Although you assert that, absent a production of the documents, you will be unable to conduct an “optical character recognition scan,” you have not indicated why you cannot download the documents from the NextRequest database. The NextRequest website contains a section entitled “Documents” which contains all 680,070 public records (as of December 12, 2022) within the database. Those records can be downloaded in their original electronic formats. You have not stated an “inability to access or reproduce” these 680,070 public records.

Regarding your request for the “accompanying index,” you do not state in your petition whether or why you believe DT’s response is unsatisfactory. We have nevertheless confirmed that DT

Letter to Matthew Smith
Page 3
December 12, 2022

responded appropriately to your request for an index because the Department does not have responsive records. For the reasons stated above, we deny your petition and consider it closed.

Very truly yours,

DAVID CHIU

Hello,

I have a have a service animal (dog) who's task is to monitor and alert for swings in my blood pressure. I had an active pheochromocytoma that drastically impacted my endocrine system and resulted in the loss of an adrenal gland, all of which drove severe subsequent swings to my blood pressure. At times, my blood pressure gets so low that I faint, or so high that I have a panic attack. Since my doctor advised me two years ago that training my dog as a service animal for this condition would be beneficial (medically advised), I have done extensive training with my animal, and he has alerted me in time to prevent fainting and panic attacks on several occasions. My service animal's presence is most critically necessary when I'm alone (vs. when I have people around to help if I lose consciousness, for example) and for overall long term monitoring for recurrence of the pheochromocytoma. That said, I am currently going through an egg-freezing fertility cycle (and the related hormone injections) that is impacting my endocrine system, so I am bringing my animal with me as much as possible so that I can prevent myself from hazard.

I am providing all of this information to emphasize how important it is for my service animal to be by my side and performing his task in general, and especially at this time.

Today, I was watching my partner and our friends play a soccer game at the field in Galileo Highschool (a public school). The soccer league plays weekly on this field, and spectators are common — I myself have watched the game several times. I don't typically bring my animal, as people are around at all times, and as my partner is there and aware of my condition. However, today I brought my animal given the heightened need to have him near me. My animal was within 4 feet of me at all times, he did not bother any players or spectators, and he did not go to the bathroom on the field at any point.

At half time, in front of two team's worth of players and surrounding spectators, I was approached by the Athletic Director of Galileo Highschool and told to leave. My response was "he is a service animal currently performing his task, and while not legally required, I can happily show you written proof of his designation."

The Athletic Director's response was unaccommodating and included:

"I would hate to ban the entire league from playing because of this incident"

"My wife has a dog and I don't allow her to bring the dog here"

"Only service animals to guide the blind are allowed"

"Spectators aren't allowed here anyway, we can enforce this given the incident"

"If you were a student or a player or blind, your dog could be allowed"

I tried to explain the regulation, but he kept making threats of negative repercussions for others if I didn't leave. So I left, while at least 20 people watched the incident, and while other spectators remained. It was deeply upsetting and embarrassing, and clearly not in line with local laws. To make matters worse, I'm now afraid that any adverse impact to the league or to spectators will be "blamed" on me and my service animal — the Athletic Director threatened this several times.

I was told afterwards that the other dogs on the field were not told to leave (there was a golden retriever on the other side of the field, and another dog that entered after I left).

I do not care to pursue legal action at this time (though I may consider it upon further reflection and discussion with my attorney), but I would appreciate it if the Athletic Director of Galileo Highschool could be educated on why his response conflicts with local legal requirements, and on why his handling of the situation was inappropriate and cruel.

Please let me know next steps taken.

Thank you,

■

Hello [REDACTED],

California law provides that people with disabilities and people who are licensed to train service dogs may bring them into business premises and public facilities while they are being trained. They are responsible for any damage caused by the dogs, and “shall ensure the dog is on a leash and tagged as a guide dog, signal dog, or service dog by an identification tag issued by the county clerk, animal control department, or other agency...”

I’m not sure that San Francisco Animal Care and Control issues tags for service animals in training. You should ask them if they do. If they don’t, you might want to request documentation from the person who is training the dog.

Hello,

I hope this email finds you well. I wanted to inquire more information about “service dogs in training” in SF. Are tags required for a dog that indicates they are a “service animal in training”? For example, an employee is bringing a service dog in training onsite in the workplace, are tags/certification needed? (as this is different than and service dog or emotional support dog).

Any information on this would be greatly appreciated.

Thank you,

Re: Petition to Supervisor of Records

Dear Mr. Vyonder:

This letter responds to your petition sent via email to the Supervisor of Records on November 30, 2022, regarding the Mayor's Office of Disability's ("MOD") November 30, 2022 response to your request for "Any emails regarding service dog policy to and from this office and interoffice between November 1 and November 24th." In your email to the Supervisor of Records, you state: "(This is all they provided me). I know for a fact that it is not responsive and can provide it." You also stated that you believe MOD's response is "unresponsive because [you] had several Email correspondence with them during this time frame regarding that topic (and only one was included)." You attached three documents MOD produced to you on November 30.

Under the Sunshine Ordinance, it is the responsibility of the Supervisor of Records to determine whether a City department has withheld a record, or any part of a record, without a lawful basis for doing so – in the words of the Ordinance, to determine "whether the record requested, or any part of the record requested, is public." Admin. Code Section 67.21(d). That is the extent of our jurisdiction. Your petition raises issues concerning a City department's alleged failure to conduct an adequate search in response to a public records request. The concerns outlined in your petition are therefore outside the jurisdiction of the Supervisor of Records under Section 67.21(d).

Nevertheless, we have conferred with MOD concerning your request and have learned that, on November 30, MOD did not reproduce correspondence to you that it believed you already had in your possession. In response to further correspondence from you and a second request for production, MOD produced additional documents to you on December 14, 2022. For these reasons, we consider your petition closed.

Very truly yours,

Re: Further Invocation of the Rule of Reason

To Whom It May Concern:

We write concerning your petitions to the Supervisor of Records. You have filed approximately 135 petitions with the Supervisor of Records since May 2019. In the past three months alone you have filed 64 petitions. This is an unprecedented quantity of petitions from any single person and far outpaces the number of petitions we typically receive from all sources combined on an annual basis. Indeed, in the ten-year period between October 2008 and December 2018, we received a total of 161 petitions for an average of 16 petitions per year. At your current rate of submission, you will have submitted more petitions in two years than we received from all sources over a ten-year period.

The burden you have placed on this office is unreasonable, and undermines the City Attorney's ability to devote time and resources to its other duties under the Charter, Municipal Codes, and State law. Responding to each petition typically involves communications with departments, review of records and redactions, and legal analysis, and it requires attorneys in our office to defer their other obligations providing advice and representation to City departments. While approximately 70 of your petitions are resolved, there are still many outstanding. Addressing your outstanding petitions in a timely manner will be so burdensome and time consuming that it will unreasonably impinge on our other duties.

On September 16, 2019, we wrote to you to invoke the rule of reason due to the complexity and volume of your petitions, and we informed you our goal was to address your petitions within 30 days. In light of your excessive submission of petitions over the past year and a half and the burden it has imposed, we now further specify how we will handle your petitions going forward. We have already responded to 25 of your petitions since January 1, and we plan to review and respond to six more of your petitions this year. Beginning in 2022, we will respond to six of your petitions per calendar year, which will allow our office capacity to dedicate time to petitions submitted by other petitioners while also carrying out our many other duties for the people of the City and County of San Francisco. You may provide us a list identifying your preferred prioritization of outstanding petitions. If you prefer to withdraw any of your petitions, please let us know that as well. Thank you.

Very truly yours,

Herrera and PUC:

In response to this request you produced a certain version of PDF of the text message archive but I know for certain that that is not the original PDF from Kelly with only minimal redactions. Instead, in addition to redaction you have stripped out the PDF's metadata and/or created new metadata, presumably by printing and scanning the document. Since this file was created in January 2021 it cannot possibly be the archive created by Kelly. It is also authored by someone named "Pchee."

Somewhere is the original text archive on PUC's computer system. That original unredacted PDF - which I know PUC possess - will possess metadata showing what tool created it, how, and when. I know you have at least access to the unredacted PDFs. You have unlawfully non-minimally withheld or altered the metadata of this file, in violation of Admin Code 67.26. Admin Code 67.26 allows you to mask (redact) the minimal exempt information. It does not allow any other alteration to a public record.

I also need the original filename, as I specifically requested. The file name is a "writing" and public record like anything else.

I will get to the bottom of these Kelly-Wong records one way or the other.

Subject: Refer Herrera & Kelly to Attorney General for defying SOTF order 20084 Anonymous v Kelly and PUC - Re: SOTF - Revised action of item 9, File No. 20084: and immediate disclosure request

Dear SOTF,

as a public communication, also to SFPUC commissioners

Please schedule this complaint and order in *20084 Anonymous v. Harlan Kelly and SFPUC* for a compliance review. The response of the PUC does not comply with the broad scope of the Order made by SOTF.

The mover Member Schmidt very carefully stated that **any and all** attachments (in PUC's possession, responsive to my request) must be provided. It is on the tape and in the written communication from the Administrator. **Please schedule the hearing(s) and refer Dennis Herrera (current PUC dept head and ultimately responsible for their current production), Harlan Kelly Jr., and SFPUC to enforcement authorities. Given that the request and records concern local corruption and that the Ethics Commission remains incapable or unwilling to confront City officials for violating the Sunshine Ordinance, in this case, a notification to the Attorney General under Admin Code 67.21(e) is required by law of SOTF ("If the custodian refuses or fails to comply with any such order within 5 days, the Sunshine Task Force shall notify the district attorney or the attorney general who may take whatever measures she or he deems necessary to insure compliance with the provisions of this ordinance.").** Unlike the Ethics Commission, there is less reason to believe the Attorney General will simply bury your referral. And having the AG be aware of what happened in this request is important.

1. PUC states: *"In response to this last part of the Order, the SFPUC produced to the Complainant all non-exempt attachments – these records are available at this link. However, regarding the text exchange that is the subject of this Complaint, the SFPUC does not possess, and has never possessed, the "attachments," including the images, videos or audio files, mentioned in the text exchange between Mr. Harlan Kelly Jr. and Mr. Walter Wong." (emphasis mine)*

The PUC argues it has provided *all non-exempt attachments* - i.e. attachments that PUC believes in their own judgement are non-exempt. But the PUC's chance to argue attachments were exempt has already occurred - and they have lost. The SOTF's order is very clear - "any and all" is expansive language almost never heard in SOTF motions, but it is was specifically chosen in the order in my favor. If PUC now refuses to provide any and all attachments to the emails and texts responsive to my request, claiming their own exemption judgement takes priority over SOTF's, PUC is defying SOTF's order.

2. PUC further states: *"The SFPUC has never possessed a copy of this record that makes the images, videos, and audio files attached to text messages exchanged between Mr. Kelly and Mr. Wong accessible, and SFPUC has no means of now gaining possession of these records to review or produce them."*

This is also false. As the City Attorney's office has stated to SOTF in response to the SOTF's recent orders in my favor regarding the former Redistricting Task Force members, former public officials remain obligated to comply with sunshine requests remaining outstanding at the time of their leaving public office. As you know, I filed the request and the complaint long before Kelly resigned. Therefore, PUC can

simply go to Kelly and demand the records from him, and then provide those to me - in order to complete my request. Why hasn't PUC reached out to Kelly demanding the records?

Furthermore - this is an **Immediate Disclosure Request to Dennis Herrera (current dept head of PUC) and the PUC for (1) all records, in whole or in part, of archives, databases, or backups of Harlan Kelly Jr's mobile phones or text messages on them - and (2) the full names of such files, in whole or in part, in the constructive possession of PUC.** Be certain to check iTunes and anywhere else on Kelly's former workstations or network drives. Such archives would contain the attachments at issue in the Order. You must minimally withhold. Further complaints will be filed at 12:01am Oct 19 if Herrera does not comply.

3. PUC finally cites a supervisor of records petition response denying my petition in their response. But this response to your order is not a chance for PUC to get another shot at arguing their case. They lost.

Most importantly, this means Herrera is citing *himself* (he was the Supervisor of Records at the time, and the SoR letter is signed under his name) to defy your order. His own arguments about why he is correct have no relevance.

Dear Ms. Leger,

On October 5th, I sent the the original Records Request to you and requested that you file a new complaint and issue me a file number.

You failed to do this.

On October 7th, you asked me for the case number to this complaint. But you had failed to provide me with a case number.

I wrote back on October 7th, and again on October 17th, reiterating my original request for the complaint to be filed and for a case number to be assigned.

On October 18th, Assistant Clerk Victor Young responded, confirming that the complaint had been filed and a case number had been issued.

Yet, on November 1st, you again requested the case number for a pre-existing complaint, which I know nothing about.

This is the only complaint I have filed. I am discouraged to find the process so Kafkaesqe.

Please respond and confirm that this complaint has been filed, and also confirm the file number, which Mr. Young designated as 22113.

I asked for this complaint to be filed over a month ago.

Dear Supervisor of Records Chiu,

Please determine that some or all of the following withheld information is a public part of the records responsive to this request and order it disclosed:

- all the categories of the meetings, currently withheld under GC 6254.19/6253.9(f) as an information security record. That is nonsense. The Mayor previously attempted to label certain meetings with Matt Dorsey regarding his then-future appointment to Supervisor as a "Sensitive" category which is how I discovered this scheme; so I know what one of those category labels is, and that it cannot be an information security record. The political sensitivity of a meeting has no relevance to disclosure under CPRA/Sunshine.
- all redactions marked as personnel file redactions. A meeting entry between the Mayor and a random person is not a personnel file as defined in GC 6254(c). Moreover, the Mayor's citation to "the integrity of the City's hiring practices" gives this fact away - note that that argument is not backed by any specific citation to a CPRA exemption as required by Admin Code 67.27, and is not a protection of personal privacy. It is attempting to prevent the public from knowing who Mayor Breed is considering for a political post - which is not protected by any law. I discovered the Dorsey appointment meeting in a similar way - which Prop G required her to disclose within 3 days of the meeting, regardless of political sensitivity - and now she is attempting to shield discovery of her political maneuverings through a bogus citation to the personnel file exemption.

Anonymous,

Please see the attached records responsive to your request below, in an ICS metadata format. Please note that certain information has been redacted because the disclosure may pose a cyber-security risk to the City's computer systems and networks. See Cal. Gov. Code 6254.19; 6253.9(f). We used the metadata redaction tool developed by the Department of Technology to apply these redactions.

Please note that meetings relating to personnel decisions have been redacted to protect the personal privacy of applicants and the integrity of the City's hiring practices. See Cal. Gov. Code § 6254(c), S.F. Admin. Code § 67.24(c), California Constitution, Art. I, Sec. 1. Further, personal contact information has been redacted to protect personal privacy.

See Cal. Govt. Code Secs. 6254(c); California Constitution, Art. I, Sec. 1. The bases for the various redactions are indicated on the face of the records.

Complaints will be filed if you do not produce records timely and on a rolling basis.

Please file a complaint, Anonymous v Mayor London Breed and the Office of the Mayor for Gov Code 6253, SF Admin Code 67.21, 67.25 for untimeliness, 67.26, 67.27 for unjustified and non minimal withholding, 67.34 willful violation.

A. on the timeliness portion, which I allege is willful:

I made this request December 10, 2021. I received records June 14, 2022. The thread is below. The Mayor has specified in an earlier letter that she simply invokes the rule of reason to all of my requests. She cannot show that it would be impossible to conduct the non Sunshine duties of the Mayor's Office but for delaying responses to my requests for 6 months and longer, and has shown no evidence of it.

Instead, the Mayor's invocation of the rule of reason - which she presumably implies, without stating so in a response, to all of my requests without limitations, as she has said in a prior letter - is based on impermissible grounds:

1. to hide and delay evidence of her potential violations of other laws. In response to this records request, the Mayor provided months late evidence from the Ethics Commission that she violated the law requiring appointing authorities to notify the Ethics Commission of changes in office, one screenshot of which is attached from the provided records.
2. to retaliate against me for the filing of numerous SOTF complaints against the Mayor, which is specified by her as a reason in her letter and attachments invoking the rule of reason. Note that every single complaint finally resolved by the SOTF filed by me against the Mayor has concluded that the Mayor violated the Sunshine Ordinance. She has not won a single complaint. The Mayor cannot restrict my rights under the Sunshine Ordinance because *she* violated the law and I ensure she must be held accountable each time. Consider if an agency took away a person's rights based on the fact that the person sued the agency numerous times and the courts rules in favor of the person every time - this situation is analogous.

I have proven that Breed violates the Sunshine Ordinance over and over again in a variety of ways. She does not change her behavior to comply. Furthermore, the above reasons are evidence the Mayor acts willfully in hiding her records under the guise of the rule of reason.

B. on the unjustified and non minimum withholding portion:

The response indicates Breed withheld communications with the Ethics Commission that include the Office of the City Attorney as privileged. However, all communications with the OCA are not automatically privileged. Since in this case the Ethics Commission investigates Breed, it would not make sense that Breed and Ethics are jointly requesting confidential legal advice from the OCA, instead Breed and ETH would be adversaries. Communications that merely include an attorney are not automatically privileged.

Supervisor of Records Chiu,

Determine in writing that the records requested are public and order Ditka Reiner to produce them pursuant to Admin Code 67.21(d).

Reiner's claim that no records exist is impossible unless she has deleted essentially all of her public records.

It would even mean she's deleting the communications about my own other pending public records requests which are responsive to this request, while the requests are open and pending!

Subject: Sixth request - Re: Preserve and produce records - immediate disclosure request

Produce all text, email, chat messages, phone history or log entries; or voicemails, or other recording of a meeting (other than public Brown Act meetings); or calendar entries reflecting a meeting:

- between or among RDTF members or Carroll,

- or between an RDTF member and the Mayor or a member of the Mayor's Office or any Supervisor or any staff member of a Supervisor, or any of the following persons:

Dwayne Jones
Chris Gruwell
David Noyola
Maggie Muir
Kanishka Cheng
David Ho
Shakira Simley
Jay Cheng

, For the last 30 days.

Include any group messages that include other parties as well as at least two RDTF members or a member and Carroll. Records must be searched on all devices, accounts, or property. I have been informed that the Vice Chair may conduct public business using the email address ditka@reinerassociates.com, it too is included in this request.

Produce records on a rolling basis.

The term member above is defined for the purpose of this request to include not only the 9 members of RDTF but also the clerk of the RDTF John Carroll. So his messages and messages with him are responsive.

This request is directed to RDTF as a public body, the Clerks Office, and also separately to each member. Each member must produce their own version of these messages. We will cross check to see who has altered or destroyed records.

It is illegal to destroy or fail to preserve any records after you receive a request - see the Good Government Guide, p. 130 ("Even if a document does not meet the definition of "record" for retention purposes, if the department receives a public records request for the document, it may not destroy it or otherwise dispose of it. For example, if a third party submits a document to a department that later receives a records request for it, the department may not return the document to the third party and then tell the requester it does not possess the document. The legal obligation to respond to public records requests and provide responsive records unless there is a legal basis for withholding them precludes the department from destroying or disposing of a document after receiving a public records request for which the document is a responsive record. The same principles apply if a document meets the definition of "record" for retention purposes but due to the passage of time could have been destroyed under the applicable records retention schedule. If the document is in the department's possession at the time of the public records request, then the legal obligation to respond to the request trumps the discretion the department otherwise would have to destroy the document")

I will present as evidence of your willful violation of the Sunshine Ordinance if you destroy or refuse to turnover any record I have prior corroboration for.

Note that the CPRA does in fact include phone logs, as they are a form of record keeping just like any other. *San Gabriel Tribune v. Superior Court*, 143 Cal.App.3d 762, 774 (Cal. Ct. App. 1983) ("This definition is intended to cover every conceivable kind of record that is involved in the governmental process and will pertain to any new form of record-keeping instrument as it is developed. Only purely personal information unrelated to "the conduct of the public's business" could be considered exempt from this definition, i.e., the shopping list phoned from home, the letter to a public officer from a friend which is totally void of reference to governmental activities.")

Produce all records on a rolling basis.

This request is separate and distinct from my prior requests - do not delay your response to earlier requests for this one.

You don't need to produce the same records twice.

You are however required to provide a notice of determination of the existence of responsive records for each of my requests (see Gov

Code 6253(c) - you need to confirm or deny records for each request on its own.

Buta, Odaya (CAT)

From: Russi, Brad (CAT) on behalf of Supervisor Records (CAT)
Sent: Tuesday, April 19, 2022 8:01 PM
To: 'sf.texts.research@pm.me'

Subject: RE: IMMEDIATE DISCLOSURE REQUEST

To Whom It May Concern:

We write in response to your petition below to the Supervisor of Records concerning public records requests to members of the Redistricting Task Force. We understand that some of the members have not yet responded to your request. Under the Sunshine Ordinance (Section 67.21(d) of the Administrative Code), the Supervisor of Records is responsible for determining whether a City department or official has withheld a record, or any part of a record, without a lawful basis for doing so – for determining “whether the record requested, or any part of the record requested, is public.” The Supervisor of Records does not have jurisdiction to consider whether a department or official has timely complied with a request or properly invoked an extension of time. If members of the Task Force ultimately withhold or redact records when they respond to your request and you believe that they have acted unlawfully in doing so, please let us know and we will look into the issue. Additionally, we understand that the Clerk of the Board of Supervisors is assisting members of the Task Force with responding to records requests and the City Attorney’s Office is also available to provide guidance to Task Force members about the requirements of the Public Records Act and Sunshine Ordinance. Thank you.

Subject: File Complaints Anonymous v. Townsend, Ho, Reiner, Lee, Castillon- Re: Subsequent request - Re: Preserve and produce records - immediate disclosure request

Dear SOTF,

Please file the following 5 complaints:

Anonymous v Arnold Townsend

Anonymous v Lily Ho

Anonymous v Ditka Reiner

Anonymous v Chasel Lee - CLOSED

Anonymous v Matthew Castillon

Allegation: SFAC 67.25 failure to respond to an immediate disclosure request

The allegations are identical, but the files need to be separate as the public officials may have separate defenses and may respond differently and you might rule on each differently. Note the RDTF members have already taken different paths to reply to my request. Please consider scheduling them at a single meeting for convenience.

These members of the RDTF have each separately failed to respond to the two IDRs from April 7 around 3pm below, both of which had initial responses due no later than close of business April 8.

If Respondents fail to reply to the complaint within 5 days please schedule their hearings immediately based on your pilot procedures and find them in violation.

Hello,

Since there is some confusion...

The words rolling basis in my request mean that you are required by law to produce records the day they are available and not wait until all are available.

See Admin Code 67.25d.

That's why you should not wait until 10 days, and produce what you have as soon as you have it.

Dear RDTF members,

I disagree that you are unable to provide any communications with certain parties over a 10 day period in the time frame for an immediate disclosure request, or at least to start doing so.

Member Cooper has agreed to start providing such

records tomorrow.

The rest of you have either refused to respond at all or state you will take 10 days , which is after your redistricting decision.

The law does not allow your day job to somehow invalidate the IDR portion of the Sunshine Ordinance. You have voluntarily chosen to take on positions having incredible power over SF democracy and thus are responsible like every other public official for each and every clause of the Sunshine Ordinance.

All task force members , except member Cooper , will thus have complaints filed against them tomorrow morning before the SOTF, Supervisor of Records, and/or the Ethics Commission.

Sincerely,

Subject: Re: Subsequent request - Re: Preserve and produce records - immediate disclosure request

Dear Member of the Public,

The purpose of an immediate disclosure request is to expedite the City's response to a simple, routine, or otherwise readily answerable request. For more extensive or demanding requests, the maximum deadlines for responding to a request may apply (Admin. Code §67.25(a)), which is an initial 10-day period for response, plus a possible extension of up to 14 additional days. See City Attorney's Good Government Guide, page 101-102 for additional information.

I am the custodian of the records you are requesting. Given the wide range of topics you are requesting and the lack of a specified time range, this is not a simple, routine, or otherwise readily answerable request. I have task force meetings to attend while also balancing my full time day job. The Sunshine Ordinance does not bestow on requesters the right to transform any or every public records request

into an immediate disclosure request simply by so designating it.

Therefore, I will be submitting my records to you within the 10-day time frame, as a standard request.

Regards,

Chema Hernández Gil

Subject: Subsequent request - Re: Preserve and produce records -

immediate disclosure request

Members of RDTF:

This is an additional, distinct immediate disclosure request directed to each of you.

Immediately produce on a rolling basis all communications of every form on government or personal property - with the Board of Supervisors, any individual Supervisor or their staff, - or a member of the Elections Commission - or another member of RDTF, that were sent or received in the last 10 days on any topic related to the conduct of public business. All forms of communication are relevant including but not limited to texts, chats, and emails. Do not destroy any records.

I will file appeals against each member who fails to respond lawfully, pursuant to the Sunshine Ordinance and CPRA.

topic related to the conduct of public business. All forms of communication are relevant including but not limited to texts, chats, and emails. Do not destroy any records.

I will file appeals against each member who fails to respond lawfully, pursuant to the Sunshine Ordinance and CPRA.

Mr. Ng:

Your interpretation is incorrect. All communications with the mayor's office are responsive. Do not make any subjective decisions about whether they are related to Redistricting. You may limit the search to the last 10 days.

On personal property you must produce records related to conduct of public business. See City of San Jose v Superior Court. Note that this is not limited only to Redistricting. If the member is speaking to the Mayor's Office about other public business it is also a public record. For example the Mayor may be discussing other city politics with them.

On government property you may

exclude only records
that are purely
personal. See San
Gabriel Tribune v.
Superior Court, 143 Cal.
App. 3d 762, 774
(1983).

These are not the same
definitions. Different
bars apply to personal
and government
property.

Boudin: At the bottom is a further Immediate Disclosure Request for you and a compromise offer.

SOTF,

Please file a complaint *Anonymous v. DA Chesa Boudin, ADA Cecily Brewster, and the Office of District Attorney*.

Alleged violations:

67.26 - failure to withhold minimum exempt portion of a record (attachments, email addresses, hyperlinks), and also failure to key every redaction to a written justification

67.27 - failure to provide specific written justification for all withholdings by citing inapplicable exemptions, and also for not citing a specific exemption under Evid Code 1040

67.24(a) - citation to a prohibited CPRA exemption Gov Code 6254(a) for all draft material instead of the narrower local draft exemption

67.21(b) - failure to provide a response within 10 days

67.34 - official misconduct due to willful failure by department head Boudin to implement the Sunshine Ordinance

Request from March 11 sent to Boudin and his office attached. At worst, this may be deemed received March 14, with at worst response due March 24. The March 26 response from Brewster on behalf of Boudin attached. They claim it is a March 21 and/or March 17 request - that must be a typo.

Numerous portions of the attached records have been redacted or otherwise removed from the record - most importantly the hyperlinks, the email addresses in the To/From/Cc/Bcc, and many of the attachments (all of which would usually be available by hovering/clicking the relevant portions of the PDF). That information has been unlawfully stripped from the record, and without justification. Each of those deletions must be individually keyed to a specific legal justification per SFAC 67.26. See rulings in SOTF 19097 Anonymous v. Nuru, 19091 Anonymous v. Breed.

Moreover, Respondents have cited in their response letter a litany of *potential* justifications for withholding public information that appears to be a form response (for example, they use the word "may" when discussing whether a justification applies). Instead, Respondents are required to cite the specific justifications that require withholding in *my* request's records.

They also make the following unlawful citations:

"Finally, preliminary drafts, notes, or interagency or intra-agency memoranda may be exempt from disclosure under Cal. Govt. Code § 6254(a). In addition, "official information," which is acquired in confidence by a public employee in the course of his or her duty and not open, or officially disclosed, is privileged against disclosure per Cal. Evid. Code 1040 and Cal. Govt. Code § 6254(k)."

Citation to 6254(a) is prohibited in San Francisco unless more specific requirements apply - see SFAC 67.24(a).

Finally, Boudin misstates the law in citing Evid Code 1040 as an exemption - it is not the case that that all "official information" as defined above is privileged against disclosure as he claims. That is false. Instead only two specific *subsets* of "official information" are exempt in California - as defined in Evid Code 1040(b)(1) and (b)(2). Respondents must state the law properly to SOTF (failing to do so is a violation of both Boudin's and ADA Brewster's Rules of Professional Conduct and punishable by the State Bar). Respondents must also according to 67.27 cite "specific statutory authority" - Evidence Code 1040 as a whole is not "specific" and Respondents must cite 1040(b)(1), 1040(b)(2) or both, explicitly. Citing Evid Code 1040 without a subsection would be like citing Gov Code 6254 without a subsection.

This case is very similar to prior cases of the Sheriff's office violating the law similarly, including SOTF 19143 Anonymous v Sheriff's Office, where you found violations for essentially all of the same wrongdoing above.

I also allege that Boudin as department head has now willfully failed to implement the Sunshine Ordinance in his department, as this is the *n*-th complaint against the DA's office for failing to follow basic Sunshine Ordinance requirements. I will be Sunshining his other responses to other requests to show a pattern of misconduct.

SOTF: If the Respondents are unwilling to settle the complaint as specified below, I encourage you to make a decision based solely on the written record using your new process. I don't see a need to make any oral presentation as the issues are very clear and been ruled on multiple times by SOTF regarding other agencies' similar violations.

As always, the Respondents are offered the following compromise, open until 11:59pm March 28, 2022:

I agree to withdraw this complaint, if DA Boudin corrects all deficiencies in this response to my satisfaction AND provides a letter signed by him, on official letterhead, addressed to both myself and to the SOTF, stating that in fact each of the above alleged violations except 67.34 occurred in their response to this request, and also making exactly the following representation:

"District Attorney Chesa Boudin and the Office of the District Attorney agree, for all responses sent on or after March 28, 2022 to any requests for public records or information from any person, to:

- (a) key every deletion or masking of information in a record to a specific written justification pursuant to SF Admin Code 67.26,
- (b) withhold only the minimum exempt portion of every record, including but not limited to disclosing all hyperlink URLs, email addresses in the To/From/Cc/Bcc, attachment names and contents, unless a specific such instance is partially or wholly exempt, pursuant to SF Admin Code 67.26,
- (c) cite in writing the justifications that apply to the specific request and not other potential justifications pursuant to SF Admin Code 67.27,
- (d) cite only the local narrower draft exemption in SF Admin Code 67.24(a) and not the broader state draft exemption in Gov Code 6254(a),
- (e) cite only the specific exemptions in Evid Code 1040(b)(1), (b)(2), or both in withholding official information instead of Evid Code 1040 as a whole, pursuant to SF Admin Code 67.27,
- (f) respond to all records request within 10 days pursuant to SF Admin Code 67.21(b)."

DA Boudin: Further Immediate Disclosure Request: Produce all letters issued in the last 45 days by you or your office used to respond to any request for public records or information. This should be immediately available as you have already produced them to others, and information produced to others generally cannot be withheld from me.

SOTF,

Please file a complaint *Anonymous v. Mayor Breed, Sean Elsbernd, Andrea Bruss, Hank Heckel, Andres Power, Andy Lynch, Jeff Cretan, and the Office of the Mayor*. Preserve the names of *all* respondents.

Alleged violations:

SFAC 67.21(b) - incomplete and untimely response

SFAC 67.26 - non-minimal withholding

SFAC 67.27 - failure to provide written justification for all withholding

CPRA 6253(c) - failure to provide a determination of existence of disclosable public records for each of my requests within 10 days

SFAC 67.25(d) - failure to provide rolling response

SFAC 67.34 - official misconduct for willful violation of the Sunshine Ordinance by a department head (Breed) and management employee (Elsbernd)

Below are the request and response, where I asked from various named officials their attempted-to-be-deleted-but-not-yet-fully-deleted records.

Respondents claim that I must sub-select from the approximately 200 responsive records ("As to your production request, if you are seeking particular categories of records from this information, please make a specific request and we will evaluate it and get back to you.").

Wrong - they must simply provide all 200 responsive records and I have no obligation to make a subsequent request. By not providing any of the records, they have effectively withheld them all (*Community Youth Athletic Center v City of National City*), and they have withheld them without citation to specific statute for each and every withholding, in violation of SFAC 67.27. This is also not a minimum withholding, in violation of 67.26. (They also appear to copy-paste some template response presumably from the City Attorney discussing 10s of thousands of records - if there are 200 of them, there cannot be 10s of thousands of them. One of those claims is a lie).

There is no requirement that I identify records under the PRA or Sunshine Ordinance by a *topic or subject matter*, I simply need to *identify* them.

I identified the records by where they are located (in the recycle bin folder or similar) - this is similar to asking for records say *in the personnel file of a police officer* (some of which are disclosable under SB 1421).

Clearly they believe they've figured out which records I wanted, and so I have in fact successfully identified the records.

Furthermore, I clearly stated that requests were directed separately to each named person:

You must provide a separate response to EACH request below for EACH person I have designated above. Combining the requests without specifying whether records exist for each person will result in a complaint for failure to provide a determination of the existence of requested records for each of my requests.

Respondents have failed to provide the determination required by CPRA Gov Code 6253(c) for *each* of my requests, opting only to tell me that 200 records exist across all the named persons collectively.

Furthermore, as no records have been produced, Respondents have also failed to provide a rolling response. Every record must be produced no later than the end of business day that that specific record is reviewed.

The Mayor's Office has violated the Sunshine Ordinance now numerous times, proven by my multiple successful complaints. Breed refuses to implement the Sunshine Ordinance in totality, and her refusal is a willful violation of the law.

Anonymous,

You have requested information under Administrative Code Section 67.21(c) regarding the form, existence, and quantity of four categories of records (“description request”), and you have also asked us to produce all the documents we have in each category (“production request”). The four categories are:

(1) emails and calendar items in the department head's (Mayor Breed) (and other named custodians) recycle bin, deleted items folder, or similar repository.

(2) files in the department head's recycle bin (and other named custodians), deleted items folder, or similar repository.

(3) emails in the department head's (and other named custodians) email account(s) with a subject line starting with "Not read:" between January 1, 2022 and March 7, 2022.

(4) all texts or chats of any kind or app in the department head's (and other named custodians) recycle bin, deleted items folder, or similar repository.

Response to requests 1, 2, and 4: Your description request does not satisfy the requirements of section 67.21(c) as to categories (1), (2), and (4). That section of the Sunshine Ordinance provides:

A custodian of a public record shall assist a requester in identifying the existence, form, and nature of any records or information maintained by, available to, or in the custody of the custodian, whether or not the contents of those records are exempt from disclosure and shall, when requested to do so, provide in writing within seven days following receipt of a request, **a statement as to the existence, quantity, form and nature of records relating to a particular subject or questions** with enough specificity to enable a requester to identify records in order to make a request under (b). A custodian of any public record, when not in possession of the record requested, shall assist a requester in directing a request to the proper office or staff person.

Your description request for all emails, calendar entries, texts, or chats in a deleted items folder does not seek "records relating to a particular subject or questions." Rather, it seeks information about *all* records based on the location where the department head and other custodians have placed those records. Although you are requesting electronic files, your request is analogous to a request for all records that the custodian keeps in a filing cabinet or all records the custodian has placed in a physical trash bin. Section 67.21(c) does not require a response to such an inquiry. Nor does the Sunshine Ordinance require departments to produce records in response to such open-ended production requests, especially where, as here, providing the records would require the departments to search tens of thousands of records.

Nonetheless, in the interest of transparency and because the information is readily obtainable by our staff, we are providing the following responses to your description

request under Section 67.21(c): Based on our inquiry to date, the named custodians have approximately 200 emails and calendar items described in request (1); zero files described in request (2); and zero texts or chats described in request (4). As to your production request, if you are seeking particular categories of records from this information, please make a specific request and we will evaluate it and get back to you.

Response to request 3: Your request for emails with a subject line starting with “Not read:” is permissible under section 67.21. After a reasonable and diligent search, however, we have not located any responsive records.

Regards,

Hank Heckel

Subject: Preserve all deleted items - Email, chat, and file deletion monitoring - Immediate disclosure request

As you know, some of you destroy public records. Some of you claim the City Attorney endorses your practices. Let's see what you like to delete.

This request is to each department head.

However, for the Mayor's Office, the phrase "department head" refers to Mayor Breed, and ALSO, separately, each of Sean Elsbernd, Andrea Bruss, Hank Heckel, Andres Power, Andy Lynch, and Jeff Cretan.

For the City Attorney's Office, "department head" refers to David Chiu and ALSO, separately, each of Jon Givner, Manu Pradhan, and each assistant who sends or receives emails on behalf of Chiu.

For the SFPD, "department head" refers to William Scott and ALSO, separately, each of Matt Dorsey and each assistant who sends or received email on behalf of Scott.

For the DA's Office, "department head" refers to Chesa Boudin and ALSO, separately, each of Kate Chatfield and David Campos.

For the PUC, "department head" refers to Dennis Herrera and ALSO, separately, each of John Cote, Ron Flynn, B Feitelberg, and J Scarpulla.

For the Board of Supervisors, "department head" refers to EACH Supervisor and to Clerk Calvillo, all separately.

Preserve, and do not permanently delete or allow to be deleted, at the time you receive this request, all records anywhere in your local deleted items, recycle bin, or similar folder on your local devices, and on your servers. Once you receive a request for records, it is illegal to allow them to be destroyed. Check your good government guide. A "device" includes all forms of computing - desktop, laptop, tablet, phone, server, etc., whether government or personal-owned. Each device and each app may have its own temporary space for deleted items. All must be searched.

You must provide a separate response to EACH request below for EACH person I have designated above. Combining the requests without specifying whether records exist for each person will result in a complaint for failure to provide a determination of the existence of requested records for each of my requests.

The request applies to government and personal accounts/devices - the latter to the extent that the records regard public business. Let's see what the City likes deleting, or at least trying to delete.

REQUEST A: Under SFAC 67.21(c), produce within 7 days the required statement of **form, existence, and quantity** of:

(A.1) all emails or calendar items in your department head's recycle bin or deleted items folder or similar repository of attempted-to-be-deleted-but-not-permanently-deleted, whether on their local device OR on an IT server, with any timestamp

(A.2) all files in your department head's recycle bin or deleted items folder or similar repository of attempted-to-be-deleted-but-not-permanently-deleted, whether on their local device OR on an IT server, with any timestamp

(A.3) all emails in your department head's email account(s) with a subject line starting with "Not read:" with a timestamp from Jan 1, 2022 to present

(A.4) all texts or chats of any kind or app in your department head's recycle bin or deleted items folder or similar repository of attempted-to-be-deleted-but-not-permanently-deleted, whether on their local device OR on an IT server, with any timestamp

Each numbered item requires its own statement under 67.21(c). On the eighth day, a complaint will be filed. There are no extensions available under the law.

====

For each of the email records below, you must produce (a) the record as an exact PDF copy preserving each email address and date/time stamp and attachments (in its own original electronic format as embedded in the email record), and also (b) with electronic metadata, namely the email headers. I am asking for rolling response - that means it is illegal for you to delay your response to (a) in order to produce the records in (b). For all non-email records, produce an exact copy in the original

REQUEST B: Produce for your department head:

(B.1) All records described in A.1 on a rolling basis from most recent to least recent.

(B.2) All records described in A.2 on a rolling basis from most recent to least recent.

(B.3) All records described in A.3 on a rolling basis from most recent to least recent.

(B.4) All records described in A.4 on a rolling basis from most recent to least recent.

If any of B.1 through B.4 would, on its own, produce more than 100 records for any one person, you may - **while preserving all of the records** - produce at first a listing of the subject lines or file names of all of the responsive records (screenshot, directory listing, however you would like) so I may downselect which I wish to receive a full copy of.

Do not refuse to respond because there are in your opinion too many records. Do not fail to start searching and producing records immediately because you may desire that I narrow the request later on. Complaints will be filed on the 11th day if no records have been started to be produced.

Regards,

Supervisor of Records Chiu,

Neither DT nor the Mayor's Office have provided this information. Determine in writing that the records requested are at least in part public and order them disclosed. Under the test in *San Gabriel Tribune v. Superior Court*, the contents of a mailing list are a public record because they are a form of record-keeping and not purely personal. One of these agencies must possess the contents of this list.

Supervisor of Records Chiu:

This is a 67.21(d) petition for written determination that the redactions attached on page 3 are public and order them disclosed (unredacted).

Neither Fountain nor Caravelli appear to be attorneys, at least in the State of California.

<https://apps.calbar.ca.gov/attorney/LicenseeSearch/QuickSearch?FreeText=Linda%20Caravelli>

There is no attorney-client privilege here.

Caravelli may be a paralegal. However, under Business and Professions Code § 6450(b) Caravelli cannot provide legal advice (and thus cannot be providing confidential legal advice).

While the privilege may apply if she was doing this work under a supervising attorney, no attorney was asked for advice here - no attorney is even on the thread.

Supervisor of Records Chiu,

As part of request NextRequest 21-6975, DPW produced to me certain communications with Jeff Kositsky after his employment termination. Some of the records disclose a phone number **Personal Info**, while others redact the phone numbers in a similar location.

It is unclear if the redacted numbers are government or personal numbers.

This is a 67.21(d) petition to determine in writing some or all of the redacted numbers in 21-6975 are public and order them disclosed.

If the other redacted numbers are the -7435 number, they should be unredacted based on waiver. (It is released many times in that request).

If the other redacted numbers are a City-owned number, they should be unredacted based on the fact they are not personal at all.

Examples attached (there are a ton of similar records in 21-6975).

Subject: Personal Info - Immediate disclosure request

Read carefully, and when you respond, be sure to specify who you are responding on behalf of.

Produce on rolling basis complete and exact copies of any texts, iMessages, Google Chat/Hangouts, Messenger, WhatsApps, Signals, WeChats, Telegrams, SMS, MMS, or any other form of chats (including groups), on government or personal property, that:

(1) you (**each person receiving this email**);

- (2) your department head (or elected official); or
- (3) anyone who reports directly to your department head;

have ever had with the phone number **Personal Info**, including but not limited to the complete text, all the identities of the persons in the chat (sender and recipients), date and time stamps, attachments (each an exact copy, in their own original electronic format, not converted to PDF, and not just a screenshot of them), hyperlinks, formatting, images, urls, audio, and video. If you fail to disclose any of these parts of the record, because it doesn't fit on a screen, or doesn't get captured by a screenshot, you have incompletely complied and withheld otherwise disclosable information.

You must produce the ORIGINAL image files - not just cropped/low res screenshots of images in chats. If you cannot capture this information by screenshot, you must use message extraction tools - your fellow agencies know how to do this, consult with your custodian working group. Some of your agencies have signed agreements to comply -- you must comply with those agreements.

Prior SOTF orders:

You must disclose the sender and recipients of each message - see SOTF Order 19098.

You must disclose images, hyperlink, urls, and email addresses - see SOTF Order 19097.

Don't forget to make any NextRequest/GovQA/file share you use for this completely accessible to me without any login or agreements.

Regards,

Anonymous

Supervisor of Records Chiu:

This is a petition under 67.21(d) to order Carla Short, Darlene Frohm and the DPW to disclose four pieces of info (or the maximum non-exempt portions) withheld as personnel records (and determine in writing they are at least in part public) on page 74 of the attached record.

In the text Carla Short appears to tell Darlene Frohm she "hid" funding for something called "Coach Q" in the budget.

(DPW claims "hid" is supposedly a typo for "had" in the context of some other records request.)

Frohman states: "Speaking of Coach Q, Julia has pushed back on funding, can you bring this up with Alaric. We were told it was a go then no go??"

Short replies: "I hid it in the budget- I think we have it. I'll check"

Immediately around those items are fully redacted messages. Presumably they refer to Coach Q, because the text says "speaking of" Coach Q.

Subject: 67.21(d) - CORI/CLETS exemptions and other SB1421 issues
Attachments: signature.asc

Supervisor of Records Chiu:

This is a petition under 67.21(d) to determine in writing various parts of records public and order them disclosed. I have a request for all SB 1421 records against the Police Commission from 88550-29784388@requests.muckrock.com; such requests for all SB 1421 records in existence have been upheld by various courts and I cannot be required to narrow it.

(This is also a 40-day notice to cure to the Police Commission; otherwise an Ethics complaint will be filed).

Issues:

1. In the following record:

[https://cdn.muckrock.com/foia_files/2021/12/08/Police Commission copy of Commission notification letter to Erb Redacted.pdf](https://cdn.muckrock.com/foia_files/2021/12/08/Police_Commission_copy_of_Commission_notification_letter_to_Erb_Redacted.pdf), what Police Commission refers to as redaction type 1 Penal Code 832.7(b)(5)(A) is being used to withhold oddly enough Sgt. Erb's name, even though (b)(5)(A) specifically cannot exempt the names of peace officers.

I challenge all uses of redaction type 1 to withhold the names of peace officers in all of the records provided to me on this request.

2. The Police Commission has stated the following written justification and redaction key for various withholdings for SB 1421 records:

Redaction type 7 - "California Penal Code § 11105 et. seq. - CORI data (personal identifiable criminal history) and CLETS data (California Law Enforcement Telecommunications Systems)."

Admin COde 67.26 requires that each redaction be keyed to a justification under 67.27. But this is not a lawful 67.27 justification because it is neither citing a "specific permissive exemption" nor a "specific statutory authority."

"California Penal Code § 11105 et. seq" refers to dozens of different clauses. The Police Commission must take a specific position on which of these various distinct statutory authorities apply. Which clause specifically purportedly exempts this information?

Moreover, this redaction justification seems to be abused: For example, photographs of cars in the Erb incident cannot possibly be derived from CLETS or CORI. They are from the incident at hand. [https://cdn.muckrock.com/foia_files/2021/12/08/Police Commission copy of PowerPoint for Erb hearing Redacted.pdf](https://cdn.muckrock.com/foia_files/2021/12/08/Police_Commission_copy_of_PowerPoint_for_Erb_hearing_Redacted.pdf)

The Hotsheet is also withheld - under what specific statutory authority is it withheld?

I challenge all redactions of type 7 in all of the records provided to me on this request.

Supervisor of Records,

On Nov 20 3:51pm I made the request below, including specifically by emailing Jeff Cretan.

At Nov 20 7:18am, 9:01am, 10:56am, and 1:07pm - less than 3 hours beforehand, Jeff Cretan and SFPD spokesperson Matt Dorsey texted each other about the Nov 19, 2021 Union Square/Louis Vuitton alleged crimes and the PR response to it.

Those records are responsive to my request.

They have not been produced by Cretan and the Mayor's Office.

Please determine the records to be public and order them disclosed, pursuant to 67.21(d).

SFPD, Mayor's Office, and DA's Office:

Please preserve and produce any communication, discussion, or record within each of your offices or between 2 or more of your 3 offices, of all forms or kinds, on any type of property, regarding the Nov 19, 2021 Union Square/Louis Vuitton alleged crimes, including any responses, strategies, policy options, coordination, talking points, press releases, memos, meeting entries, or meeting invites. If you ignore the below instructions, you know I will file a complaint. If I already have a ruling against you on any of the below, I will file a complaint directly with the Ethics Commission for now willful violation:

For email and calendar, exact PDF copies of each and every distinct record (including separate emails in one thread) are sufficient with the body, invitees, attendees, attachments, email addresses, To/From/cc/Bcc, urls, formatting, and hyperlinks.

For Microsoft Office or office productivity (word processing, spreadsheets, and presentations) documents, produce an exact copy of the record in its original electronic format; do not convert to PDF.

For records of any kind with: attachments (must be produced in their original electronic format), images, audio, video, formatting, hyperlinks/URLs, date/time stamps, participant/author names, comments, or history -- be sure to preserve and produce all of those parts.

Supervisor of Records Herrera:

This is a 67.21(d) petition to determine the below records are in whole or in part public, and an order for their disclosure.

----- Original Message -----

On Saturday, September 25th, 2021 at 5:35 PM, Anonymoose   <arecordsrequestor@protonmail.com> wrote:

Dear SOTF:

Please file this complaint and provide a file number, *Anonymous v Mayor London Breed, Hank Heckel, and the Office of the Mayor*.

The allegations are below as headings. Please preserve them all as written.

Background:

I asked via an emailed IDR with requested rolling response on July 24, 2021 (see thread in Exhibit A) 1.5 years of written evidence of the Mayor's own work, specifically:

- "an electronic scanned copy of any physical public record written at least in part personally by the Mayor since January 2020 EXCEPT where the sole contribution of the Mayor is her signature or initials"
- "an electronic exact copy of any electronic public record of any form entered at least in part personally by the Mayor since January 2020 (including but not limited to texts, chats, DMs, PMs, group messages, Word, Excel, all forms of messaging, email, etc.)"

(Note that I did not ask for merely the parts of the record entered in by Breed, but every public record which was authored *at least in part* by the Mayor.)

I warned: "Even if the Mayor has deleted her own copy of these records, ALL such records in the constructive possession of the Office of Mayor must be searched and provided (say Elsbernd has a copy of a Breed written memo, even if Breed deleted her original, Elsbernd must provide his copy). You must also search all personal property. PRESERVE ALL ORIGINALS OF RECORDS." (Note that this warning isn't specifically required, and everything I stated is always an obligation of the Respondents).

There were apparently only 8 responsive records, as produced on Sept. 22. They sole written justification for withholding is redactions for Gov Code § 6254(c), California Constitution, Art. I, Sec. 1 (personal privacy). All 8 are available at: <https://www.muckrock.com/foi/san-francisco-141/mayors-own-work-immediate-disclosure-request-116629/#comm-1167186>

In the responsive email records, respondents without justification unlawfully withheld all hyperlink URLs (such as the Google Document at issue) and attachments, violating not only the law but also their own signed representations to the SOTF.

Detailed allegations:

1. SF Admin Code 67.34, willful failure by Breed to comply with the Sunshine Ordinance:

In exchange for withdrawing/closing certain prior SOTF complaints, the Mayor's Office voluntarily entered into multiple signed agreements representing to both the SOTF and to myself that they would, going forward, disclose various specific parts of public records, including explicitly requiring the disclosure of email attachments and hyperlinks in the agreement in Exhibit C. The Mayor's Office violated this agreement, which they apparently entered into as a ruse to avoid responsibility before SOTF in prior complaint 20006. The Mayor's Office signed letter to the Task Force dated May 5, 2021 states:

Dear Task Force and Anonymous:

Regarding Anonymous' offer to withdraw SOTF Complaint File No. 20006, **the Office of the Mayor agrees generally (a) to produce exact PDF copies of public record emails for requesters (preserving any available non-exempt attachments**, available non-exempt email addresses in the To/From/Cc/Bcc, and **available non-exempt hyperlinks**, images, formatting, and the body of the email), and (b) when specifically requested, to disclose full email headers of public record emails, subject to information security redactions of particular header values, and other lawfully applicable exemptions. We understand that following receipt of this letter and our production of non-exempt email header data for a July 2, 2019 email from Sophia Kittler to Andres Power, Anonymous will consider the issues in SOTF File No. 20006 resolved and withdraw the complaint.

...

Note this was not merely a written representation and promise to me, but also to the Sunshine Ordinance Task Force. Since the Mayor's Office entered voluntarily into these agreements, Breed was clearly aware of her and her office's Sunshine obligations (for which she is legally responsible), and Breed willfully violated the law. It is Breed's legal responsibility (under SFAC 67.29-7(a)) to ensure all of her office's documents and correspondence are disclosed in accordance with the Sunshine Ordinance.

(The agreement is signed on behalf of the Office of the Mayor by Breed's Legal Compliance Officer, Hank Heckel. Thus, Hank Heckel also appears to have lied (again, see below) to the Task Force in a signed writing. As the Task Force was the administrative tribunal processing prior SOTF complaint 20006, and had the authority to issue binding orders, Heckel's lies to the Task Force in that letter about complaint 20006 appear to be a violation of his duty of candor to a tribunal under California Rules of Professional Conduct 3.3, which is now repeated, and I intend to pursue separately.)

2. SF Admin Code 67.27, failure to provide written justification of withholding, and 67.26 non-minimum withholding of email attachments and hyperlink URLs:

The attachments and hyperlink URLs were withheld without any written justification.

3. SF Admin Code 67.26 and CPRA Gov Code 6254.3(b)(1) non-minimum withholding of email addresses used by public employees to conduct public business:

It appears from the disclosure that the Mayor solely communicates using email with her staffers about public business using her and their personal email addresses.

Under 6254.3(b)(1), these email addresses cannot be redacted: "(b) (1) **Unless used by the employee to conduct public business**, or necessary to identify a person in an otherwise disclosable communication, the personal email addresses of all employees of a public agency shall not be deemed to be public records and shall not be open to public inspection, except that disclosure of that information may be made as specified in paragraphs (1) to (4), inclusive, of subdivision (a)."

The Mayor and her employees use personal email to conduct public business away from the automatic search and retention capabilities of City sfgov.org accounts, and, if Respondents are to be believed, this is moreover the exclusive email mechanism the Mayor uses to conduct public business, as no sfgov.org emails were produced for over 1.5 years of requests.

4. SF Admin Code 67.25(d), failure to provide rolling/incremental response:

Exhibit B, one of the responsive records, was clearly converted to PDF on July 30, almost immediately after my request. Note the top right heading which preserves the date of conversion. Respondents waited until Sept. 22 to provide it to me, even though the law requires "when so requested, the City and County shall produce any and all responsive public records as soon as reasonably possible on an incremental or "rolling" basis such that responsive records are produced as soon as possible by the end of the same business day that they are reviewed and collected."

5. CPRA Gov Code 6253(c), failure to notify requester of disclosable public records within 10 days:

Respondents clearly knew within 10 days that responsive disclosable public records did exist no later than July 30 (per the header in Exhibit B). They refused to tell me. There was no acknowledgement or response whatsoever until Sept 22.

6. SF Admin Code 67.21(b), failure to provide a copy of a record; SFAC 67.26/67.27 non-minimum and unjustified withholding of Word document metadata:

As SOTF has held previously, failure to provide an exact copy of an electronic record means a copy simply has not been provided. I had in fact asked for exact copies. Respondents appear to have failed to provide the original Word documents of the executive directives signed by the Mayor - and the fact that they are Word documents is disclosed by the PDF's metadata. Mayor's Office was previously informed by the city IT experts that Word documents do not carry any security-sensitive metadata.

7. SF Admin Code 67.29-7(a), failure of Breed to maintain all documents and correspondence in a professional and businesslike manner and to disclose them lawfully

It is Breed's personal obligation as department head to maintain all documents and correspondence in a professional and businesslike manner and to disclose them according to law.

(1) Breed did not disclose all the responsive documents and correspondence lawfully, per the above allegations.

(2) Breed apparently solely conducts public business using her personal email address, which is neither professional nor businesslike. And/or her office has destroyed all written evidence of her work using her sfgov.org account.

(3) Breed claims that 8 public records are apparently the entirety of the written evidence of Breed's own work as Mayor in over 1.5 years. Which means either she does essentially no work, she is lying about what records exists, or she has deleted all of the rest. Note even the records produced are printed out from the *recipients'* (staffers') personal email accounts. Which means Breed has at least refused to disclose or already deleted her own "Sent" versions of the provided emails - which if they exist are responsive records that must be provided. The law requires *all* documents and correspondence to be maintained professionally and in a businesslike manner - this stricter requirement overrides any lesser requirement in any other local or state law. Even records existing less than a year have apparently been deleted.

Breed (via Heckel) has made such false claims before, stating falsely in writing to the SOTF (as their complaint response) and refusing to correct themselves at the initial committee hearing of the SOTF that available non-metadata calendar information had been provided to me in SOTF 19047 - she was of course lying, having neither produced the additional internal non-Prop G calendar at all, nor identified it as withheld and justifying it - merely keeping the existence of such records a *secret*. I alleged correctly that such claims of having no other calendar records were simply *unbelievable*, SOTF in fact questioned Heckel about this, he refused to come clean, but Breed eventually later produced the record and SOTF found Breed in violation.

The claim is of course ridiculous; my requests have produced various texts throughout the City of Breed directing City employees to do various work, showing that either Breed lies or deletes essentially all of her writings immediately.

Neither the Mayor nor Hank Heckel have any credibility, and SOTF should simply not believe them.

Respondents: Ethics Commission complaints will be filed 40 days after this email.

Supervisor of Records: Determine in writing the redacted portions of records attached are public and order them disclosed, SFAC 67.21(d).

SOTF:

Please file a new complaint *Anonymous v Mayor London Breed, Hank Heckel, Ivy Lee, and the Office of Mayor*. Allegations: SFAC 67.26 non-minimum and non-keyed withholding, 67.27 improper written citation, 67.24(a)(1) improper draft citation and withholding, 67.24(h) withholding information under deliberative process exemption

On June 21st, 2021 I requested among other things:

A. Please provide any meeting prep notes, minutes, agendas, for any 2020 or 2021 Breed meeting about or mentioning any of the following topics:

...

3) Black Lives Matter, George Floyd protests, and police response thereto; police defunding/refunding

...

This complaint is solely about production of a specific attached set of records apparently in response to request 3 as Respondents provided on Sept 10, 2021, where they stated, emphasis mine:

Please see the attached records responsive to Items 2 and 3 of your request below. **Please note that redactions appear in the staff contact sections of the documents to protect personal privacy. Gov Code § 6254(c), California Constitution, Art. I, Sec. 1. Please also note that certain information has been redacted because it constitutes the draft recommendation of the author and the balance of the public interests weighs against disclosing such non-final recommendations of staff. See Admin Code 67.24(a)(1); Cal. Gov. Code § 6254(a); 6255(a).**

Other issues are not tackled here, but may still be subject of other complaints.

Of course, the subset of the draft exemption allowed by the Sunshine Ordinance in 67.24(a)(1) doesn't actually apply to these documents and redactions because that law has multiple clauses that *all* have to be met to be exempt - moreover Breed must prove to SOTF specific facts that show ALL of those clauses are met by every single redaction in this file. 67.24(a)(1) says: "Except as provided in subparagraph (2), no **preliminary draft or department memorandum**, whether in printed or electronic form, shall be exempt from disclosure under Government Code Section 6254, Subdivision (a) **or any other provision**. If such a document is not normally kept on file and would otherwise be disposed

of, its factual content is not exempt under Subdivision (a). Only the recommendation of the author may, in such circumstances, be withheld as exempt."

Thus in order to be withheld, the information redacted must meet ALL three conditions:

1. part of a "preliminary draft or department memorandum"
2. a document that is "not normally kept on file and would otherwise be disposed of" - as the Mayor's Office told you in a prior complaint against Elsbernd for deleting his (*Petrelis v Elsbernd*), if the Mayor's office were to keep records for their convenience, they would have been retained. That applies in the reverse as well: these notes are not discarded - this is proven by the fact that they exist and were produced to me. Moreover, these meeting notes are produced to me consistently - they are not "not normally kept on file" and they are not generally disposed of.
3. "only the recommendation of the author"

Instead, Respondents plead merely that these are "non-final recommendations." That alone does not meet the letter of the law. And the City cannot broaden the exemption beyond the letter of the law, Art 1 Sec 3, CA Const. Moreover, pages and pages of the MegaBlack event document have been redacted. Also, the identity and timestamp of various commenters on the HRC document have been redacted in the right hand side column - that info itself is factual and not the *recommendation* of the author. Note that the identity of the author is not exempt under SFAC 67.24(a)(1) even *if* their recommendations are actually exempt.

In fact, I filed complaints about this exact improper draft tactic used by the Mayor earlier this year, so now the Mayor has just slapped on an additional GC 6255 balancing test as essentially CYA. But that makes their violations even worse: the City cannot use Gov Code 6255 simply to cover their failure to meet the full requirements of SFAC 67.24(a)(1) because the first sentence says (emphasis mine): "Except as provided in subparagraph (2), no preliminary draft or department memorandum, whether in printed or electronic form, shall be exempt from disclosure under Government Code Section 6254, Subdivision (a) ***or any other provision.***" Admin Code 67.24(a) is NOT suspended during COVID. Thus no "other provision" (such as Gov Code 6255) can be used even though SFAC 67.24(g) and (i) are purportedly suspended. Citing an "other provision" to exempt an alleged preliminary draft or department memorandum is illegal.

The Mayor is not permitted to use Gov Code 6255 due to the wording of Admin Code 67.24(a)(1), but even if she was, the balancing test does not fall in favor of non-disclosure.

Because of the way the Mayor wrote her COVID orders, she bears the burden to prove to SOTF that the public interest in non-disclosure clearly outweighs the public interest in disclosure in a way that does *not use the deliberative process privilege, which is a part of Gov Code 6255, but still prohibited in SF*, for each and every redacted portion of the attached document.

If Respondents cannot give sufficient evidence to SOTF to bear their burden, you must rule in favor of disclosure. At this time, the Mayor has given no explanation of why the public interest in non-disclosure would clearly outweigh interest in disclosure. I am not required to prove the public interest in disclosure outweighs public interest in non-disclosure - only the Mayor bears the burden.

In reality, the Mayor is attempting to protect her deliberative process - but the privilege for protecting such deliberative process in San Francisco is prohibited even during COVID. It is also not keyed which of these various exemptions would apply to each redaction. Do all citations apply to every redaction?

What is happening here is that the Mayor's Office's genuine positions on racial issues and police reform are being hidden for political purposes, or to avoid alienating the organizations and Supervisor Walton she apparently speaks to - and this is the deliberative process privilege. It is likely those internal, genuine positions do not reflect her claimed, public, progressive positions on BLM, racial equity, and police reform that she enjoys giving speeches about. There is substantial interest in knowing what the Mayor's Office actual positions on matters of public policy are. Hiding the

discussion of that internal position to promote frank discussion would in fact be protected as a deliberative process under *Times Mirror Co. v Superior Court* but only outside of San Francisco. Within San Francisco, the public has the right to know the full deliberative process their officials engage in. And the 67.24(h) prohibition of deliberative process exemptions protect against their withholding under *any* law. "Neither the City nor any office, employee, or agent thereof may assert an exemption for withholding for any document or information based on a "deliberative process" exemption, either as provided by California Public Records Act Section 6255 or any other provision of law that does not prohibit disclosure."

Dear Supervisor of Records Herrera: Determine in writing these records or parts thereof are public and order them disclosed, SFAC 67.21(d).

Dear Herrera and Office of City Attorney: In 40 days an Ethics complaint will also be filed.

Dear SOTF:

File a new complaint and provide a file number: ***Anonymous v City Attorney Dennis Herrera and the Office of City Attorney***

On February 27/28, I made four IDRs for communications with opposing legal counsel, etc. in 4 pieces of litigation/claims against the City.

Note that communications with the opposing party cannot be privileged since it has already been disclosed to outside-the-City parties, and the common interest doctrine cannot apply to adversarial parties.

On March 11, Respondents declared what must be understood to be a 14-day extension.

As of this complaint, 6 months have passed with not a single record produced or any further responses, and rolling responses were in fact demanded correctly.

It is possible that these records are voluminous (however, I have no idea, since they never responded substantively). However, the proper lawful response is to timely indicate whether records were disclosable and the reasons, and then give rolling responses as required by law, incrementally producing records every week, until all records had been produced. Instead, this wall of silence is part of Dennis Herrera's well-documented-in-writing retaliation (i.e. their own letter signed under Herrera's name) against me for filing Sunshine complaints, which is my right under the Sunshine Ordinance, and his irrelevant opinions about the motivations of my work, which he legally cannot consider at all. Herrera cannot block me out of their controversial records or *purposefully* slow them down so as to coerce me to not file complaints. His actions instead result in more complaints as he willfully violates the law against me, specifically. Herrera must produce records as fast as physically possible; as long as the agency can perform its other duties, it cannot artificially slow down my requests as it is doing. Finally, any past work in responding to my records could not possibly affect, at this moment, their ability to currently respond to these requests.

Violations:

1. CPRA Gov Code 6253(c) - failure to provide a notice of determination of disclosable public records and reasons thereof after the extension for 14 days after the initial 10 day deadline
2. SFAC 67.21 - untimely and incomplete response
3. SFAC 67.25(d) - failure to provide rolling responses
4. SFAC 67.29-7(a) - failure of department head to disclose all documents and correspondence according to the Sunshine Ordinance

5. SFAC 67.26 and 67.27 - non-minimum and unjustified withholding (the failure to locate and provide records is equivalent to withholding the records in whole [1])
6. SFAC 67.34 - willful failure by department head to comply with Sunshine Ordinance (as these violations are retaliation for my prior filing of complaints)

[1] - "The effect of the City's inability or unwillingness to locate the records had the same effect as with-holding requested information from the public." *Community Youth Athletic Center v. City of National City*, 220 Cal.App.4th 1385, 1425 (Cal. Ct. App. 2013)

The below are immediate disclosure requests to your agency:

Please provide EACH record SEPARATELY as an exact PDF copy using PDFMaker , preserving all To/From/Cc/Bcc email, addresses, attachments, images, hyperlink URLs, formatting.

Please DO NOT combine different emails into one PDF file - it is a lot harder to send to SOTF when each file is huge, and by sending records individually there is no problem using email attachments instead of FTP.

For emails sent BY your agency you must provide records with BCCs, if any, which can only be produced using the employee's sent folders.

Because the PDFMaker individual PDF file is available or easily generated, you must provide it (SFAC 67.21(L)).

Please provide in a rolling fashion all records below (you must provide each record within one day of reviewing that record - SFAC 67.25(d)).

Ensure all records are minimally withheld with each redaction KEYED to a written justification. I will not guess which redaction is which. The other agencies have figured out how to do this, you should too. Ensure all records withheld are justified in writing.

Follow Up Flag: Follow up
Flag Status: Completed

SOTF: Please file a complaint: ***Anonymous v DA Chesa Boudin, Kate Chatfield, and the District Attorney's Office***
In an effort to reduce the number of complaints, I'm putting all of these 3 requests in a single complaint, and if SOTF wants to split it up at committee that is its prerogative.
Alleged violations: CPRA Gov Code 6253(c), 6253(d); SFAC 67.21, 67.25(d), 67.26, 67.27

Supervisor of Records Herrera: This is also a 67.21(d) petition to determine in writing that the Twitter block list of Kate Chatfield at the time I requested it on July 6 2021 was a public record (because Chatfield used that account to conduct public business), and order it disclosed. This is also a 67.21(d) petition to determine the other records not produced in the requests discussed in the attachment are public in whole or in part, and order them disclosed. The attached complaint is incorporated into this petition.

DA Boudin: In 40 days, an Ethics Complaint will be filed as well.

Attachments: Request - No Response.pdf; signature.asc

Dear Sup. Preston: 40 days after this email, an additional ethics complaint will also be filed against you per Ethics complaint form instructions.

Dear Supervisor of Records Herrera: You must determine in writing pursuant to SFAC 67.21(d) that the records requested or parts thereof are public and order them disclosed.

Dear SOTF:

Please file complaint:

Anonymous v Supervisor Dean Preston and the Office of Supervisor Preston

Allegations: CPRA Gov Code 6253(c) failure to provide determination of disclosable public records and reasons or 14-day extension within 10 days, SFAC 67.21 untimely and incomplete response, SFAC 67.26 non-minimal withholding, SFAC 67.27 withholding without written justification

On July 27 and July 28 I emailed the attached request to prestonstaff@sfgov.org and dean.preston@sfgov.org , respectively (the attachment on MuckRock is in UTC not Pacific time). No response was ever received as of this August 24, 2021 complaint.

The failure to locate and provide responsive records is equivalent to withholding them in entirety from the public ("The effect of the City's inability or unwillingness to locate the records had the same effect as withholding requested information from the public." *Community Youth Athletic Center v. City of National City*, 220 Cal.App.4th 1385, 1425 (Cal. Ct. App. 2013)).

Therefore this response is a withholding is both non-minimal and unjustified in writing.

Please find one or more of these violations and order the Respondents to comply and disclose.

This is notice that I am alleging that each of the agencies and officials on the To line here are violating not only CPRA/Sunshine by not timely producing these records, but also by denying my attendance as required by SFAC 67.4 to gatherings of passive meeting bodies by refusing to provide any information at all, or for the agencies that did respond, by unlawfully redacting the conference call/Zoom/URL information. Note this goes beyond a CPRA timeliness/completeness issue: by refusing to provide me the information before the meetings occurred, you have violated SFAC 67.4 because I have "inquired" about these meetings by way of this August 11 request and I have been denied the required information and opportunity to attend where physically practical as required by law. The public can practically attend all virtual/conference call meetings. It's also arguable I can attend physical meetings that have enough space to accommodate me. Note that the only times passive meetings can be closed to the public is under the regular Brown Act-defined closed session options.

In 40 days: an Ethics Complaint will be filed against each of you. Note that it will not be possible for you to cure your failure to produce the required info from now until whenever you do respond, and complaints regarding your refusal to allow me to attend those meetings will be made no matter what.

SOTF complaints are also being filed immediately via separate emails.

Supervisor of Records: This is a 67.21(d) petition against all of the 4 above agencies to determine in writing the below information to be public and order it to be disclosed.

Subject: 67.21(d) petition & new SOTF Complaint vs Chesa Boudin and DA's Office 01
Attachments: 1 - Boudin-Judge communications - Immediate disclosure request =E2=80=A2 Mu=.pdf; Anon_PRA_7.16_Lim_Balko.pdf; responsive-records-lim-balko-correspondence.pdf; signature.asc

Supervisor of Records: This is a 67.21(d) to petition to determine in writing some or all records or parts thereof in the 2 attached requests are public and order them disclosed. In request #2 they have actively withheld certain records under apparently all of the cited exemptions and they are not more specific than that. There are also parts of records withheld in the second request in the numbered items.

SOTF: Please file a new complaint *Anonymous v Chesa Boudin and District Attorney's Office*.

Allegations: SFAC 67.21, 67.26, 67.27, 67.25, 67.24, Gov Code 6253(c), Gov Code 6254.5

This complaint regards two requests both attached.

On the second request (comms with Dion Lim and Radley Balko):

For context Lim and Balko are both journalists who wrote about Boudin's actions in a particular alleged crime. What Boudin, Lim, or Balko did or did not do is not relevant to the Sunshine issues, except that any release of info from Boudin/his office to Lim or Balko (who are not City employees) would waive all purported exemptions in that information. ***Namely, the Respondents appear to have discussed information apparently about witnesses or victims in this case with at least Balko on at least pages 61-62 of the public records released.***

This had an untimely response, but also had numerous additional problems. Remember the Respondents bear the burden to prove with specificity that an exemption applies.

1. **Gov Code 6254.5** - For all information that was provided to some other member of the public who has *no* special position in the investigation (namely these two reporters and their employers), all privileges in that information were waived.
2. **SF Admin Code 67.26** - the participant names of the texts/chats have been withheld. You have ruled that the From and To of text messages must be disclosed. SOTF 19098 Anonymous v SFPD. It is unclear who is speaking to Lim/Balko - is it Boudin or his subordinate?
3. **SF Admin Code 67.21** - a copy of a word document attachment communicated outside of the City was not provided. Instead screenshots of this document, which clearly contains hyperlinks impossible to provide via screenshot were provided. More importantly, because this Word file was itself communicated outside of the City, all privileges in the entirety of the file as previously transmitted are waived and I must receive the entirety of the original file, including all history and metadata in that Word file, whose name starts "Dion Lim Misrepresentatio..." on page 69.
4. **SF Admin Code 67.26** - the DA's office also transmitted various hyperlinks in their chat messages that were not provided to me (ex. page 63, 65)
5. **SF Admin Code 67.27** - Respondents withheld records on subrequest 3 based on 8 different justifications: "We are withholding records under the exemptions stated above that would otherwise be responsive to your third request." I do not believe all of these justifications apply and they appear to be just scattershot.
6. **SF Admin Code 67.24(a) and 67.26** - The Respondents withheld records to subrequest 3 based on: "*Also, preliminary drafts, notes, or interagency or intra-agency memoranda may be exempt from disclosure under Cal. Govt. Code § 6254(a).*" This is not allowed. Only a very small subset of such info is exempt under local draft

exemption Admin Code 67.24(a). Namely in order to be exempt they must be "preliminary draft or department memorandum" AND "not normally kept on file and would otherwise be disposed of" AND then, only "the recommendation of the author" of such a document may be withheld within that document.

7. **SF Admin Code 67.27** - The Respondents also withheld records to subrequest 3 based on: "*In addition, "official information," which is acquired in confidence by a public employee in the course of his or her duty and not open, or officially disclosed, is privileged against disclosure per Cal. Evid. Code 1040*". This statement neither specifies which exemption is being used, and also over-states that is exempt. The Official Information privilege does not in fact exempt all "official information." Instead, there are two specific exemptions for subsets of official information: and they must choose which (or both) they are using: Evidence Code 1040(b)(1) and Evidence Code 1040(b)(2). Admin Code 67.27 requires you to choose *specific* exemptions. In (b)(1) they must prove what state or federal law prohibits disclosure. In (b)(2) they must prove that a balancing test *in the interest of justice* prevails for non-disclosure. But neither (b)(1) nor (b)(2) nor both combined simply exempt ALL information acquired in confidence by a public employee, as the City incorrectly believes. (Note that I am not disputing the *applicability* of the balancing test in (b)(2) due to the Mayor's COVID orders in this instance; though I reserve the right to elsewhere challenge the validity of. What I am saying is if that is what they want to use, they need to cite that test and prove with specificity that it applies to all information so exempted.)
8. **SF Admin Code 67.21 and 67.26** - Each, individual, email needs to be provided as an exact copy. The To, From, Cc, Bcc need to be provided with non-private email addresses.
9. **SF Admin Code 67.21 and 67.26** - At the end of the records appears to be some sort of formal letter transmitted to ABC7. I am owed an exact copy of that original file transmitted to ABC7 (and whatever mechanism was used to transmit that file). Any exemption for metadata (for example, any purported history that may otherwise be by attorney work-product privileged if it was NOT in a file transmitted outside of the City) in the specific copy of the file sent to ABC7 is waived by transmission to ABC7.

On the first request (comms with judges and Mayor's Office):

The District Attorney's office has decided to go radio silent on my request and simply refuses to respond. At this moment there is no substantive response other than a lie that they would respond in 10 days (they did not).

Violations of Gov Code 6253(c), Admin Code 67.21(b), Admin Code 67.25(b) and/or Admin Code 67.25(d): In each case, Chesa Boudin and his Office violated Gov Code 6253(c) for failing to provide a determination of disclosable public records and reasons within 10 days and for unreasonably delaying provision of records to my requests. (The prior argument is based on a presumption that the Mayor's emergency COVID orders suspending certain timeliness requirements of the Ordinance are valid, but is not a concession that they are in fact valid, or continue to be in effect at any given time. In the alternative, Respondents violated Admin Code 67.21(b) and/or 67.25(b) for failing to provide records within 10 days.)

Violations of Admin Code 67.26 and 67.27: The failure or refusal of the Respondents to search and produce the records is equivalent to withholding all records in their entirety (Community Youth Athletic Center v. City of National City, "The effect of the City's inability or unwillingness to locate the records had the same effect as withholding requested information from the public."). This complete withholding is non-minimal and unjustified in writing. If and when the City eventually responds, these violations may continue as well.

SOTF & Supervisor of Records Herrera:

This is a first amendment to, but not replacement of, the petition/complaint with all exhibits filed last Friday below, and an addition of the attached exhibits #4 and 5.

"When public employees break the law, my administration will hold them accountable. No one in San Francisco is above the law." - Respondent Boudin, July 8, 2021

Respondents now purport to retract from public disclosure certain information, including names, phone numbers, and email addresses of what are apparently witnesses, victims, or their associates in a case with at least one juvenile subject, that were previously disclosed to me in this request (and within the original unredacted exhibits). (If Respondents desire and have the authority to censor the official complaint file with the prior unredacted exhibits, that is a matter they will have to take up with SOTF and Supervisor of Records themselves.) Respondents added the following written justification when purporting to retract the info:

"In my previous disclosure I inadvertently attached an unredacted version of the responsive records that contained confidential contact information and names which should have been redacted. The California Constitution includes an individual right to privacy. Both state and local law recognize as a general principle that the right to personal privacy sometimes precludes disclosure of public records or information contained in those records. Cal. Govt. Code §§ 6250, 6254(c); Cal. Const., Art. I, §§ 1, 3(b); Admin. Code §67.1(g); Admin. Code Chapter 12M."

As context: the purported retractions appear to be part of a text message communication by **Kasie Lee**, Interim Chief of Victim Services Division and Assistant District Attorney, to journalist and non-City-employee **Radley Balko**. Balko appears to have then used this information to write an opinion column in the Washington Post defending Respondents and criticizing another reporter, Dion Lim, <https://www.washingtonpost.com/opinions/2021/06/14/bogus-backlash-against-progressive-prosecutors/> -- after communicating with the witnesses and/or victims apparently through the contact information provided by Respondents.

Therefore, in addition to the original allegations, I also allege the following violations:

- Additional violation of Gov Code 6254.5: This is now additional information selectively disclosed to one journalist and not the public. In fact, Respondents' Director of Communications Rachel Marshall states to Lim in these same records "**Pursuant to the California Welfare and Institutions Code, we are legally prohibited from discussing anything related to a juvenile case...**" (emphasis mine) What is especially troubling is that this selective disclosure was done by Respondents in favor of one supportive journalist, with whom they also shared their own critiques of Lim, even

while arguing *to* Lim their inability to discuss the case with *her* due to juvenile casefile related exemptions. Lim asks for the "status" of the case and is rebuffed on the above citation, but then some info is indeed provided by Respondents to Balko.

- Additional violation of Admin Code 67.26: By disclosing the information to Balko, they must disclose it to the general public. Also, it is unclear how the *names* (as opposed to the private contact info) can be considered an unwarranted invasion of personal privacy. Of the names, at least one is known publicly -- in fact it is stated in the column written by Balko after Respondents' disclosure to him. Generally the Gov Code 6254(c) exemption is applied to the personal contact info, not the name of a person. Even if SOTF decides not to order disclosed some of the information previously disclosed to Balko but now purportedly retracted in order to protect third-party privacy rights in spite of the Respondents' violations, it should nevertheless find Respondents violated the law due to the selective disclosure.
- Violation of Gov Code 6253(d): Respondents are required to identify the name and title of every person *responsible* for withholding the information, but did not do so. Who do we hold responsible here?

Supervisor of Records: This is a 67.21(d) to petition to determine in writing some or all records or parts thereof in the 2 attached requests are public and order them disclosed. In request #2 they have actively withheld

certain records under apparently **all** of the cited exemptions and they are not more specific than that. There are also parts of records withheld in the second request in the numbered items.

SOTF: Please file a new complaint *Anonymous v Chesa Boudin and District Attorney's Office*.

Allegations: SFAC 67.21, 67.26, 67.27, 67.25, 67.24, Gov Code 6253(c), Gov Code 6254.5

This complaint regards two requests both attached.

On the second request (comms with Dion Lim and Radley Balko):

For context Lim and Balko are both journalists who wrote about Boudin's actions in a particular alleged crime. What Boudin, Lim, or Balko did or did not do is not relevant to the Sunshine issues, except that any release of info from Boudin/his office to Lim or Balko (who are not City employees) would waive all purported exemptions in that information. *Namely, the Respondents appear to have discussed information apparently about witnesses or victims in this case with at least Balko on at least pages 61-62 of the public records released.*

This had an untimely response, but also had numerous additional problems. Remember the Respondents bear the burden to prove with specificity that an exemption applies.

1. **Gov Code 6254.5** - For all information that was provided to some other member of the public who has *no* special position in the investigation (namely these two reporters and their employers), all privileges in that information were waived.
2. **SF Admin Code 67.26** - the participant names of the texts/chats have been withheld. You have ruled that the From and To of text messages must be disclosed. SOTF 19098 *Anonymous v SFPD*. It is unclear who is speaking to Lim/Balko - is it Boudin or his subordinate?
3. **SF Admin Code 67.21** - a copy of a word document attachment communicated outside of the City was not provided. Instead screenshots of this document, which clearly contains hyperlinks impossible to provide via screenshot were provided. More importantly, because this Word file was itself communicated outside of the City,

all privileges in the entirety of the file as previously transmitted are waived and I must receive the entirety of the original file, including all history and metadata in that Word file, whose name starts "Dion Lim Misrepresentatio..." on page 69.

4. **SF Admin Code 67.26** - the DA's office also transmitted various hyperlinks in their chat messages that were not provided to me (ex. page 63, 65)
5. **SF Admin Code 67.27** - Respondents withheld records on subrequest 3 based on 8 different justifications: "We are withholding records under the exemptions stated above that would otherwise be responsive to your third request." I do not believe all of these justifications apply and they appear to be just scattershot.
6. **SF Admin Code 67.24(a) and 67.26** - The Respondents withheld records to subrequest 3 based on: "*Also, preliminary drafts, notes, or interagency or intra-agency memoranda may be exempt from disclosure under Cal. Govt. Code § 6254(a).*" This is not allowed. Only a very small subset of such info is exempt under local draft exemption Admin Code 67.24(a). Namely in order to be exempt they must be "preliminary draft or department memorandum" AND "not normally kept on file and would otherwise be disposed of" AND then, only "the recommendation of the author" of such a document may be withheld within that document.
7. **SF Admin Code 67.27** - The Respondents also withheld records to subrequest 3 based on: "*In addition, "official information," which is acquired in confidence by a public employee in the course of his or her duty and not open, or officially disclosed, is privileged against disclosure per Cal. Evid. Code 1040*". This statement neither specifies which exemption is being used, and also overstates that is exempt. The Official Information privilege does not in fact exempt all "official information." Instead, there are two specific exemptions for subsets of official information: and they must choose which (or both) they are using: Evidence Code 1040(b)(1) and Evidence Code 1040(b)(2). Admin Code 67.27 requires you to choose *specific* exemptions. In (b)(1) they must prove what state or federal law prohibits disclosure. In (b)(2) they must prove that a balancing test *in the interest of justice* prevails for

non-disclosure. But neither (b)(1) nor (b)(2) nor both combined simply exempt ALL information acquired in confidence by a public employee, as the City incorrectly believes. (Note that I am not disputing the *applicability* of the balancing test in (b)(2) due to the Mayor's COVID orders in this instance; though I reserve the right to elsewhere challenge the validity of. What I am saying is if that is what they want to use, they need to cite that test and prove with specificity that it applies to all information so exempted.)

8. **SF Admin Code 67.21 and 67.26** - Each, individual, email needs to be provided as an exact copy. The To, From, Cc, Bcc need to be provided with non-private email addresses.
9. **SF Admin Code 67.21 and 67.26** - At the end of the records appears to be some sort of formal letter transmitted to ABC7. I am owed an exact copy of that original file transmitted to ABC7 (and whatever mechanism was used to transmit that file). Any exemption for metadata (for example, any purported history that may otherwise be attorney work-product privileged if it was NOT in a file transmitted outside of the City) in the specific copy of the file sent to ABC7 is waived by transmission to ABC7.

On the first request (comms with judges and Mayor's Office):

The District Attorney's office has decided to go radio silent on my request and simply refuses to respond. At this moment there is no substantive response other than a lie that they would respond in 10 days (they did not).

Violations of Gov Code 6253(c), Admin Code 67.21(b), Admin Code 67.25(b) and/or Admin Code 67.25(d): In each case, Chesa Boudin and his Office violated Gov Code 6253(c) for failing to provide a determination of disclosable public records and reasons within 10 days and for unreasonably delaying provision of records to my requests. (The prior argument is based on a presumption that the Mayor's emergency COVID orders suspending certain timeliness requirements of the Ordinance are valid, but is not a concession that they are in fact valid, or continue to be in effect at any given time. In the alternative, Respondents violated Admin Code 67.21(b) and/or 67.25(b) for failing to provide records within 10 days.).

Violations of Admin Code 67.26 and 67.27: The failure or refusal of the Respondents to search and produce the records is equivalent to withholding all records in their entirety (Community Youth Athletic Center v. City of National City, ``The effect of the City's inability or unwillingness to locate the records had the same effect as withholding requested information from the public.""). This complete withholding is non-minimal and unjustified in writing. If and when the City eventually responds, these violations may continue as well.

SOTF: please file TWO complaints, attached:

- *Anonymous v GM Phil Ginsburg and Recreation & Park Department*
- *Anonymous v President Mark Buell and Recreation & Park Commission*

Allegations (list all): CPRA Gov Code 6253(c) failure to respond within 10 days under CPRA, SFAC 67.21(b) incomplete and untimely response, SFAC 67.25 incomplete and untimely response to an immediate disclosure request, SFAC 67.25(d) failure to provide rolling response, SFAC 67.26 non-minimal withholding, SFAC 67.27 unjustified withholding, SFAC 67.21(k) (*County of Santa Clara v. California First Amendment Coalition*, 170 Cal. App. 4th 1301 (2009)) and CPRA Gov Code 6253.3 requiring NextRequest account and agreement to terms of use and privacy policy, SFAC 67.29-7(a) failure to maintain and disclose correspondence, SFAC 67.29-5 failure to keep and disclose a compliant Prop G calendar, SFAC 67.34 willful violation and official misconduct

Since June 8, 2021, Rec and Park completely refuses to turn over or even respond to requests for Ginsburg and Commissioners' communications and meetings with Parks Alliance. This violates numerous provisions of the Ordinance. And because Ginsburg read my email and isn't responding (which we know because he sent an email read receipt to me) - he's acting willfully and committing official misconduct.

Supervisor of Records: Three requests regarding communications between Ginsburg/Commissioners and SF Park Alliance have gone ignored since June 8, 2021, see attached. Please determine in writing these records to be public and order them disclosed. See attached complaint to SOTF which is incorporated into this 67.21(d) petition.

Re: Parks and Rec / Parks Alliance Complaints

Dear SOTF:

Please file two complaints *Anonymous v General Manager Phil Ginsburg and Recreation and Park Department*; and *Anonymous v President Mark Buell and Recreation and Park Commission*:

Allegations: CPRA Gov Code 6253(c) failure to respond within 10 days under CPRA, SFAC 67.21(b) incomplete and untimely response, SFAC 67.25 incomplete and untimely response to an immediate disclosure request, SFAC 67.25(d) failure to provide rolling response, SFAC 67.26 non-minimal withholding, SFAC 67.27 unjustified withholding, SFAC 67.21(k) and CPRA Gov Code 6253.3 requiring NextRequest account and agreement to terms of use and privacy policy, SFAC 67.29-7(a) failure to maintain and disclose correspondence, SFAC 67.29-5 failure to keep and disclose a compliant Prop G calendar, SFAC 67.34 willful violation and official misconduct

On June 8, 2021, during the Board of Supervisors meeting, Supervisors Chan and Peskin asked pointed questions of Mr. Ginsburg regarding his alleged knowledge of SF Parks Alliance's letter to Supervisor Chan re: Richmond District playground, alleged inequity in park resource allocation, and more.

That same day before close-of-business, I filed an "immediate disclosure request" (SF Admin Code 67.25) by email to phil.ginsburg@sfgov.org and tiffany.lin-wilson@sfgov.org , attached as Exhibit A, regarding Mr. Ginsburg's communications, meetings, and telephone calls with SF Parks Alliance. Mr. Ginsburg (or someone using his account) read my request approximately 20 minutes later, which I know because his email account sent me an auto-reply email read receipt (Exhibit B).

As of this letter to you, no response was ever provided by the Department or Mr. Ginsburg to the emailed request. Under the Mayor's COVID orders¹ and the CPRA,

¹As always, I do not concede that the Mayor's COVID orders suspending Sunshine are valid, and
 23rd Annual SOR Report
 APPENDIX- Page 571
 (cont.)

the Department and Mr. Ginsburg had a maximum deadline of 10 days to respond (or to declare an additional 14 day extension). The Department and Mr. Ginsburg thus violated Govt Code 6253(c).

To ensure that the email was not lost, I also filed similar requests on the same day using NextRequest (numbers 21-2834 and 21-2835, which the Department has restricted access to and cannot be viewed publicly: <https://sanfrancisco.nextrequest.com/requests/21-2834> and <https://sanfrancisco.nextrequest.com/requests/21-2835>). The NextRequest requests received replies on June 9 stating that they would substantively respond on or before June 18. No further response on the NextRequest requests was ever received as of July 5. These requests covered *both* Ginsburg's and the Commissioners' communications with Parks Alliance.

Violations: *Please take as proven every allegation not specifically denied by Respondents*

1. SFAC 67.21(b), SFAC 67.25, SFAC 67.25(d), CPRA Gov Code 6253(c) (all respondents) – All timeliness/rolling response requirements were violated. Requests made June 8, 2021 had no responses indicating disclosable public records and reasons and no incremental response as of July 5, 2021. Furthermore, in order to conduct a proper search, Respondents must properly instruct their contractor (SF Parks Alliance) to search and produce to the City (and the City must then produce to me) any records to which the City has an interest in or right to possess according to any contract with Parks Alliance, which are in the constructive, if not actual, possession of the City. It is unclear whether these contracts are managed by the Department or Commission, or both.
2. SFAC 67.26, 67.27 (all respondents) – The failure or refusal of the Respondents to search and produce the records is equivalent to withholding all records in their entirety (*Community Youth Athletic Center v. City of National City*, “The effect of the City’s inability or unwillingness to locate the records had the same effect as withholding requested information from the public.”). This complete withholding is non-minimal and unjustified in writing. If and when the City eventually responds, these violations may continue as well.
3. SFAC 67.21(k) and CPRA Gov Code 6253.3 (all respondents) – The Respondents have made my requests inaccessible even to myself unless I create a NextRequest account and login, which I cannot be required to do. Extra-statutory end user agreements (namely NextRequest’s terms of use and privacy policy) cannot be a precondition to records access (*COUNTY OF SANTA CLARA v. California First Amendment Coalition* (2009), “As a matter of first impression in California, we conclude that end user restrictions are incompatible with the purposes and operation of the CPRA.”). My requests and

(cont.)

reserve the right to dispute them elsewhere.

responsive records must be made accessible (at least to me) on NextRequest without any restrictions whatsoever. Alternatively, one can also come to this conclusion via Gov Code 6253.3 which prohibits the City from allowing “another party [NextRequest] to control the disclosure of information that is otherwise subject to disclosure pursuant to this chapter.” Due to the configuration this Department has chosen, NextRequest prevents me from accessing the information without agreeing to private agreements. The easiest solution would be, like Public Works for example, to make public records requests and responsive records on their NextRequest portal to be by default publicly accessible.

4. SFAC 67.29-7(a) (against Ginsburg only) – “The Mayor and all Department Heads shall maintain and preserve in a professional and businesslike manner all documents and correspondence, including but not limited to letters, e-mails, drafts, memorandum, invoices, reports and proposals and shall disclose all such records in accordance with this ordinance.” Ginsburg is a Department Head. He testified before the Board of Supervisors that he was aware of SF Parks Alliance’s feelings regarding Sup. Chan’s investigation of Parks Alliance. I have sought such communications and either he failed to preserve them or failed to disclose them, or both. It is also possible he has destroyed records or failed to retain them after receiving my request.

5. SFAC 67.29-5 (against Ginsburg only) – Ginsburg is required to record and keep a daily calendar of all meetings, including phone calls. Now long after 3 business days after whatever meeting or call could have occurred between Ginsburg and SFPA, Ginsburg has not disclosed the meeting, its attendees, its general statement of issues discussed, date, time, location, etc. It is also possible he has not even recorded it. Regardless he has certainly not disclosed it as also required by 67.29-5.

6. SFAC 67.34 (willful violation and official misconduct against Ginsburg only) – We know that Ginsburg read my request due to his transmission of an email read receipt to my email account. Yet he has refused to respond at all to a request that he knows exists and targets specifically the alleged communications between himself and a major City contractor of what Supervisors allege are threats against a fellow Supervisor.

Sincerely,

Anonymous

Respond in rolling fashion (SFAC 67.25(D)) - you are required by law to provide records the end of business day those records are reviewed without waiting until the end. Provide EXACT copies of all emails, email addresses, To, From, Cc, Bcc, attachments, formatting, hyperlinks, and content.

2. Provide any meetings between Ginsburg and any SFPA person(s) in 2021. You are required by law to have already recorded all meetings (**including telephone calls!**) that you had (Admin Code 67.29-5). Respond in rolling fashion (SFAC 67.25(D)) - you are required by law to provide records the end of business day those records are reviewed without waiting until the end. Provide EXACT copies of all emails, email addresses, To, From, Cc, Bcc, attachments, formatting, hyperlinks, and content.

3. Provide any prep materials your department produced for your hearing before the Supervisors today.

Your testimony today claims you were aware of the Parks Alliance's feelings re: the letter. Let's find that evidence.

records are reviewed without waiting until the end. Provide EXACT copies of all emails, email addresses, To, From, Cc, Bcc, attachments, formatting, hyperlinks, and content.

2. Provide any meetings between Ginsburg and any SFPA person(s) in 2021. You are required by law to have already recorded all meetings **(including telephone calls!)** that you had (Admin Code 67.29-5). Respond in rolling fashion (SFAC 67.25(D)) - you are required by law to provide records the end of business day those records are reviewed without waiting until the end. Provide EXACT copies of all emails, email addresses, To, From, Cc, Bcc, attachments, formatting, hyperlinks, and content.

3. Provide any prep materials your department produced for your hearing before the Supervisors today.

Your testimony today claims you were aware of the Parks Alliance's feelings re: the letter. Let's find that evidence.

Subject: Complaint / 67.21(d) petition Re: [Document Released] City and County of San Francisco public records request #21-2848
Attachments: EXAMPLE - Re.Secure 3.31 Daily Allocation 10.03AM-redacted.pdf; signature.asc

Dept Head Lambert: Please be certain to preserve the original unredacted records. I am appealing these redactions and you may be ordered later on to unredact the information. If you destroy or fail to retain the original unredacted records during the pendency of my appeals, I will allege violation of 67.29-7(a) and/or willful violation and official misconduct. I will also rerequest the originals after the COVID emergency orders terminate and/or a court finds them invalid.

Supervisor of Records: Please determine in writing that some or all of the 6255 redactions in the documents and the unjustified withholdings of the rightmost columns in the records for this request are public and order them disclosed.

SOTF: Please file a new complaint *Anonymous v SF Public Library, Michael Lambert, Margot Shaub, Ashley Carskaddon*. Violation: 67.26 non-minimum withholding, 67.27 failure to provide written justification for withholding, 67.24(g and i) impermissible balancing test.

The SFPL has withheld a full column of information of Site Names and Addresses under the catch-all Gov Code 6255(a). Respondents will have to prove to SOTF with specificity why the public interest in non-disclosure clearly outweighs public interest in disclosure. These are apparently govt (taxpayer) -paid services and locations that the public isn't allowed to know exist. These are not being kept hidden to protect the public interest, but instead to protect the Mayor's political interests. To make this obvious, the redactions literally say "Enter a reason..." (none is provided) -- and there is in fact no legitimate reason to redact the information.

The SFPL has also withheld the rightmost columns of the spreadsheet. Those withholdings by the Public Library have no justification whatsoever and must be disclosed.

I am aware of some of the withheld content by examining a different requester's public records responses. That content is also permanently archived in various web archiving platforms if the City attempts to retract that information from the other requester or pressure them into somehow destroying the information online.

Finally, I am preserving my rights to argue that the use of Gov Code 6255 is itself unlawful under Admin Code 67.24(g and i), based on pending challenges to the validity and/or currency of the Mayor's emergency orders purporting to allow the City to contravene the voter's explicit intent in prohibiting Gov Code 6255 as an exemption in the City. The City has opened up, as the Mayor likes to brag - thus as a corollary, COVID is no longer a reason (if it ever was) to arbitrarily withhold public information without a specific exemption. This is simply an abuse of the Mayor's emergency authority to get rid of a voter-enacted govt transparency law for her own benefit.

Supervisor of Records Herrera:

Please determine in writing that the records below are public records, and order Mayor Breed and her office to comply with my request.

It would appear they do have records that they consider not to be *public* records- which is precisely where you come in under 67.21(d).

However, my issuance of public records requests to (and complaints against) Breed (namely using these emails which contain my Twitter handle) are most certainly only about the conduct of public business. There is no *non-City-business* relationship I have with Breed or her attorneys. To my knowledge, I have never had *any* interaction with Breed or her attorneys that is not about the conduct of public business, so whatever forwarding of my Twitter handle they have sent to Breed's ethics lawyers is certainly related to City business.

As you know under CPRA Gov Code 6253(c) the "reasons therefor" must be provided.

Do you have records but you claim them not to be public records? Or you don't have any records at all?

If the former, we will be appealing this for a determination that the records are in fact public records under 67.21(d) and 67.21(e).

Subject: SOTF/67.21(d) Ballot custody / election materials complaint
Attachments: Exhibit-A-Req-Resp.pdf; Screen Shot 2021-06-14 at 7.14.00 PM.png; signature.asc

Dear SOTF,

Please file a complaint *Anonymous v Dept of Elections and John Arntz*. (Supervisor of Records - this is also a 67.21(d) petition to determine in writing the withheld info below to be public and order it disclosed).

Violations: *67.29-7(b) failure to keep and preserve mandatory ballot custody records, 67.26 non-minimum withholding and unkeyed redactions, 67.27 failure to justify withholding in writing*

The Sunshine Ordinance imposes a specific requirement on the Dept of Elections to keep certain minimum election records - this positive requirement to *create* a record is similar to the requirement in Prop G to create a daily calendar or in CPRA to create a list of enterprise systems, and there is further an additional requirement to "preserve" such records. These requirements are imposed by Admin Code 67.29-7(b). I requested the Admin Code 67.29-7(b) material for the Nov 2020 election on June 1 2021, and records were timely produced on June 1 and June 11 by DoE. Request and response are Exhibit A.

The requirement states: "The Department of Elections shall keep and preserve all records and invoices relating to the design and printing of ballots and other election materials and shall keep and preserve records documenting who had custody of ballots from the time ballots are cast until ballots are received and certified by the Department of Elections."

Violation of Admin Code 67.29-7(b):

- In the attached Exhibit B, for at least 4 ballot boxes from District 6 and 2 boxes from District 2, only the departure is signed for, and the receipt/verification at City Hall is not signed for. This differs from all other ballot boxes listed on similar forms where both sides are verified at least once.
- Various custody transfer forms are missing various form elements, including from original record "CTF_Canvass_Transfer_of_Ballots_20_docs.pdf"
- The inspector from precinct 7842 is not identified.
- This is a repeated pattern - many forms identify the custodian of the ballots only on one side of the transfer in the chain of custody.
- Like other Sunshine Ordinance requirements, this rule is not satisfied by tracking *most* ballots - the custody of *every* ballot is equally important.

Violation of Admin Code 67.27: There are numerous redactions throughout the responsive records. This withholding of information was not justified in writing by a legal exemption. Thus, all withholding is challenged and should be ordered disclosed.

Violation of Admin Code 67.26: Redactions are not keyed to justifications required by 67.27 (as no justification or keys at all were provided). Moreover, *sometimes* but not always who had custody of the ballots and/or their official signature has been redacted. It is unclear why such signatures are sometimes provided (Exhibit C), and sometimes redacted (Exhibit D). Regardless, there is no reason why officials' signatures or identities in a chain of custody should be redacted. Since no redactions are justified, all are challenged and should be ordered disclosed.

Hi Ms. Yu,

Your link requires agreement to a Terms of Service. I won't agree to any extra-statutory terms such as your "Acceptable Use Policy" in order to get public records, and I cannot be required to do so (Santa Clara Co. v. First Amendment Coalition, 170 Cal. App. 4th 1301 (2009)).

Please provide the records without any registration, login, or acceptance of terms. You could simply post them on your own website, or email them in chunks, or upload them directly to MuckRock using the link below.

OEWD: Please provide as an immediate disclosure request all copies within your office of the emails attached, and all replies and forwards thereto, as exact PDF copies using PDFMaker with all email addresses, to , from, cc, bcc, attachments, date/time stamps.

City employees' attacks on the First Amendment to protect their actions from scrutiny will itself be scrutinized. It is also sad that you tried to use Trump's attacks on the First Amendment to invite the SOTF to suppress free speech. Fortunately you failed. There's no difference when your agency attacks transparency versus when the former President did. Fortunately at least one City employee, Ms. Boomer, seemed to understand.

Sincerely,

On Dec. 5, 2020:

Subject: California Public Records Act Request: Text and Chat Messages - Immediate Disclosure Request - San Francisco Universal Search (OEWD)

To Office of Economic and Workforce Development and its Department Head or Elected Official:

**** DO NOT DESTROY ANY RESPONSIVE RECORDS. YOU MUST PRESERVE AND ORDER YOUR EMPLOYEES TO PRESERVE RECORDS DURING THE PENDENCY OF ALL APPEALS. WE WILL APPEAL ALL REDACTIONS OR WITHHOLDINGS. ****
Immediate Disclosure Request.

Every department head/elected official must preserve and maintain all correspondence in a professional and businesslike manner (SFAC 67.29-7(a)) and also separately must comply with retention policies (SFAC 67.29-1). Note that if your retention policies do not retain text messages, I will argue before the SOTF and court that this is a failure to maintain ****all correspondence**** in a professional and businesslike manner.

Relevant precedent: SOTF 19098 - Anonymous v SFPD. Unanimous finding of violation for unlawfully withholding text message metadata (including the to/from/etc. - note SFPD had provided the dates and times, and you must as well), and also for unlawfully printing and scanning electronic records which does not constitute a "copy" of an electronic record. See also prior rulings in my favor in SOTF 19044, 19047, 19091, 19098, 19103, and 19108 which ruled against the City for email, text messages, past and future calendar entries, meeting details, electronic metadata, and attachments.

The Mayor's Office appears to have destroyed their copies of certain text messages. I'd be happy to get them from her, if she preserved every record. Alas she did not, therefore we must now conduct a universal search of the City. You cannot refer me to another department unless you search and determine that you have no copies in your department. If this is causing more work for you, ask your Mayor to stop destroying her public records.

Note there are many anonymous requesters using MuckRock - I am just one of them. If you previously produced some subset of these records to a MuckRock email address, please reference that prior response so you do not duplicate work. If I am unable to get the prior MuckRock response because it is someone else's and they have marked it private, you will however need to provide me a copy here as well.

1. This is an immediate disclosure request for text, chat, or instant messages between the Department Head/Elected Official and either Sean Elsbernd, Andrea Bruss, London Breed, Harlan Kelly, Jr., Naomi Kelly, Hank Heckel, or Walter Wong, including all group messages, and all messages in threads, in any form and any app (including, but not limited to, SMS, MMS, text, iMessage, Teams, Discord, WeChat, QQ, Signal, Telegram, WhatsApp, Facebook, Facebook Messenger, Twitter, Instagram, Hangouts, Meet, Slack, Skype, Viber, Snapchat, Line, Kik, FaceTime, Wickr Me, Chatroulette, Threema, KakaoTalk, Duo, GroupMe, Wire, Voxel, Allo, Tango, Bumble, Grindr, Tinder, Olive, Taimi, but NOT including email), on any government accounts/devices or on personal accounts or devices regarding the conduct of public

business, including all participant names, message text, images, attachments, dates, and times, including any in trash or deleted folders or similar (see Good Government Guide - if the records have not been permanently deleted as of the time you receive this request, you must retrieve them from the so-called trash folders and provide them). Provide rolling responses. Provide exact copies including all metadata. There is no limitation by subject or date. If the total pages to produce numbers over 500, inform me of the rough dates, employees involved, and subject matter, and I may be willing to narrow the initial production, AS LONG AS YOU PRESERVE ALL THE RECORDS.

2. This is a regular records request for text, chat, or instant messages between any non-department head/elected official (i.e. the other dept employees) and either Sean Elsbernd, Andrea Bruss, London Breed, Harlan Kelly, Jr., Naomi Kelly, Hank Heckel, or Walter Wong, including all group messages, and all messages in threads, in any form and any app (including, but not limited to, SMS, MMS, text, iMessage, Teams, Discord, WeChat, QQ, Signal, Telegram, WhatsApp, Facebook, Facebook Messenger, Twitter, Instagram, Hangouts, Meet, Slack, Skype, Viber, Snapchat, Line, Kik, FaceTime, Wickr Me, Chatroulette, Threema, KakaoTalk, Duo, GroupMe, Wire, Voxer, Allo, Tango, Bumble, Grindr, Tinder, Olive, Taimi, but NOT including email), on any government accounts/devices or on personal accounts or devices regarding the conduct of public business, including all participant names, message text, images, attachments, dates, and times, including any in trash or deleted folders or similar (see Good Government Guide - if the records have not been permanently deleted as of the time you receive this request, you must retrieve them from the so-called trash folders and provide them). Provide rolling responses. Provide exact copies including all metadata. There is no limitation by subject or date. If the total pages to produce numbers over 500, inform me of the rough dates, employees involved, and subject matter, and I may be willing to narrow the initial production, AS LONG AS YOU PRESERVE ALL THE RECORDS.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required notice of which of those records are available and non-exempt for inspection in-person if we so choose.

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing by specific statutory authority (SFAC 67.27).
- Every redaction must be keyed by footnote or by other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each above request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

I look forward to your lawful response.

NOTE: THE EMAIL ADDRESS SENDING THIS REQUEST IS A PUBLICLY-VIEWABLE MAILBOX. Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Those timestamps are the same - they are different timezones. Headers use UTC (Universal time zone), while the print out uses Pacific, since my computer is in California.

Sunday, February 21st, 2021 at 11:21 PM in the printout in California is identical to "Mon, 22 Feb 2021 07:21:07 +0000" in UTC in the email headers. You should check a timezone calculator. Attached is further a screenshot. These emails were also digitally-signed, and thus contain a cryptographic proof when I sent the email (signature.asc). That digital signature will also contain a timestamp.

Please check your fellow Mayoral office email

boxes: mayorlondonbreed@sfgov.org sophia.kittler@sfgov.org hank.heckel@sfgov.org andrea.bruss@sfgov.org sean.elsbernd@sfgov.org tyra.fennell@sfgov.org

and confirm if any of them have the email. I sent it to each of them.

My records request was sent on Feb 21st (Sunday late night) and thus deemed received Feb 22 (Monday).

If you are not willing to confirm that the Mayor's Office received and is responsible for this request since Feb 22, I will be making a records request to find those copies of my email (it's why we have metadata).

I make these requests **specifically** to force your office to preserve records about interesting events that many of you enjoy rapidly destroying otherwise. Even if you delay production of records based on rule of reason or COVID or whatever, you still can't destroy records after receiving a records request. Moreover, even if you (Heckel) truly did not receive the request on Feb 22, you certainly received the March 9 copy and apparently did not preserve records at that time.

This is also why, when a person having custody of a record personally receives a records request, *that person* is responsible under Admin Code 67.21. So even if Hank Heckel did not get the request, the others should have and must have preserved the records.

If your office, most importantly Breed, Kittler, Bruss, Elsbernd, Fennell, and yourself who were specifically emailed, have failed to retain records responsive to this request since Feb 22, I will file further complaints.

Regards,

Subject: 67.21(d) petition / Re: Public Records Request
Attachments: signature.asc

Thank you. There are multiple issues:

1) The cited Penal Code 832.7(a) has no relevance to any of these redactions - and this is a recurring abuse by DPA of this exemption. It appears that DPA just slaps the Police Personnel File citation on anything that it cannot find a correct reason to withhold. This is a weekly general meeting of 3 DPA employees, none of whom appear to be police officers. The phone number/url of Microsoft Teams (of which at least one redaction is not even a meeting-specific number) is not a "complaint[] by members of the public against the personnel of [DPA]" or a "personnel record[] of peace officers and custodial officers" which is defined as a "file maintained under that [i.e. a peace or custodial officer] individual's name by his or her employing agency". Words matter. Definitions matter. The narrow interpretation of these definitions as they prohibit public access, as required by Art 1 Sec 3 of the Constitution, matters. The scope of police personnel records exempted by this section are defined in Penal Code 832.8 and 832.5 and generally interpreted by the Supreme Court in *Long Beach Police Officers Association v City of Long Beach*. It is in fact possible that some other exemption applies - But this is **not** a police personnel file and its absurd to claim it is. Therefore, **Supervisor of Records Herrera: please determine in writing the redactions under PC 832.7(a) are public and order them disclosed pursuant to SF Admin Code 67.21(d)**. The DPA is full of lawyers who are supposed to be experts on police personnel file law - I should not have to keep fixing, as Herrera dismisses them, the City's lawyers' so-called "minor errors." If DPA misuses the exemption here, why should anyone believe their arguments that all other uses were appropriate?

Herrera is not petitioned for the issues below.

2) Please note that this response, even ignoring metadata, is not compliant with SOTF decision 19121 against the Police Commission. In it, the SOTF determined that producing a copy of a *forward* of a record - as you have done for both records here - does not constitute a copy of the *original* record that existed as of the time of receipt of my request, and thus violated the law. Please produce an exact PDF copy of the original record for (d) - you can do that by simply entering Mr. Henderson's Outlook and exporting a PDF.

3) Your (e) is not the ICS/iCalendar metadata requested. The DT metadata tool you mentioned will produce the ICS/iCalendar metadata. It has a lot more in it.

4) The hyperlinks were incorrectly withheld on at least the top of the email. Hyperlinks should work as exact copies - they should be clickable and all *information* in them (i.e. their URL) disclosed, unless exempt by citation. See SOTF decision 19097 against Public Works. (Moreover, for unknown reasons the email is an image and not the original text, which is likely why the hyperlinks are destroyed).

If DPA is willing to correct all of these errors AND confirm that it will comply with regards to each issue above for all requests, in a signed writing on official letterhead by department head or managerial City employee, no SOTF complaint will be filed. We will file complaints if DPA merely corrects the issues after-the-fact without acknowledging that it must do each of these things correctly for all requesters and requests that follow.

Date: Saturday, May 22, 2021 8:39:13 AM
Attachments: [signature.asc](#)

Dear Chairs and Members,
As a public communication

I noted that the request for reconsideration of Mr Kohrs' case is before a committee instead of the full SOTF this Tuesday. Nothing herein is legal advice to any person, including the parties.

SOTF must reconsider its no violation ruling in SOTF 19145 for at least the following reasons:
(This also constitutes a separate petition under SFAC 67.21(d) to the Supervisor of Records to order the Police Commission to disclose the Kohrs Police Commission records to me which, were denied unlawfully as well, for all of the following reasons):

- It appears at least a few members of SOTF incorrectly concluded that SB 1421 (i.e. Penal Code 832.7(b), which requires all records related to certain kinds of police conduct be released notwithstanding all other laws) did not apply to off-duty conduct. Since the Police Commission's own interpretation (via their written policy for SB 1421 releases) explicitly **does** include off-duty conduct, the Respondents should not be allowed to contradict themselves and argue at SOTF that off-duty conduct is not included, and SOTF should not need to further come up with their own interpretation. Respondents have already *admitted* that off-duty conduct is disclosable under SB 1421. PolCom's written policy: <https://sfgov.org/policecommission/sites/default/files/Documents/PoliceCommission/SB%201421%20Policy%20Procedures%20Amendment%20%2820210304%29.pdf> (Section C.2)

- That alone should be enough to require a full reconsideration hearing. The vote against Mr Kohrs was very close, 6 to 4. If even one Member is convinced by the Respondents' *own* interpretation of SB 1421, the outcome may change materially.

- The Police Commission's most recent resolution determining not to release the records claims that they have an attorney-client privilege that they refuse to waive in the closed session deliberations. The Brown Act does NOT in fact permit closed sessions for the purpose of attorney-client communications (*Roberts v City of Palmdale* (1993) 5 Cal. 4th 363; also see "Open & Public IV" by the League of California Cities, pg. 36) on its own, EXCEPT regarding litigation. Gov. Code Section 54956.9 states in relevant part: "Nothing in this chapter shall be construed to prevent a legislative body of a local agency, based on advice of its legal counsel, from holding a closed session to confer with, or receive advice from, its legal counsel regarding pending litigation when discussion in open session concerning those matters would prejudice the position of the local agency in the litigation. ... **For purposes of this chapter, all expressions of the lawyer-client privilege other than those provided in this section are hereby abrogated. This section is the exclusive expression of the lawyer-client privilege for purposes of conducting closed-session meetings pursuant to this chapter.**" And note that the Police Commission has cited no section of the Brown Act for a proposition to have attorney-client privileged closed sessions outside of litigation matters. Instead, closed sessions have to be held under a specific exemption to open session permitted by Brown Act.

- In this case, it was the *personnel closed session* citation that was used, not the *litigation* closed session. And because it was a *personnel* matter, not a litigation matter, Penal Code 832.7(b) (SB 1421) explicitly makes this recording publicly disclosable. In fact, the Sunshine Ordinance demands certain boilerplate language to be used to justify each closed session. SOTF should examine the original agenda item to realize that it was NOT an attorney-client privileged litigation closed session, but instead a personnel matter closed session. Personnel matters are closed to protect NOT attorney-client privilege, but the privacy of the employee (who has apparently waived his privacy rights) and the frank deliberation of the Commission members. As this task force knows, there is NO deliberative process privilege in San Francisco (Admin Code 67.24(h)).

- Finally: The Police Commission also violated the law by initially claiming the missing records (deliberation records) did not exist. Only later did the Police Commission state they were withholding them. Unless the Police Commission can cite a *specific* CPRA exemption for withholding the recording that defeats Penal Code 832.7(b), then the record must be disclosed. I've yet to see what the specific CPRA exemption citation is (in the SOTF case). They keep changing their story.

Dear Supervisor of Records and SOTF:

Supervisor Ronen has completely ignored for two months the below records request. Under Admin Code 67.21(d, e), please determine in writing that the records or parts thereof are public and order them disclosed.

Moreover, Ronen committed official misconduct by willfully failing to discharge her duties as an elected official under the Ordinance (Admin Code 67.34).

Evidence: Sup. Ronen sent an email (a "read receipt") to my email address noting that she **deleted the request without reading it**. Ronen has no right to destroy evidence of a records request she does not want to reply to. See attachment.

Ronen and her Office violated:

- Gov Code 6253(c) for failing to provide a notice of determination of disclosable public records or extension within 10 days, and within 24 days
- SF Admin Code 67.21 for an untimely and incomplete response to a records request
- SF Admin Code 67.34 (Ronen only) for willfully failing to discharge her duties under the Sunshine Ordinance
- SF Admin Code 67.26 for withholding all records in their entirety instead of only withholding the minimum amount
- SF Admin Code 67.27 for withholding records without any written justification

A failure to search for and provide records is equivalent to withholding records from the public (*Community Youth Athletic Center v. City of National City*).

Supervisor of Records Herrera,

The following PUC public record produced by presumably Harlan Kelly is vastly over-redacted: PUC does not specify who "Melanie" is - but based on my request, it is presumed to be Melanie Lok. Since the phone number is disclosed at the top, it can be verified who the texts are with.

As you have stated previously, apparently Kelly redacts his own records.

As your office and PUC acknowledges, Kelly unlawfully withheld information in his Walter Wong texts, another city contractor with whom Kelly allegedly unlawfully mixed business and personal friendship (see Kelly-Wong text petition, PUC supplement, and your own response).

As your office is also aware Melanie Lok/Mlok Consulting is a City contractor and unless every matter is her texts is also purely personal, they must be disclosed.

We also need original uncompressed/actually-readable versions of the attachments therein.

Please determine in writing that one or more of the texts, attachments, or parts thereof are public and order them disclosed.

RE: 21-80 - Thank you.

1) But why did you close this request? You still need to produce the remainder of the records. All I said is that Breed and Elsbernd are most important, not that I was waiving the other participants, like Bruss or Kelly. Please produce the remainder on a rolling basis.

2) We are challenging and will file complaints on all redactions based on recommendation of the author. The City continues to misunderstand Admin Code 67.24(a)(1). All recommendations of authors are not exempt - that would merely be using the deliberative process privilege under a different name as it is prohibited by Admin Code 67.24(h). Only a *draft* recommendation of the author is exempt, not all recommendations. And any factual content must be released as well within those messages. For example, if Colfax hypothetically initially recommends shutting down restaurants and bars, and then finally recommends shutting down only bars then only the first recommendation is exempt as a *draft*. If the recommendations made by Colfax are not drafts and are his final recommendations they need to be disclosed.

3) We are challenging and will file complaints on all redactions based on official information privilege. The City continues to misunderstand Evidence Code 1040. Evid Code 1040(a) that you cited merely defined official information; it does not exempt it. Only *some* not all official information is exempt - those exemptions are defined in Evid Code 1040(b)(1) and (b)(2) and you must cite which of the two exemptions you are using. The first exempts information whose disclosure is prohibited by state or federal law (if you are using (b)(1) please state that other law prohibiting disclosure). The second is a balancing test in the interest of justice (if you are using (b)(2) please explain in detail how disclosing each of those messages would harm the interest of justice).

DPH bears the burden of proof in showing how these exemptions apply to each redacted message.

Subject: [Document Released] City and County of San Francisco public records request #21-80
City and County of San Francisco

Hi there

Documents have been released for record request #21-80 along with the following message:

Please find the legal justifications for every redaction which are cross-referenced to the document names.

20-80_Me_Mayor_London_Breed_Redacted_v1.pdf

* 7 A city employee cell phone number was redacted due to privacy concerns. (Cal. Gov't Code § 6254(c); Internat. Federation of Prof. & Technical Engineers, Local 21, AFL-CIO v. Super. Ct. (2007) 42 Cal.4th 319, 339 [while names and salaries of City employees must be disclosed, the "City has not been asked to disclose any contact information for these employees, such as home addresses or telephone numbers"].)

* 8–9 Information was redacted under the official information privilege. (Cal. Gov’t Code § 6254(k).) This privilege is codified in California Evidence Code section 1040, which defines “official information” as “information acquired in confidence by a public employee in the course of his or her duty and not open, or officially disclosed, to the public prior to the time the claim of privilege is made.” (Id. at § 1040(a).)

* 17 Information was redacted as non-responsive because “[c]ommunications that are primarily personal, containing no more than incidental mentions of agency business, generally will not constitute public records.” (City of San Jose v. Super. Ct. (2017) 2 Cal.5th 608, 619.)

* 19 A cell phone number of the public was redacted because such personal contact information implicates the privacy rights of individuals and typically sheds no light on DPH’s operations. (Cal. Gov’t. Code § 6254(c).)

* 20 Information was redacted as “personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.” (Cal. Gov’t Code § 6254(c).)

* 20–22 Information was redacted as non-responsive because “[c]ommunications that are primarily personal, containing no more than incidental mentions of agency business, generally will not constitute public records.” (City of San Jose v. Super. Ct. (2017) 2 Cal.5th 608, 619.)

20-80_Me_Seau_Elsbernd_1_Redacted_v1.pdf

* 3–4, 112 Information was redacted as “personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.” (Cal. Gov’t Code § 6254(c).)

* 9, 25, 36, 38–39, 45–46, 98, Information was redacted under the official information privilege. (Cal. Gov’t Code § 6254(k).) This privilege is codified in California Evidence Code section 1040, which defines “official information” as “information acquired in confidence by a public employee in the course of his or her duty and not open, or officially disclosed, to the public prior to the time the claim of privilege is made.” (Id. at § 1040(a).)

* 16, 19, 51, 85 Information was redacted as non-responsive because “[c]ommunications that are primarily personal, containing no more than incidental mentions of agency business, generally will not constitute public records.” (City of San Jose v. Super. Ct. (2017) 2 Cal.5th 608, 619.)

* 19 City employees cell phone numbers were redacted due to privacy concerns. (Cal. Gov't Code § 6254(c); Internat. Federation of Prof. & Technical Engineers, Local 21, AFL-CIO v. Super. Ct. (2007) 42 Cal.4th 319, 339 [while names and salaries of City employees must be disclosed, the "City has not been asked to disclose any contact information for these employees, such as home

addresses or telephone numbers"].)

* 35, 74, 88 DPH does not disclose personal contact information for members of the public because such personal contact information implicates the privacy rights of individuals and typically sheds no light on DPH's operations. (Cal. Gov't. Code § 6254(c).)

* 28–29, 80–83, 87, 93–95, 103 Redactions of author recommendations were redacted. Such redactions are authorized under San Francisco Administrative Code Section 67.24(a)(1).

* 11, 30, 40, 73, 97, 104–106 The Public Records Act allows an agency to decline to disclose "[r]ecords, the disclosure of which is exempted or prohibited pursuant to federal or state law, including, but limited to, provisions of the Evidence Code relating to privilege." (Cal. Gov't Code § 6254(k).) California Evidence Code section 954 protects from disclosure communications between attorneys and their clients. Disclosure of communications between the DPH and the City Attorney's Office would chill DPH's ability to discuss candidly issues on which legal advice is sought.

20-80_Me_Sean_Elsbernd_2_Redacted_v1.pdf

* 31, 35, 50 Information was redacted under the official information privilege. (Cal. Gov't Code § 6254(k).) This privilege is codified in California Evidence Code section 1040, which defines "official information" as "information acquired in confidence by a public employee in the course of his or her duty and not open, or officially disclosed, to the public prior to the time the claim of privilege is made." (Id. at § 1040(a).)

* 9, 13, 18, 36 DPH does not disclose personal contact information for members of the public because such personal contact information implicates the privacy rights of individuals and typically sheds no light on DPH's operations. (Cal. Gov't. Code § 6254(c).)

* 1, 6, 35–36 DPH does not disclose 'personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.' (Cal. Gov't Code § 6254(c).)

* 4, 26 Redactions of author recommendations were redacted. Such redactions are authorized under San Francisco Administrative Code Section 67.24(a)(1).

On Dec. 5, 2020:
Subject: California Public Records Act Request: Text and Chat Messages - Immediate Disclosure Request - San Francisco Universal Search (DPH)
To Department of Public Health and its Department Head or Elected Official:

**** DO NOT DESTROY ANY RESPONSIVE RECORDS. YOU MUST PRESERVE AND ORDER YOUR EMPLOYEES TO PRESERVE RECORDS DURING THE PENDENCY OF ALL APPEALS. WE WILL APPEAL ALL REDACTIONS OR WITHHOLDINGS. ****
Immediate Disclosure Request.

Every department head/elected official must preserve and maintain all correspondence in a professional and businesslike manner (SFAC 67.29-7(a)) and also separately must comply with retention policies (SFAC 67.29-1). Note that if your retention policies do not retain text messages, I will argue before the SOTF and court that this is a failure to maintain ****all correspondence**** in a professional and businesslike manner.

Relevant precedent: SOTF 19098 - Anonymous v SFPD. Unanimous finding of violation for unlawfully withholding text message metadata (including the to/from/etc. - note SFPD had provided the dates and times, and you must as well), and also for unlawfully printing and scanning electronic records which does not constitute a "copy" of an electronic record. See also prior rulings in my favor in SOTF 19044, 19047, 19091, 19098, 19103, and 19108 which ruled against the City for email, text messages, past and future calendar entries, meeting details, electronic metadata, and attachments.

The Mayor's Office appears to have destroyed their copies of certain text messages. I'd be happy to get them from her, if she preserved every record. Alas she did not, therefore we must now conduct a universal search of the City. You cannot refer me to another department unless you search and determine that you have no copies in your department. If this is causing more work for you, ask your Mayor to stop destroying her public records.

Note there are many anonymous requesters using MuckRock - I am just one of them. If you previously produced some subset of these records to a MuckRock email address, please reference that prior response so you do not duplicate work. If I am unable to get the prior MuckRock response because it is someone else's and they have marked it private, you will however need to provide me a copy here as well.

1. This is an immediate disclosure request for text, chat, or instant messages between Grant Colfax and either Sean Elsbernd, Andrea Bruss, London Breed, Harlan Kelly, Jr., Naomi Kelly, Hank Heckel, or Walter Wong, including all group messages, and all messages in threads, in any form and any app (including, but not limited to, SMS, MMS, text, iMessage, Teams, Discord, WeChat, QQ, Signal, Telegram, WhatsApp, Facebook, Facebook Messenger, Twitter, Instagram, Hangouts, Meet, Slack, Skype, Viber, Snapchat, Line, Kik, FaceTime, Wickr Me, Chatroulette, Threema, KakaoTalk, Duo, GroupMe, Wire, Voxer, Allo, Tango, Bumble, Grindr, Tinder, Olive, Taimi, but NOT including email), on any government accounts/devices or on personal accounts or devices regarding the conduct of public business, including all participant names, message text, images, attachments, dates, and times, including any in trash or deleted folders or similar (see Good Government Guide - if the records have not been permanently deleted as of the time you receive this request, you must retrieve them from the so-called trash folders and provide them). Provide rolling responses. Provide exact copies including all metadata. There is no limitation by subject or date. If the total pages to produce numbers over 500, inform me of the rough dates, employees involved, and subject matter, and I may be willing to narrow the initial production, AS LONG AS YOU PRESERVE ALL THE RECORDS.

2. This is an immediate disclosure request for text, chat, or instant messages between Tomas Aragon and either Sean Elsbernd, Andrea Bruss, London Breed, Harlan Kelly, Jr., Naomi Kelly, Hank Heckel, or Walter Wong, including all group messages, and all messages in threads, in any form and any app (including, but not limited to, SMS, MMS, text, iMessage, Teams, Discord, WeChat, QQ, Signal, Telegram, WhatsApp, Facebook, Facebook Messenger, Twitter, Instagram, Hangouts, Meet, Slack, Skype, Viber, Snapchat, Line, Kik, FaceTime, Wickr Me, Chatroulette, Threema, KakaoTalk, Duo, GroupMe, Wire, Voxer, Allo, Tango, Bumble, Grindr, Tinder, Olive, Taimi, but NOT including email), on any government accounts/devices or on personal accounts or devices regarding the conduct of public business, including all participant names, message text, images, attachments, dates, and times, including any in trash or deleted folders or similar (see Good Government Guide - if the records have not been permanently deleted as of the time you receive this request, you must retrieve them from the so-called trash folders and provide them). Provide rolling responses. Provide exact copies including all metadata. There is no limitation by subject or date. If the total pages to produce numbers over 500, inform me of the rough dates, employees involved, and subject matter, and I may be willing to narrow the initial production, AS LONG AS YOU PRESERVE ALL THE RECORDS.

3. This is a regular records request for text, chat, or instant messages between the other dept employees (not Colfax or Aragon) and either Sean Elsbernd, Andrea Bruss, London Breed, Harlan Kelly, Jr., Naomi Kelly, Hank Heckel, or Walter Wong, including all group messages, and all messages in threads, in any form and any app (including, but not limited to, SMS, MMS, text, iMessage, Teams, Discord, WeChat, QQ, Signal, Telegram, WhatsApp, Facebook, Facebook Messenger, Twitter, Instagram, Hangouts, Meet, Slack, Skype, Viber, Snapchat, Line, Kik, FaceTime, Wickr Me, Chatroulette, Threema, KakaoTalk, Duo, GroupMe, Wire, Voxer, Allo, Tango, Bumble, Grindr, Tinder, Olive, Taimi, but NOT including email), on any government accounts/devices or on personal accounts or devices regarding the conduct of public business, including all participant names, message text, images, attachments, dates, and times, including any in trash or

deleted folders or similar (see Good Government Guide - if the records have not been permanently deleted as of the time you receive this request, you must retrieve them from the so-called trash folders and provide them). Provide rolling responses. Provide exact copies including all metadata. There is no limitation by subject or date. If the total pages to produce numbers over 500, inform me of the rough dates, employees involved, and subject matter, and I may be willing to narrow the initial production, AS LONG AS YOU PRESERVE ALL THE RECORDS.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required notice of which of those records are available and non-exempt for inspection in-person if we so choose.

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing by specific statutory authority (SFAC 67.27).
- Every redaction must be keyed by footnote or by other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each above request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

I look forward to your lawful response.

NOTE: THE EMAIL ADDRESS SENDING THIS REQUEST IS A PUBLICLY-VIEWABLE MAILBOX. Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). May 7, 2021

RE: DPH Requests 21-80 and 20-2942 – REVISION 2 – May 7, 2021

Supervisor of Records Dennis Herrera:

This is a petition under Admin Code §67.21(d) to determine in writing that records or parts thereof are public, regarding what DPH has labeled requests 21-80 and 20-2942. This is a corrected, 2nd revision, which replaces the earlier petition received on May 7, 2021 from this email address. Specifically, we challenge:

1. All withholding of attachments in the messages.

Because audio, video, and image records have not been provided and clearly exist in the screenshots of these messages, the records have been effectively withheld in their entirety and the request has not been complied with (see *Community Youth Athletic Center v. City of National City* (2013)¹ and *Sukumar v. City of San Diego* (2017)²). It is unknown whether the messages are on City-owned or personal devices, however, even if the devices are personal, attachments stored on them about the conduct of public business would be considered in the constructive possession of the City, and must be provided (*City of San Jose v. Superior Court* (2017)).

2. All redactions based on recommendation of the author. The City continues to misunderstand Admin Code 67.24(a)(1).

¹"The effect of the City's inability or unwillingness to locate the records had the same effect as withholding requested information from the public." (*Community Youth Athletic Center v. City of National City* (2013) 220 Cal.App.4th 1385, 1425)

²"The City correctly states there is no evidence it intentionally withheld known responsive documents. At the hearing on the fee motion, even Sukumar's attorney admitted there was no evidence City representatives acted in bad faith. However, bad faith is not the test. The effect of the City's inability or unwillingness to locate and produce these documents until court-ordered discovery ensued after March 8, 2016, is tantamount to withholding requested information from a PRA request." (*Sukumar v. City of San Diego* (2017), 14 Cal.App.5th 451, 466; internal citations omitted.)

All recommendations of authors are not exempt – that would merely be using the deliberative process privilege under a different name as it is prohibited by Admin Code 67.24(h). Only a *draft* recommendation of the author is exempt, not all recommendations. And any factual content must be released as well within those messages.

For example, if Colfax hypothetically initially recommends shutting down restaurants and bars because of 17 positive COVID tests, and then finally recommends shutting down only bars then only the first recommendation is exempt as a *draft* and the phrase "17 positive COVID tests" must be unredacted as factual information.

Also, if the recommendations made by Colfax are not drafts at all and are his only (and thus final) recommendations they need to be disclosed. Furthermore, Elsbernd's responses to Colfax's exempt draft recommendations of the author are not necessarily draft recommendations themselves (or vice-versa). No where is the discussion by another party of the first party's draft recommendation exempted – in fact the exemption specifically states it must be the recommendation *of the author*.

3. All redactions based on official information privilege. The City continues to misunderstand Evidence Code 1040.

DPH merely cites Evid Code 1040(a) – simply defining official information; it does not exempt it. Only *some* not all official information is exempt – those exemptions are defined in Evid Code 1040(b)(1) and (b)(2) and DPH must cite which of the two exemptions they are using. The first exempts information whose disclosure is prohibited by state or federal law (if you are using (b)(1) please state that other law prohibiting disclosure). The second is a balancing test in the interest of justice (if you are using (b)(2) please explain in detail how disclosing each of those messages would harm the interest of justice).

4. All redactions under the attorney-client privilege on communications where no attorney for the City is part of the communication.

Evid Code 954 protects "a confidential communication between client and lawyer" – but these are not communications between the City and its lawyers. Communications between two non-DCA employees are not protected under Evid Code 954. Even if Sean Elsbernd is a lawyer, he does not and cannot act as a lawyer for the City (his law license is inactive in California).

DPH bears the burden of proof in showing how these exemptions apply to each redacted message.

It appears DPH is just using the above citations to hide the sensitive information in policy discussion.

Please order disclosed all public records not yet provided.

Sincerely,

Anonymous

Dear Requestor,

The SFPUC has conducted a diligent search and we found no records responsive to your request. Therefore, we consider your request closed.

Please note that the Controller's Office has not conducted an External Affairs / Community Benefits audit. An audit was scheduled to happen in 2019-2020. However, the audit was postponed due to the pandemic and the local emergency.

Thank you for your public records request. Due to the COVID-19 pandemic, the Mayor has issued supplementary orders suspending select provisions of the Sunshine Ordinance which will affect how soon you may receive responsive documents. Subject: California Public Records Act Request: External Affairs/Community Benefits - SFPUC

To Whom It May Concern:

Pursuant to the CPRA and Sunshine Ordinance, I hereby request the following records:

- all records provided by your agency to the Controller's Office for the External Affairs / Community Benefits audit, in the electronic format that you provided them to the Controller

Note that *you* are not an auditor, so the auditor CPRA exemptions do not apply to you.

I'm just asking for things that are your public records that you also happened to provide to the Controller.

You must provide every record prepared, owned, used, or retained by your agency -- which includes any records from your contractors that happen to be in your computer systems.

Provide rolling responses (SFAC 67.25(d)).

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter.

I look forward to receiving your response to this request within 10 calendar days, as the statute requires.

Sincerely,

One more thing...

Even their first page of response is nonsense.

My request asked for "External Affairs/Community Benefits" audit.

SFPUC apparently had TWO relevant audits: "External Affairs Bureau" (which apparently has been delayed and had no responsive records) and "Community Benefit/Social Impact Partnership Program" (which was in fact occurring).

How exactly could my request verbiage cover the first and not the latter?

Consider what would have happened if Mr. Eskenazi had never informed me about the existence of the latter audit. PUC would have gotten away with completely hiding these records from the public, with no justification.

This is yet more evidence of prevarication on behalf of the respondent.

Dear SOTF,

I want to make this very clear to everyone, including Supervisor of Records Herrera.

PUC is flat out lying about what the law says. They claim the state laws "protect the confidentiality of records provided to the City Services Auditor, or its contractor SEC, during the pendency of an audit.". False.

The two state laws cited by PUC prohibit disclosure of audit materials **by the auditor and their employees:**

"... none of the following items or papers of which these items are a part may be released to the public **by the city auditor, or his or her employees"**

"... none of the following items or papers of which these items are a part may be released to the public **by the auditor or his or her employees:"**

My request was not to the auditor, or its employees, or even to its contractor... my request was to PUC.

None of these laws exempt the records to be disclosed *by whoever is being audited* - in this case PUC.

Merely because a record is also part of an audit does not transform the original non-exempt record into an exempt record.

PUC, and whichever attorneys told PUC to write this nonsense, are lying to the task force, and must be held accountable.

Local law can only enhance disclosure, not reduce it.

Sunshine Ordinance Task Force *and*
 Supervisor of Records Dennis Herrera
 San Francisco, CA
via email
 Final

April 30, 2021

Complaint Anonymous v Campos, et al., April 30, 2021

Sunshine Ordinance Task Force:

Please file a complaint *Anonymous v David Campos and the Office of the District Attorney*. Allegations: violation of CPRA Gov Code 6253(c) for failing to provide a notice of disclosable public records or extension within 10 days of a request; SFAC §67.21 for an untimely and incomplete response to a records request; SFAC §67.27 for withholding information without an appropriate written legal justification; SFAC §67.26 for withholding more than the minimum exempt information. You should take as proven any allegation not specifically denied by the Respondents. (Supervisor of Records: This is also a petition under Admin Code §67.21(d) to determine in writing that any records withheld under an illegal justification are public, and to order them disclosed.)

1. BACKGROUND

- On March 21, 2021 via email from 109912-45425417@requests.muckrock.com to david.campos@sfgov.org I filed 2 records requests to the Respondents. (Full request text and lack of response thread are in Exhibit A).

“David Campos:

A (different) anonymous person brought the following SOTF complaint recently: https://sfgov.org/sunshine/sites/default/files/eotc_032321_item7.pdf#page=6

These are 2 separate requests. "The DCCC meeting" is defined as every DCCC meeting from July 19 to 23, 2020 (inclusive). You must inform me whether or not disclosable public records exist for each request below, and an explanation/justification:

- Produce all communications planning or preparing the DCCC meeting

(incl with Sup Mar, Ronen, Haney or their offices), all agenda items, all minutes, all discussions regarding the meeting either before or after the meeting took place, on any government account.

2. Produce all communications planning or preparing the DCCC meeting (incl with Sup Mar, Ronen, Haney or their offices), all agenda items, all minutes, all discussions regarding the meeting either before or after the meeting took place, on any personal account. Remember that you must produce all records on personal property about the conduct of *public* business. .. ”
3. Follow-ups were sent on March 31, April 15, and April 30, 2021.
4. Respondents have never replied in any fashion to either of these requests.
5. Because no records or response has been provided, the records have been effectively withheld^{1,2} in their entirety and the request has not been complied with.
6. The DCCC meetings were attended, as admitted by the Supervisors in SOTF 20087 *SJD Anonymous v Ronen* and its closely related complaints against Supervisors Mar and Haney, by majorities of committee(s) of the Board of Supervisors.³ However, the Supervisors argue that the meeting was not a public meeting under the Brown Act because the issues discussed were not within the subject matter jurisdiction of the Board’s committees.
7. Without conceding that the meeting was not a Brown Act public meeting, I argue that the meeting was a public meeting under the Sunshine Ordinance, which has a broader definition.
8. Unlike the Brown Act, Sunshine Ordinance Sec 67.3’s definition of a "meeting"

¹"The effect of the City’s inability or unwillingness to locate the records had the same effect as withholding requested information from the public." (*Community Youth Athletic Center v. City of National City* (2013) 220 Cal.App.4th 1385, 1425)

²"The City correctly states there is no evidence it intentionally withheld known responsive documents. At the hearing on the fee motion, even Sukumar’s attorney admitted there was no evidence City representatives acted in bad faith. However, bad faith is not the test. The effect of the City’s inability or unwillingness to locate and produce these documents until court-ordered discovery ensued after March 8, 2016, is tantamount to withholding requested information from a PRA request." (*Sukumar v. City of San Diego* (2017), 14 Cal.App.5th 451, 466; internal citations omitted)

³Sup. Ronen’s representative Amy Beinart stated on Sep. 11, 2020: “This complaint cites Supervisor Ronen’s participation in the July 23, 2020, meeting of the SF DCCC that was also attended by Supervisors Mar and Haney. While it is true that Supervisors Ronen and Mar together, as two of three members of the Rules Committee of the Board of Supervisors, meet the threshold for quorum for that Committee, there was no matter on the DCCC agenda that was under the Board of Supervisors’ (or Rules Committee’s) subject matter jurisdiction, and therefore not a violation of the Brown Act.” https://sfgov.org/sunshine/sites/default/files/eotc_032321_item7.pdf#page=23

does NOT have a subject matter jurisdiction requirement – every "congregation of a majority" of a BoS or its Committees qualifies, UNLESS it is a "regional, statewide or national conference," "meeting organized to address a topic of local community concern and open to the public," or "purely social, recreational or ceremonial occasion" (the latter 3 having a subject matter jurisdiction qualifier to be a "meeting") or two other exceptions not relevant here. The SF Democratic County Central Committee does not appear to be a conference, meeting organized to address a topic of local community concern and open to the public, or purely social. Thus all DCCC meetings having a quorum of the BoS or its committees should qualify as a Sunshine meeting of a policy body, subject to all Sunshine requirements, regardless of a subject matter jurisdiction requirement.

9. Therefore, records about that meeting are also public records and should, barring a specific cited exemption, be disclosed.
10. Respondents bear the burden of proving that the records sought are NOT public. Admin Code 67.21(g), states “In any court proceeding pursuant to this article *there shall be a presumption that the record sought is public*, and the burden shall be upon the custodian to prove with specificity the exemption which applies.”
11. **ALLEGATION 1: Violation of CPRA Gov Code 6253(c)**
12. Gov Code 6253(c) states: “Each agency, upon a request for a copy of records, shall, within 10 days from receipt of the request, determine whether the request, in whole or in part, seeks copies of disclosable public records in the possession of the agency and shall promptly notify the person making the request of the determination and the reasons therefor. In unusual circumstances, the time limit prescribed in this section may be extended by written notice by the head of the agency or their designee to the person making the request, setting forth the reasons for the extension and the date on which a determination is expected to be dispatched. No notice shall specify a date that would result in an extension for more than 14 days. When the agency dispatches the determination, and if the agency determines that the request seeks disclosable public records, the agency shall state the estimated date and time when the records will be made available. ...”
13. My request was sent Sunday March 21, and thus deemed received March 22. As of April 30, long after both the 10-day and 24-day-with-extension period, no determination or other reply was received.
14. **ALLEGATION 2: Violation of Admin Code 67.21**
15. Admin Code 67.21(b) states: “A custodian of a public record shall, as soon as possible and within ten days following receipt of a request for inspection or copy of a public record, comply with such request. Such request may be delivered to the

office of the custodian by the requester orally or in writing by fax, postal delivery, or e-mail. If the custodian believes the record or information requested is not a public record or is exempt, the custodian shall justify withholding any record by demonstrating, in writing as soon as possible and within ten days following receipt of a request, that the record in question is exempt under express provisions of this ordinance.”

16. “Custodian of a public record” is not, contrary to the City’s apparent belief, a special title that applies only to a specific person in an agency. It is defined in the ordinance as “Every person having custody of any public record or public information, as defined herein, (hereinafter referred to as a custodian of a public record)”
17. In over one month, Campos, the person having custody of his own records, has not responded in any fashion to the request, which also constitutes an unreasonable delay.
18. **ALLEGATIONS 3 and 4: Violation of Admin Code 67.27 and 67.26**
19. Admin Code 67.27 requires that “Any withholding of information shall be justified, in writing, as follows: ... ”
20. Admin Code 67.26 requires the City to withhold only the minimum exempt portion of a public record so as to disclose as much else as possible. Usually, redaction is used to achieve this.
21. The Respondents’ inability or unwillingness to search for or provide the records is equivalent to withholding the records in entirety (see footnotes 1 and 2). No justification for doing so was provided.
22. **REQUEST FOR RELIEF**
23. Please find that Respondents violated CPRA Gov Code 6253(c), SF Admin Code 67.21, 67.26, and/or 67.27.
24. Please order disclosed all public records not yet provided.

Sincerely,

Anonymous

(Supervisor of Records: This is also a petition under Admin Code §67.21(d) to determine in writing that any records withheld under an illegal justification are public, and to order them disclosed.)

1. BACKGROUND

2. On Feb 21, 2021 via email I filed 3 records requests to the Ethics Commission. (Full request text and response thread are in Exhibit A).

“1. This is an immediate disclosure request for the records request-tracking spreadsheet/database/log (if you keep any) for all records requests made to your agency meeting either of the following criteria: request was received on or after March 23, 2020 OR any response was issued on or after March 23, 2020. ...

2. This is an immediate disclosure request for all emails or mailed letters related to records requests/responses with the phrase "10 business days" case-insensitive anywhere in the thread (i.e. including replies/forward bodies included in other emails) sent by anyone in your Office/agency (sent to a requester, or to another City employee) on or after March 23, 2020. ...

3. To SOTF and Ethics only: This is an immediate disclosure request for any tracking spreadsheet/database/log for all complaints filed with your agency from March 23, 2020 to present. This request includes personal account searches. Include all columns or fields in any database. Any electronic format preserving ALL non-exempt electronic information is acceptable (all exempt info in the original electronic record must be specifically justified). ”
3. Respondents replied on Feb 22, 2021 withholding records citing a section of the City charter (instead of State law). Because local law cannot exempt information otherwise disclosable under State law, I will ignore this citation (they revise their response below).¹
4. On Feb 23, Respondents clarified that the Feb 22 response was not their complete response. On Feb 25, Respondents provided further responses, but restated their total withholding for request number 3 under their earlier Feb 22 citation.
5. On Apr 14, Respondents revised their response to request number 3, by providing one record and withholding all others under the following 3 state law citations:
- “1. The deliberative process privilege under Government Code section 6255.
 2. The official information privilege in Evidence Code section 1040.
 3. The constitutional right to privacy under Article I, section 1. ”
6. These citations and withholdings are not legal in San Francisco. This is especially troubling because the Ethics Commission is one of the few bodies legally endowed with the teeth to enforce the Sunshine Ordinance. Given that the Ethics Commission clearly does not understand the enhancements in the Sunshine Ordinance above and beyond the CPRA, how can the people of San Francisco trust the Ethics Commission to appropriately enforce the various violations that the Task Force refers to it? Perhaps this is why the Commission almost always refuses to enforce the Ordinance against any City official no matter how egregious the violation.
7. For the purposes of this complaint, the Mayor’s Fifth Supplemental COVID-19 Declaration purporting to suspend certain portions of the Sunshine Ordinance is presumed valid unless it is rescinded by the Mayor, the Board of Supervisors or voided by a court, but as always I do not concede that it is indeed valid and may

¹They also referred me to their website for closed cases: <https://sfethics.org/enforcement/case-resolutions>

continue to challenge it in other forums.²

8. ALLEGATION 1: Violation of Admin Code 67.24(h)

9. Admin Code 67.24(h) states: “Neither the City nor any office, employee, or agent thereof may assert an exemption for withholding for any document or information based on a "deliberative process" exemption, either as provided by California Public Records Act Section 6255 or any other provision of law that does not prohibit disclosure.”

10. Respondents stated on April 14: “Regarding the withholdings the Commission previously identified, the Commission withholds complaints alleging violations of campaign finance, lobbying, conflicts of interest and governmental ethics, and whistleblower protection violations, and records of investigations, under the following provisions of State law: 1. The deliberative process privilege under Government Code section 6255. ...”

11. Thus, Respondents unlawfully asserted an exemption for withholding based on a “deliberative process” exemption. All information withheld under this privilege must be disclosed.

12. ALLEGATION 2: Violation of Admin Code 67.24(c)(7)

13. Admin Code 67.24(c)(7) states: “(c) Personnel Information. None of the following shall be exempt from disclosure under Government Code Section 6254, subdivision (c), or any other provision of California Law where disclosure is not forbidden: ... (7) The record of any confirmed misconduct of a public employee involving personal dishonesty, misappropriation of public funds, resources or benefits, unlawful discrimination against another on the basis of status, abuse of authority, or violence, and of any discipline imposed for such misconduct.”

14. Any information responsive to my requests related to “confirmed misconduct” must be disclosed and are not exempt under personal privacy as cited by Respondents in their third justification of April 14.

15. ALLEGATION 3: Violation of Admin Code 67.27

16. Admin Code 67.27 requires that “Any withholding of information shall be justified, in writing, as follows: (a) A withholding under a specific permissive exemption in the California Public Records Act, or elsewhere, which permissive exemption is not forbidden to be asserted by this ordinance, shall cite that authority. ...”

²Note that the Declaration states “This paragraph does not suspend Administrative Code Section 67.24(h) regarding a “deliberative process” exemption.”

17. The deliberative process privilege is forbidden to be asserted by this ordinance (see Allegation 1).
18. Respondents' second April 14 citation is also not permitted because it is not a "specific" exemption: "The official information privilege in Evidence Code section 1040."
19. Evidence Code §1040 does not contain only a single exemption - it contains two distinct exemptions, and Respondents must choose.
20. Consider a citation to Gov Code §6254 – that would not be sufficient. Instead, agencies must cite a "specific [] exemption" such as 6254(c) or 6254(f).
21. In the same vein, Respondents must cite in writing whether they are using §1040(b)(1) or §1040(b)(2), which exempt two different types of information: (1) official information³ for which "disclosure is forbidden by an act of the Congress of the United States or a statute of this state." OR (2) official information for which "disclosure of the information is against the public interest because there is a necessity for preserving the confidentiality of the information that outweighs the necessity for disclosure in the interest of justice".
22. All information withheld under this section must be disclosed, unless Respondents can cite a specific portion of Evidence Code 1040 under which the information is genuinely exempt. And if §1040(b)(1) is chosen, Respondents must also cite a state or federal law that prohibits the disclosure (they have only cited in the past a *local* law).
23. Finally, the third April 14 citation also appears to be insufficient: "3. The constitutional right to privacy under Article I, section 1.". There is a more specific exemption available under Govt Code §6254(c). Privacy is not a blanket reason for withholding information. Only "*unwarranted* invasion of personal privacy" is a reason for withholding. By running for office, being elected, or employed by the City, persons voluntarily exchange some of their personal privacy for the power they have as government representatives. Furthermore courts have held that disclosure of certain records of misconduct – even in some cases mere allegations of such misconduct – does not constitute an *unwarranted* invasion of personal privacy (see below).
24. **ALLEGATION 4: Violation of Admin Code 67.26**

³Official information is defined in Evidence Code §1040(a) as "information acquired in confidence by a public employee in the course of his or her duty and not open, or officially disclosed, to the public prior to the time the claim of privilege is made"

25. Admin Code 67.26 requires the City to withhold only the minimum exempt portion of a public record so as to disclose as much else as possible. Usually, redaction is used to achieve this.
26. For records that supposedly invade personal privacy, Respondents could for example redact names or contact info of complainants and release the remainder of the record.
27. As it regards the privacy of the alleged perpetrators in Ethics Commissions complaints, courts have held, after considering the Constitutional privacy provisions, that “it is in keeping with ... the express purpose of the [Public Records] Act that where there is reasonable cause to believe the complaint to be well founded, the right of public access to related public records exists”⁴ (*Am. Fed. of St. Emp. v. Regents of Univ. of Calif*, 80 Cal.App.3d 913, 918 (Cal. Ct. App. 1978)). Any information for “confirmed misconduct” is disclosable as well (see Allegation 2).
28. And, as the League of California Cities describes, “even if the local agency employee is exonerated of wrongdoing, disclosure may be warranted if the allegations of misconduct involve a high-ranking public official or local agency employee in a position of public trust and responsibility, given the public’s interest in understanding why the employee was exonerated and how the local agency employer treated the accusations.”⁵

⁴“We are aided greatly by the case of *Chronicle Pub. Co. v. Superior Court*, 54 Cal.2d 548 [7 Cal.Rptr. 109, 354 P.2d 637], which concerned the public right to information concerning records of complaints of wrongdoing against members of the State Bar of California, a context, we opine, reasonably analogous to that of the case at hand. The high court concluded (p. 572) that: “Only strong public policies weigh against disclosure” of such matters. Such a strong public policy was found in the case of trivial or groundless charges which often, “no matter how guiltless the attorney might be, if generally known, would do the attorney irreparable harm. . . .” (P. 569.) In such a situation the attorney was to be compared with “public officers and employees” generally, against whom such communications “are to be considered as highly confidential, and as records to which public policy would forbid the confidence to be violated.”” (Pp. 568-569.) But where the charges are found true, or discipline is imposed, the strong public policy against disclosure vanishes; this is true even where the sanction is a private reproof. In such cases a member of the public is entitled to information about the complaint, the discipline, and the “information upon which it was based.” (P. 575.)

We are further of the opinion that a proper reconciliation of the Act and the constitutional right of privacy mandates that, in situations such as that before us, the recorded complaint be of a substantial nature before public access is permitted. And patently, it is in keeping with the rationale of *Chronicle Pub. Co.* and the express purpose of the Act that where there is reasonable cause to believe the complaint to be well founded, the right of public access to related public records exists. Courts should not be bound by a contrary determination of the public agency, for if that were so the Act’s decree that — “access to information concerning the conduct of the people’s business is a fundamental and necessary right of every person in this state” — would be largely frustrated.”

⁵“The People’s Business – A GUIDE TO THE CALIFORNIA PUBLIC RECORDS ACT”, April 2017 edition, p. 47, <https://www.cacities.org/Resources/Open-Government/THE-PEOPLE%E2%80%99S-BUSINESS-A-Guide-to-the-California-Pu.aspx> citing *Caldecott v. Superior Court* (2015) 243 Cal.App.4th 212, 223–224; *Marken v. Santa Monica-Malibu Unified Sch. Dist.* (2012) 202

(cont.)

29. It is also likely that at least some of the information withheld under any subsection of Evidence Code 1040 was not in fact “acquired in confidence” by the Ethics Commission employees, either because they did not “acquire” the information (such as information generated by Ethics Commission employees themselves), or if they did “acquire” it, it was not given to them in “confidence.” Such information is not even “official information” by definition (Evidence Code §1040(a)), and thus cannot be withheld under either provision of Evidence Code §1040(b)(1 or 2).
30. Finally, *all* information withheld under deliberative process privilege must be disclosed.
31. **ALLEGATION 5: Official Misconduct under Admin Code 67.34 (against Pierce only)**
32. Admin Code 67.34 requires “The willful failure of any elected official, department head, or other managerial city employee to discharge any duties imposed by the Sunshine Ordinance, the Brown Act or the Public Records Act shall be deemed official misconduct.”
33. Respondent Pierce is presumably at least a managerial city employee, based on his title “Director of Enforcement.” It is unclear whether he is the department head for the Ethics Commission.
34. Based on Pierce’s job duties including enforcement of the Sunshine Ordinance, he must have expertise in the Sunshine Ordinance.
35. Therefore Pierce knew or should have known that at least his citation to the deliberative process privilege was unlawful.
36. Admin Code 67.24(h) is a duty of every City office, employee, and agent.
37. Therefore, Pierce willfully failed to discharge the duty imposed by the Sunshine Ordinance to not cite the locally-illegal deliberative process privilege.
38. **REQUEST FOR RELIEF**
39. Please find that Respondents violated SF Admin Code 67.24(h), 67.24(c)(7), 67.27, 67.26, and/or 67.34.
40. Please order disclosed all public information unlawfully withheld.

Dear Anonymous,

Upon further review, the Ethics Commission has located one non-exempt record responsive to part 3 of your request, below, seeking “any tracking spreadsheet/database/log for all complaints filed with [the Ethics Commission] from March 23, 2020 to present.” That record is attached.

Regarding the withholdings the Commission previously identified, the Commission withholds complaints alleging violations of campaign finance, lobbying, conflicts of interest and governmental ethics, and whistleblower protection violations, and records of investigations, under the following provisions of State law:

1. The deliberative process privilege under Government Code section 6255.
2. The official information privilege in Evidence Code section 1040.
3. The constitutional right to privacy under Article I, section 1.

Sincerely,
Jeff

see bottom for requests to your agencies

Mayor Breed and City Attorney Herrera:

departments BCC-ed

A member of the public astutely hypothesized that your offices make the risk analysis that it is efficient for your subordinates and clients to regularly violate CPRA/Sunshine laws for all members of the public and then just deal later with people like me, as a cost of doing business.

If true, no matter how many rulings SOTF makes in specific cases, it will never help generally improve government transparency *for all*. According to this theory you and the City have made a rational economic calculation to, as a rule, violate the Sunshine Ordinance because it allows you and your fellow officials to hide or delete records, over-redact them without legal justifications, and delay access to the vast majority of the public, even if it means belatedly losing appeals repeatedly to the small number of us who will vigorously defend our legal rights. But its not just those other requesters that lose out - the public domain is deprived of timely, lawfully disclosable public records which illuminate how officials conduct the public's business.

Your strategy's success depends on:

- no meaningful penalty to you or the City as long as we few use only SOTF which imposes no financial penalty, instead of Superior Court which does, (example: agencies routinely wait until immediately prior to an SOTF hearing to produce records voluntarily),
- the Ethics Commission ignoring the Sunshine Ordinance so as to protect senior officials from the few personal consequences that do exist in law (example: even if my complaints about you destroying your text message public records in violation of 67.29-7 are eventually heard and won by me, you will still have gotten the substantial political benefits of destroying records for years prior, which the public will permanently never be able to learn about), and
- your certainty that only a small percent of requesters are aware of their rights or have the time, legal, or financial resources to defend their rights even if known.

However... such a strategy would no longer be viable if a person who *does* know how to enforce the transparency laws re-makes the same requests for which you violate others' rights, and enforced full compliance themselves in court where you would be forced to pay for each and every violation, and where Breed, Herrera, and the Board cannot change the judges (or pressure them during appointment) or suspend the rules when they lose. Evidence shows even the Ethics Commission bends to a court that once forced it to do its job.

The City will be transparent only when it fears meaningful, legally-enforced financial repercussions for unlawful opacity. And when the taxpayers get tired of footing the bill for their officials' obstruction of transparency laws,

voters can boot them out of office or amend the law to make department heads and elected officials personally financially liable for violations. Having partially and successfully tested this strategy in a few others' requests, it is now time to implement it fully:

To Each Supervisor, President Walton (for the Board), Mayor Breed, Chair Wolfe and Vice-Chair Yankee (for the SOTF), Clerk Calvillo, Chair Ambrose and Vice-Chair Lee (for the Ethics Commission), OEWD, and City Attorney Herrera:

Unlike many City agencies, none of your agencies use NextRequest or another web platform to make automatically public all of your records requests so I cannot statistically analyze the quality of your responses to other requesters automatically.

1. This is an immediate disclosure request for the records request-tracking spreadsheet/database/log (if you keep any) for all records requests made to your agency meeting either of the following criteria: request was received on or after March 23, 2020 OR any response was issued on or after March 23, 2020. This request includes personal account searches. Include all columns or fields in any database. Any electronic format preserving ALL non-exempt electronic information is acceptable (all exempt info in the original electronic record must be specifically justified). For the SOTF and Ethics Commission: these requests do NOT include any logs tracking *complaints* filed with your agency - only *records requests made to your agency*.

2. This is an immediate disclosure request for all emails or mailed letters related to records requests/responses with the phrase "10 business days" case-insensitive anywhere in the thread (i.e. including replies/forward bodies included in other emails) **sent** by anyone in your Office/agency (sent to a requester, or to another City employee) on or after March 23, 2020. Exact PDF copies with all attachments, formatting, hyperlinks, images, email addresses, INCLUDING To/From/Cc AND Bcc email address, is necessary and sufficient; other email headers are not necessary at this time. This request includes personal account searches. For some period of time since the COVID emergency orders - Herrera's office falsely told records

requesters that the City had "10 business days" to respond (i.e. 14 calendar days as opposed to 10) under the CPRA. I would like to determine whether this false statement of law was directed solely to me, or all requesters. Mysteriously, immediately after I complained, Herrera stopped doing this (to me at least). This is especially interesting in light of the fact that Herrera - long before I complained - had issued a public legal opinion about the City's obligation to meet the *10 day* requirement under state law even under the Mayor's purported orders. For the SOTF and Ethics Commission: these requests do NOT include any logs tracking *complaints* filed with your agency - only *records requests made to your agency*.

3. To SOTF and Ethics only: This is an immediate disclosure request for any tracking spreadsheet/database/log for all complaints filed with your agency from March 23, 2020 to present. This request includes personal account searches. Include all columns or fields in any database. Any electronic format preserving ALL non-exempt electronic information is acceptable (all exempt info in the original electronic record must be specifically justified).

Unfortunately, if the City is only correcting the legal process of records response just for me, I'm not really achieving my goal of universal government transparency as required by law. In some ways, thus it helps that there are now so many unaffiliated members of the public using MuckRock with an anonymous moniker and copy-pasting my request verbiage -- instead of complying with the law just in my cases, you are forced to comply with the law at least a larger group of people.

Dear Supervisor of Records Dennis Herrera:

Attached is a 67.21(d) petition covering email, text, and calendar metadata and related issues (email addresses, urls, etc.)

The power is yours to avoid the inefficiencies of per-request complaints/petitions as you previously stated you want to. Here is your chance: as you did with the future calendars issue, you must reverse your years of wrong determinations, correct your opinion in writing via this composite petition against various departments for the listed requests, and let the City move on from metadata as a controversy with strictly more public access.

Give the public a firm determination/order that all petitioned City departments will comply with and I won't *need* to go to SOTF on the issue piecemeal.

It is up to you Mr. Herrera.

BCC-ed Custodians: It is in your interest that Mr. Herrera summarily resolve the metadata issue for the entire City in the same direction as SOTF has one-off for each of you whose complaints have so far been adjudicated. Consider encouraging him to do the right thing.

Cc public communication to SOTF-IT for visibility.

Petition under SFAC § 67.21(d) re: email, text, and calendar metadata

Supervisor of Records Dennis Herrera:

Under Admin Code 67.21(d), please determine in writing that records or parts thereof are public, and order the custodians to comply with the requests, in at least each request listed at the bottom of this email (Appendix A). You have closely related petitions from Oct 9–11, 2020 outstanding on similar topics.

You have expressed a concern with the efficiency of the per-request complaint process – you can with a response to all petitions herein set the entire City on the correct footing with regards to release of email, calendar, and text message metadata.

Previously-internal custodian communications within the City disclosed to me indicate that your old anti-metadata legal memorandum is no longer applicable within the City. Specifically, in February 2021, when a custodian deferred to your anti-metadata memo in helping a second custodian understand the policy about not producing metadata to a records request, Mayoral compliance officer Hank Heckel states to the other custodians, “There have been major changes in the policy surrounding this that we should discuss.”¹ Therefore, I am expecting a reply similar to your latest summary determination to my future calendar petitions,² reversing your numerous earlier incorrect determinations, and laying out the proper ruling now to set the record straight.

The parts of records relevant to these petitions that should be disclosed are *at least*:

- every email address in the To, From, Sender, Cc, and Bcc (for email) and Attendees, Invitees, and Organizer (for calendars) that are not exempt under Constitutional privacy

¹<https://www.documentcloud.org/documents/20603951-re20library20prrs-redactedhtml>

²Your determination of March 9, 2021. <https://www.documentcloud.org/documents/20508643-ltr-to-anonymous-392021>

- every sender and all recipients of text/chat messages
- every hyperlink url not otherwise specifically exempt
- every row/header/field name in email headers and calendar ICS data
- every portion of the email headers and calendar ICS data values not explicitly deemed an exempt information security record or not otherwise specifically exempt

Moreover, email headers and calendar ICS data (both “metadata”) are both public and, generally, disclosable (with exceptions that may be redacted).

You claim to lack jurisdiction over the format (Admin Code 67.21(L)) of a record. But I am not challenging the format here, I am challenging the unlawful withholding of specific information (or, in the words of Admin Code 67.21(d), parts of records) including that listed above, which constitutes an incomplete response – which you do have jurisdiction over.

It is in fact possible to produce this info in PDF format, as you personally have done in SOTF 19044 for email headers, the Mayor has done in SOTF 19047 for calendars ICS data, the Mayor has done voluntarily for email addresses, DPW has done in SOTF 19097 for email headers, urls, and email addresses, DPW has done voluntarily thereafter for both email and calendars, DT has done in SOTF 19119 for email headers and calendar ICS data, DT has done voluntarily thereafter for both, and the Treasurer has done in SOTF 19131 most recently.

PETITIONED REQUESTS (APPENDIX A):

Each of the following requests has been incompletely complied with and is petitioned. They are chosen to run the gamut across agencies and across email, text, and calendar metadata and related issues (email addresses, urls, etc.)

1. In the SOTF 19044 request’s records from City Attorney, the email header “Authentication-Results” that remains redacted (John Cote represented to SOTF during Compliance that if the IT experts determined this could be disclosed, they would do so, and DT has in fact disclosed this header to me in their own email metadata based on the latest revision of the metadata redactor)
2. My Jan 23, 2020 request to City Attorney from this email address for the ICS data of the April 28 – May 4, 2019 Herrera calendar (sub-part 7)
3. My July 2, 2019 request to SFPD from 76435-93915115@requests.muckrock.com for certain emails “with all headers, metadata, timestamps, attachments, appendices, exhibits, and inline images, except those explicitly exempted by the Ordi-

nance,” and certain text/chat messages “with all headers, metadata, timestamps, attachments, appendices, exhibits, and inline images, except those explicitly exempted by the Ordinance”

4. My various requests from November 2, 2019 to May 20, 2020 from 82814-07144940@requests.muckrock.com to the Office of Mayor periodically archiving the ICS calendar data of Mayor Breed, Andrea Bruss, and Sean Elsbernd’s calendars (sub-part 3a in each of the requests dated: Nov 2, 2019; Nov 8, 2019; Nov 16, 2019; Nov 21, 2019; Nov 27, 2019; Dec 7, 2019; Dec 13, 2019; Dec 19, 2019; Dec 27, 2019; Jan 3, 2020; Jan 13, 2020; Jan 24, 2020; Jan 31, 2020; Feb 8, 2020; Feb 18, 2020; Feb 21, 2020; March 2, 2020; March 7, 2020; March 16, 2020; April 6, 2020; May 5, 2020; and May 20, 2020)
5. My request numbered 20-881 from 82814-07144940@requests.muckrock.com to Public Works regarding Sandra Zuniga’s ICS calendar data (sub-part 3a)
6. My Feb 5, 2021 request to the Library Commission from this email address for emails where email addresses and hyperlinks were withheld
7. My March 4, 2021 request to the Mayor’s Office from 98380-37550836@requests.muckrock.com for communications with Recology’s Paul Giusti “preserving all attachments, images, audio, video, To/From/Cc/Bcc email addresses, hyperlinks, urls, formatting.”

NOTE TO HERRERA:

If you refuse to review the records and issue a determination and order if needed, you will be violating Admin Code 67.21(d) yourself and potentially aiding your City clients in violating the law as a direct result of willfully refusing to perform your own legally-mandated duties.

As long as the City continues to violate the law, no ethical option exists other than to continue to petition and appeal for complete, timely, and lawful disclosure, without exception. Vigorous pursuit of Sunshine violators will continue until the day your office ceases its willful non-compliance and properly trains the City to reduce violations to your arbitrarily chosen 6 violations per year.

Clerk Calvillo, and Supervisors Chan, Haney, Mandelman, Mar, Melgar, Peskin, Preston, Ronen, Safai, Stefani, and Walton, and all Offices thereof:

None of you have so far provided a notice of determination whether your future calendars are disclosable, violating Gov Code 6253(c). In addition to filing complaints against all of you I will be making an archive of all of your future calendars.

The following are additional immediate disclosure requests

- the details of each entry on all calendars or scheduling documents containing your future meetings (physical, virtual, phone, or in any other form) for the dates of May 1st through May 14th, 2021 regardless of whether that calendar is electronic or physical, or on your government account, your personal account (see *City of San Jose v Superior Court (2017)*), or the government or personal accounts of your staff members/assistants documenting your own meetings, and preserving all details including but not limited to attendees, date and time stamps, email addresses, subject lines, category/importance flags, locations, attendee/invite status, hyperlinks, images, body text, and attachments. Pursuant to SFAC 67.21(L), please produce electronic records in individual meeting details format (called "Memo Style" in Microsoft Outlook) and NOT as a monthly, daily, or weekly summary. If records of business-

related meetings that *you (the Supervisor/Clerk) will attend* are documented on someone else's calendar (like an aide's), I am indeed requesting those records as well.

In San Francisco, the deliberative process privilege is prohibited (SFAC 67.24(h)) - therefore **the people do indeed have the right to know who you will meet with and for what purpose even in the future.** Please also note that if you decide to redact security information, it is only redactable if the info is a security procedure of a police agency (i.e. if the sheriff or SFPD are protecting you at the meeting - see Gov Code 6254(f)). Redacting or withholding supposedly "sensitive" information not explicitly exempt under a law will be challenged.

Please see:

- Wednesday's SOTF Compliance recommendation against Breed that she has not fully complied with SOTF Order 19103 deeming her future calendars public
- [SOTF Order 19103](#) *Anonymous v Breed* ordering Mayor Breed to produce her future calendars with redactions for security procedures
- [SOTF Order 19112](#) *Anonymous v Scott* ordering Chief Scott to produce his future calendars with redactions for security procedures, and referral of Scott to the Ethics Commission
- City Attorney Herrera's Feb 1, 2021 voluntary change of mind and decision to disclose in redacted form his own future calendars after SOTF Order 19103, quoting: "In light of recent discussions at the Sunshine Ordinance Task Force regarding public officials' disclosure of their future calendars, we have re-evaluated the legal question and consulted with the Police Department about security risks. Following that evaluation, we have concluded that in most circumstances the City Attorney may safely and legally disclose certain information about his future meetings, including the subject matter of the meeting and the attendees, if that information is recorded in his calendar, and the week during which the meeting will occur. Due to security concerns, we will continue to withhold the location, time, and specific date of each meeting. There may be circumstances in the future where information about the subject matter or attendees of a meeting should be withheld based on fact-specific security concerns or other legal grounds, but your current request does not raise those concerns."

If you wait to produce the entries after the meetings occur (as happened in 19103/19112) or attempt to hide politically sensitive meetings (which are not exempt under any law), I will file immediate appeals and complaints, and given past rulings I expect to win.

Subject: California Public Records Act Request: Mayor's Notes - Immediate Disclosure Request
Mayor Breed,

** Note that all of your responses (including disclosed records) may be automatically and instantly available to the public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). Redact your responses correctly - once you send them to us there is no going back. **

This is a new Immediate Disclosure Request under the San Francisco Sunshine Ordinance and the CPRA. This is also a 67.21(c) request for the statement of quantity, nature, and form (even if exempt!) for each of #1, 2, and 3, within 7 days without extension.

All records must be provided in rolling fashion.

Please remember to justify all redactions with specificity - there is an Adobe Acrobat menu item designed exactly for this where you can code each redaction with a statute section number and then apply all the redactions, instead of writing a typed letter describing page locations (though it is your choice, Acrobat's functionality is superior).

Although you may not retain the records below formally, if you retain, own, use, or prepared them at the time of receipt of request you must provide them.

I am asking for very few documents, which should be readily available to the Mayor, and thus immediately disclosed.

Please provide:

1. IMMEDIATE DISCLOSURE: an electronic scanned copy of the last 5 non-blank pages of the Mayor's most recently used physical business memo- or note-book written in by her individually (not her staff on her behalf). If no such notebooks exist, you must indicate there are no responsive records.

2. IMMEDIATE DISCLOSURE: an electronic copy (in PDF format, without printing physically and scanning) of the last 5 business electronic writings (whether Word documents, emails, etc.) written by the Mayor individually (not her staff on her behalf) to any City staff. If no such electronic writings exist, you must indicate there are no responsive records.

3. IMMEDIATE DISCLOSURE: personal property responsive to #1 or #2 containing public business, from the Mayor, per City of San Jose v Superior Court

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required notice of which of those records are available and non-exempt for inspection in-person if we so choose.

I look forward to your immediate disclosure.

Sincerely,
Anonymous

Over 3 months ago I made a request to SFPD for messages between Scott and the Mayor's Office. I've gotten nothing so far. This is contrary to SFPD's usually prompt response for such requests. <https://www.muckrock.com/foi/san-francisco-141/text-and-chat-messages-immediate-disclosure-request-san-francisco-universal-search-sfpd-105574/> Audit trail.

Attached is a communication between Hank Heckel and Sean Elsbernd regarding the Mayor's Office desire to somehow review SFPD's productions before they are made.

It appears not only does the Mayor's Office destroy their own records, they now want to insinuate themselves into stopping SFPD from doing their own job under the CPRA, since SFPD retains the texts.

I will be alleging a willful violation by SFPD and the Mayor's Office in preventing any access to the Scott texts for over 3 months, which constitutes an unreasonable delay and a failure to provide rolling response. We're going to get to the bottom of all the Breed texts, no matter where they are. The harder the Mayor's office tries to stop them from being released, the more interesting it implies they are.

Sup of Records Herrera: Please determine in writing that the records requested linked above on Dec 5 are public and order SFPD to disclose them.

Lt. Cox: please provide all communications (whether email or text or any other form) between SFPD public records staff (whether in your unit or the Office of the Chief or anywhere else) and Hank Heckel or Sean Elsbernd between Dec 5 2020 and present (inclusive). Provide rolling responses and exact copies.

Dear Supervisors,

cc Mayor's Office, City Attorney, Controller, PUC, Ethics, and SOTF members

The Public Utilities Commission, working with the City Attorney's Office, recently released to me most of the text messages between Harlan Kelly and Walter Wong, as now [reported by KQED](#). They are linked [\[DocCloud\]](#) [\[MuckRock\]](#) and speak for themselves. Given that I told you this yesterday at public comment, and a number of you commented on the matter to KQED, you are well aware of this.

This City's refusal to regulate public officials' use of personal communication devices and accounts to conduct business contributes directly to the culture of impunity and corruption which many of you claim to want to strike down. Do what I urged yesterday: **make it a crime for any public official to destroy, fail to retain for less than 1 year, or fail to disclose ALL writings of any form about the conduct of public business on personal property.** Not just formal

"records" as defined in Admin Code Ch 8, but all "public records" as defined in CPRA - which in a twist of legal irony is a much broader definition. Do any of you have the guts to do all of this, without also weakening the Sunshine Ordinance as some of you are itching to do?

Remember the public only found about what happened here because I used every available strategy under the Ordinance and kept on pushing. Herrera is still to issue a ruling on the Breed-Kelly texts too (see below). When City officials float suppressing my personal rights of request or appeal under the Ordinance and CPRA - keep in mind this is what they're helping to stop the public from knowing.

===== The longer story:

I had originally requested Harlan Kelly's text messages in June 2020, prior to his arrest, pursuant to the Sunshine Ordinance and CPRA. While Kelly had initially released almost all of a certain type of message with Walter Wong to me (not including the encrypted messages on Chinese platforms as alleged by the DoJ), after I had already reviewed the unredacted original set of texts, PUC then retracted that initially-released set, [requested](#) I delete my copy (which I did voluntarily, without conceding any obligation to do so), [requested](#) MuckRock delete their copy (which MuckRock claims to never have had) and released a heavily-redacted version instead.

However, the original unredacted records had already been and continued to be posted on PUC's own website <https://sfpuc.sharefile.com/d-sfaf513caac747dcb> (though they appear to have later been removed by PUC) and accessible to anyone. Though MuckRock appears to have never posted the PDF itself, the link to PUC's dropbox is of course available publicly at <https://www.muckrock.com/foi/san-francisco-141/inter-agency-text-messages-immediate-disclosure-request-sf-puc-94992/#comm-911729>. This is the beauty of dealing in public records using MuckRock, DocumentCloud, and similar services - **everyone** can research public records independently, and all of us can learn from each other to request more records and dig deeper.

After the retraction, I immediately filed a Sunshine Ordinance Task Force complaint and a Supervisor of Records petition to Herrera in July 2020, pursuant to SF Admin Code 67.21(e) and (d) respectively, because the then-newly-redacted messages between Kelly and Wong appeared to reflect discussions of payments, insurance, and travel between a City contractor and a high-ranking City official - and thus were highly relevant to the conduct of public business.

In February, PUC wrote to me to again supplement their earlier now-admittedly-unlawful response to my request, and provide a new unredacted Kelly-Wong message batch. Why did Herrera and PUC wait over half a year to release these records when petitioned by me to do so in July 2020? It remains unclear. Unlike SOTF, Herrera, as PUC's attorney and the Supervisor of Records, can and does review the

original records *in camera* to determine whether they should be disclosed. He could've done so in July or any time before February.

There remain a few important mysteries: Per the PUC's letter, PUC apparently allowed Harlan Kelly to redact whatever he wanted in the Walter Wong messages without any oversight (as this method is apparently officially endorsed by City Attorney Herrera in his *City of San Jose v Superior Court* memo). But PUC **also** released a mostly-redacted set of London Breed-Harlan Kelly text messages **and those Breed-Kelly records remain heavily redacted at this moment.** London Breed claims she has no copies of these messages (i.e. she has deleted or failed to retain them at some point apparently) and usually claims she has no copies of any texts, period. The only copy of the mystery messages between Kelly and Breed are in the possession of the PUC, the City Attorney, or both. **The integrity of the PUC and Herrera is measured not on their ability simply to release records after an official resigns or is arrested but when an official is still in the City's employ.** To be clear, the Kelly-Breed messages may be completely innocuous, but the public should get to judge for themselves.

The people of San Francisco should not have to wait until the FBI finds alleged criminal activity to hold public officials accountable and even more simply to know what they are up to. Every person has a Constitutional right to access public records of officials, at all times, for any purpose whatsoever, and the City must not delay or prevent access due to a concern for the political consequences to officials. Politics is not an exemption to public access. **If officials are worried about the political impact of releasing their texts, perhaps the solution is to act behind-the-scenes in a way that does not dishonor themselves and is consistent with their public policy positions.**

We shall see if PUC or Herrera release these messages, or whether Breed's strategy to permanently hide her communications with other City officials succeeds.

NOTE: 1. If you are a public official: I intend that these communications all be disclosable public records, and I will not hold in confidence any of your messages, notwithstanding any notices to the contrary. 2. Supervisor of Records / SOTF,

DPW released the following record: <https://www.documentcloud.org/documents/20514317-re20public20records20request202320-4927-redactedhtml201>

A portion of a sentence between Heckel and Steinberg is redacted as attorney-client privileged.

Evid Code 954 - the a/c privilege - protects "a confidential communication between client and lawyer". Therefore in order to be privileged the redaction must be a communication, must be confidential, and **must be between client and lawyer.**

This redaction fails because neither Heckel nor Steinberg are each other's lawyer or client. Employees merely discussing sensitive topics (in this case how to respond, or not to respond, to my other records requests) - without communicating confidentially *with their DCAs* - is not attorney-client privileged. Note that while Heckel is an attorney, he has previously stated he does not act as the lawyer for DPW.

Please order this redaction disclosed and determine it in writing to be public. SOTF, please find a 67.26 violation as well.

Re: California Public Records Act Request: SB1421 Records

Dear Anonymous Requestor:

The Department of Police Accountability (“DPA”) is producing records to you in response to your public records request.

After a reasonably diligent search, the DPA has located responsive records that qualify for production under California Penal Code § 832.7. Enclosed are the following case files:

1. SF DPA Case No. 0367-96, BATES STAMP 000001- 000080
The case files are available to view or download on
<https://sfdpa.nextrequest.com/requests/20-3> in a folder labeled “0367-96.”

Please note that these records are being produced in response to requests made by multiple parties. The DPA will produce records in response to your February 26, 2021 request for audio and video files separately and on a rolling basis.

Preparing these files for production has involved multiple DPA employees. The undersigned has reviewed and approved the production, including each redaction. If you have any questions or concerns, please contact the undersigned in writing.

Sincerely,

/s/ Sara Maunder

This is a follow up to a previous request:

Paul Henderson and DPA,

**** Note that all of your responses (including disclosed records) may be automatically and instantly available to the public on the MuckRock.com FOIA web service used to issue this request (though I am not a MuckRock representative). Redact your responses correctly - once you send them to us there is no going back. Nothing herein is legal, IT, or professional advice of any kind. The author disclaims all warranties, express or implied, including but not limited to all warranties of merchantability or fitness. In no event shall the author be liable for any special, direct, indirect, consequential, or any other damages whatsoever. The digital signature, if any, in this email is not an indication of a binding agreement or offer; it merely authenticates the sender. Please do not include any confidential information, as I intend that these communications with the City all be public records.****

This is a new Immediate Disclosure Request under the San Francisco Sunshine Ordinance and the CPRA, made on November 27, 2019, to Paul Henderson as an individual custodian of public records and to the Department of Police Accountability as a public agency.

This is also an SFAC 67.21(c) request for statements of quantity, nature, existence, and form (even if content is exempt) of records responsive to each of 1 and 2 -- you must provide these statements within 7 days without any form extension.

All records must be provided in a rolling fashion (SFAC 67.25). If you use a web portal, you must publish all records openly without login or terms and conditions; or you may provide records as attachments to emails. You may not impose any conditions on me beyond than those of the CPRA (including any conditions that I must use a private entity's website which imposes terms and conditions).

A warning: every record you release to this publicly viewable email mailbox may become automatically visible to the public via the Muckrock.com FOIA service, and via other journalistic services that publish FOIA and public records documents for searching and indexing online. Please be absolutely certain you have correctly redacted all records prior to transmitting them to us, because there is no going back.

Please read carefully the exact wording of my request. Please follow the Sunshine Ordinance and CPRA precisely as I am auditing your agency's public records regimen. As the City is aware, every violation of the Sunshine Ordinance or CPRA will be appealed immediately, including:

- any untimely or incomplete response, failure to provide records in a rolling fashion as soon as they are available, or failing to indicate whether you have responsive records or not for each request and whether you withheld any records for each request (SFAC 67.21, 67.25, Gov Code 6253(c)),
- withholding more than the minimum exempt portion of any record (SFAC 67.26),
- failure to justify with "clear reference" to an exemption statute or case law for each and every redaction or

withholding, including any so-called 'metadata' (SFAC 67.26, 67.27),
- failure to provide "exact copies" of records (Gov Code 6253(b)),
- failure to provide the "electronic format in which [you] hold[] the information" (Gov Code 6253.9),
- failure to provide any "easily generated" format that we requested (SFAC 67.21(l)),
- refusing to provide the quantity of exempt records (SFAC 67.21(c)),
- unlawful use of the exemptions prohibited by SFAC 67.24, including but not limited to GC 6255, any public interest balancing test,
- redacting or withholding information whose exemption you have already waived by producing it to the public before (Gov Code 6254.5).

Please provide:

1) IMMEDIATE DISCLOSURE: all responsive records DPA has already provided under SB 1421 to any other requestor. Since you should not redact more information for me than you have provided any other member of the public (Gov Code 6254.5), you should be able to immediately provide these.

2) REGULAR DISCLOSURE: every record retained, owned, prepared, or used by DPA of: all records of officer's discharge of a firearm at a person, all records of an officer's use of force that results in death or great bodily injury, sustained findings of officer's sexual assault of a member of the public, sustained findings of officer's dishonesty that are disclosable under DB 1421. This is of course a very large request, and you may provide rolling responses. You stated in a letter (https://sfgov.org/sunshine/sites/default/files/sotf_120419_item12.pdf, page 12) that others have made similar expansive requests and I expect you to treat me with no less priority than anyone else. Please note, I expect you to redact these records in accordance with the Sunshine Ordinance - and you must justify each and every redaction or withholding with a clear reference, such as a footnote (SFAC 67.26), to a statute or case law (SFAC 67.27). If you provide only a general list of justifications, I will appeal, and you will eventually have to do all of the redaction work again as other City agencies have had to do. (For example, consider the functionality of Adobe Acrobat that allows you to put a redaction code in every redaction.) Please do not destroy any records during the pendency of my request or appeals. All records must be provided in their original electronic record, or .EML/.MSG formats, and with all metadata and headers. Please perform record production correctly the first time, as appeals and Orders from Court, SOTF, or Sup. of Records, will be quite time-consuming to have to re do.

For the sake of building a good record for any appeals I would ask that you issue formal letters detailing your expected timelines and a notice if you would like to negotiate any part of this request, if you need to.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required notice of which of those records are available and non-exempt for inspection in-person if we so choose.

I look forward to your immediate disclosure.

Sincerely,
Anonymous

Petition under SF Admin Code § 67.21(d)

Supervisor of Records Dennis Herrera:

This is a petition under SF Admin Code 67.21(d) to determine in writing that the following portions of records are public and order DPA to disclose them.

As background, on Nov 28, 2019 the petitioner issued an omnibus SB1421 request to the DPA via 83876-31149286@requests.muckrock.com, joining many other persons and media groups in getting all of DPA's police misconduct records. The records discussed here were released in rolling response to my request (and presumably to many others' similar requests).

All examples are illustrative and non-exhaustive and use one DPA file 0367-96 to demonstrate that DPA is failing to or incompletely complying with the request by redacting disclosable portions of public records; see <https://www.documentcloud.org/documents/20512997-production20-200367-96> ("Exhibit A"). All Bates numbers refer to Exhibit A.

DPA is redacting portions of non-personnel and non-complaint records (such as the original incident reports (against the civilian suspect, not investigating a police officer), office memoranda, etc.) under the "POBRA" redaction key. However it is impossible for such redactions to be so justified. According to DPA's key, "POBRA" redactions are for Penal Code 832.7(a). Thus "POBRA" redactions may solely exempt personnel files of police officers (i.e. PC 832.8) and complaint files against police officers

(i.e. PC 832.5), and only when they are not otherwise disclosable due to PC 832.7(b).

However, DPA is using these redactions for files completely unrelated to personnel files and complaint files.

A record created in some non-personnel, non-complaint process being merely physically located in DPA's complaint file does not make that other file exempt under PC 832.7(a). In *City of San Jose v. Superior Court of Santa Clara Cnty.*, 2 Cal.5th 608, 624 (Cal. 2017) the Supreme Court stated:

In Commission on Peace Officer Standards , supra , 42 Cal.4th at pages 289 to 290, 64 Cal.Rptr.3d 661, 165 P.3d 462, a state agency argued certain employment information was exempt from disclosure under CPRA because it had been placed in confidential personnel files. In considering a Penal Code provision that deems peace officer personnel records confidential, we rejected an interpretation that made confidentiality turn on the type of file in which records are located, finding it "unlikely the Legislature intended to render documents confidential based on their location, rather than their content." (Commission , at p. 291, 64 Cal.Rptr.3d 661, 165 P.3d 462.) Although we made this observation in analyzing the scope of a CPRA exemption, the same logic applies to the Act's definition of what constitutes a public record in the first place. We found it unlikely "the Legislature intended that a public agency be able to shield information from public disclosure simply by placing it in" a certain type of file. (Commission , at p. 291, 64 Cal.Rptr.3d 661, 165 P.3d 462.)

Courts have repeatedly held that only the records *generated in connection with* the personnel (hiring, firing, promotion, appraisal, discipline) or

complaint process are exempt under POBRA. In *Long Beach Police Officers Ass'n v. City of Long Beach*, 172 Cal. Rptr. 3d 56, 64 (Cal. 2014):

For example, the information contained in the initial incident reports of an on-duty shooting are typically not “personnel records” as that term is defined in Penal Code section 832.8. It may be true that such shootings are routinely investigated by the employing agency, resulting eventually in some sort of officer appraisal or discipline. But only the records generated in connection with that appraisal or discipline would come within the statutory definition of personnel records (Pen.Code, § 832.8, subd. (d)). We do not read the phrase “records relating to ... [¶] ... [¶] ... [e]mployee ... appraisal[] or discipline” (*ibid.*) so broadly as to include every record that might be considered for purposes of an officer’s appraisal or discipline, for such a broad reading of the statute would sweep virtually all law enforcement records into the protected category of “personnel records” (*id.*, § 832.8).

And further in *City of Eureka v. Superior Court of Humboldt Cnty.*, 1 Cal.App.5th 755, 764 (Cal. Ct. App. 2016):

Here as in LBPOA, the City has not demonstrated the arrest video was “generated in connection” with Sergeant Laird’s appraisal or discipline. The video is simply a visual record of the minor’s arrest. (LBPOA, *supra*, 59 Cal.4th at p. 72, 172 Cal.Rptr.3d 56, 325 P.3d 460.) Adopting the City’s broad reading of section 832.8, subdivision (d) would improperly “sweep virtually all [MAV recordings] into the protected category of ‘personnel records’ [citation].” (LBPOA, *supra*, 59 Cal.4th at p. 71, 172 Cal.Rptr.3d 56, 325 P.3d 460.) We conclude the arrest video is akin to “information contained in the initial incident reports” of an arrest, which “are typically not ‘personnel

records' as that term is defined in ... section 832.8." (Ibid.)

Therefore, all POBRA redactions and withholdings in DPA's SB 1421 releases for records *not* generated in connection with personnel or complaint processes must be disclosed. It is also unclear how these constitute a clearly unwarranted invasion of officers' personal privacy. Non-exhaustive examples from Exhibit A include:

1. Bates 43 - general memorandum from unknown captain to all platoon commanders re: documentation of incidents
2. Bates 13 - incident report signature. Signatures of police officers are routinely distributed to the public, since they sign tickets and certificates - it is unclear why this is considered a personnel file when on non-personnel file records.
3. Bates 21 - lists of officers on duty and signatures of their commanding officers on a particular day
4. Bates 23 - officer assignments on a particular day and which vehicles they drove
5. Bates 31 and 54 - signed certificate of release from the original incident (the detention of the civilian)
6. Bates 49 - officer who is apparently a witness to the incident and providing some sort of incident diagram. This is non-exempt under Penal Code 832.7(b)(4) as a "statement[s] of an officer about an incident" (covered by 832.7(b))
7. Bates 55 - unknown record that appears to be a computerized dispatch log

NOTE TO HERRERA:

If you refuse to review the records and issue a determination and order if needed, you will be violating Admin Code 67.21(d) yourself and potentially aiding your City clients in violating the law as a direct result of willfully refusing to perform your own legally-mandated duties.

As long as the City continues to violate the law, no ethical option exists other than to continue to petition and appeal for complete, timely, and lawful disclosure, without exception.

Sincerely,

An Anonymous Independent Journalist

Subject: All Supervisors and the Clerk - Future calendars - Immediate disclosure request

Clerk Calvillo, and Supervisors Chan, Haney, Mandelman, Mar, Melgar, Peskin, Preston, Ronen, Safai, Stefani, and Walton, and all Offices thereof:

As promised, this is an immediate disclosure request to each Supervisor and the Clerk of the Board for:

- the details of each entry on all calendars or scheduling documents containing your future meetings (physical, virtual, phone, or in any other form) for the dates of March 1st through March 14th, 2021 regardless of whether that calendar is electronic or physical, or on your government account, your personal account (see *City of San Jose v Superior Court (2017)*), or the government or personal accounts of your staff members/assistants documenting your own meetings, and preserving all details including but not limited to attendees, date and time stamps, email addresses, subject lines, category/importance flags, locations, attendee/invite status, hyperlinks, images, body text, and attachments. Pursuant to SFAC 67.21(L), please produce electronic records in individual meeting details format (called "Memo Style" in Microsoft Outlook) and NOT as a monthly, daily, or weekly summary. If records of business-related meetings that *you (the Supervisor/Clerk) will attend* are documented on someone else's calendar (like an aide's), I am indeed requesting those records as well.

In San Francisco, the deliberative process privilege is prohibited (SFAC 67.24(h)) - therefore **the people do indeed have the right to know who you will meet with and for what purpose even in the future.** Please also note that if you decide to redact security information, it is only redactable if the info is a security procedure of a police agency (i.e. if the sheriff or SFPD are protecting you at the meeting - see Gov Code 6254(f)). Redacting or withholding supposedly "sensitive" information not explicitly exempt under a law will be challenged.

Please see:

- [SOTF Order 19103](#) *Anonymous v Breed* ordering Mayor Breed to produce her future calendars with redactions for security procedures (which Breed claims she will comply with),
- [SOTF Order 19112](#) *Anonymous v Scott* ordering Chief Scott to produce his future calendars with redactions for security procedures (and SOTF's referral of Scott to the Ethics Commission for willful violation due to non-compliance with the Order), and
- City Attorney Herrera's Feb 1, 2021 voluntary change of mind and decision to disclose in redacted form his own future calendars after SOTF Order 19103, quoting: "In light of recent discussions at the Sunshine Ordinance Task Force regarding public officials' disclosure of their future calendars, we have re-evaluated the legal question and consulted with the Police Department about security risks. Following that evaluation, we have concluded that in most circumstances the City Attorney may safely and legally disclose certain information about his future meetings, including the subject matter of the meeting and the attendees, if that information is recorded in his calendar, and the week during which the meeting will occur. Due to security concerns, we will continue to withhold the location, time, and specific date of each meeting. There may be circumstances in the future where information about the subject matter or attendees of a meeting should be withheld based on fact-specific security concerns or other legal grounds, but your current request does not raise those concerns."

If you wait to produce the entries after the meetings occur (as happened in 19103/19112) or attempt to hide politically sensitive meetings (which are not exempt under any law), I will file immediate appeals and complaints, and given past rulings I expect to win.

Thank you for your expected cooperation in this matter.

This is a follow up to a previous request:

Supervisor of Records Dennis Herrera:

This is a petition under SF Admin Code 67.21(d) to determine in writing that the redacted portions of the attached exhibits and of the attachment on page 7 of the Melanie records are public and order them disclosed. It continues to challenge various previously-unappealed parts of the PUC's response to the June 11, 2020 request from this email address. You may wish to consider it as part of the prior-filed March 2 and March 9 petitions re: overly-redacted Kelly-Breed messages, and March 9 petition re: overly-redacted Naomi Kelly-Harlan Kelly messages, as long as you make determinations on all challenged records. The Melanie record has been redacted voluntarily by us to remove a phone number which was published by PUC itself.

As we have already proven via prior petitions, the PUC previously unlawfully redacted certain text messages between Harlan Kelly Jr. and Walter Wong. Moreover, the PUC has admitted as such in its Feb 22, 2021 letter (in which it also re-released a new version of mostly-unredacted Kelly-Wong texts) and via DCA Jon Givner's letter of March 8, 2021. The PUC apparently violated the law because it allowed Harlan Kelly Jr. to control the redaction of his own records without any oversight by the PUC itself -- which also was apparently then and remains now the policy and practice of the City, pursuant to your long-standing advice to the City re: your interpretation of City of San Jose v. Superior Court. However, as you discuss in your memo interpreting, the City is always ultimately responsible for the actions and judgments of its employees in such matter.

Given Kelly's prior mis-redaction of the Walter Wong texts to protect sensitive-but-disclosable communications, there is no reason to believe that the redactions made in the attached text messages were then or are currently lawful, and each must be justified under a specific provision of the law.

Furthermore, a copy of the attachment on page 7 of the Melanie records must be produced as required by Admin Code 67.21. This tiny, compressed, printed and scanned version is unreadable and thus withholds its textual content, which is precisely why we have successfully previously argued that such production does not even constitute a "copy" of the underlying record (see SOTF decisions 19098 Anonymous v Police Department, 19131 Anonymous v Cisneros).

On March 10, 2021, you asserted a right to simply refuse to issue determinations to petitions filed pursuant to Admin Code 67.21(d). It is telling that you have decided to do so as we have continued to successfully uncover violations of the law by City agencies and officials, including both by yourself personally and your office (see SOTF decisions 19108 Anonymous v Herrera, 19044 Anonymous v Office of the City Attorney, 19120 Anonymous v Office of the City Attorney).

If you refuse to review the records and issue a determination and order if needed, you will be violating Admin Code 67.21(d) yourself and potentially aiding your City clients in violating the law as a direct result of willfully refusing to perform your own legally-mandated duties.

The City has throughout its history, whether by declaring war on the Sunshine Ordinance Task Force or on successful transparency advocates themselves, attempted to neuter the Sunshine Ordinance to prevent disclosure of all lawfully-disclosable public information which may be unfriendly to senior officials' political prospects. Yet the public has the right to know whether its representatives conduct the public business in the interest of the public or in their private interest.

As such advocates become more successful, your office appears to consider them a threat to your control over the City's public records regime, instead of treating us fairly as petitioners in a proceeding where you act in a quasi-judicial role. There is no doubt I file numerous petitions -- and those petitions and complaints have forced the City to become significantly more compliant with the Sunshine Ordinance, which can be seen by the additional disclosures your office causes agencies to provide in response to my petitions and the nearly entirely successful series of complaints I have won at the SOTF.

As long as the City continues to violate the law -- apparently often due to your deputies' poor advice or training -- no ethical option exists other than to continue to petition and appeal for complete, timely, and lawful disclosure, without exception.

Sincerely,

An Anonymous Independent Journalist

New 67.21(d) petition.

The attached record produced by PUC in response to a records request from this email address is challenged.

An email between Sean Elsbernd and Naomi Kelly cannot be Attorney-Client Privileged - neither of them is the attorney for the other.

Furthermore the two attachments were not provided.

Furthermore the email addresses of the Kellys were clearly available as hyperlinks in the records, but have been stripped for no legal reason - likely because the government continues to fail to produce even simple PDFs as actual full-fidelity PDFs instead of image renderings.

Please determine some portion of these records are public (in writing) and order them disclosed.

FOR FILE 20084 and FILE 20127:

1. As the Task Force is aware, attempting to produce records months after I file a complaint does not in any way mean that the Respondents did not violate the ordinance at the time I filed the complaint. By the City's logic as long as some point down the line you produce records, there are never any violations of the Ordinance. You've never made a determination in that manner, and you should not now do so.

2. The records have still not been produced in full even to this day. Various text messages had attachment parts, have been admitted to be public, and the attachments have not yet been provided. That remains non-minimal withholding and an incomplete response.

While I do not have to specifically request attachments (since attachments are in fact stored within the text message electronic record), I did specifically request them:

"For text messages: While the phone numbers are not needed, the following must be preserved: the timestamps, the textual content, attachments, and images, and also ALL sender and recipient names (including groups)."

Subject: California Public Records Act Request: Inter-Agency Text Messages - Immediate Disclosure Request (SF PUC) Public Utilities Commission and Harlan Kelly Jr.:

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and its department head. Your response is required by June 12, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color images. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

1. All text, email, or chat messages (including group messages, in any form or application including but not limited to SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent or received to/cc/bcc/from between Harlan Kelly Jr. and London Breed, on government or personal accounts from Jan 1, 2015 and present (you must search personal accounts pursuant to City of San Jose v Superior Court (2017))
2. All text, email, or chat messages (including group messages, in any form or application including but not limited to SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent or received to/cc/bcc/from between Harlan Kelly Jr. and Walter Wong/Jaidin Consulting Group/Jaidin Associates (including but not limited to [Personal Info], [Personal Info], or any email address ending with [Personal]), on government or personal accounts from Jan 1, 2015 and present (you must search personal accounts pursuant to City of San Jose v Superior Court (2017))
3. All text, email, or chat messages (including group messages, in any form or application including but not limited to SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent or received to/cc/bcc/from between Harlan Kelly Jr. and Mohammed Nuru, on government or personal accounts from Jan 1, 2015 and present (you must search personal accounts pursuant to City of San Jose v Superior Court (2017))
4. All text, email, or chat messages (including group messages, in any form or application including but not limited to SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent or received to/cc/bcc/from between Harlan Kelly Jr. and Naomi Kelly, on government or personal accounts from Jan 1, 2020 and present (you must search personal accounts pursuant to City of San Jose v Superior Court (2017))

For text messages: While the phone numbers are not needed, the following must be preserved: the timestamps, the textual content, attachments, and images, and also ALL sender and recipient names (including groups). Pursuant to SF Admin Code 67.21(l), which requires you to use any electronic format that we request, please provide the records in spreadsheet format. For an example of the format of the response, see SFPD Chief Scott's prior response here:

https://cdn.muckrock.com/foia_files/2020/04/14/Text_Messages_Breed_Scott_Redacted.pdf and clearly referenced redaction justifications here: https://cdn.muckrock.com/foia_files/2020/04/14/ChiefOfficeResponse201.pdf (though I do not concede all of them are appropriate redactions) . Please provide rolling responses, starting with the most recent records going backwards. Messages to/from before your current department head became the department head must still be provided.

Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations. Remember Mr. Kelly has an obligation to maintain in a professional and businesslike manner their correspondence and release them as public records (SF Admin Code 67.27-9(a)); and we will cross-check your responses with all other parties to ensure you have not destroyed or withheld records improperly.

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing (SFAC 67.27).
- All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website like NextRequest to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

Thank you for your anticipated cooperation in this matter.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Petition under SF Admin Code § 67.21(d)

Supervisor of Records Dennis Herrera:

This is a petition under SF Admin Code 67.21(d) to determine in writing that the redacted portions of the attached exhibits and of the attachment on page 7 of the Melanie records are public and order them disclosed. It continues to challenge various previously-unappealed parts of the PUC's response to the June 11, 2020 request from this email address. You may wish to consider it as part of the prior-filed March 2 and March 9 petitions re: overly-redacted Kelly-Breed messages, and March 9 petition re: overly-redacted Naomi Kelly-Harlan Kelly messages, as long as you make determinations on all challenged records. The Melanie record has been redacted voluntarily by us to remove a phone number which was published by PUC itself.

As we have already proven via prior petitions, the PUC previously unlawfully redacted certain text messages between Harlan Kelly Jr. and Walter Wong. Moreover, the PUC has admitted as such in its Feb 22, 2021 letter (in which it also re-released a new version of mostly-unredacted Kelly-Wong texts) and via DCA Jon Givner's letter of March 8, 2021. The PUC apparently violated the law because it allowed Harlan Kelly Jr. to control the redaction of his own records without any oversight by the PUC itself – which also was apparently then and remains now the policy and practice of the City, pursuant to your long-standing advice to the City re: your interpretation of *City of San Jose v. Superior Court*. However, as you discuss in your memo interpreting, the City is always ultimately responsible

for the actions and judgments of its employees in such matter.

Given Kelly's prior mis-redaction of the Walter Wong texts to protect sensitive-but-disclosable communications, there is no reason to believe that the redactions made in the attached text messages were then or are currently lawful, and each must be justified under a specific provision of the law.

Furthermore, a copy of the attachment on page 7 of the Melanie records must be produced as required by Admin Code 67.21. This tiny, compressed, printed and scanned version is unreadable and thus withholds its textual content, which is precisely why we have successfully previously argued that such production does not even constitute a "copy" of the underlying record (see SOTF decisions 19098 *Anonymous v Police Department*, 19131 *Anonymous v Cisneros*).

On March 10, 2021, you asserted a right to simply refuse to issue determinations to petitions filed pursuant to Admin Code 67.21(d). It is telling that you have decided to do so as we have continued to successfully uncover violations of the law by City agencies and officials, including both by yourself personally and your office (see SOTF decisions 19108 *Anonymous v Herrera*, 19044 *Anonymous v Office of the City Attorney*, 19120 *Anonymous v Office of the City Attorney*).

If you refuse to review the records and issue a determination and order if needed, you will be violating Admin Code 67.21(d) yourself and potentially aiding your City clients in violating the law as a direct result of willfully refusing to perform your own legally-mandated duties.

The City has throughout its history, whether by declaring war on the Sunshine Ordinance Task Force or on successful transparency advocates themselves, attempted to neuter the Sunshine Ordinance to prevent disclosure of all lawfully-disclosable public information which may be unfriendly to senior officials' political prospects. Yet the public has the right to know

Subsequent Petition under SF Admin Code § 67.21(d)

Supervisor of Records Dennis Herrera,

We previously petitioned you regarding the Harlan Kelly-London Breed text messages releaed to 94992-15550486@requests.muckrock.com on March 2, 2021. This is a further petition that does not replace the prior petition, which still requires a determination from you. Please determine in writing that the following parts of records are public and order them disclosed.

Specifically, in this petition we challenge the redactions of the date/time stamps of text messages already acknowledged by PUC to be public and disclosable, at least on PUC Bates 162 and 164 and as visible at:

<https://beta.documentcloud.org/documents/20508136-exb-harlan-kelly-jr-london-breed-texts#document/p3/a2021718>

and

<https://beta.documentcloud.org/documents/20508136-exb-harlan-kelly-jr-london-breed-texts#document/p5/a2021717>

We also challenge the two messages that read “Got a min” and “You only have one box, sorry” – these messages are an example of records that are

redacted for no reason at all.

Sincerely,

Anonymous

Sean,
Hope that you are well. I wanted to pick back up on the pursuit of purchasing the two BMW motorcycles from Chief Connolly at Broadmoor PD. Sheriff is comfortable with that purchase now that there is some time between media hot piece on Connolly and the present. if you can help with OCA allowing for purchase and registration of bikes, that was the hold up before.

Sheriff is meeting with Mayor Breed today at 430 on other matters.

Looking forward to seeing you

Ok, so we don't have to worry about that. I remember Ty had sent you something a while back on one of the other platforms and we collected it for an earlier request. We should probably try to discourage staff from using all of these extraneous platforms unless there is some benefit to it. The problem is it creates retention and collection issues when things are scattered across so many media.

I can bring it up at a check-in if you agree.

Those timestamps are the same - they are different timezones. Headers use UTC (Universal time zone), while the print out uses Pacific, since my computer is in California.

Sunday, February 21st, 2021 at 11:21 PM in the printout in California is identical to "Mon, 22 Feb 2021 07:21:07 +0000" in UTC in the email headers. You should check a timezone calculator. Attached is further a screenshot. These emails were also digitally-signed, and thus contain a cryptographic proof when I sent the email (signature.asc). That digital signature will also contain a timestamp.

Please check your fellow Mayoral office email

boxes: mayorlondonbreed@sfgov.org sophia.kittler@sfgov.org hank.heckel@sfgov.org andrea.bruss@sfgov.org sean.elsbernd@sfgov.org tyra.fennell@sfgov.org

and confirm if any of them have the email. I sent it to each of them.

My records request was sent on Feb 21st (Sunday late night) and thus deemed received Feb 22 (Monday).

If you are not willing to confirm that the Mayor's Office received and is responsible for this request since Feb 22, I will be making a records request to find those copies of my email (it's why we have metadata).

I make these requests **specifically** to force your office to preserve records about interesting events that many of you enjoy rapidly destroying otherwise. Even if you delay production of records based on rule of reason or COVID or whatever, you still can't destroy records after receiving a records request. Moreover, even if you (Heckel) truly did not receive the request on Feb 22, you certainly received the March 9 copy and apparently did not preserve records at that time.

This is also why, when a person having custody of a record personally receives a records request, *that person* is responsible under Admin Code 67.21. So even if Hank Heckel did not get the request, the others should have and must have preserved the records.

If your office, most importantly Breed, Kittler, Bruss, Elsbernd, Fennell, and yourself who were specifically emailed, have failed to retain records responsive to this request since Feb 22, I will file further complaints.

Regards,

Subject: California Public Records Act Request: Special Incident Reports - Immediate Disclosure Request - SFPD
Chief Scott and Police Department,

Below are Immediate Disclosure Requests (SF Admin Code 67.25(a)). Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce all records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not or print and scan electronic records or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

1. Incident report 130188386 (initial and supplementals/amendeds)
2. Incident report 130184889 (initial and supplementals/amendeds)

Your non-exhaustive obligations: All withholding of any information must be justified (SFAC 67.27). All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to justification and only the minimal exempt portion of a record may be withheld (SFAC 67.26). Respond to emailed requests (SFAC 67.21(b)). You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)). You must state the name and title of each person responsible for withholding any information (Gov

Code 6253(d)). You must do all of this in your response, and you cannot wait until we file complaints. If you wait to comply with the Sunshine Ordinance until after we file complaints, we will not withdraw any complaints and request SOTF find you in violation, regardless of what you do after filing.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until your procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

Please indicate "no responsive records" for each request if that is true.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Subject: California Public Records Act Request: Use of Personal Accounts for Public Business - Immediate Disclosure Request (SF Mayor)
London Breed, Hank Heckel, Sean Elsbernd, Andrea Bruss, and Marjan Philhour ("Named Public Officials"),

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to the Mayor's Office and each individual addressed above.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

1. Due to your June 5, 2020 public records response (https://cdn.muckrock.com/foia_files/2020/06/05/Anonymous_Request_Response_6.5.20_Redacted.pdf), we know your office uses your personal email accounts to conduct public business. Please provide all writings related to the conduct of public business sent or received by any of the Named Public Officials from Jan 14 2020 to present (inclusive) using their personal email accounts.
2. London Breed has previously refused to provide any public records from her personal accounts; yet we know that londonbreed@gmail.com is used for public business due to at least Page 72 of the following public record: <https://sfbos.org/ftp/uploadedfiles/bdsupvrs/communications/2013/130066.pdf> . Please provide for each of the Named Public Officials every email on their SFGOV email account from Jan 26 2020 to present (inclusive) that was sent TO, CC, or BCC londonbreed@gmail.com (note this is not restricted to email sent by the Named Public Official - they could simply be additional recipients of a Breed-received email).
3. Please provide for each of the Named Public Officials every email on their SFGOV email account from Jan 14 2020 to present (inclusive) that was sent FROM londonbreed@gmail.com .
4. Please provide for each of the Named Public Officials every email on their SFGOV email account from Jan 14 2020 to present (inclusive) that has the case insensitive keyword "londonbreed@gmail.com" (this will for example catch forwards of threads that Breed was previously included on but then removed from).

Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations. Remember your department head has an obligation to maintain in a professional and businesslike manner their correspondence and release them as public records (SF Admin Code 67.27-9(a)); and we will cross-check your responses with all other parties, including every city agency, to ensure you have not destroyed or withheld records improperly.

Your response is required by June 9, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not:

provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color images. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing (SFAC 67.27).
- All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website like NextRequest to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

Thank you for your anticipated cooperation in this matter.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly-viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Nothing herein is legal, IT, or professional advice of any kind. The author disclaims all warranties, express or implied, including but not limited to all warranties of merchantability or fitness. In no event shall the author be liable for any special, direct, indirect, consequential, or any other damages whatsoever. The digital signature, if any, in this email is not an indication of a binding agreement or offer; it merely authenticates the sender. Please do not include any confidential information, as I intend that these communications with the City all be disclosable public records.

This is a follow up to request number 21-951:

Supervisor of Records,

This is a 67.21(d) petition against DPW to determine in writing public and order disclosed the records withheld in request 21-951 under the citation "per the San Francisco Campaign and Governmental Conduct Code Article IV. ". First that is not a specific section of law, it is an entire article. Second, local law cannot exempt information that is disclosable under state law; local law can only increase transparency not decrease it. A state PRA exemption must be cited, and it is possible that none exists.

Subject: Your City and County of San Francisco public records request #21-951 has been closed.
City and County of San Francisco

Hi there

Record request #21-951 has been closed and published. The closure reason supplied was:

We have conducted a diligent search for records responsive to your request. We have located responsive records and are releasing them to you. If you have trouble accessing the files, we can burn the responsive records onto a CD at a rate of \$1 per CD or load the responsive records onto a flash drive at a rate of \$4 per flash drive. Fees for duplication are subject to change and postage is an additional cost.

If hard copies are needed, we can provide hard copies of any 8.5x11 documents that are made available to you at a cost of 10 cents per copy, as allowed by the San Francisco Administrative Code § 67.28(c). This section states "a fee not to exceed 10 cents per page may be charged." Postage is an additional cost.

Please note that the Public Records Act requires an agency to make available to any person a copy of an "identifiable record or records" in its possession, unless the record is specifically exempt from disclosure. (Please see California Government Code § 6253(b).) The City's obligation under the Sunshine Ordinance, like the Public Records Act, is to produce public records in its custody. (See San Francisco Administration Code § 67.20(b).) There is no requirement that a department or officer construct a document to meet the specifications of the request.

Please note that it is not necessary to create a NextRequest account to view responsive records. Once they have been released, a link, valid for 30 days, will be provided to view the records. Additionally, unless privacy concerns prevent it, Public Works makes all records requests visible to the public. You may search for requests at <https://sanfrancisco.nextrequest.com/>.

We have withheld records responsive to your request per the San Francisco Campaign and Governmental Conduct Code Article IV.

This concludes your public records request.

David A. Steinberg

If you produce records in HTML (NOT plain text) format (converted then to PDF) and produce all attachments and produce all email addresses in the To/From/Cc/Bcc and preserve all hyperlinks, formatting, and everything else in the HTML and have redacted and withheld nothing, then yes, producing records in HTML format converted to PDFs and with attachments associated with the email in a single folder (so I know which is which) is acceptable.

But if any of that is not the case in any particular record, an exact PDF copy will be necessary as described earlier.

Hi there

A message was sent to you regarding record request #21-951:

We have conducted a diligent search for records responsive to Item 2 of your request. We have located responsive records, which we have released to you. Due to the need to continue searching and reviewing records, and your request to produce on a rolling basis, we will produce any additional responsive records as soon as reasonably possible on an incremental or rolling basis.

As nothing was redacted from these files, we believe that the form we have produced these documents will provide you with all of the records that you have requested. Please let us know if they are acceptable.

Supervisor of Records Herrera,

In ongoing response to my Nov 28, 2019 request for SB 1421 records of the DPA, today DPA released text and image records in <https://sfdpa.nextrequest.com/documents/6679688> but did not release the audio records in that complaint due to purported time and expense. Time and expense do not constitute a legal citation under Admin Code 67.27. Given that these records were already requested, their demand that I make a subsequent request just for audio records and examine a cost sheet is irrelevant and I refuse to do so. They can't charge me anything but the physical cost of media, which should be 0 on NextRequest.

No legal justification having been provided for the failure or refusal to release audio records in this case, please determine in writing that the audio records are public and order them disclosed.

Good morning Joaquin. We're looking to have a story run Tuesday morning to announce our small business relief plan. Could you please help get a few folks to provide quotes? Possible to get a black or Latino small business to say how critical this support is?

AP

Confirming story but not press release yet, correct? So I'm getting folks who will talk and/or provide quote to press?

Andres Power

Press release will go out after story runs Tuesday, which should be around 10am.

We don't need anyone to talk to press. I don't think. Let me confirm.

New Petition under SF Administrative Code § 67.21(d)

Supervisor of Records Dennis Herrera,

Please determine in writing that the records requested on Feb 2, 2021 and described below are public and order OEWD and Joaquin Torres to disclose them:

This is an immediate disclosure request for all text messages, chat messages, or instant messages of any kind or app between you and any member of the Office of the Mayor (including Mayor Breed), dated Dec 2, 2021 to present, in a rolling fashion.

The City has incompletely complied with the request because the City has withheld attachments within the text messages. For example at least some portion of the contact card for Phil Matier in record “JQ 7” is public, and must be disclosed.

No different than in emails, text message attachments must be provided. The attachment is in fact retained within the text message electronically

Given that none of you are turning over any records the next question is what ties each of you have to Mr. Kelly and what incentives you may have to protect him. This is the first in various sets of requests you will receive.

All requests below include City of San Jose v Superior Court searches of ALL accounts/servers/devices, regardless of whether they are owned by the City or not. Preserve all records until the final adjudication of all appeals. Justify every redaction or withholding to a specific legal citation in writing. We may appeal all withholdings of any information.

The "Former Officials" are Harlan Kelly Jr., Juliet Ellis, and Naomi Kelly.

The "Financially Interested Parties" are defined as:

- Derived from FPPC filings: Jim Rally, SF Community Investment Fund, University of San Francisco, 2018 San Francisco Inaugural Fund, San Francisco Chamber of Commerce, Drew School, Soha Engineers
- Others: Walter Wong, Florence Kong, W. Wong Construction Co. Inc.; Jaidin International Ventures, LLC; Jaidin Consulting Group, LLC; Sfl & W Partnership; Center Cafe; Construction Center, Inc.; Pacific Star Capital, LLC; Recology Inc. and its affiliates.

The "Subject Parties" are defined as: the Former Officials and the Financially Interested Parties.

To Mr. Carlin ("You"):

1a) This is an immediate disclosure request for all phone call logs (including metadata such as date/time/duration/direction (outgoing vs incoming) of call), phone call or meeting recordings, voicemails, emails, calendar invites, meeting entries, texts, chats, IMs, or communications in any physical or electronic form sent or received by you where any of the Subject Parties is any party in the

communication and another party is YOU, including after anyone left city employment. YOU MUST PRODUCE EXACT COPIES OF ALL ELECTRONIC RECORDS, preserving all hyperlinks, urls, To/From/Cc AND Bcc email addresses, images, participants in all conversations, timestamps, attachments, invitee lists, attendee statuses, and all other non-exempt parts of the record. See SOTF Orders 19044, 19047, 19097, 19098, and 19119. Consult Dept of Technology on how to produce exact electronic records. For records where the SOLE party other than YOU is either Harlan Kelly Jr. or Juliet Ellis (but not the others), this (1a) request is limited as follows: produce only records dated July 6, 2020 and later, and you can exclude email records if ALL email addresses on the email thread are solely sfgov.org or sfwater.org addresses.

1b) This is an immediate disclosure request for all payments, offers of pay, invoices, promissory notes, or evidence of indebtedness, regardless of whether the document is merely a draft and not executed or unpaid, where any party is one of the Subject Parties and another party is either YOU or any LLC, trust, partnership, unincorporated association, or corporation (whether or not for profit) that you have any financial interest in, or that has ever provided you with a W-2 or a 1099-MISC, or for which you are on the board - excluding publicly-traded corporations - without time limitation. You must produce records in your *constructive possession*, which includes records by your contractors which you have the legal or contractual right to access (see *Community Youth Athletic Center v City of National City*).

The City will soon receive additional requests to others for similar records. Each of requests 1a, 1b, and every other request you are about to receive must get a distinct determination under Gov Code 6253(c) of whether or not you have responsive records.

NOTE: 1. If you are a public official: I intend that these communications all be disclosable public records, and I will not hold in confidence any of your messages, notwithstanding any notices to the contrary. 2. Nothing herein is legal, IT, or professional advice of any kind. The author disclaims all warranties, express or implied, including but not limited to all warranties of merchantability or fitness. 3. In no event shall the author be liable for any special, direct, indirect, consequential, or any other damages whatsoever. 4. Subject: RE: California Public Records Act Request: Inter-Agency Text Messages - Immediate Disclosure Request (SF PUC)
Mr. Carlin and SFPUC:

This is a NEW immediate disclosure request for all communications between Harlan Kelly Jr. and Walter Wong in the possession of the PUC for dates (a) BEFORE Jan 1, 2015, and also (b) ON OR AFTER June 11, 2020. These were not responsive to my request on June 11. I'm not arguing PUC has to go talk to Kelly now as a former employee (for this request) - but if you (i.e. PUC, or any of its current employees) have anywhere in your computer systems or in hardcopy any copies (including the black hiliter but unredacted file) of responsive records - you must provide them to me. I know that your agency still possesses at least some of these records both based on the black hiliter file and also based on your admission in the recent letter to me (https://cdn.muckrock.com/foia_files/2021/02/22/2-22-21_Letter_re_Harlan_Kelly_texts.pdf).

Thanks,

I also enjoyed the part of your letter that speaks on behalf of the entire City's procedures re: personally-held public records - I assume it was dictated by Herrera. Funny stuff.

Subject: California Public Records Act Request: Inter-Agency Text Messages - Immediate Disclosure Request (SF PUC) Public Utilities Commission and Harlan Kelly Jr.:

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and its department head. Your response is required by June 12, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color images. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

1. All text, email, or chat messages (including group messages, in any form or application including but not limited to SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent or received

to/cc/bcc/from between Harlan Kelly Jr. and London Breed, on government or personal accounts from Jan 1, 2015 and present (you must search personal accounts pursuant to City of San Jose v Superior Court (2017))

2. All text, email, or chat messages (including group messages, in any form or application including but not limited to SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent or received to/cc/bcc/from between Harlan Kelly Jr. and Walter Wong/Jaidin Consulting Group/Jaidin Associates (including but not limited to jaidin@pacbell.net, jdngrp@pacbell.net, or any email address ending with jaidin.net), on government or personal accounts from Jan 1, 2015 and present (you must search personal accounts pursuant to City of San Jose v Superior Court (2017))

3. All text, email, or chat messages (including group messages, in any form or application including but not limited to SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent or received to/cc/bcc/from between Harlan Kelly Jr. and Mohammed Nuru, on government or personal accounts from Jan 1, 2015 and present (you must search personal accounts pursuant to City of San Jose v Superior Court (2017))

4. All text, email, or chat messages (including group messages, in any form or application including but not limited to SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent or received to/cc/bcc/from between Harlan Kelly Jr. and Naomi Kelly, on government or personal accounts from Jan 1, 2020 and present (you must search personal accounts pursuant to City of San Jose v Superior Court (2017))

For text messages: While the phone numbers are not needed, the following must be preserved: the timestamps, the textual content, attachments, and images, and also ALL sender and recipient names (including groups). Pursuant to SF Admin Code 67.21(l), which requires you to use any electronic format that we request, please provide the records in spreadsheet format. For an example of the format of the response, see SFPD Chief Scott's prior response here: https://cdn.muckrock.com/foia_files/2020/04/14/Text_Messages_Breed_Scott_Redacted.pdf and clearly referenced redaction justifications here: https://cdn.muckrock.com/foia_files/2020/04/14/ChiefOfficeResponse201.pdf (though I do not concede all of them are appropriate redactions) . Please provide rolling responses, starting with the most recent records going backwards. Messages to/from before your current department head became the department head must still be provided.

Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations. Remember Mr. Kelly has an obligation to maintain in a professional and businesslike manner their correspondence and release them as public records (SF Admin Code 67.27-9(a)); and we will cross-check your responses with all other parties to ensure you have not destroyed or withheld records improperly.

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing (SFAC 67.27).
- All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website like NextRequest to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

Thank you for your anticipated cooperation in this matter.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly-viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). New Petition under SF Administrative Code § 67.21(d)

Supervisor of Records Dennis Herrera,

Please determine in writing that the records marked as “1” below or parts thereof (request 2 is not petitioned here, but has been petitioned in prior petitions) requested *June 11, 2020* via *94992-15550486@requests.muckrock.com* are public and order *Public Utilities Commission* to disclose them:

1. All text, email, or chat messages (including group messages, in any form or application including but not limited to SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent or received to/cc/bcc/from between Harlan Kelly Jr. and London Breed, on government or personal accounts from Jan 1, 2015 and present (you must search personal accounts pursuant to *City of San Jose v Superior Court* (2017))
2. All text, email, or chat messages (including group messages, in any form or application including but not limited to SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams) sent or received to/cc/bcc/from between Harlan Kelly Jr. and Walter Wong/Jaidin Consulting Group/Jaidin Associates (including but not limited to *jaidin@pacbell.net*, *jdnggrp@pacbell.net*, or any email address ending with *jaidin.net*), on government or personal accounts from Jan 1, 2015 and present (you must search personal accounts pursuant to *City*

of San Jose v Superior Court (2017))

...

For text messages: While the phone numbers are not needed, the following must be preserved: the timestamps, the textual content, attachments, and images, and also ALL sender and recipient names (including groups).

PUC provided on July 6, 2020 certain records responsive to request “1” above in Exhibit B. PUC redacted a majority of the messages. It is presumed that Harlan Kelly Jr. personally performed the redactions based on Exhibit A – a letter issued by PUC to me recently, purportedly in cooperation with your office, with regards to request “2.” Given that both parties Kelly and Breed are high-ranking City officials, their conversations must be presumed to be about the conduct of public business and not purely personal.

Harlan Kelly, Jr. was at the time of the request and response an employee of PUC and thus of the City; as the City Attorney’s memo regarding *City of San Jose v Superior Court* notes, the City is legally responsible for the judgment and actions of its employees, including production of records.

As now accepted by PUC in Exhibit A, PUC previously unlawfully redacted certain Harlan Kelly – Walter Wong text messages in request “2”. There is no reason to believe that the July 6 records provided in “1” were lawfully redacted. Each text message must be reviewed, and a determination made by you whether each is public. PUC’s supposed standard practices and Herrera’s supposedly long-standing advice as described in Exhibit A is not a defense to violations of the Public Records Act or Sunshine Ordinance.

All records in the constructive possession of the City at the time of my request must be produced. PUC’s failure to retain and preserve all respon-

sive records at the time of my request does not mean that you can refuse to make a determination when I allege that the response is incomplete.

Sincerely,

Anonymous

Muckrock Anonymous Requester
 94992-15550486@requests.muckrock.com

Dear Requester:

We write to supplement our response to your June 11, 2020 request for communications contained in personal or government accounts of former San Francisco Public Utilities Commission (“SFPUC”) General Manager Harlan Kelly, Jr. As you know, the SFPUC provided responsive records to you on July 2 and July 6, 2020, including a document showing numerous text messages between Mr. Kelly and Walter Wong on Mr. Kelly’s personal cell phone. In that document, which the SFPUC produced in Bates-stamped pages 161 to 219, Mr. Kelly redacted a significant number of text messages. As explained below, in light of the unique and extraordinary circumstances surrounding these records, the City Attorney, working with the SFPUC, has recently reviewed an unredacted draft of the document containing those text messages in the City’s possession. Following that review, we are now providing you with a new version of the document. We have redacted certain portions of the text messages that do not contain information relating to the conduct of the public’s business and therefore do not constitute public records responsive to your request (see Cal. Gov’t Code § 6252(e); *City of San Jose v. Superior Court*, 2 Cal.5th 608 (2017) (*San Jose*)), would constitute an unwarranted invasion of personal privacy (Cal. Const. Art. I, Sec. 1; Cal. Gov’t Code § 6254(c)), or would disclose confidential personnel information (Cal. Gov’t Code § 6254(c)).

Your request sought text messages, chats, and emails between Mr. Kelly and other individuals including Walter Wong “on government or personal accounts” during the period from January 1, 2015 through June 11, 2020. Under the California Supreme Court’s 2017 decision in *San Jose*, communications on City employees’ personal accounts or devices, including text messages on personal cell phones, may be public records subject to disclosure if those communications involve the conduct of the public’s business. As the City Attorney described in a [public memorandum](#) dated March 24, 2017, departments generally satisfy the legal duty under the Public Records Act to search for and produce public records on an employee’s personal electronic device by entrusting the employee to conduct the search and retrieve responsive records. That memorandum instructs that the department must notify the employee of the request and acquaint the employee with the standards for determining whether a writing on the device is a public record and responsive to the request. And should there be a court proceeding

Mayor
- Sophie Maxwell**
President
- Anson Moran**
Vice President
- Tim Paulson**
Commissioner
- Ed Harrington**

Acting
General Manager

concerning the request, the employee may be required to testify under oath or submit a statement under penalty of perjury, describing the search conducted on the device and explaining the types of writings on the device that were not provided to the requester because of not being responsive public records.

Consistent with the longstanding advice of the City Attorney's Office as described in the March 24, 2017 memorandum, the SFPUC asked Mr. Kelly to conduct a search of his personal cell phone and email accounts and produce all responsive records related to City business. In response, Mr. Kelly provided a document (Bates-stamped pages 161-219) containing a series of text messages between himself and Mr. Wong beginning January 1, 2015. Mr. Kelly redacted a significant number of text messages in the document, asserting that the redacted communications between him and Mr. Wong did not relate to City business. Following the standard practice of City departments and the general guidance of the City Attorney's Office, the SFPUC relied on Mr. Kelly to prepare the redactions, and did not ask to review the unredacted text messages before producing the document to you in response to your records request.

Mr. Kelly attempted to redact text messages in the document by covering those text messages with black rectangles. But this redaction method was insufficient; it did not completely redact the content that Mr. Kelly wanted to withhold. On July 7, 2020, after the SFPUC provided you with the document prepared by Mr. Kelly including redacted text messages, you informed us that Mr. Kelly had not properly redacted the text messages, so a member of the public could make the redacted text visible on a computer. You informed us that at least some of that information appeared to be sensitive personal information like a security code. We appreciate your letting us know. After receiving your email, the SFPUC asked you to destroy the original document in your possession and remove it from the internet. The SFPUC based this request on its understanding that the redacted text messages in the document did not relate to City business, relying on Mr. Kelly's representation.

Subsequent events have caused the SFPUC to reconsider whether it is appropriate for it to review the text messages in their original, unredacted form. On June 24, 2020, approximately one week before the SFPUC responded to your initial request for records, the U.S. Attorney for the Northern District of California announced that he had charged Walter Wong with conspiring for over 15 years to defraud the public of its right to the honest services of City officials, including schemes involving bribery, kickbacks, and money laundering. On November 30, 2020, the U.S. Attorney's Office announced that it had charged Mr. Kelly in a federal criminal complaint with honest services wire fraud. The complaint alleged that Mr. Kelly engaged in a long-running bribery scheme and corrupt partnership with Walter Wong, and that as part of the scheme, Mr. Wong provided items of value to Mr. Kelly in exchange for official acts by Mr. Kelly that benefited or attempted to benefit Mr. Wong's business ventures. The U.S. Attorney alleged that Mr. Kelly and Mr. Wong had a longstanding relationship involving multiple international trips paid for or subsidized by Wong, cash exchanges, free meals, repairs to Mr. Kelly's personal residence, and personal car services, all while Mr. Kelly tried to use his City position to benefit Mr. Wong and his businesses.

Although the criminal charges are still pending and have not been proven in a court of law, the complaint alleges that the entire course of Mr. Kelly's personal relationship with Mr. Wong was entangled with City business because Mr. Wong allegedly gave Mr. Kelly personal favors and gifts in the hope of exchange for Mr. Kelly's acts as the General Manager of the SFPUC. Given the seriousness of these criminal allegations and the compelling public interest in potential misconduct by government employees, certain text messages between Mr. Kelly and Mr. Wong that previously appeared to be purely personal, non-City business may now reasonably be understood as related to the conduct of the City's business. In reaching this conclusion, we emphasize that Mr. Kelly, like any criminal defendant, is entitled to a presumption of innocence, and we do not suggest or imply anything to the contrary. But given the allegations in the criminal complaints against Mr. Kelly and Mr. Wong, the SFPUC deemed it prudent to review the unredacted text messages to determine whether they were clearly private or unrelated to City business. The redactions in the new version we are providing today redact only those matters that are clearly private or clearly unrelated to City business.

Two extraordinary factors, unlikely to recur, support this unorthodox approach. First, the SFPUC now has in its possession a copy of the full text exchange unredacted, such that the City is able to review the full text exchange. Second, the charges against Mr. Kelly and Mr. Wong allege that personal communications between the two men actually relate to City business and memorialize interactions and transactions related to Mr. Kelly's exercise of duties as the SFPUC's General Manager. The SFPUC's decision to review the unredacted text messages is based on these unique circumstances and does not change the City's usual protocols for responding to requests for communications on employees' personal devices, as described in the City Attorney's 2017 memorandum.

Accordingly, please find attached a new copy of the document provided by Mr. Kelly reflecting his communications with Mr. Wong between January 1, 2015 and June 11, 2020. As noted above, we have redacted several portions of the text exchange. We redacted those portions of the exchange the disclosure of which would constitute an unwarranted invasion of personal privacy, such as discussions of family illnesses, children, and personal residential addresses or personal cell phone numbers, and a reference to a personnel matter on page 51 of the document. See Cal. Const., Art. I, § 1; Cal. Gov. Code § 6254(c),(k); S.F. Admin. Code § 67.1(g). We have also redacted the text message on page 1, dated January 1, 2015, because it does not contain information relating to the conduct of the public's business and therefore is not a public record responsive to your request. See Cal. Gov't Code § 6252(e). We have also excluded the portions of the first page that Mr. Kelly previously redacted because that portion of the text exchange occurred before January 1, 2015 and is not responsive to your June 11, 2020 request.

Michael P. Carlin

Hey London here is an update on Plaza East and Robert Pitts Plaza. We are contacting Barbara to find out if the landlord is replacing the lights on the building. We performed a night inspection and replaced all the lights with issues. We agreed to install two new street lights. We completed the engineering. Just planning now to install. And I texted Mohammed to ask him to prioritize pruning the trees.

I wanted to let you know that today one of PUCs customers in the Sunset posted on Next Door that she had bought an online testing kit and tested her water and it was positive for pesticides. She said residents should not drink their tap water. We have not been able to reach her directly and would need to test the water at the lab in order to substantiate her home kit which is not as thorough. Media has reached out to us and to Neighbors. We have sent staff out. I will keep you posted.

Hi Mayor,
The supplemental declaration you made as part of the COVID emergency that suspends water shutoffs, liens, and late fees expires on May 12. I am hoping you can extend that and also include a new residential customer relief program that we want to offer our customers that are financially impacted as a result of COVID. It would provide a 15 percent water and 35 percent wastewater discount on customers' bills that are facing financial hardship as a result of COVID. It would be great to have your leadership to announce this program and the extension of existing supplemental declaration.

Subject: RE: California Public Records Act Request: Index to Records - SOTF 20015 - Immediate Disclosure Request (SF City Admin)

Dear Requestor,

We have received your request. We are currently processing our response.

Please note that city workers are naturally working under unusual and difficult conditions with many called in for emergency service as disaster relief workers, or otherwise prioritizing work on the public health emergency, and with many working remotely, sometimes while also providing care for children or other family members. This impacts the City's ability to respond to records requests, particularly in gathering documents when working from a remote location. These issues are noted in the Mayor's emergency orders (attached) which, among other things, have suspended certain provisions of the Sunshine Ordinance, including immediate disclosure requests and the 10-day period in which to provide or withhold documents.

Pursuant to these orders, we are responding to notify you that the City Administrator's Office is in receipt of your requests. Furthermore, we will endeavor to disclose responsive documents pursuant to the California Public Records Act as soon as possible.

Thank you,

Office of the City Administrator

RE: Index to Records - SOTF 20015 - Immediate Disclosure Request (SF City Admin)

City Administrator Kelly and Office of the City Administrator,

Below are Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to City Administrator Kelly and Office of the City Administrator. Your response is required by Jan 29, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies (not URLs) of every responsive record are requested (Gov Code 6253(b)) - do not print and scan electronic records or provide black and white versions of any color record - use full-fidelity PDFs. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations: All withholding of any information must be justified (SFAC 67.27). All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to justification and only the minimal exempt portion of a record may be withheld (SFAC 67.26). Respond to emailed requests (SFAC 67.21(b)). You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)). You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)). You must do all of this in your response, and you cannot wait until we file complaints.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until your procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

1. an exact copy (not a URL) of the entire index to records you are responsible for maintaining pursuant to SFAC 67.29

Subject: California Public Records Act Request: Calendars and Meetings, Round 2 - Immediate Disclosure Request
SFPD and Lt. Cox,

On Sept. 2, 2020, in SOTF 19112 Anonymous v. Scott, et al., SOTF found a violation by SFPD of, inter alia, SFAC 67.26 for
not providing future/prospective calendars for Chief Scott at all (instead of with minimal redactions) and SFAC 67.27 for

citing Prop G for withholding non-Prop G calendars. Lt. Cox also appeared to state that SFPD had changed its own position re: disclosure policies of calendars to properly disclose future and non-Prop G calendars, notwithstanding the position of the City Attorney's office.

Therefore, this is an immediate disclosure request for all calendars/schedule records (with all meeting details in Outlook or anywhere else, including all attachments and metadata) for Chief William Scott (both Prop G and non-Prop G) for (a) Oct 1 through Oct 14, 2020 as the schedule exists at this time and (b) Aug 24-Sep 1, 2020 (all dates inclusive). Pursuant to SFAC 67.21(l) and SOTF 19047, please provide the records in PDF format *without* printing and scanning.

Also, you mentioned that you had created a specific email address for records requests - could you please indicate what that email is? I am aware of sfpdlegal@sfgov.org and sfpdmediarelations@sfgov.org. (There are various, independent, anonymous requesters who use MuckRock - so I cannot control what the other users do, but I am happy to request MuckRock use a different email address for SFPD if it will work better.)

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required notice of which of those records are available and non-exempt for inspection in-person if we so choose.

I look forward to your immediate disclosure.

NOTE: THE EMAIL ADDRESS SENDING THIS REQUEST IS A PUBLICLY-VIEWABLE MAILBOX. Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Re: File No.19112

Dear Sunshine Task Force Committee Members,

I am writing to clarify my responses made during the SOTF Hearing on September, 2, 2020, File No. 19112: Complaint filed by Anonymous against Chief William Scott and Lt. R. Andrew Cox and the Police Department. Specifically, I was asked by the committee if SFPD would release future Prop. G calendars upon request and I answered yes. I apologize for causing confusion. When I provided that answer, I did not mean to infer that SFPD would waive any rights to exempt Prop. G calendars in whole or any portion thereof if warranted. We continue to apply exemptions and exceptions to the Chief's future calendar entries that have not yet occurred under Cal. Gov't Code § 6254(f); Cal. Gov't Code § 6254(k); Cal. Evid. Code. § 1040; Times Mirror Company v. Superior Court, 53 Cal.3d 1325 (1991).

Chief Scott is the head Law Enforcement Official for the City and County of San Francisco, which carries a higher risk to his personal safety. His job presents unique security risks that requires unique security procedures and protocols to ensure his safety. Releasing information from his calendar reveals the timing and details of his whereabouts as well as the patterns and habits of the Chief of Police. While we are cautious to release his calendar at all under the laws cited above, we have done so after a careful review of events that have occurred in the past and redact information according to the cites listed above. However, this careful review may only be done by looking back at events that have already occurred. Releasing future calendar entries presents a new set of security issues.

Releasing future calendar entries inherently increases the risk to his security. This would seriously impair the ability of the Department to assure his personal safety and it would constitute a potential threat to his safety because this information would enable a reader to know in advance and with relative precision when and where the Chief may be found, the timing of his departures and arrivals from events or locations. In addition, the reader would know the persons who will be with him, and when he will be alone. We have redacted past Prop. G calendars entries under Cal. Govt Code section 6254(f) Cal. Gov't Code § 6254(k); Cal. Evid. Code. § 1040; Times Mirror Company v. Superior Court, 53 Cal.3d 1325 (1991).SFPD has never produced future Prop. G calendars in the past.

In retrospect, I understand that I answered the question poorly and I should have elaborated on our position. I sincerely apologize for any confusion and did not mean to mislead the committee and/or Anonymous. My statement to the committee was of my own volition and should not reflect any misconduct by Chief Scott or the SFPD.

Sincerely,

 Lt. R. Andrew Cox #287

Petition under SF Administrative Code § 67.21(d)

Supervisor of Records Dennis Herrera,

Please determine in writing that the following records or parts thereof requested *September 6, 2020* reference P013417-090620 are public and order *Chief Scott and SFPD* to disclose them:

Therefore, this is an immediate disclosure request for all calendars/schedule records (with all meeting details in Outlook or anywhere else, including all attachments and metadata) for Chief William Scott (both Prop G and non-Prop G) for (a) Oct 1 through Oct 14, 2020 as the schedule exists at this time and (b) Aug 24-Sep 1, 2020 (all dates inclusive). Pursuant to SFAC 67.21(l) and SOTF 19047, please provide the records in PDF format **without** printing and scanning.

The City failed to comply, refused to comply, or incompletely complied because:

1. SFPD initially declined to provide any records for (a), but has now conceded in a separate request that at least some portion of Chief Scott's future calendars are disclosable. See also SOTF Order 19112.

IMMEDIATE DISCLOSURE REQUEST - DEC. 7, 2019

Pursuant to the CPRA and SF Sunshine Ordinance

This is an Immediate Disclosure Request (SFAC 67.25(a)) for the records numbered below. Your response is required by **Dec. 10, 2019**. Rolling records responses are requested (67.25(d)).

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly-viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock).

Please read carefully the exact wording of my request and follow the Sunshine Ordinance and CPRA precisely. Every violation will be appealed, including but not limited to:

- any untimely or incomplete response (SF Admin Code 67.21, 67.25),
- failure to provide records in a rolling fashion as soon as each is available (SF Admin Code 67.25),
- failing to indicate whether you have responsive records or not for each request below and whether or not you withheld any records for each request below (Gov Code 6253(c))
- withholding more than the minimum exempt portion of any record or withholding an entire record if any portion at all is non-exempt (SF Admin Code 67.26),
- failure to justify with a footnote or "other clear reference" to an exemption statute or case law for each and every redaction or withholding (SF Admin Code 67.26, 67.27), including any so-called 'metadata',
- failure to provide "exact copies" of records (Gov Code 6253(b)), for example, by physically printing electronic records and scanning them back in, which degrades their content and causes loss of colors, hyperlinks, metadata, and searchable text content
- failure to provide the "electronic format in which [you] hold[] the information" (Gov Code 6253.9),
- failure to provide any "easily generated" format that we request below (SF Admin Code 67.21(l)),
- redacting or withholding information whose exemption you have already waived by producing it to the public before (Gov Code 6254.5),
- refusing to use email (SF Admin Code 67.21(b)), or requiring me to use a third-party service which imposes on me any terms and conditions beyond those of the CPRA (Gov Code

Petition under SF Administrative Code § 67.21(d)

Supervisor of Records Dennis Herrera,

Please determine in writing that the following records or parts thereof requested *December 7, 2019* via *84162-44435865@requests.muckrock.com* are public and order *Treasurer-Tax Collector* to disclose them:

Request attached.

The City failed to comply, refused to comply, or incompletely complied because:

1. Future calendar entries involving the mayor were withheld in entirety instead of redacting solely the records of security procedures of a local police agency
2. All email and calendar metadata was withheld even though we know that only some portion of that metadata may be exempt as an information security threat

Sincerely,

Subject: Re: California Public Records Act Request: Calendars and Emails - Immediate Disclosure Request (SF ADM)

Dear Requestor,

We are in receipt of your Immediate Disclosure Request email dated November 19, 2020.

In your message you asked, "Please send your response to SOTF Complaint 19136 and the associated records directly to this correct email address so that I may review them." Please find attached the responsive records previously disclosed.

The IDR requests:

"(a) all emails sent by either cheryl.leger@sfgov.org OR sotf@sfgov.org received by the address naomi.kelly@sfgov.org and (b) every reply or forward to every email in (a) (including all subsequent forwards or replies, under transitive closure, i.e. provide all complete email threads), from Nov 1, 2019 to present. You must provide the emails in their original electronic format and with all email headers/metadata preserved, and all attachments and formatting. See SOTF Orders 19044 and 19098. Your employee testified at SOTF yesterday that certain staffing constraints prevented you

from acknowledging my records request for almost a year. However, SOTF asked why you personally refused to reply to the Complaint Notice sent by SOTF to you, personally, in case 19136. I will be finding out the actual reason."

This serves to notify you that we are in receipt of your request and are processing our response. Please note that city workers are naturally working under unusual and difficult conditions with many called in for emergency service as disaster relief workers, or otherwise prioritizing work on the public health emergency, and with many working remotely, sometimes while also providing care for children or other family members. This impacts the City's ability to respond to records requests, particularly in gathering documents when working from a remote location. These issues are noted in the Mayor's emergency orders (also attached) which, among other things, have suspended certain provisions of the Sunshine Ordinance, including immediate disclosure requests and the 10-day period in which to provide or withhold documents.

Pursuant to these orders, we will respond further within 10 days of your request, barring a further extension, to notify you of the existence of any disclosable records and our timetable for production pursuant to the California Public Records Act

Sincerely,

Tal Quetone

Naomi Kelly:

1) Please send your response to SOTF Complaint 19136 and the associated records directly to this correct email address so that I may review them.

2) This is an immediate disclosure request for (a) all emails sent by either cheryl.leger@sfgov.org OR sotf@sfgov.org received by the address naomi.kelly@sfgov.org and (b) every reply or forward to every email in (a) (including all subsequent forwards or replies, under transitive closure, i.e. provide all complete email threads), from Nov 1, 2019 to present. You must provide the emails in their original electronic format and with all email headers/metadata preserved, and all attachments and formatting. See SOTF Orders 19044 and 19098. Your employee testified at SOTF yesterday that certain staffing constraints prevented you from acknowledging my records request for almost a year. However, SOTF asked why you personally refused to reply to the Complaint Notice sent by SOTF to you, personally, in case 19136. I will be finding out the actual reason.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Subject: RE: California Public Records Act Request: Inter-Agency Text Messages - Immediate Disclosure Request (SF DEM)

Mary Ellen Carroll:

(Note this request was also previously sent to the DEM generic Sunshine email, however you have an individual legal responsibility as custodian of your own communications to provide the following records.)

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and its department head. Your response is required by June 5, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color images. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing (SFAC 67.27).
- All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website like NextRequest to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

1. All text or chat messages (including group messages) in any form or application (including but not limited to SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams):

- a) sent by your current department head to/cc/bcc any of Mayor London Breed, Sean Elsbernd, SFPD Chief William Scott, Tomás Aragón, Dennis Herrera, Jeff Kositsky, Mohammed Nuru, Alaric Degrafinried, Andy Lynch, Hank Heckel, or Abigail Stewart-Kahn (the "Named Public Officials") OR

- b) sent by any of the Named Public Officials and received by your current department head (and possibly others, such as in a group message) OR

- c) sent by a third party and received by both your current department head and any of the Named Public Officials (such as in a group message),

with timestamps between Jan 1, 2019 and June 3, 2020 (inclusive), including a personal property search under City of San Jose vs Superior Court (2017). While the phone numbers are not needed, the following must be preserved: the timestamps, the textual content, attachments, and images, and also ALL sender and recipient names (including groups). Pursuant to SF Admin Code 67.21(l), which requires you to use any electronic format that we request, please provide the records in spreadsheet format. For an example of the format of the response, see SFPD Chief Scott's prior response here: https://cdn.muckrock.com/foia_files/2020/04/14/Text_Messages_Breed_Scott_Redacted.pdf and clearly referenced redaction justifications here: https://cdn.muckrock.com/foia_files/2020/04/14/ChiefOfficeResponse201.pdf (though I do not concede all of them are appropriate redactions) . Please provide rolling responses, starting with the most recent records going backwards. Messages to/from before your current department head became the department head must still be provided.

Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations. Remember your department head has an obligation to maintain in a professional and businesslike manner their correspondence and release them as public records (SF Admin Code 67.27-9(a)); and we will cross-check your responses with all other parties to ensure you have not destroyed or withheld records improperly.

Thank you for your anticipated cooperation in this matter.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Subject: Automatic reply: California Public Records Act Request: Inter-Agency Text Messages - Immediate Disclosure Request (SF DEM)

San Francisco's Emergency Operations Center is active to support preparation and response to COVID-19 (Novel Coronavirus). Inquiries unrelated to COVID-19 may experience a delay in response.

I am working offsite at the City's Emergency Operations Center as a Disaster Service Worker and this will delay my response.

The City of San Francisco takes the health and well-being of our community extremely seriously. We are taking extensive and proactive actions to prevent the spread of COVID-19 to our most vulnerable populations.

Know the facts: Risk for COVID-19 is based on travel, contacts and exposure to the virus. No racial, ethnic or cultural group is more at risk. The most common symptoms of COVID-19 are fever, cough and shortness of breath. If you are feeling sick, please first call your doctor, a nurse hotline, or an urgent care center. Do not go to the emergency room of a hospital unless you are having an actual emergency.

Stay at home: The City has issued a Public Health Order requiring people to stay home except for essential needs. Vulnerable populations, including adults over the age of 60 and people with health conditions, must stay home. Everyone else is required to stay home except to get food, care for a relative or friend, get necessary health care, or go to an essential job. Stay at least 6 feet apart if leaving your home for essential activities.

Subject: RE: California Public Records Act Request: Inter-Agency Text Messages - Immediate Disclosure Request (SF DEM)

I understand COVID places extra difficulties on accessing records, and I have to-date provided the City numerous voluntary waivers of timeliness for that reason.

I also understand that the Mayor has attempted to suspend, under the guise of this pandemic, transparency laws having no relationship to timeliness or social distance, such as her purported suspension of SFAC 67.24(g,i), and the City has specifically attempted to use the catch-all exemption against my requests because there is no lawful reason to withhold the information I seek. All claims by the City to employ the Mayor's suspensions of parts of the Sunshine Ordinance to withhold or redact or refuse to justify withholding or redactions in ways not permitted by the full Sunshine Ordinance will continue to be litigated.

Remember that Ms. Carroll, because she has custody of her own cell-phone, has an individual legal responsibility to provide these records, even if you or others in the department are unable to physically access her phone. I will be sure to directly make the request of her as well.

Stay safe and compliant,

Subject: RE: California Public Records Act Request: Inter-Agency Text Messages - Immediate Disclosure Request (SF DEM)

Dear Anonymous,

We have received your request and we are processing our response. Please note that due to the continuing public health emergency, City workers are naturally working under unusual and difficult conditions with many called in for service as disaster service workers or otherwise prioritizing work on the public health emergency and with many others working remotely while also providing care for children or other family members. This impacts the ability to respond to records requests, particularly in gathering documents when working from a remote location. The City's emergency

orders have suspended certain provisions of the Sunshine Ordinance in response, including immediate disclosure requests and the 10 day period in which to provide or withhold documents.

Please understand that compliance with the California Public Records Act and the Sunshine Ordinance, subject to the scope of these orders, otherwise remains in effect and city departments are fulfilling those obligations while navigating the challenges of the health emergency. Further, your request is neither simple nor routine and does not seek easily accessible documents. It also requires consultation with another city department. Thus, it would not ordinarily be answered as an immediate disclosure request and would be treated as a regular records request, irrespective of the emergency orders. See Cal. Gov. Code 6253 and Admin. Code 67.25(b).

Thus, we will further respond within 10 days of your request, barring the need for a further extension, and inform you of whether responsive documents exist and, if so, the estimated date for their production.

Subject: California Public Records Act Request: Inter-Agency Text Messages - Immediate Disclosure Request (SF DEM)
Department of Emergency Management and its Department Head:

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and its department head. Your response is required by June 5, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color images. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing (SFAC 67.27).
- All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website like NextRequest to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

1. All text or chat messages (including group messages) in any form or application (including but not limited to SMS, MMS, WhatsApp, WeChat, Signal, Instagram, Twitter, Facebook, Hangouts, Skype, Teams):

- a) sent by your current department head to/cc/bcc any of Mayor London Breed, Sean Elsbernd, SFPD Chief William Scott, Tomás Aragón, Dennis Herrera, Jeff Kositsky, Mohammed Nuru, Alaric Degrafinried, Andy Lynch, Hank Heckel, or Abigail Stewart-Kahn (the "Named Public Officials") OR
- b) sent by any of the Named Public Officials and received by your current department head (and possibly others, such as in a group message) OR
- c) sent by a third party and received by both your current department head and any of the Named Public Officials (such as in a group message),

with timestamps between Jan 1, 2019 and June 3, 2020 (inclusive), including a personal property search under City of San Jose vs Superior Court (2017). While the phone numbers are not needed, the following must be preserved: the timestamps, the textual content, attachments, and images, and also ALL sender and recipient names (including groups). Pursuant to SF Admin Code 67.21(l), which requires you to use any electronic format that we request, please provide the records in spreadsheet format. For an example of the format of the response, see SFPD Chief Scott's prior response here: https://cdn.muckrock.com/foia_files/2020/04/14/Text_Messages_Breed_Scott_Redacted.pdf and clearly referenced redaction justifications here: https://cdn.muckrock.com/foia_files/2020/04/14/ChiefOfficeResponse201.pdf (though I do not concede all of them are appropriate redactions) . Please provide rolling responses, starting with the most recent records going backwards. Messages to/from before your current department head became the department head must still be provided.

Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations. Remember your department head has an obligation to maintain in a professional and businesslike manner their correspondence and release them as public records (SF Admin Code 67.27-9(a)); and we will cross-check your responses with all other parties to ensure you have not destroyed or withheld records improperly.

Thank you for your anticipated cooperation in this matter.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. This is a follow up to request number 20-2942:

This is a 67.21(d) petition for determination in writing that all records in DPH request 20-2942 - from June 4, 2020 - are public and an order for their disclosure. They only bothered searching after Tomas Aragon had left the City and now cannot produce all of the records that were in the constructive possession of the City at the time of my request.

You are required by law to produce all of the records. I will not agree that my request is satisfied by giving me these

Please clarify if you would like for DPH to move forward with conducting the proposed alternate search for responsive records through Dr. Colfax's mobile phone. If so, please narrow the timeframe to help facilitate the review.

We appreciate your help.

Thank you,

When will the City realize that it can never get away with illegal actions like this...

You and Colfax willfully violated the law by closing this request in Sept and then only reopening it in January after Aragon left the City's employment to make sure I could never get the records. We'll never know what Aragon and the Mayor discussed now...

Suit will be filed in this case - you will get my filing shortly.

Subject: California Public Records Act Request: Coronavirus/COVID-19/SARS-CoV-2 Response (San Francisco) Immediate Disclosure Request

SFDPH:

NOTE: THE EMAIL ADDRESS SENDING THIS REQUEST IS A PUBLICLY-VIEWABLE MAILBOX. Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Nothing herein is legal, IT, or professional advice of any kind. The author disclaims all warranties, express or implied, including but not limited to all warranties of merchantability or fitness. In no event shall the author be liable for any special, direct, indirect, consequential, or any other damages whatsoever. The digital signature, if any, in this email is not an indication of a binding agreement or offer; it merely authenticates the sender. Please do not include any confidential information, as I intend that these communications with the City all be disclosable public records.

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and its department head.

Your initial response is required by March 2, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records.

Exact copies of every responsive record are requested (Gov Code 6253(b)). Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing by specific statutory authority (SFAC 67.27).
- All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)).

- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

1. All communications with CDC or its employees (email, text, or chat) with any of the following insensitive keywords: "coronavirus" "wuhan" "SARS" "COVID" "COVID19" "COVID-19" "SARS-CoV-2" "2019-nCoV" "nCoV" "severe acute respiratory syndrome" "viral pneumonia" "pneumonia of unknown origin" "novel pneumonia" from Nov 14, 2019 to present. For solely this request, any format showing all participants (TO, FROM, CC; and BCC for items sent by City employees) and preserving the body, attachments and images is sufficient.

2. All communications to or from the California DPH or its employees (email, text, or chat) with any of the following insensitive keywords: "coronavirus" "wuhan" "SARS" "COVID" "COVID19" "COVID-19" "SARS-CoV-2" "2019-nCoV" "nCoV" "severe acute respiratory syndrome" "viral pneumonia" "pneumonia of unknown origin" "novel pneumonia" from Nov 14, 2019 to present. For solely this request, any format showing all participants (TO, FROM, CC; and BCC for items sent by City employees) and preserving the body, attachments and images is sufficient.

This information is of the highest public interest. You may prioritize this request over any other outstanding Sunshine requests from me, if it would speed up your response to this one.

You may exclude press releases or similar material already published to the general public. If you believe this query would take more than say a week to produce, please provide suggestions to narrow the query to match my purpose, which is: to determine the scope and quality of Federal, state, and local government response to COVID-19/SARS-CoV-2, most importantly including decisions to test or not to test PUIs or other suspect cases.

Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations.

Thank you for your anticipated cooperation in this matter.

Sincerely,
Anonymous

This is a 67.21(d) petition for the July 15 2020 request from this email address to Naomi Kelly, for Kelly's own records. They responded only after Kelly resigned, although her records were in the constructive possession of the City as of the date I made the request.

This letter responds to your Immediate Disclosure Request sent on February 8, 2020 and received by the Department of Emergency Management via email on February 10, 2020.

On Feb. 8, 2020:

Subject: RE: California Public Records Act Request: Calendars and Emails - Immediate Disclosure Request (SF DEM)
RE: BCC Emails - Immediate Disclosure Request

Department Head:

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and the department head. Your response is required by Feb 11, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253). Emails are requested in the easily-generated EML or MSG formats (SFAC 67.21(l)).

I am now auditing how the City appears to unlawfully withhold the BCC recipients of emails when they print out emails in certain formats. The identity of BCC recipients is not exempt. BCC is not an information security record that reveals vulnerabilities or increases chance of an attack. The BCC names was typed in by a human being and are not metadata. You must provide BCC just like you provide To or CC recipients. There is no legal authority to keep secret the identities of persons communicating with government officials, unless they are specifically confidential informants and such. If you withhold the BCC names, I will file complaints, separate and apart from email metadata complaints (which I have now already won, see ruling in SOTF 19044).

Your non-exhaustive obligations: All withholding of any information must be justified in writing (SFAC 67.27). All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26). You must respond to emailed requests (SFAC 67.21(b)). You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)). You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)). Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

1. An exact copy with all email headers (incl. but not limited to the BCC identities), attachments, color, formatting, hyperlinks, images, and all other parts of the record of the most recent 5 emails which have any BCC recipients which were sent by your Dept Head on any government account . Note that you will have to search directly from the person's computer or account in their Sent folder specifically (In many email systems, no other method will allow you to see the BCC recipients). In modern Outlook systems, the search query is as follows: (bcc:*)

Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). This is a follow up to a previous request:

RE: BCC Emails - Immediate Disclosure Request

Department Head:

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and the department head. Your response is required by February 11, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253). E-mails are requested in the easily-generated EML or MSG formats (SFAC 67.21(l)).

I am now auditing how the City appears to unlawfully withhold the BCC recipients of emails when they print out emails in certain formats. The identity of BCC recipients is not exempt. BCC is not an information security record that reveals vulnerabilities or increases chance of an attack. The BCC names was typed in by a human being and are not metadata. You must provide BCC just like you provide To or CC recipients. There is no legal authority to keep secret the identities of persons communicating with government officials, unless they are specifically confidential informants and such. If you withhold the BCC names, I will file complaints, separate and apart from email metadata complaints (which I have now already won, see ruling in SO TF 19044).

Your non-exhaustive obligations: All withholding of any information must be justified in writing (SFAC 67.27). All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26). You must respond to emailed requests (SFAC 67.21(b)). You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)). You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)). Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints. =

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

1. An exact copy with all email headers (incl. but not limited to the BCC identities), attachments, color, formatting and all other parts of the record of the most recent 5 emails which have any BCC recipients which were sent by your Dept Head on any government account. Note that you will have to search directly from the person's computer or account in their Sent folder =

pecifically (In many email systems, no other method will allow you to see the BCC recipients). In modern Outlook systems, the search query is as follows: (bcc:*)

Do not destroy or discard any responsive records - we will appeal all holdings or Sunshine violations.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly-viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Nothing herein is legal, IT, or professional advice of any kind. The author disclaims all warranties, express or implied, including but not limited to all warranties of merchantability or fitness. In no event shall the author be liable for any special, direct, indirect, consequential, or any other damages whatsoever. The digital signature, if any, in this email is not an indication of a binding agreement or offer; it merely authenticates the sender. Please do not include any confidential information, as I intend that these communications with the City all be disclosable public records.

Sincerely,

Anonymous

Of course you do not have to create any records. But you also cannot violate any Sunshine Ordinance requirements, which you did. Departments have two options: they can wait to be ordered into compliance by the SOTF or they can do so voluntarily.

You have made your choice.

On Feb. 4, 2020:

We are not required to create a record in response to a request.

This is a follow up to a previous request:

This request from October 21 2019 was not completely responded to and apparently they forgot about it. This is a petition under 67.21(d) for a written determination that the records are public and an order for their disclosure.

Subject: RE: California Public Records Act Request: Monthly Calendars - Immediate Disclosure Request
Dear Anonymous,

Please see attached the requested Prop G calendar for the Mayor for the month of October 2019 in the requested monthly summary view. As noted, Admin Code 67.29-5 requires that this calendar be updated every three days and accordingly, this calendar is up to date through October 21.

Please note that entries for future meetings after today have been redacted for the security reasons noted previously pursuant to Cal. Gov. Code 6254(f).

Further, a cell phone number has been redacted for the October 23rd entry to protect privacy. See Cal. Govt. Code Secs. 6254(c), 6254(k); California Constitution, Art. I, Sec. 1.

We are continuing to process the rest of your request pertaining to non-Prop G calendars as noted.

Please let us know if you have any questions.

Hank Heckel

While I do not agree with any of your arguments for exemptions, they appear to be consistent with your past arguments, EXCEPT: you have withheld the October PropG calendar. How could that possibly need to be redacted? It is a PropG calendar and completely public. As you said nothing is even added to the PropG calendar until after the event has happened.

Thanks,

Subject: California Public Records Act Request: Monthly Calendars - Immediate Disclosure Request

Dear Anonymous,

This is in response to your request below sent Sunday, October 20 and received by the Office of the Mayor on Monday, October 21. Please see the attached responsive records. These include the "Prop G" calendar in monthly summaries from January to September as requested.

Please note that for the October Prop G entries and for "non Prop G" calendar information, we need to consult with other departments and make applicable redactions, which renders the request not routine, simple or readily answerable. Admin Code 67.25. We will provide responsive records as they become available according to the regular permitted timeline.

Regarding entries for future dates, as we have previously noted, such entries are exempt from disclosure, at least pursuant to Cal. Gov. Code 6254(f). Pursuant to that section and contrary to your arguments, future events and meetings of the Mayor that are not public, necessarily provide "security procedures" information of a "local police agency" given the security assigned to the Mayor for such events and meetings.

Under that provision and a rule of reason analysis, it jeopardizes the safety and security of such meetings to reveal their details in advance.

Also, by definition there are no "Prop G" entries available for future dates. The Prop G calendar is backward looking and is prepared to provide complete information for past meetings, updated every 3 days. See Admin Code 67.29-5.

Supervisor of Records Herrera,

NOTE: The fact that I am not challenging citation to *Times Mirror* in *general* in this petition does not mean that I concede that *Times Mirror* (which relies solely on Gov Code 6255) is ever a valid exemption (either pre-COVID with Admin Code 67.24(g, i); or during COVID with the COVID emergency orders); nor does it mean that I concede that the Mayor's emergency order purporting to suspend Admin Code 67.24(g) and (i) is valid.

This is a petition under 67.21(d) to determine in writing that the following is public and order them disclosed in the Chief's then-future calendar entries (all page numbers refer to attachment Scott_Calendar_03_2021_Redacted.pdf):

1. - page 6, both hyperlink urls
2. - page 1, first two sentences in the body description
3. - subject lines pg 3, 4, 7, 11, 12, 14, 16, 19, 39;
4. - body text on pg 15;
5. - names of Outlook fields on pg 17, 23, 38;
6. - location on pg 18;
7. - ALL info on pages 26, 31, 33, 61 (as it states, these are phone/conference calls - there is no physical security threat or procedure involved here);
8. - all redactions keyed '8' on pages 28, 54

If a name is not in the “Contact” folder of Chief William Scott, “unknown” is used.

RE: Public Records Request, dated February 02, 2021, Reference # P025718-020221

Dear Anonymous:

The San Francisco Police Department (SFPD) received your Public Records Act request, dated February 02, 2021.

On February 2, SFPD acknowledged your request, and informed you that the 10-day maximum deadline to respond applies. Please refer to California Government Code Section 6253(c).

You requested, "*Lt. Cox and Chief Scott*:"

See attached Herrera's change of mind re: future calendars. To quote Herrera's office:

In light of recent discussions at the Sunshine Ordinance Task Force regarding public officials' disclosure of their future calendars, we have re-evaluated the legal question and consulted with the Police Department about security risks. Following that evaluation, we have concluded that in most circumstances the City Attorney may safely and legally disclose certain information about his future meetings, including the subject matter of the meeting and the attendees, if that information is recorded in his calendar, and the week during which the meeting will occur. Due to security concerns, we will continue to withhold the location, time, and specific date of each meeting. There may be circumstances in the future where information about the subject matter or attendees of a meeting should be withheld based on fact-specific security concerns or other legal grounds, but your current request does not raise those concerns.

The Mayor has also agreed to comply with her associated SOTF Order 19103. That leaves just you. This is an immediate disclosure request for all of Chief Scott's future, expected calendar entries for March 7 - May 21, 2021, in detailed Outlook PDF 'Memo Style' format (not a summary view).

NOTE: 1. If you are a public official: I intend that these communications all be disclosable public records, and I will not hold in confidence any of your messages, notwithstanding any notices to the contrary. 2. Nothing herein is legal, IT, or professional advice of any kind. The author disclaims all warranties, express or implied, including but not limited to all warranties of merchantability or fitness. 3. In no event shall the author be liable for any special, direct, indirect, consequential, or any other damages whatsoever. 4. The digital signature (signature.asc attachment), if any, in this email is not an indication of a binding agreement or offer; it merely authenticates the sender."

On February 12, SFPD informed you that we intended to produce future calendar entries in the same manner as the City Attorney's Office as soon as possible. We informed you that we were in the process of reviewing the records and applying any necessary redactions and invoked the extension of time to respond to your request pursuant to Government Code section 6253(c) because of the need to consult with another division of the agency.

Responsive records are included in this correspondence. Finally, we are still in the process of reviewing records and applying necessary redactions. We will continue to be in contact with you and provide you with an update by March 12, 2021.

Thank you for your courtesy in this regard.

Sincerely,

Lt. R. Andrew Cox #287

Promising news...

Nothing to schedule *yet*, but the *Chronicle's* new Sunday columnist — Justin Phillips — just replied to the introductory email I sent him yesterday, which included a link to our [Jan. 27 news release](#) on our CRI progress.

In his email (see below), Justin acknowledged that SFPD "is doing such important work and it will definitely be a priority of mine to follow it."

He is also "100 percent interested in getting some time with the Chief."

Again, no schedule request yet, but it'll be high priority. Row, if it's not too early, can you look for an hour-long time slot in the next week or two? I'm expecting to hear from Justin tomorrow.

Thanks!

Best,

MATT DORSEY

We are expecting him to speak from 5.b., 10., 11. 5.b., 10., 11. . Mr. Covey was supposed to address LDI in October, but had to cancel 4. . Mr. Covey is the author of the book "Speed of Trust" that we read as part of our class and he has crafted a presentation specifically tailored to SFPD and the challenges facing our profession.

He is tentatively scheduled to speak at the 5.b., 10., 11., but we may seek a remote format depending on the COVID status in San Francisco.

We will send more info out as the event gets closer. Please save the date if you would like to attend.

Hi Rowena,

I spoke with Chief Scott and he would like me to schedule a follow-up meeting that will include some of his colleagues. Can you help me schedule that appropriately? I think a 30 minute block would be sufficient, but 45 would allow us to accomplish more in the meeting. Can you help me schedule accordingly? Let me know what times may work next week or the week following, thank you so much!

Sandy Jo,

Arif,

Mark,

It was great meeting with you today and great to see you all again. I am very interested in the SFPD engaging with Mark and his Northwestern University students for research opportunities proposed on emerging issues - to be identified.

I'd like to schedule a follow up meeting with you all and key members of our Executive leadership team.

I've copied my Executive Assistant, Ms. Rowena Carr, Assistant Chiefs Mike Redmond and Bob Moser, and Executive Director Catherine McGuire of our Strategic Management Bureau. Executive Director McGuire will be point on this.

Let's shoot for two weeks or so from now. In the meanwhile I will brief my team on today's discussion and brainstorm with them on research ideas that would benefit our Department.

Thank you again for reaching out and talk soon!

Bill

Good morning Pam. I would like to confirm with you... Chief Scott has a meeting scheduled on his calendar to meet with Director Henderson on **Thursday, July 26 at 4:00p** with a location of TBD. We may have to cancel/reschedule that one since that's Law Enforcement Night at the ballpark. But did we super confirm to change those 5.b., 10., 11. meetings to "phone meetings" for 30 minutes only? Please advise so that I can update his calendar moving forward. Thank you Pam and happy Tuesday!

Session Title: Legislation to Disrupt Industry Practices that Disproportionately Impact Black Americans: San Francisco's Comprehensive Flavored Tobacco Ban

Case Study: To illustrate these objectives, this panel will examine from multiple perspectives the first successful public health campaign to eliminate the sale of menthol and other flavored tobacco products using municipal legislation.

Learning Objectives:

- Uncover ways in which industry and the private sector use race to perpetuate existing practices
- Explore how multi-stakeholder collaborations including academic investigators and community leaders can neutralize strong industry counter-forces
- Discuss how municipal legislation can be used as a lever to address health inequities and public health priorities

Panelists:

Academic Investigator: Valerie Yerger, Professor of Health Policy, UCSF

Legislative Policy: Malia Cohen, State Board of Equalization, California

Community Leadership: William Scott, Chief of Police, San Francisco

Institutional Leadership: Robert Hiatt, Co-Leader, Cancer Control Program, UCSF Helen Diller Family Comprehensive Cancer Center

UCSF Changemaker Series

The *Changemaker Series* seeks to build the capacity of scientists and researchers to generate evidence that is responsive to the needs of real-world decision-makers. Sessions are organized around a specific story (or "case study") that illustrates key learning points for how scientists can more meaningfully inform policies, systems, and structures in order to create social change or policy change.

Each session is filmed during a 60-minute Zoom call that includes multiple panelists. Audience members for the panel are a small number of UCSF post-doctoral students and early faculty members whose work focuses specifically on advancing equity in health and health care. The panel discussion will be recorded and professionally edited into a 6-10 minute video that elevates key points and is suitable for broader dissemination

within and outside of UCSF. *Panelists will have the opportunity to review and provide feedback on the video before dissemination.*

You will receive a separate email from Zoom Webinar that contains your unique panelist log-in link. Once received, please follow the directions to save the information to your calendar.

Subject: DPA must release audio/video SB 1421 records ; petition ; SOTF 19144

DPA: You cannot charge me anything for public records in San Francisco - except the cost of any physical media provided to me, which, since you are releasing electronically on NextRequest, is zero. Your argument that audio and video records are expensive to redact is not an exemption. You must produce the video and audio records in Production 0658-08, and all other responses you have given to me that withhold such records.

Supervisor of Records / 67.21(d) petition: Please determine the video and audio records in Production 0658-08, and all video and audio records in other SB 1421 responses given to 83876-31149286@requests.muckrock.com, public and order them released. Just like SFPD, DPA must produce them, for free, with a key identifying which redaction is for which justification. I will not pay anything for them. See Admin Code 67.26, and also (though it is not needed locally due to 67.26) National Lawyers Guild v. City of Hayward.

SOTF - please file in SOTF 19144.

This is a follow up to a previous request:

Supervisor of Records,

City Attorney's Office has refused to comply to the request from this email address dated Sept 26, 2020. They gave themselves multiple extensions until Dec 10, 2020 and still refuse to respond. Herrera has already accepted that some of the email metadata is public and disclosable and now cannot go back. Furthermore, DT has a system to produce that metadata automatically.

This is a petition under 67.21(d) for a written determination that some or all of the records not provided are public and an order for their disclosure.

It's been months and there has been no response. Further complaints will be filed. And you've already seen that last time you argued that COVID allowed you to withhold metadata, SOTF compliance turned the argument around and argued COVID requires more disclosure, not less.

On Nov. 19, 2020:

Subject: RE: California Public Records Act Request: Herrera Text Messages - Immediate Disclosure Request

Can your office be honest? What is taking so long to review 2-3 pages of documents? In far less time than it has taken you to review a single email, DPW - an organization that presumably lacks the expertise of DT - has produced dozens of redacted emails in metadata format...

Then we will file complaints. This is a redaction of a 2-3 page document, tops. It can't take this long. DPW figured out how to do this for a single email in a matter of days after it was discussed. Dragging your feet won't help turn legally disclosable information into secret information.

On Sept. 3, 2020:

Subject: California Public Records Act Request: Herrera Text Messages - Immediate Disclosure Request
Dennis Herrera and City Attorney's Office:

Below are Immediate Disclosure Requests (SF Admin Code 67.25(a)). Your initial response is required by Sept 3, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce all records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not or print and scan electronic records or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations: All withholding of any information must be justified (SFAC 67.27). All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to justification and only the minimal exempt portion of a record may be withheld (SFAC 67.26). Respond to emailed requests (SFAC 67.21(b)). You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)). You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)). You must do all of this in your response, and you cannot wait until we file complaints. If you wait to comply with the Sunshine Ordinance until after we file complaints, we will not withdraw any complaints and request SOTF find you in violation, regardless of what you do after filing.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until your procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

Please search all text/chat apps including but not limited to SMS/MMS/Messages/iMessage/Messenger/Hangouts. This thread has been partially disclosed to us by other city agencies, so we know it is not completely attorney-client privileged, and we know it exists. Please search both

personal accounts/devices of Herrera, and, as your Good Govt Guide requires, search Herrera's deleted messages, trash, or similar folders.

Please indicate "no responsive records" for each request if that is true.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Subject: RE: California Public Records Act Request: Herrera Text Messages - Immediate Disclosure Req...

Email

Thank you. This is a new immediate disclosure request:

7. An exact copy of the entire original email record, including but not limited to all email headers (names and values), for the single oldest email received by your office from requests@muckrock.com to cityattorney@sfcityatty.org. Please be sure to preserve (at least, but not only) email header names and at least the timestamps in the "Received" headers. Consult your own City CISO if you believe I'm wrong. If you claim GC 6255(a), it will be SOTF not you who still decides whether the interest in non-disclosure "clearly outweighs" the interest in disclosure. If you do not provide this single record with minimal redactions and footnotes or other clear references for justifications for each and every withheld portion of the record, an additional willful violation and official misconduct complaint will be filed against Dennis Herrera as department head on the basis of prior order SOTF 19044.

Please indicate "no responsive records" for each request if that is true.

Above are Immediate Disclosure Requests (SF Admin Code 67.25(a)). Your initial response is required by Sept 29, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce all records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not or print and scan electronic records or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations: All withholding of any information must be justified (SFAC 67.27). All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to justification and only the minimal exempt portion of a record may be withheld (SFAC 67.26). Respond to emailed requests (SFAC 67.21(b)). You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)). You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)). You must do all of this in your response, and you cannot wait until we file complaints. If you wait to comply with the Sunshine Ordinance until after we file complaints, we will not withdraw any complaints and request SOTF find you in violation, regardless of what you do after filing.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until your procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly-viewable mailbox. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the [MuckRock.com](https://www.muckrock.com) FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Please do not include any confidential information, as I intend that these communications with the City all be disclosable public records.

This is a violation not just of the Sunshine Ordinance but of the CPRA as well.

You were asked for a single email record on Sep. 26 (which is treated as if you received it on Sep. 28, Monday).

The CPRA, and Sunshine Ordinance, required a response in 10 days. You failed to provide me one. It is now the 15th day.

Under Gov Code 6253(a) you owed me in 10-days either a determination or an extension for 14 days. You failed to provide such determination and violated the law. You also unlawfully failed to state what unusual circumstance warrants an extension.

Your extension lasts until Oct 23, 2020 - 14 days from 10 days from constructive receipt of my request, and no further.

From your response in 19044 and from now multiple other City agencies' production of email metadata, I know that a single email worth of metadata is 2-3 pages to produce at even a large font. It's just not a lot.

23rd Annual SOR Report

If Dennis Herrera is willfully refusing to comply with the SOTE's orders [APPENDIX - Page 1070](#)

If Dennis Herrera is unwilling to comply with the court's orders to provide email header metadata, say so clearly, and don't waste time.

Sincerely,
Anonymous

Then we will file complaints. This is a redaction of a 2-3 page document, tops. It can't take this long. DPW figured out how to do this for a single email in a matter of days after it was discussed. Dragging your feet won't help turn legally disclosable information into secret information.

Can your office be honest? what is taking so long to review 2-3 pages of documents? in far less time than it has taken you to review a single email, DPW - an organization that presumably lacks the expertise of DT - has produced dozens of redacted emails in metadata format...

It's been months and there has been no response. Further complaints will be filed. And you've already seen that last time you argued that COVID allowed you to withhold metadata, SOTF compliance turned the argument around and argued COVID requires more disclosure, not less.

This is a follow up to request number 20-4354:

Supervisor of Records Herrera,

PUC has failed, refused, or incompletely complied with my requests from this email address of July 17, 2020 and August 7, 2020 (attached).

Please determine the records - or any parts thereof - public and order them disclosed.

Most interestingly, they have not replied in any way to request #1 for various text messages of Harlan Kelly. He was a city employee on July 17 and August 7.

If the City failed to search for government and personal records of Kelly, and preserve the records, at the time of my request, because the records were in the constructive possession of the City's employee when I requested them (City of San Jose v Superior Court), the City is deemed to have effectively withheld the records in violation of the PRA (Community Youth Athletic Center v. City of National City).

I requested records and petitioned them - and you determine whether they are public and order them disclosed if so. The fact that the City may find it impossible to comply with the law due to their own fault is not your problem and not relevant to a determination.

Supervisor of Records,

Sfpd has failed to comply with my request from this email described in the attached exhibit.

They have unreasonably delayed any response, and have also not complied with Gov Code 6253c. There is one 14 day extension they can notice me with , within 10 days. Not infinite 14 day extensions.

Under 67.21d please determine the requested records or parts thereof are public and order then disclosed.

Subject: RE: California Public Records Act Request #P020722-120720

Lt. Cox and SFPD: You will provide your response on Dec 31 - which is 24 days (the CPRA maximum) after Dec 7 receipt of my request - or immediate complaints will be filed. You don't get more than 24 days to consult.

On Dec. 5, 2020:

Subject: California Public Records Act Request: Text and Chat Messages - Immediate Disclosure Request - San Francisco Universal Search (SFPD)

To San Francisco Police Department and its Department Head or Elected Official:

**** DO NOT DESTROY ANY RESPONSIVE RECORDS. YOU MUST PRESERVE AND ORDER YOUR EMPLOYEES TO PRESERVE RECORDS DURING THE PENDENCY OF ALL APPEALS. WE WILL APPEAL ALL REDACTIONS OR WITHHOLDINGS. ****

Immediate Disclosure Request.

Every department head/elected official must preserve and maintain all correspondence in a professional and businesslike manner (SFAC 67.29-7(a)) and also separately must comply with retention policies (SFAC 67.29-1). Note that if your retention policies do not retain text messages, I will argue before the SOTF and court that this is a failure to maintain ****all correspondence**** in a professional and businesslike manner.

Relevant precedent: SOTF 19098 - Anonymous v SFPD. Unanimous finding of violation for unlawfully withholding text message metadata (including the to/from/etc. - note SFPD had provided the dates and times, and you must as well), and also for unlawfully printing and scanning electronic records which does not constitute a "copy" of an electronic record. See also prior rulings in my favor in SOTF 19044, 19047, 19091, 19098, 19103, and 19108 which ruled against the City for email, text messages, past and future calendar entries, meeting details, electronic metadata, and attachments.

The Mayor's Office appears to have destroyed their copies of certain text messages. I'd be happy to get them from her, if she preserved every record. Alas she did not, therefore we must now conduct a universal search of the City. You cannot refer me to another department unless you search and determine that you have no copies in your department. If this is causing more work for you, ask your Mayor to stop destroying her public records.

Note there are many anonymous requesters using MuckRock - I am just one of them. If you previously produced some subset of these records to a MuckRock email address, please reference that prior response so you do not duplicate work. If I am unable to get the prior MuckRock response because it is someone else's and they have marked it private, you will however need to provide me a copy here as well.

1. This is an immediate disclosure request for text, chat, or instant messages between the Department Head/Elected Official and either Sean Elsbernd, Andrea Bruss, London Breed, Harlan Kelly, Jr., Naomi Kelly, Hank Heckel, or Walter Wong, including all group messages, and all messages in threads, in any form and any app (including, but not limited to, SMS, MMS, text, iMessage, Teams, Discord, WeChat, QQ, Signal, Telegram, WhatsApp, Facebook, Facebook Messenger, Twitter, Instagram, Hangouts, Meet, Slack, Skype, Viber, Snapchat, Line, Kik, FaceTime, Wickr Me, Chatroulette, Threema, KakaoTalk, Duo, GroupMe, Wire, Voxer, Allo, Tango, Bumble, Grindr, Tinder, Olive, Taimi, but NOT including email), on any government accounts/devices or on personal accounts or devices regarding the conduct of public business, including all participant names, message text, images, attachments, dates, and times, including any in trash or deleted folders or similar (see Good Government Guide - if the records have not been permanently deleted as of the time you receive this request, you must retrieve them from the so-called trash folders and provide them). Provide rolling responses. Provide exact copies including all metadata. There is no limitation by subject or date. If the total pages to

produce numbers over 500, inform me of the rough dates, employees involved, and subject matter, and I may be willing to narrow the initial production, AS LONG AS YOU PRESERVE ALL THE RECORDS.

2. This is a regular records request for text, chat, or instant messages between any non-department head/elected official (i.e. the other dept employees) and either Sean Elsbernd, Andrea Bruss, London Breed, Harlan Kelly, Jr., Naomi Kelly, Hank Heckel, or Walter Wong, including all group messages, and all messages in threads, in any form and any app (including, but not limited to, SMS, MMS, text, iMessage, Teams, Discord, WeChat, QQ, Signal, Telegram, WhatsApp, Facebook, Facebook Messenger, Twitter, Instagram, Hangouts, Meet, Slack, Skype, Viber, Snapchat, Line, Kik, FaceTime, Wickr Me, Chatroulette, Threema, KakaoTalk, Duo, GroupMe, Wire, Voxer, Allo, Tango, Bumble, Grindr, Tinder, Olive, Taimi, but NOT including email), on any government accounts/devices or on personal accounts or devices regarding the conduct of public business, including all participant names, message text, images, attachments, dates, and times, including any in trash or deleted folders or similar (see Good Government Guide - if the records have not been permanently deleted as of the time you receive this request, you must retrieve them from the so-called trash folders and provide them). Provide rolling responses. Provide exact copies including all metadata. There is no limitation by subject or date. If the total pages to produce numbers over 500, inform me of the rough dates, employees involved, and subject matter, and I may be willing to narrow the initial production, AS LONG AS YOU PRESERVE ALL THE RECORDS.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required notice of which of those records are available and non-exempt for inspection in-person if we so choose.

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing by specific statutory authority (SFAC 67.27).
- Every redaction must be keyed by footnote or by other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each above request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

I look forward to your lawful response.

RE: Public Records Request, dated December 07, 2020, Reference # P020722-120720

Dear Anonymous:

The San Francisco Police Department (SFPD) received your Public Records Act request, dated December 05, 2020, on December 07, 2020.

On December 7, SFPD acknowledged your request, and informed you that the 10-day maximum deadline to respond applies. Please refer to California Government Code Section 6253(c).

You requested, *“To San Francisco Police Department and its Department Head or Elected Official:*

***** DO NOT DESTROY ANY RESPONSIVE RECORDS. YOU MUST PRESERVE AND ORDER YOUR EMPLOYEES TO PRESERVE RECORDS DURING THE PENDENCY OF ALL APPEALS. WE WILL APPEAL ALL REDACTIONS OR WITHHOLDINGS. ** Immediate Disclosure Request.***

*Every department head/elected official must preserve and maintain all correspondence in a professional and businesslike manner (SFAC 67.29-7(a)) and also separately must comply with retention policies (SFAC 67.29-1). Note that if your retention policies do not retain text messages, I will argue before the SOTF and court that this is a failure to maintain ****all correspondence**** in a professional and businesslike manner.*

Relevant precedent: SOTF 19098 - Anonymous v SFPD. Unanimous finding of violation for unlawfully withholding text message metadata (including the to/from/etc. - note SFPD had provided the dates and times, and you must as well), and also for unlawfully printing and scanning electronic records which does not constitute a "copy" of an electronic record. See also prior rulings in my favor in SOTF 19044, 19047, 19091, 19098, 19103, and 19108 which ruled against the City for email, text messages, past and future calendar entries, meeting details, electronic metadata, and attachments.

The Mayor's Office appears to have destroyed their copies of certain text messages. I'd be happy to get them from her, if she preserved every record. Alas she did not, therefore we must now conduct a universal search of the City. You cannot refer me to another department unless you search and determine that you have no copies in your department. If this is causing more work for you, ask your Mayor to stop destroying her public records.

Note there are many anonymous requesters using MuckRock - I am just one of them. If you previously produced some subset of these records to a MuckRock email address, please reference that prior response so you do not duplicate work. If I am unable to get the prior MuckRock response because it is someone else's and they have marked it private, you will however need to provide me a copy here as well.

- *You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).*
- *Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in.”*

On December 15, 2020, SFPD invoked the extension of time to respond to your request pursuant to Government Code section 6253(c) because of the need to consult with another division of the agency.

On December 29, January 12, 2021, January 26, and February 9, SFPD informed you that we were still consulting with other divisions for responsive records.

SFPD is still in the process of consulting with another division for responsive records. We will continue to be in contact with you and provide you with an update by March 9.

Thank you for your courtesy in this regard.

Sincerely,

Lt. R. Andrew Cox #287

Sgt. Andraychak:

I've already spoken to Carmody's attorneys re: Herrera's release of similar documents without any redactions; I am not sure how that affects this records request.

But what about the rest of the record *without* his id number? Why isn't that being provided to me? You can't blame Carmody for SFPD not complying with its own CPRA requirements.

Supervisor of Records Herrera:

This is a 67.21(d) petition by 84031-44127205@requests.muckrock.com for the entire unredacted record known as P00995_f2_Redacted which was disclosed by SFPD on Jan 16, 2020 and then requested retracted on Aug 5, 2020 by the SFPD when I informed them there was an id number in it. It is now Feb 18, 2021. Please determine in writing that some or all of the record is public and order it disclosed. I already have parts of similar records from non-SFPD sources and will verify any alleged withholdings by corroborating the records.

Subject: Add'l SB 1421 Sup of Records petition (and for SOTF File 19144)

This is a distinct Supervisor of Records 67.21(d) petition regarding DPA's production of case 0164-16; please determine in writing the information or parts thereof are public and order them disclosed. No redaction key was provided. However, the following written justification was provided:

"The DPA has redacted graphic photographs and autopsy reports of decedent, Luis Demeterio Gongora. The DPA has concluded that the privacy of Mr. Gongora's family outweighs the public's interest in seeing graphic photographs and autopsy reports. If you obtain a notarized release from Mr. Gongora's parents to release the photographs and/or autopsy reports, we will do so."

Contrary to the requirements of SF Admin Code 67.27, there is no legal citation nor a court ruling that would create civil liability for the City. What court ruling allows a decedent's parents to control access to public records when the decedent was not a minor at the time of death which are not exempt under a specific law (Marsh v. County of San Diego)? Mr. Gongora's parents have no authority over what the City must release. This condition is stated nowhere in the CPRA or SB 1421 or Sunshine Ordinance. The DPA has simply invented its own legal justifications.

Some of these records may in fact be exempt under CCP sec 129 but ONLY the portions which are "photograph, negative, or print, including instant photographs and video recordings, of the body, or any portion of the body, of a deceased person, **taken by or for the coroner at the scene of death or in the course of a post mortem examination or autopsy.**" That does not include *all* gruesome photographs, nor *all* autopsy *report* information. Pursuant to Prop 59, the City cannot broaden this exemption beyond exactly what it says. Photos or bodycam footage taken by the SFPD that are not "for the coroner" are not exempt.

Supervisor of Records: This is a 67.21(d) petition against DPA for a written determination that records or parts thereof are public and an order for their disclosure.

SOTF: DPA has, now on February 12, 2021, appeared to start producing redaction keys on a single record. These keys and written justifications and withholdings however are still not compliant with the law.

1. Redaction justifications and keys are not compliant
2. Records not generated as part of the complaint investigation but physically located in the complaint file must not use PC 832 justifications as they are not police personnel records under *Eureka* and *LBPOA*
3. Audio and video records must be produced
4. Indices (whatever that means) must be produced

The full petition and exhibits are attached (PART 1 of 2 due to attachment size. You need both parts).

Supervisor of Records: This is 67.21(d) petition that some or all of the parts of records withheld below are public and an order against DPA for their disclosure, re: DPA file 0658-08.

SOTF re File 19144: On Feb 12, 2021, the DPA for the first time produced written justifications and redaction keys for a single record, however they remain non-compliant for the following reasons.

I. Redaction justifications and keys are not compliant

Every redaction must be keyed to a *specific* written justification. It is unclear why DPA is using a more vague redaction key than the Police Commission. DPA is for unknown reasons grouping together Attorney-Client and Attorney-Work Product privileges - which are different exemptions under different sections in the Evidence Code; SOTF has previously held this to be unlawful violating SFAC 67.27. DPA is for unknown reasons grouping together CLETS and CORI which are exempt under different sections of law. DPA also groups together California Penal Code § 832.7(b)(5)(C) and Welfare and Institutions Code § 5328 which are distinct justifications.

Some of the redactions are keyed to a non-existent key, like redaction “O” on Bates #000360 which is challenged.

II. Records not generated as part of the discipline/complaint process are not redactable or withholdable under the police personnel file rules

The mere physical presence of a public record in a police complaint file does not make the record a police personnel record subject to the heightened confidentiality of Penal Code 832.7, unless that record was “***generated in connection with***” the complaint investigation.

The Court of Appeal considered this issue in *City of Eureka v. Superior Court of Humboldt Cnty.* (2016), and the Supreme Court considered it in *Long Beach Police Officers Assn. v. City of Long Beach* (2014). As the Court of Appeal held in *Eureka* (pp 763-64, the emphasis on “generated” comes from the original decision; bold and underline is mine):

The arrest video does not come within section 832.8, subdivision (d), which defines “personnel records” as those relating a police officer's “advancement, appraisal, or discipline.” *Long Beach Police Officers Assn. v. City of Long Beach* (2014) 59 Cal.4th 59, 172 Cal.Rptr.3d 56, 325 P.3d 460 (LBPOA) supports our conclusion. There, our high court considered a public records act request for the identities of police officers involved in various shootings. (Id. at p. 71, 172 Cal.Rptr.3d 56, 325 P.3d 460.) The California Supreme Court concluded the information was not covered by the *Pitchess* statutes, explaining: “Although the *Pitchess* statutes limit public access to personnel records [citation], including officer names if they are *linked* to information in personnel records [citation], **many records routinely maintained by law enforcement agencies are not personnel records. For example, the information contained in**

the initial incident reports of an on-duty shooting are typically not 'personnel records' as that term is defined in ... section 832.8. It may be true that such shootings are routinely investigated by the employing agency, resulting eventually in some sort of officer appraisal or discipline. **But only the records generated in connection with that appraisal or discipline would come within the statutory definition of personnel records [citation.]** We do not read the phrase 'records relating to ... [¶] ... [¶] ... [e]mployee ... appraisal[] or discipline' [citation] so broadly as to include every record that might be *considered* for purposes of an officer's appraisal or discipline, for such a broad reading of the statute would sweep virtually all law enforcement records into the protected category of 'personnel records' [citation]." (*Ibid* .)

Here as in LBPOA, the City has not demonstrated the arrest video was "generated in connection" with Sergeant Laird's appraisal or discipline.

In this case, the appropriate portion of Penal Code 832.8 defining a personnel record is (a)(5) "Complaints, or investigations of complaints, concerning an event or transaction in which he or she participated, or which he or she perceived, and pertaining to the manner in which he or she performed his or her duties." Many of the records withheld/redacted were **not** generated in connection with the complaint or the investigation of the complaint. Therefore, DPA unlawfully redacted at least the following documents in record 0658-08:

1. Starting on Bates #000163, a public court case document has been redacted. This document was not submitted under seal and does not constitute a police officer personnel record and therefore is not subject to Penal Code 832.7(a) restrictions. All redactions are challenged. Moreover the POBRA and CI redactions therein cannot even apply to such a record. In fact, by performing a PACER and Internet search, I identified the improperly redacted document as Case 4:09-cv-00174-PJH, Document 29, which is completely publicly available on the N.D. Cal's public court website. The court's record is attached as Exhibit B. That analysis indicates that the purportedly confidential identity of Charles Haynes is also not actually confidential. Furthermore, such a record is not subject at all to the Penal Code 832.7(a) restrictions because the court document was not created by the City in connection with the complaint. The document was created by the City's legal opponent's attorney, Mr. Burris. It cannot possibly be part of the City's police personnel records.
2. Incident report on Bates #000060 and 61. Such incident reports are explicitly called out by the Supreme Court in *Long Beach*. The incident report number cannot be redacted. The name of the person arrested cannot be redacted (Gov Code 6254(f)). The two "POBRA"-keyed redactions are invalid because the POBRA does not in fact include incident reports pursuant to *Long Beach*. Whatever is behind those two redactions was not generated in connection with the complaint - it was generated for

the arrest which is just normal police business and not a police personnel record.

3. The "Unsealed Portion" of the officer's deposition on Bates #000305 through #000597. All redactions are challenged since these records are unsealed and publicly available. Moreover, the CI and POBRA-keyed redactions are challenged because those portions of the Penal Code do not apply to this record, which was created by an outside party as part of a civil suit not generated by the City's complaint investigation process.

III. Audio and video recordings must be produced and are not exempt due to cost of production

The DPA has withheld video recordings (instead producing some still photographs) and withheld audio recordings (instead producing some transcripts). DPA has no authority to produce only a different set of records because it is cheaper to do so - that justification does not comply with SFAC 67.27 because it does not constitute an exemption. Per local law and the state Supreme Court, the City must bear the entire cost of properly redacting the records (Admin Code 67.26; *Natl Lawyers Guild v City of Hayward (2020)*) and may charge me solely the physical cost of a copy, which is \$0 since the records are being provided online via NextRequest. Furthermore, videos of the incident are not even subject to the limited disclosure requirements of Penal Code 832.7, because such video footage does not constitute a police personnel record (unless it is a video-taped interview of the officers during the complaint process), because it could not possibly have been generated as part of the investigation into the officer (see *Eureka* and *LBPOA* above).

IV. Indices have been withheld for unknown reasons.

"Several indices" were withheld. It is unclear what this refers to and no legal justification for withholding was given. They must be produced.

Sincerely,

Anonymous

Public Records Release

The Department of Police Accountability (“DPA”) is producing records in response to a public records request made under California Penal Code § 832.7.

The responsive records in this production include documents related to SF DPA Case No. 0658-08. The case files are available to view or download on <https://sfdpa.nextrequest.com/requests/20-5> in a folder labeled “0658-08.”

As a preliminary matter, some of the above referenced file contains allegations of misconduct that are not subject to disclosure. Penal Code § 832.7 requires that peace officer personnel files be confidential except for four categories: (1) officer involved shootings, (2) uses of force that cause great bodily harm, (3) sustained findings of sexual assault, or (4) sustained findings of dishonesty. If a file therefore qualifies for disclosure under one of those four categories but also contains additional, unrelated misconduct, the unrelated conduct remains confidential pursuant to Penal Code § 832.7 and is redacted.

Redactions have been made to these records pursuant to the following exemptions:

California Penal Code § 832.7(a) - Except as provided in subdivision (b), the personnel records of peace officers and custodial officers and records maintained by any state or local agency pursuant to Section 832.5, or information obtained from these records, are confidential and shall not be disclosed in any criminal or civil proceeding except by discovery pursuant to Sections 1043 and 1046 of the Evidence Code.

6	PIND	Public Interest in Non-Disclosure. California Penal Code § 832.7(b)(6) – Information, including personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosure of the information.
7	CSD/CLETS	Confidential State Database. California Penal Code §§ 11105, 11145, 13100 et seq. CORI data (personal identifiable criminal history) and CLETS data (California Law Enforcement Telecommunications Systems).

I. INTRODUCTION

25 Plaintiff Charles Haynes opposes Defendants’ Motion for Partial Summary Judgment of his
26 claim of civil rights violations pursuant to 42 U.S.C. section 1983, and also alleging state law causes
27 of action. This Court should reject Defendants Motion for Partial Summary Judgment as it relies
28 upon this Court resolving disputed material factual questions in favor of the Defendants.

In conjunction with this Opposition, Plaintiff has filed the Declaration of Benjamin Nisenbaum (hereinafter cited as the “Nisenbaum Declaration”), which includes: excerpts of the

1 Deposition testimony of Plaintiff Haynes, percipient witness Kellen Greathouse, and Defendant
 2 Officer Paulo Morgado, as well an authenticated videotape of the subject-incident, Defendant
 3 Morgado’s police report of the subject incident, multiple other complaints and civil dockets of other
 4 lawsuits alleging civil rights violations committed by members of the San Francisco Police
 5 Department, and the Stipulation of the Parties for Purposes of the Motion for Partial Summary
 6 Judgment—references to which are filed under seal. In addition, Plaintiff asks the Court to take
 7 judicial notice of pleadings and orders filed in the other lawsuits alleging civil rights violations
 8 against other San Francisco Police Department members that are under seal.

MEMORANDUM OF POINTS AND AUTHORITIES**IV. STATEMENT OF FACTS**

1
2
3 On March 8, 2008, Plaintiff Charles Haynes assisted his friend, Kellen Greathouse, a DJ, to
4 provide music at a party held at Zeke's nightclub in San Francisco. (See Deposition Testimony of
5 Charles Haynes 56:23, 63:21-64:5, attached as Exhibit A to the Nisenbaum Declaration, hereinafter
6 cited as "Haynes Depo".) Plaintiff Haynes is an MC and served as a "hype man" and performed
7 crowd control by speaking to the partygoers, while Mr. Greenhouse, actually played the music.
8 (Haynes Depo at 72:12-14) Through the course of the night, Plaintiff Haynes recalled drinking two
9 (and possibly a third) alcoholic drinks. (Haynes Depo at 73:18-23.) Plaintiff Haynes was not drunk,
10 and did not feel "buzzed" or any other effects of alcohol upon consuming the drinks. (Haynes Depo
11 at 77:21-78:6.)

12 Between approximately 1 a.m. and 2 a.m., after the party ended, Plaintiff Haynes crossed the
13 street directly in front of the nightclub, walked a woman partially to her car, and then headed back to
14 the nightclub. (Haynes Depo at 56:23, 82:9-15.) As Plaintiff Haynes approached the crosswalk, he
15 observed two police officers walking towards him. (Haynes Depo at 91:6, 92:3.) Plaintiff Haynes
16 and the officers walked past each other while in the crosswalk and there was no physical contact
17 between him and the officers. (Haynes Depo at 93:3-10, 94:9-18.) As Plaintiff Haynes passed the
18 officers, Defendant San Francisco Police Officer Paulo Morgado, who was the officer nearest him
19 and was only a few feet away, told Plaintiff, "to get off the fucking street, boy." (Haynes Depo at
20 97:2-98:19.) Plaintiff Haynes heard Defendant Morgado's comment very clearly, was instantly upset
21 and offended and reacted by saying, "fucking faggot." (Haynes Depo at 99:7-23, 100:7-101:11.)
22 Plaintiff Haynes then continued to walk across the street and approached the nightclub. (Haynes
23 Depo at 102:15, 103:1-4.)

24 Defendant Morgado turned to follow Plaintiff Haynes and yelled and cursed at him as
25 approached. (Haynes Depo at 103:6-14.) When Plaintiff Haynes reached the entrance of the
26 nightclub he turned to face Defendant Morgado who then shoved him in his chest causing the
27 Plaintiff to stumble backwards, hit the wall behind him and fall to the ground. (Haynes Depo at
28 107:3-20.) Plaintiff hit the back of his head, arms and back against the wall, fell and landed on his

1 bottom and stood back up. (Haynes Depo at 108:2-22.) During this time Defendant Morgado
 2 continue to yell at and berate Plaintiff Haynes, including calling him a “piece of shit.” (Haynes Depo
 3 at 110:12-25.) Plaintiff suffered a scrape to his hand and bump on the back of head as well as some
 4 emotional consequences as a result of this incident. (Haynes Depo at 116:3, 119:19-120:16.)
 5 Defendant Morgado arrested Plaintiff without cause to believe Plaintiff had committed any crime
 6 whatsoever, and instead falsely claimed that Plaintiff was drunk and a danger to himself. (See
 7 Deposition Testimony of Paulo Morgado 195:6-12, 216:12-18, attached as Exhibit B to the
 8 Nisenbaum Declaration, hereinafter cited as “Morgado Depo.”)

9 Just as Plaintiff Haynes walked past the officers, Mr. Greathouse had begun videotaping his
 10 helpers load his DJ equipment and captured the entire incident between Plaintiff Haynes and
 11 Defendant Morgado on video.¹ (See Deposition Testimony of Kellen Greathouse 22:1-8, attached as
 12 Exhibit C to the Nisenbaum Declaration, hereinafter cited as “Greathouse Depo.”) Mr. Greathouse
 13 provided the original tape of the incident to San Francisco Police investigators upon their request.
 14 (Greathouse Depo at 20:24-21:10, 27:14-18.)

15 V. ARGUMENT

16 A. STANDARD FOR SUMMARY JUDGMENT

17 Summary judgment is proper when the “pleadings, depositions, answers to interrogatories,
 18 and admissions on file, together with affidavits, if any, show that there is no genuine issue as to any
 19 material fact and that the moving party is entitled to judgment as a matter of law.” Fed.R.Civ.P.
 20 §56(c). Material facts are those which may affect the outcome of the case. *Anderson v. Liberty*
 21 *Lobby, Inc.*, 447 U.S. 242, 248 (1986). A dispute as to a material fact is “genuine” if there is
 22 sufficient evidence for a reasonable trier of fact to return a verdict for the nonmoving party. *Id.* at pp.
 23 248-249.

24 When considering a motion for summary judgment, the court may not weigh disputed
 25 evidence with respect to a disputed material fact, or make credibility determinations, and is required
 26

27 ¹ Plaintiff has attached an authenticated video of the subject-incident as Exhibit D to the Nisenbaum Declaration
 28 (hereinafter referred to as Exhibit C). Contrary to Defendants’ claim and as discussed *infra*, Plaintiff submits that the
 video footage of the arrest is relevant to Plaintiff’s *Monell* claim against Defendant City. The video footage stands in
 stark contrast to the representations Defendant Morgado made in his incident report and is illustrative of the type of
 dishonesty that he routinely employs.

1 to draw all inferences in a light most favorable to the non-moving party. *Nelson v. City of Davis*, 571
 2 F.3d 924, 928-929 (9th Cir 2009). In addition, the Court should not grant summary judgment where
 3 there are undisputed facts which reasonably lend themselves to different inferences. *Sankovich v.*
 4 *Life Ins. Co. of N. Am.* 638 F.2d 136 (9th Cir. 1981). The court must evaluate the evidence and
 5 reasonable inferences to determine whether there is sufficient probative evidence to permit “a finding
 6 in favor of the opposing party based on more than mere speculation, conjecture, or fantasy.” *O.S.C.*
 7 *Corp. v. Apple Computer, Inc.*, 792 F.2d 1464, 1466-1467 (9th Cir. 1986), quoting *Barnes v. Arden*
 8 *Mayfair, Inc.*, 759 F.2d 676, 681 (9th Cir. 1985).

9 A principal purpose of the summary judgment procedure is to identify and dispose of
 10 factually unsupported claims. *Celotex Corp. v. Cattrett*, 477 U.S. 317, 323-24 (1986). The party
 11 seeking summary judgment bears the initial burden of identifying those portions of the pleadings,
 12 discovery, and affidavits which demonstrate the absence of a genuine issue of material fact. *Celotex*,
 13 *supra*, at p. 323. Where the moving party will have the burden of proof on an issue at trial, it must
 14 affirmatively demonstrate that no reasonable trier of fact could find other than for the moving party.
 15 *Id.*; *Southern California Gas Co. v. City of Santa Ana*, 336 F.3d 885, 888 (9th Cir. 2003). Once the
 16 moving party meets this initial burden, the nonmoving party must go beyond the pleadings and by its
 17 own evidence “set forth specific facts showing that there is a genuine issue for trial.” Fed.R.Civ.P.
 18 56(e). The nonmoving party must “identify with reasonable particularity the evidence that precludes
 19 summary judgment.” *Keenan v. Allan*, 91 F.3d 1275, 1279 (9th Cir.1996) (quoting *Richards v.*
 20 *Combined Ins. Co.*, 55 F.3d 247, 251 (7th Cir.1995)).

21
 22 **B. DEFENDANT CITY’S MOTION FOR SUMMARY JUDGMENT MUST FAIL**

23 Defendants claim that Plaintiff lacks evidence to prove that Defendant City fails to effectively
 24 monitor its officers’ conduct and to address officer conduct appropriately and urges that Plaintiff’s
 25 *Monell* claim must fail. Plaintiff maintains that Defendant City is liable pursuant to *Monell v.*
 26 *Department of Social Services*, 436 U.S. 658 (1978).

1 ***Factual Background***

2 After the subject-incident Defendant Morgado prepared an incident report including the
3 following narrative:

4 “On the above date and time, Ofc. Forneris #2106 and I responded to 3rd
5 St./Brannan for a report of shot fired. Upon arrival, we saw a large crowd of unknown
6 people. When trying to disperse the crowd, I was approached by (B) Haynes in the
7 middle of the crosswalk at 3rd St./Brannan.

8 Haynes said something to me that I could not understand so I asked him what he
9 needed. At that time, Haynes said, “Fuck you little bitch.” I then told Haynes to get
10 on the sidewalk for his safety so that he would not get hit by passing vehicles. Haynes
11 said, “Fuck you little bitch.” While talking to Haynes I could smell a strong odor of
12 alcoholic beverage on his breath. It should be noted that Haynes had slurred speech
13 and was very aggitated (sic). It was unclear what else he had said to me because he
14 appeared to be extremely intoxicated. I then tried to detain Haynes for his own safety
15 for fear that he would be struck by passing vehicles. Haynes then walked away back
16 towards the sidewalk. I told Haynes to stop several times at which point he turned
17 around and came towards me in an aggressive manner. In an attempt to detain Haynes
18 I pushed Haynes up against a wall where I then took him into custody.

19 Haynes was booked at CJ9 for 647(f) PC RWS with the approval of Sgt. Roualdes
20 #1551.”

21 (See San Francisco Police Department incident report no. 080-219-447, dated 3/1/08, attached to
22 Nisenbaum Declaration as Exhibit E, hereinafter cited as “Incident Report.”) This representation of
23 the subject-incident stands in stark contrast to the video footage of Plaintiff Haynes’ arrest which
24 shows that there was no repeated back and forth between Plaintiff Haynes and Defendant Morgado,
25 that Plaintiff Haynes’ speech was not slurred, that he was not extremely agitated but calm, and that
26 there was no imminent traffic danger. (See Incident Report, narrative portion.)

27 Plaintiff alleges that Defendant Morgado also made false statements in the incident report and
28 during his deposition testimony pertaining to the wrongful death of Asa Sullivan which occurred on
June 6, 2006 at 2 Garces Drive in San Francisco, CA. (See *Espinosa, et al. v. City and County of San
Francisco, et al.* Northern District case no. C 06 04686 JSW attached as Exhibit F to the Nisenbaum
Declaration.) In that case, Defendant Morgado claimed security guards authorized his warrantless
entry into a residence after they confirmed with property management that the owners on the lease
had moved out the previous weekend. However, the evidence revealed that the property management

1 told the security guards that the unit was still rented as the owners had given notice but had not yet
 2 moved out of the apartment, and the security guards told Defendant Morgado that the unit was still
 3 rented and no one had moved out; and that Defendant Morgado never sought or received consent to
 4 search the property. (See Order Re Parties' Cross-Motion for Summary Judgment at 7:7-14,
 5 Document 175 in *Espinosa, et al. v. City and County of San Francisco, et al.* case no. C 06 04686
 6 JSW, attached to the Nisenbaum Declaration as Exhibit G.)

7 In *James Henry Washburn, Jr. v. San Francisco Police Officers Paulo Morgado, et al.* USDC
 8 Northern District Case No. C 03 02973 JSW (MEJ), Defendant Morgado was accused of yelling at a
 9 man "You bitch!" and using excessive force and falsely arresting the man. Defendant Morgado
 10 claimed in his incident report that Mr. Washburn pulled and broke his little finger which caused Mr.
 11 Washburn to face felony charges of battery on an officer. However, Defendant Morgado admitted in
 12 the preliminary hearing in that case, that he had concealed an earlier injury to the same finger, and
 13 that his punching Mr. Washburn may have caused the fracture to his finger. (See Reporter's
 14 Transcript of Proceedings (Preliminary Hearing Transcript), *People v. James Washburn*, Court No.
 15 2047359 at 26:23-28:28, 32:22-33:3, attached to Nisenbaum Declaration as Exhibit H, hereinafter
 16 cited as "Preliminary Hearing.")

17 Moreover, Plaintiff alleges that on numerous occasions other members of the San Francisco
 18 Police Department have used false claims of public intoxication as a cover for arresting people
 19 without probable cause to arrest. Notably, several lawsuits filed against San Francisco Police
 20 Department Officer Jesse Serna have alleged that Officer Serna falsely claimed that people he
 21 arrested and/or used force against were publicly intoxicated in violation of Penal Code section 647(f)
 22 (see, e.g., *Marco Maestrini v. City and County of San Francisco, Jesse Serna, et al.* Northern District
 23 case no. C 07 2941 PJH, among many other cases) which is similar to underlying facts of the subject-
 24 incident.

6 ***Legal Analysis***

7 Pursuant to *Monell v. Department of Social Services, supra*, “Congress did not intend for
8 municipalities to be held liable unless action pursuant to official municipal policy of some nature
9 cause a constitutional tort.” *Id.* at p. 691. In order to establish that Defendants City and Chief Fong
10 are liable, Plaintiff must show that he: “(1) possessed a constitutional right of which he was deprived;
11 (2) that the County had a policy; (3) that the policy ‘amounts to deliberate indifference’ to the
12 constitutional right; and (4) that the policy is the ‘moving force behind the constitutional violation.’”
13 *Anderson v. Warner*, 451 F.3d 1063, 1070 (9th Cir.2006) (quoting *Oviatt v. Pearce*, 954 F.2d 1470,
14 1474 (9th Cir.1992) (in turn quoting *City of Canton v. Harris*, 489 U.S. 378, 389-91 (1989)). “There
15 also must be a ‘direct causal link’ between the policy or custom and the injury,” and Plaintiff “must
16 be able to demonstrate that the injury resulted from a ‘permanent and well settled practice.’” (*Ibid.*
17 (quoting *McDade v. West*, 223 F.3d 1135, 1141 (9th Cir.2000) (internal quotations omitted)). A
18 municipality may not be held liable under Section 1983 where no injury or constitutional violation
19 has occurred. *Jackson v. City of Bremerton*, 268 F.3d 646, 653 (9th Cir.2001). The failure to train or
20 supervise may give rise to a “policy or custom” sufficient to impose liability on the City. *City of*
21 *Canton, supra*, 489 U.S. at 389- 90.

22 A plaintiff may prove the existence of a custom or informal policy with evidence of repeated
23 constitutional violations for which the errant municipal officials were not discharged or reprimanded.
24 See *Gillette v. Delmore*, 979 F.2d 1342, 1348 (9th Cir. 1992); *Nadell v. Las Vegas Metro Police*
25 *Dept.*, 979 F.3d 924, 930 (9th Cir. 2001) (finding no municipal liability because there was no
26 evidence at trial establishing that the use of excessive force was a formal policy, that there was a
27 widespread practice of the police department or that previous violations had occurred for which there
28 was no reprimand or discharge); *Gomez v. Vernon*, 255 F.3d 1118, 1127 (9th Cir. 2001) (holding that

1 correctional department administrators may not take “blind-eye” approach and that condoning
2 unconstitutional acts by the failure to investigate or correct the repeated violations constitutes a
3 policy or custom under *Monell*). In *Fiacco v. City of Rensselaer, N.Y.*, 783 F.2d 319, 328 (Cir. 2nd
4 1986), the Second Circuit Court stated:

5 We have no doubt that, in the context of a theory that the City negligently
6 supervised its officers in their use of force, the evidence that a large number of
7 claims of police brutality had been made by other persons against the City,
8 together with evidence as to the City’s treatment of these claims, was relevant.
9 Whether or not the claims had validity, the very assertion of a number of such
10 claims put the City of notice that there was a possibility that its police officers had
11 used excessive force. The City’s knowledge of these allegations, and the nature
12 and extent of its efforts to investigate and record the claims were pertinent to
13 Fiacco’s contention that the City had a policy of nonsupervision of its policemen
14 that reflected a deliberate indifference to their use of excessive force. **The fact
15 that none of the claims had yet been adjudicated in favor of the claimant was
16 not material; if the City’s efforts to evaluate the claims were so superficial as
17 to suggest that its official attitude was one of indifference to the truth of the
18 claim, such an attitude would bespeak an indifference to the rights asserted
19 in those claims....** Proof that other claims were met with indifference for their
20 truth may be one way of satisfying the plaintiffs' burden.

21 The Ninth Circuit stated in *Henry v. County of Shasta*, 132 F.3d 512, 519 (9th Cir. 1997), that
22 when a municipality “turn[s] a blind eye to severe violations of inmates’ constitutional rights—
23 despite having received notice of such violations—a rational fact finder may properly infer the
24 existence of a previous policy or custom of deliberate indifference.”

25 Plaintiff asserts that the focus of the Defendant City’s system of review of its officers’ behavior
26 focuses on excessive force and does not focus on dishonesty and perjury in incident reports.

27 **FILED UNDER SEAL** (See Stipulation at ¶5.)

28 (See Preliminary Hearing Transcript at 28:15-28.) **FILED**

UNDER SEAL (See Morgado Depo at 114:4-11.)

1 Given Defendant Morgado's brazen and audacious misrepresentations in the incident report of
 2 the subject-incident and history of dishonesty and penchant for providing perjuries and false
 3 testimony under oath, a reasonable fact finder can determine that it is unreasonable for Defendant
 4 City to have never disciplined this officer on these types of offenses. Moreover, a reasonable fact
 5 finder may conclude that Defendant City has a policy or custom of authorizing or permitting false
 6 incident reporting by its officers. Defendant City cannot claim that it was unaware of Defendant
 7 Morgado's penchant for misrepresenting, exaggerating, and/or outright falsifying statements to
 8 justify unlawful arrests or unlawful courses of action, such as the warrantless entry leading to the
 9 killing of Asa Sullivan, as some of these abuses have been exposed through other litigation.
 10 Strikingly, Defendant Morgado testified in deposition that no investigating agent of the San Francisco
 11 Police Department has questioned the credibility of his statements concerning what information
 12 security guards either did (according to Morgado) or did not (according to the security guards)
 13 provide him leading to the warrantless entry into 2 Garces Drive.

14 This Court must reject Defendants' argument on this point.

15 **C. PLAINTIFF'S CLAIMS PURSUANT TO THE CALIFORNIA CIVIL CODE ARE**
 16 **PROPERLY ADVANCED, SUPPORTED BY THE EVIDENCE AND MUST GO FORWARD**

17 Defendants also contend that they are entitled to judgment as a matter of law as to Plaintiff's
 18 claims of violation of California Civil Code sections 51.7 and 52.1, claiming that these claims are not
 19 supported by the evidence. Defendants are mistaken.

20
 21
 22 **1. California Civil Code Section 51.7**

23 Defendants argue that Plaintiff has no evidence to support the claim that Officer Morgado's
 24 actions against Plaintiff were motivated by racial animus. Defendants are mistaken. The record
 25 reveals that the underlying impetus for the amount of force used and animus directed at *and*
 26 ultimately the false arrest of Plaintiff Haynes was due to his race as of an African American Man.

27 California Civil Code section 51.7 protects against the use of "violence, or intimidation by
 28 threat of violence, committed against their persons or property. . . on account of" a protected

1 characteristic. Cal. Civil Code § 51.7(a). The characteristics protected by Civil Code section 51.7
2 include those characteristics identified under Civil Code section 51(b), which states: “All persons
3 within the jurisdiction of this state are free and equal, and no matter what their sex, *race, color,*
4 religion, ancestry, national origin, disability, medical condition, marital status, or sexual orientation
5 are entitled to the full and equal accommodations, advantages, facilities, privileges, or services in all
6 business establishments of every kind whatsoever.” (Emphasis added.)

7 Here, Plaintiff is readily recognizable as an African American man. Without provocation or
8 reason, Defendant Morgado told him, “to get out of the fucking street, boy?” (See Haynes Depo at
9 97:2-7.) The term “boy” has a long and commonly-known history of being a racial epithet—
10 especially when uttered, as under these circumstances, by a Caucasian law enforcement officer to a
11 fully grown and mature black man. A reasonable finder of fact can determine that by making this
12 remark, Defendant Morgado invoked the historic, most offensive and racially charged usage of the
13 term “boy.” Moreover, given that Defendant Morgado’s use of this epithet was completely
14 unprovoked, a reasonable finder of fact can also determine that Plaintiff’s race was the motivating
15 reason for defendant use of the term and resulting use of excessive force on *and* false arrest of
16 Plaintiff Haynes.

17 Defendants’ claim that Officer Morgado arrested Plaintiff Haynes due to his comment
18 “fucking faggot” is disingenuous and is a dizzying attempt to split hairs. According to Plaintiff
19 Haynes, as he passed the two officers in the crosswalk, Defendant Morgado for no reason at all told
20 him to “get out of the fucking street, boy,” and Plaintiff Haynes instinctively and without thinking
21 *reacted* by calling Defendant Morgado a “fucking faggot.” (Haynes Depo at 100:7-17) As Plaintiff
22 Haynes testified and the videotape reveals, he did not act aggressively toward the Defendant officer.
23 In addition, according to Defendant Morgado he did not arrest Plaintiff Haynes because of his
24 comment but rather because Plaintiff was obviously intoxicated and was a danger to himself and
25 others. Indeed, Defendant Morgado claimed to not be fazed by Plaintiff Haynes’ comment as he used
26 to insults being hurled at him. (Morgado Depo at 203:2-10.) Officer Morgado also testified that
27 what Plaintiff said to him was not a basis to arrest him. (Morgado Depo at 236:23-237:9.).
28

1 Clearly, the evidence supports Plaintiff's claims of violation of California Civil Code section
2 51.7 based on racial discrimination.

3 **2. California Civil Code section 52.1**

4 Defendants argue that Plaintiff's claim under California Civil Code section 52.1 should fail
5 because there is no evidence that Defendant Morgado's use of force was intended to interfere with a
6 separate right. In so arguing, Defendants reveal a mistaken understanding of the requirements of the
7 statute; as such, this argument must be rejected.

8 Citing *Jones v. Kmart Corp.*, 17 Cal.4th 329, 334 (1998), Defendants argue that California
9 Civil Code section 52.1 violations require that Plaintiff show "both 'threats, intimidation and
10 coercion' and an interference or attempted interference with a constitutional right," and Plaintiff,
11 somehow, impermissibly conflates these separate elements into one. California Civil Code section
12 52.1 provides for the institution of a civil action against a person who "interferes by threats,
13 intimidation, or coercion, or attempt to interfere by threats, intimidation, or coercion, with the
14 exercise or enjoyment by any individual . . . of rights secured by the Constitution or laws of the
15 United States, or . . . of this state." Defendants' reliance on *Jones* is misplaced here, because the
16 *Jones* Court found that the plaintiffs failed to prove a California Civil Code section 52.1 claim
17 because there was no state action, and thus, there was no attempted or completed interference with a
18 constitutional right. *Jones, supra*, at pp. 333-34. In addition, Defendants' discourse on CACI No.
19 3025, while interesting, is not persuasive, as jury instruction are no substitute for statutory and case
20 law directly on point as Plaintiff presents here. The clear language of California Civil Code section
21 52.1 is that the "threats, intimidation, or coercion" refers to the manner in which the violation is
22 committed.

23 To establish a claim under California Civil Code section 52.1, a plaintiff needs to establish
24 that the defendants "interfered with the plaintiff[']s constitutional rights by the requisite threats,
25 intimidation, or coercion." *Austin v. Escondido Union School Dist.*, 149 Cal.App.4th 869, 882 (2007).
26 The word "interferes" under this statute means "violates." *Id.* at p. 883. "The essence of [this] claim
27 is that the defendant, by the specified improper means (i.e., "threats, intimidation or coercion"), tried
28 to or did prevent the plaintiff from doing something that he or she had the right to do under the law or

1 force the plaintiff to do something that he or she was not required to do under the law.” *Ibid.* Use of
 2 law enforcement authority to effectuate a seizure and a search can constitute interference by “threats,
 3 interference, or coercion” if the police officer lacked a justification to seize and search a person. *Cole*
 4 *v. Doe 1 thru 2 Officers of City of Emeryville Police Dept.*, 387 F.Supp.2d 1084, 1102-1103 (N.D.
 5 Cal. 2005).

6 Here, Defendant Morgado used excessive force by pushing and shoving Plaintiff Haynes,
 7 used excessive force to violate Plaintiff’s First Amendment rights and intimidate him from calling
 8 Defendant Morgado an insulting name (although it was only in response to Morgado’s use of a
 9 racially charged epithet), and ultimately to affect the false arrest of Plaintiff.

10 Defendants are mistaken that Plaintiff Haynes comment is not protected by the guarantees of
 11 the First Amendment right to free speech. The First Amendment to the United States Constitution
 12 protects the rights of citizens to verbally oppose and even challenge police action so long as that
 13 challenge does not involve a threat or fighting words. *Gulliford v. Pierce County*, 136 F.3d 1345,
 14 1349 (9th Cir. 1998) (citing *City of Houston, Texas v. Hill*, 482 U.S. 451, 461-63, 107 S.Ct. 2502,
 15 2509-11, 96 L.Ed.2d 398 (1987))(internal quotations omitted)(finding “[t]he Supreme Court has
 16 consistently held that the First Amendment protects verbal criticism, challenges, and profanity
 17 directed at police officers unless the speech is ““shown likely to produce a clear and present danger of
 18 a serious substantive evil that rises far above public inconvenience, annoyance or unrest.””) This
 19 protection includes opprobrious language and gestures. See *Guillford, supra*, at p. 1349 (holding that
 20 yelling “...get the fuck off the island.” Did not constitute fighting words and did not rise to the level
 21 of probable cause for arrest); *Duran v. City of Douglas, Arizona*, 904 F.2d 1372, 1374-75 (9th Cir.
 22 1990) (finding that yelling obscenities and making obscene gestures did not constitute fighting
 23 words). In *U.S. v. Poocha*, 259 F.3d 1077, 1082 (9th Cir. 2001), the Ninth Circuit Court found that
 24 “[c]riticism of the police, profane or otherwise, is not a crime,” and determined that “speech is not
 25 stripped of its constitutional protection simply because it is accompanied by [] aggressive
 26 gestures....”

27 Here, Plaintiff Haynes reacted to Defendant Morgado’s racial insult by making his comment
 28 and continuing to walk away. Plaintiff was not aggressive or confrontational but responsive to being

1 insulted by Defendant Morgado. Notably, he did not yell the insult, he merely spoke it. (Morgado
2 Depo at 195:3-4; Haynes Depo at 100:23.) Defendant Officer Morgado had insulted him first, and
3 Plaintiff merely responded in a calm and controlled manner, and then walked away, *toward the*
4 *sidewalk as Defendant Morgado had ordered him to do*. The exchange was over from Plaintiff's
5 perspective. As the Ninth Circuit rationalized, "while police, no less than anyone else, may resent
6 having obscene words and gestures directed at them, they may not exercise the awesome power at
7 their disposal to punish individuals for conduct that is not merely lawful, but protected by the First
8 Amendment." *Duran, supra*, 904 F.2d at 1378. Defendant Morgado then charged at, berated, shoved
9 and injured, and ultimately falsely arrested Plaintiff Haynes merely because of something he
10 mistakenly thought Plaintiff had said (a different insult, "Little Bitch" which Morgado might have
11 taken to reference his height. Officer Morgado is 5'7"). As shown on video, Plaintiff is significantly
12 shorter than Officer Morgado. Plaintiff in fact is 5'00". (See Morgado Depo at 182:7-10, 183:22-
13 23.)

14 As such, Defendants' arguments must fail and this issue should be decided by the trier of fact.

VI. CONCLUSION

Defendants' Motion for Partial Summary Judgment should be denied. This Court should reject the Defendants' argument that Plaintiff's causes of action only serve to obfuscate the legal issues for the trier of fact. Plaintiff's claims are properly pleaded and supported by the evidence and should go forward.

SOTF: DPA has, now on February 12, 2021, appeared to start producing redaction keys on a single record. These keys and written justifications and withholdings however are still not compliant with the law.

1. Redaction justifications and keys are not compliant
2. Records not generated as part of the complaint investigation but physically located in the complaint file must not use PC 832 justifications as they are not police personnel records under *Eureka* and *LBPOA*
3. Audio and video records must be produced
4. Indices (whatever that means) must be produced

Thank you Mr. Givner for the detailed SoR response. DA's office: you have not *yourself* ever completely responded to this request (attached). You cannot rely on the SoR for your records responses.

Supervisor of Records - in part C below, I further petition you under SFAC 67.21(d) to determine parts of records are public and order them disclosed.

SOTF:

Please file a new complaint *Anonymous* (104501-34643874@requests.muckrock.com) vs *Chesa Boudin and Office of District Attorney*, under SFAC 67.21(b) incomplete response, 67.26 failure to keep withholding to a minimum, 67.26 failure to provide footnote or other clear reference to justification for redactions, 67.27 withholding without written justification, 67.24(g,i) prohibited public interest balancing test, and CPRA Gov Code 6253(c) untimely response.

A. Request:

I requested Nov 3, 2020 from the DA (among other records not at issue in this complaint):

1. All Brady, Giglio, potential impeachment, or unreliable witness lists ever created by the District Attorney's office, including every version you currently retain in any form. Such records do not escape the exceptions to the exemptions of PC 832.7 merely because the persons do not work for your office, *Becerra v Superior Court (First Amendment Coalition, 2020)*.
2. All Brady, Giglio, potential impeachment, or unreliable witness lists ever created by any other party in the possession of your office, including every version you currently retain in any form. Such records do not escape the exceptions to the exemptions of PC 832.7 merely because the persons do not work for your office, *Becerra v Superior Court (First Amendment Coalition, 2020)*.
3. In simple terms, I want all SB 1421 records you have retained, and I want a quantity/existence/form statement, even if you believe their contents are exempt. Just like the AG in *Becerra v Superior Court*, if you retained any misconduct records you must release your own copies, regardless of what SFPD/DPA/SFSD do. But here's the full request: (*see attachment*)

B. Complaint for Request #3 (SFAC 67.26, 67.27, 67.24(g,i)):

Respondents have begun producing rolling responses to #3 for me as they are doing for the public at large, but their responses lack specific written justification and footnotes or keys for redactions. They claim as an overall justification:

"Records of attorney work product have been withheld in accordance to Cal. Govt. Code § 6254(k); Cal. Code Civ. Proc. §2018.030. Appropriate redactions have also been made pursuant to Penal Code Section 832.7(b)(5) and (6)."

First, Penal Code 832.7(b)(5) is not a single justification - it has 4 different subparts, A, B, C, and D, which exempt completely different information. They must cite which subsections are being used. See SOTF *19140 Malloy vs Dept of Human Resources*.

Second, redactions must be keyed to specific justifications. No keys for any redaction are evident in the productions provided by DA. Respondents should look to the Police Commission - every redaction in an SB1421 record is keyed with a number to an index indicating exactly which subsection of Penal Code 832.7(b)(5) (there are 4 of them) or other exemption is used. (SFPD has begun correctly producing their records as all new SB1421 SFPD records have redaction keys; DPA claims to both SOTF and Police Commission that DPA is correcting its practices but I have seen no evidence as of yet.)

Third, PC 832.7(b)(6) is a prohibited public-interest balancing test. Like the Police Commission (who had the same problem), DA should find other specific explicit justifications instead of using this catch-all. Furthermore, even if you consider such a balancing test applicable, you should conclude that the balance weighs in favor of disclosure. Sadly, we have no idea what the DA has withheld/redacted under this provision. The Police agencies claim to use this exemption for gruesome photos, but such subjective censorship has no place in San Francisco. (If a photo is a specific photo of a **deceased** body taken **for** the coroner, there is a separate, valid, exemption to be used, Code Civ. Proc., § 129. But subjectively gruesome photos of injured - but not dead - people have no exemption.)

Fourth, it is very likely that this written justification is actually incomplete and wrong. SFPD, Police Commission, and DPA correctly note various other justifications: CLETS, attorney-client privilege, Constitutional personal privacy, coroner photography, and much more. It is almost certain that such exemptions also apply to the DA but were not provided in the written justifications.

Because the justification was incorrect or prohibited and no redaction keys were provided at the time of the complaint, you should find a violation of 67.26, 67.27, and/or 67.24(g,i).

C. Complaint for Request #1 and 2 (67.21(b), GC 6253(c), 67.26, 67.27):

Background:

Brady/Giglio lists refer to lists of certain persons, like police officers, whose involvement in a criminal case the District Attorney must notify defendants of, pursuant to SCOTUS ruling *Brady v. Maryland* (1963) holding that prosecutors must disclose exculpatory evidence to defendants and their attorneys, because not doing so would violate due process under the Fourteenth Amendment. *Giglio v United States* (1972) expanded the ruling in *Brady* to include a requirement for prosecutors to disclose information about dishonest witnesses.

A sustained determination of dishonesty against a peace officer causes **all** related records to be disclosable under SB 1421 (Penal Code 832.7(b)(1)(C)). Specifically, these records are disclosable **notwithstanding** other exemptions, most importantly Penal Code 832.7(a) (police

personnel records) and Gov Code 6254(f) (police investigations).

Narrative:

On Nov 24, 2020 the DA indefinitely extended the response to these requests 1 and 2, but has never given a final written response. (There is a third request in this set, but that request, for SB1421 material, is being responded to, and not at issue here.)

Instead the only response I've ever gotten is from the Supervisor of Records, denying all access to the DA's records. Please note that this failure by DA to make their own decision is not compliant with the CPRA or the Sunshine Ordinance, and constitutes an incomplete response and a failure to justify withholding in writing. Without a DA response, all I have to go on is the SoR response. I can only hope that the DA does, as the law requires, provide me a legal written justification themselves, and

My complaint challenges the following portions of this SoR reply, specifically for #2 (lists produced by other agencies and in the custody of DA). I do not, in this complaint, but without conceding the point, challenge the SoR's determination that records responsive to #1 constitute privileged attorney work-product.

- SoR Response A. "The only lists in the requested categories that are created by an outside agency and maintained by the SFDA's office are lists provided to the SFDA by the San Francisco Police Department ("SFPD"), and such lists are exempt from disclosure in their entirety under Government Code sections 6254.5(e) and 6254(k), and under Evidence Code 1040(b)(2) (the official information privilege), as the lists were provided to the SFDA by the SFPD with an explicit confidentiality designation, and the public interest in withholding the records outweighs the public interest in disclosure because disclosure of the requested lists would impede the SFDA's ability to comply with its Brady and Giglio obligations while protecting the integrity of ongoing and future investigations."
 - Gov Code 6254.5(e) does not exempt information - it merely prevents specific types of inter-agency disclosure from constituting a waiver of *other* exemptions. So let's put that aside.
 - Evid Code 1040(b)(2) (used under Gov Code 6254(k)) requires not only that information be received in confidence and that disclosure be "against public interest because there is a necessity for preserving the confidentiality of the information that outweighs the necessity for disclosure ***in the interest of justice***; but no privilege may be claimed under this paragraph if any person authorized to do so has consented that the information be disclosed in the proceeding. In determining whether disclosure of the information is against the public interest, ***the interest of the public entity as a party in the outcome of the proceeding may not be considered.***" This is not a "plain" public interest balancing test. Respondents must show that disclosure would harm the ***interest of justice***. Justice is improved, not harmed, by the fact that the public knows which police officers cannot be relied upon to give honest testimony in Court. However, it will make it harder for the DA to use dishonest/unethical police officers to prosecute members of the public - but that interest of the DA in the outcome of its proceedings cannot be considered. The very notion that the SCOTUS requires disclosure of the presence of such persons in criminal proceedings to be disclosed indicates that justice requires disclosure.

SoR Response B. "Information in the lists that reflects peace officer personnel record information under Penal Code section 832.7 is protected from disclosure under that section, under Government Code section 6254(c), under Government Code section 6254(k), and under Article I, Section 1 of the California constitution because disclosure would constitute an unwarranted invasion of personal privacy. To the extent certain responsive information falls within the categories of peace officer information covered by SB 1421, which amended Penal Code section 832.7 to remove the confidentiality restrictions over specific categories of peace officer personnel records relating to several types of officer misconduct, that information is nonetheless subject to withholding on the bases set forth above. California courts have recognized that SB 1421 did not abrogate other exemptions available under the CPRA with regard to records made public by that bill. See *Becerra v. Superior Ct.*, 44 Cal. App. 5th 897, 923-29 (2020). • Records that reflect complaints to and investigations conducted by a law enforcement agency, or are maintained in the investigative files of a law enforcement agency, are protected from disclosure under Government Code section 6254(f), even after the investigation is completed, as disclosure may impede ongoing or future investigations and prosecutions. See also *Rivero*, 54 Cal. App. 4th 1048."

- Penal Code 832.7(b) **explicitly prohibits** reliance on Gov Code 6254(f) if the matter is regarding the four SB 1421 issues (shootings, great-bodily injury/death, sexual assault, dishonesty).
- The knowledge that a police officer - because they shot, injured, sexually assaulted, or lied - cannot be trusted on the stand has no relationship to their personal privacy. Police officers' testimony at Court is certainly the conduct of public business, as is alleged or sustained misconduct. Furthermore, SB 1421 modifies the personal privacy exemption as it applies to SB 1421-disclosable records, under: Penal Code 832.7(b)(5)(C) requires that information be withheld on the basis of unwarranted invasion of personal privacy if that invasion "clearly outweighs the strong public interest in records about misconduct and serious use of force by peace officers and custodial officers."
- Note also that Penal Code 832.7(b)(5)(A) specifically does *not* exempt "names and work-related information of peace and custodial officers" - the name of an officer on this list is thus not exempt.
- Thus, in so far as peace officers are on Brady/Giglio lists for acts covered by Penal Code 832.7(b) (i.e. SB 1421), the portions of the lists identifying those officers and their SB 1421-related acts should be produced. SF Admin Code 67.26 require those portions of the lists be disclosed even if the other officers' info is not disclosable under Penal Code 832.7(b)(4) (and they may be redacted).

To whom it may concern:

This letter is in response to your Public Record Act request received by our office via email on November 3, 2020, making the following request:

- "1. All Brady, Giglio, potential impeachment, or unreliable witness lists ever created by the District Attorney's office, including every version you currently retain in any form. Such records do not escape the exceptions to the exemptions of PC 832.7 merely because the persons do not work for your office, Becerra v Superior Court (First Amendment Coalition, 2020).*
- 3. In simple terms, I want all SB 1421 records you have retained, and I want a quantity/existence/form statement, even if you believe their contents are exempt. Just like the AG in Becerra v Superior Court, if you retained any misconduct records you must release your own copies, regardless of what SFPD/DPA/SFSD do. But here's the full request: Pursuant to Becerra v Superior Court (First Amendment Coalition, 2020), provide all records (where "record(s)" is defined specifically by Penal Code 832.7(b)(2), and REGARDLESS of whether they are prepared by or for your agency or its employees) of all incidents involving the discharge of a firearm at a person by a peace officer or custodial officer; all incidents in which the use of force by a peace officer or custodial officer against a person resulted in death, or in great bodily injury; all records relating to an incident in which a sustained finding was made by any law enforcement agency or oversight agency that a peace officer or custodial officer engaged in sexual assault involving a member of the public; all records relating to an incident in which a sustained finding was made by any law enforcement agency or oversight agency of dishonesty by a peace officer or custodial officer directly relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another peace officer or custodial officer, including, but not limited to, any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence. Note: The potential exception*

that the State AG may have under Gov Code 6255 / public-interest balancing test, which the Court of Appeal found may apply if Becerra had asked for it, DOES NOT APPLY TO YOUR OFFICE, pursuant to SFAC 67.24(g and i)."

Under the Public Records Act and the Sunshine Ordinance, a "public record" is broadly defined to include "any writing containing information relating to the conduct of the public's business prepared, owned, used or retained by any state or local agency, regardless of the physical form or characteristics." Cal. Govt. Code §6252(e). If the department has no records responsive to the specific request, the department has no duty to create or recreate one.

Given the new laws and regulations we are consulting with an outside agency who has substantial interest in the request. We will be back to you with a response as soon as possible.

Sincerely,

District Attorney Boudin and Office of the District Attorney:

NOTE: THE EMAIL ADDRESS SENDING THIS REQUEST IS A PUBLICLY-VIEWABLE MAILBOX. Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. All of your responses (including all responsive records) may be instantly and automatically available to the public online via the [MuckRock.com](https://muckrock.com) FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Nothing herein is legal, IT, or professional advice of any kind. The author disclaims all warranties, express or implied, including but not limited to all warranties of merchantability or fitness. In no event shall the author be liable for any special, direct, indirect, consequential, or any other damages whatsoever. The digital signature, if any, in this email is not an indication of a binding agreement or offer; it merely authenticates the sender. Please do not include any confidential information, as I intend that these communications with the City all be disclosable public records.

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency. Your initial response is required by Nov 4, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records.

Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing by specific statutory authority (SFAC 67.27).
- All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in or Terms of Service.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints. We have and will continue to file appeals and complaints for every public records violation committed by the city (see rulings in our favor in SOTF 19044 Anonymous v City Attorney's Office, 19047 Anonymous v Breed, 19091 Anonymous v Office of the Mayor, 19098 Anonymous v SFPD, 19108 Anonymous v Herrera, 19112 Anonymous v Scott).

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

1. All Brady, Giglio, potential impeachment, or unreliable witness lists ever created by the District Attorney's office, including every version you currently retain in any form. Such records do not escape the exceptions to the exemptions of PC 832.7 merely because the persons do not work for your office, *Becerra v Superior Court* (First Amendment Coalition, 2020).
2. All Brady, Giglio, potential impeachment, or unreliable witness lists ever created by any other party in the possession of your office, including every version you currently retain in any form. Such records do not escape the exceptions to the exemptions of PC 832.7 merely because the persons do not work for your office, *Becerra v Superior Court* (First Amendment Coalition, 2020).
3. In simple terms, I want all SB 1421 records you have retained, and I want a quantity/existence/form statement, even if you believe their contents are exempt. Just like the AG in *Becerra v Superior Court*, if you retained any misconduct records you must release your own copies, regardless of what SFPD/DPA/SFSD do. But here's the full request: Pursuant to *Becerra v Superior Court* (First Amendment Coalition, 2020), provide all records (where "record(s)" is defined specifically by Penal Code 832.7(b)(2), and REGARDLESS of whether they are prepared by or for your agency or its employees) of all incidents involving the discharge of a firearm at a person by a peace officer or custodial officer; all incidents in which the use of force by a peace officer or custodial officer against a person resulted in death, or in great bodily injury; all records relating to an incident in which a sustained finding was made by any law enforcement agency or oversight agency that a peace officer or custodial officer engaged in sexual assault involving a member of the public; all records relating to an incident in which a sustained finding was made by any law enforcement agency or oversight agency of dishonesty by a peace officer or custodial officer directly relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another peace officer or custodial officer, including, but not limited to, any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence. Note: The potential exception that the State AG may have under Gov Code 6255 / public-interest balancing test, which the Court of Appeal found may apply if *Becerra* had asked for it, DOES NOT APPLY TO YOUR OFFICE, pursuant to SFAC 67.24(g and i).

Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations.

FYI - If you haven't read *Becerra v Superior Court*, the Court of Appeals held: "We conclude, as a matter of statutory interpretation, that section 832.7 generally requires disclosure of all responsive records in the possession of the Department, regardless whether the records pertain to officers employed by the Department or by another public agency and regardless whether the Department or another public agency created the records. Although we also determine, as a matter of statutory interpretation, that the so-called "catchall exemption" of the CPRA, codified at Government Code section 6255, may apply to records that are subject to disclosure under section 832.7, our independent review leads us to conclude the Department did not adequately demonstrate that the public interest served by nondisclosure of the records at issue clearly outweighs the public interest in their disclosure. "

However, no San Francisco agency or official can use the catchall exemption/6255 due to SF Admin Code 67.24(g and i).

Thank you for your anticipated cooperation in this matter.

Good evening. You received the request on Nov. 3.
You had until Nov 13 under Gov Code 6253 to reply within 10 days either determining that you the records are disclosable or not (you failed to do this) or declaring a maximum of 14 day extension to consult this other agency.

You have a total of 24 days, which is Nov. 27, to determine whether or not these records are disclosable. An appeal will be filed immediately if you fail to comply.

I'm referring to the CPRA, not the Sunshine Ordinance, deadlines. The Mayor has no authority to suspend any portion of the CPRA, which is state law. Because Nov. 27 is a holiday, your response determining which of these records are disclosable will be due the next business day.

If you have a good reason, like who is being consulted and why, then I'm happy to extend the deadline by my discretion, but I'll expect something more specific than what you have stated.

Thank you. Since you have denied access to some portions of records (i.e the SB 1421 redactions),
1) you must provide me the name and title of the person responsible for the denial pursuant to CPRA.
2) you must key each redaction by footnote or clear reference to a lawful justification, pursuant to SFAC 67.26

For example, the Police Commission uses https://cdn.muckrock.com/foia_files/2020/11/12/Commission_Redaction_Index.pdf as the key, and then puts the associated key number on every redaction in their SB 1421 records.

Re: Petition to Supervisor of Records

To Whom It May Concern:

This letter responds to your December 10, 2020, petition to the Supervisor of Records seeking a determination whether the San Francisco District Attorney (“SFDA”) unlawfully withheld “Brady, Giglio, potential impeachment, or unreliable witness lists” created by the San SFDA, or created by another party but in the SFDA’s possession, in response to your November 3, 2020, request.

We have reviewed the SFDA’s response to your request and the categories of responsive records withheld by the SFDA, and we determine that the SFDA properly withheld all Brady, Giglio, potential impeachment, or unreliable witness lists in the SFDA’s possession because all responsive records are exempt from disclosure under California Public Records Act, Government Code 6250, *et seq.* and the San Francisco Sunshine Ordinance.

The Requested Lists Are Exempt from Disclosure in Their Entirety.

The requested lists created by the SFDA’s office are exempt from disclosure in their entirety as attorney work product under Government Code section 6254(k), Penal Code section 1054.5, and Code of Civil Procedure section 2018.030. The only lists in the requested categories that are created by an outside agency and maintained by the SFDA’s office are lists provided to the SFDA by the San Francisco Police Department (“SFPD”), and such lists are exempt from disclosure in their entirety under Government Code sections 6254.5(e) and 6254(k), and under Evidence Code 1040(b)(2) (the official information privilege), as the lists were provided to the SFDA by the SFPD with an explicit confidentiality designation, and the public interest in withholding the records outweighs the public interest in disclosure because disclosure of the requested lists would impede the SFDA’s ability to comply with its Brady and Giglio obligations while protecting the integrity of ongoing and future investigations. For the same reasons, the lists are exempt from disclosure in their entirety under Government Code section 6255 based on the fact that the interest in withholding these materials outweighs the public interest in disclosure. To the extent disclosure of the requested lists would impede the SFDA’s core state law prosecutorial function, the SFDA is not bound by any provision in the Sunshine Ordinance that would compel disclosure of these lists. *See Rivero v. Superior Ct.*, 54 Cal. App. 4th 1048 (1997). In addition, the Mayor’s Fifth Supplement to the Proclamation of Local Emergency, dated March 23, 2020, at Section 7(d), waived the prohibition in Administrative Code section 67.24(g) and (i) on withholding records in reliance on the general balancing test in Government Code Section 6255.

//

Additional Privileges or Exemptions Apply to Much or All Included Information.

Much or all of the content of the lists are also exempt from disclosure on the following bases:

- Information in the lists that reflects peace officer personnel record information under Penal Code section 832.7 is protected from disclosure under that section, under Government Code section 6254(c), under Government Code section 6254(k), and under Article I, Section 1 of the California constitution because disclosure would constitute an unwarranted invasion of personal privacy. To the extent certain responsive information falls within the categories of peace officer information covered by SB 1421, which amended Penal Code section 832.7 to remove the confidentiality restrictions over specific categories of peace officer personnel records relating to several types of officer misconduct, that information is nonetheless subject to withholding on the bases set forth above. California courts have recognized that SB 1421 did not abrogate other exemptions available under the CPRA with regard to records made public by that bill. *See Becerra v. Superior Ct.*, 44 Cal. App. 5th 897, 923-29 (2020).
- Records that reflect complaints to and investigations conducted by a law enforcement agency, or are maintained in the investigative files of a law enforcement agency, are protected from disclosure under Government Code section 6254(f), even after the investigation is completed, as disclosure may impede ongoing or future investigations and prosecutions. *See also Rivero*, 54 Cal. App. 4th 1048.
- Criminal offender record information is protected from disclosure under Penal Code section 13102.

For the reasons stated above, your petition is denied.

Very truly yours,

DENNIS J. HERRERA

Supervisor of Records Dennis Herrera,

This is a 67.21(d) petition against Sgt. Rodriguez and SFPD. I requested:
"All messages in the thread "190149152 / Carmody / SVRCFL Lab # SV-19-0033" including all replies and forwards and the original email in the email account brodriguez@rcfl.gov".

SFPD responded:

"There are responsive records in Sgt. Rodriguez's rcfl.gov email account. The documents pertain to an open investigation and are exempt from release under 6254(f) GC / Open Investigation. "

First I would argue that this investigation is no longer actually open.

Second, even if currently open, SFPD waived any applicable exemptions for at least some of the records at issue in the instant request through prior voluntary disclosure, and thus must disclose them here pursuant to Gov Code 6254.5.

In earlier records request P8985, SFPD disclosed an email from Lt. Torres to Chief Moser, attached. That email included a forward of a body and partial headers of the email at issue in this request from Sgt. Rodriguez. Therefore, the SFPD must release at least that single email sent by Rodriguez to Torres, even if it wishes to for example withhold attachments and other documents allegedly exempt under 6254(f) that were not previously disclosed.

(the remainder of the requests are not at issue in this petition).

Hi Joe-

In light of all the stuff going on with this case, we have not gone any further with this first request with the two laptops. All that happened here is that I forensically imaged both laptops and Penni prepared to process them. We stopped once we heard the evidence was being picked up. As you know, all submitted evidence was returned to SFPD on 5/20/19. Nothing at all was done on the second request (SV-19-0033-2) with the tower PC and loose

HDDs - a written report is forthcoming detailing that.

I do have a question on this first request (with the two laptops)...since I forensically imaged both laptops, we have a couple of options:

- 1) Close our exam (which hasn't really started) and return the master copy tape (containing the forensic images of the laptops) along with a written report in case you/someone wants to examine these laptops for evidence at a later date.
- 2) Close our exam (which hasn't really started) and DESTROY the master copy tape (containing the forensic images of the laptops), which means the laptops can never be examined unless they are seized from the subject again.
- 3) Hold - since we have forensic images of the two laptops (only) and wait for further instruction to possibly examine them.

Please advise!

Thanks!

Subject: California Public Records Act Request: Email and Electronic Communications Audit (SFPD)

RE: Email and Electronic Communications Audit

To Whom It May Concern:

**** NOTE: this is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

We request under the San Francisco Sunshine Ordinance (Ordinance) and the California Public Records Act (CPRA) the following items from the SFPD.

Similar requests were recently made of the Board of Supervisors, Clerk, and Mayor's Office. If a person has multiple email addresses (including but not limited to email aliases), 10 emails from each are requested. For example the Mayor may have a public-facing email alias and also an email address she uses to do business internally- 10 from each are requested. Please do not include spam or product advertisement emails.

We remind you of your obligations to provide electronic records in the original format you hold them in. Therefore, e-mails exported in the .eml or .msg format with all non-exempt headers, metadata, attachments, etc. are best. However, if you choose to convert emails, for example, to PDF or printed format, to easily redact them, you must ensure that you have preserved the full content of the original email record (as specified in request "A"), which contains many detailed headers beyond the generally used From/To/Subject/Sent/etc. For the chat apps, a screenshot or print-out is acceptable.

If you use PDF, use properly redacted searchable or text pdfs. Please don't use image PDFs to make it harder to analyze the records.

If you provide PDFs instead of original email files, only give a few of the headers or lacking attachments/images, and/or improperly withhold public records that exist on private accounts/devices you may be in violation of SF Admin Code and/or CPRA, and we may challenge your decision at the Sunshine Ordinance Task Force, Supervisor of Records,

judicially, and/or via any other remedies available to us. I currently have pending petitions to the Task Force and Supervisor of Records to correct prior disclosure failures of electronic information from various SF agencies.

You must justify all withholding.

Provide records in a rolling fashion. Do not wait for all records to be available.

Please provide only those copies of records available without any fees. If you determine certain records would require fees, please instead provide the required free notice of which of those records are available and non-exempt for inspection in-person if we so choose. Please use email to respond.

I look forward to your prompt disclosure.

RE: SFPD Request P008260-071519

Supervisor of Records Dennis Herrera,

This is an SFAC 67.21(d) petition against the SFPD. Please determine, in writing, within 10 days, whether each of the contested records or parts of records enumerated below are public, and order their disclosure.

On Oct. 7, 2020, in *SOTF 19098 Anonymous v. SFPD*, the Sunshine Ordinance Task Force unanimously (with the support of the new commissioners) ruled against SFPD in this request on four violations:

- SFAC 67.21(b) for failing to provide copies of electronic records by printing and scanning them instead,
- 67.21(k) (which requires complying with the CPRA), by failing to search for all personally-held public records within the scope of *City of San Jose v. Superior Court (2017)*,
- 67.26 by withholding partially text message records namely the *To* and *From* of each message and also by withholding all email metadata namely email headers, and
- 67.26 (again) by failing to key each redaction with a footnote or other clear reference to a justification.

I present three issues for you to determine:

ISSUE 1. On Oct. 8, 2020, SFPD admitted that there were in fact “responsive documents that he sent from his personal email to his SFgov email” for two of the custodians (then-DC Admin., and Commander Admin.). You previously stated on Nov. 12, 2019 that this *City of San Jose* issue was beyond your jurisdiction. However, SFAC 67.21(d), which describes your jurisdiction, applies not only when records or parts thereof are withheld, but instead states “If the custodian refuses, fails to comply, or incompletely complies with a request described in (b), the person making the request may petition the supervisor of records for a determination whether the record requested is public.” In failing to search for and provide all personally-held public records pursuant to *City of San Jose*, SFPD failed to comply or incompletely complied with my request. You must determine that these personally-held records about the conduct of public business are public and order them disclosed. As of this petition filing they have not been disclosed. Determining whether or not a record about the conduct of public business but stored on personal property is a public record falls squarely within 67.21(d).

ISSUE 2. In the same Oct. 8 email, SFPD stated that three of the custodians for this July 2019 request are no longer with SFPD. It appears the SFPD is refusing to provide *San Jose* records for those custodians and/or did not retain them when I made the request last year. However, per your Good Government Guide, even if there is no general retention requirement for such records, once I requested them they must be retained by SFPD: “Even if a document does not meet the definition of “record” for retention purposes, if the department receives a public records request for the document, it may not destroy it or otherwise dispose of it.” (Good Govt Guide, p. 124). You must determine that the records for the then-Directors of Public Policy,

Communication, and IT are public and order them disclosed. The SFPD may have made it impossible for it to now lawfully comply with my request due its unlawful handling of my request last year (i.e. by not retaining the responsive records when I requested them), but that does not absolve you of the responsibility to issue a written determination of whether the records are public.

ISSUE 3. Determine that the *To* and *From* for text messages is public, and order that information disclosed. Here is an example of the text message records that they provided in a “Tab Separated Value” database format. Note the columns of various metadata and also content. The “To” and “From” columns - indicating which government official is speaking to which other official - are not exempt under any law, and SFPD has in fact provided the To and From in response to other text message requests.

Note that your prior “reasonable segregation” arguments have no bearing on this request. I issued a request for a copy of a record, not for inspection of a record in person. Only inspections of records are held to a “reasonable segregation” standard - which, as you cited, is in Gov Code 6253(a), not 6253(b, c) which apply to requests for copies. This is common sense - when inspecting a record in person redaction is not possible, but it is on a copy. Your own Good Government Guide teaches that these are separate rights which may be invoked (pg. 92). In fact, given that the City has clearly easily redacted small portions of these databases (note above the redaction “REDACTED 6254(F) GC OPEN INVESTIGATION” replacing some parts of the messages), your “reasonable segregation” arguments would not hold water *even if it was relevant (which it is not)*, as the To/From columns were clearly “segregated” from the other ones already (by deleting them).

Sincerely,

Anonymous

This is a follow up to a previous request:

Supervisor of Records Dennis Herrera,

This is a new 67.21(d) petition against SFSD. SFSD in response to a records request for certain SB 1421/Becerra v Superior Court records made on Feb 22, 2020 from this email address produced, among other records, the following 41 page document on July 20, 2020:
https://cdn.muckrock.com/foia_files/2020/07/20/A2012-0073_FINAL_.pdf

They stated:

"1. A2012-0073

- Deputy E. Gonzales #1103: currently employed with SFSD
- Incident occurred on 9/10/2012 in Oakland, CA
- Officer involved shooting (off-duty)"

As SFSD refuses to comply with SFAC 67.27 and has not justified their withholding of information in writing and refuses to comply with SFAC 67.26 and has not provided footnotes or other clear references to justifications for their redactions, we challenge all of the redactions and also all documents withheld in entirety in case A2012-0073. Please determine in writing that one or more parts of these records are public, and order them disclosed.

Presumably, as an attorney who is also sworn to uphold the law, you will comply with your duty under the Sunshine Ordinance to independently review all 41 pages of documents and pass judgment on each of withheld part to identify if **any part** of the record is public.

If you choose to shirk your full obligations, here are some examples (not exhaustive) of unlawful redactions:

- Page 2, Location of incident - GC 6254(f)(2)(A)
- Page 2, Officer in Charge
- Page 3, first sentence, location
- Page 4 and throughout - name of suspect. Because the suspect was arrested, their name is public. GC 6254(f)(1)
- Page 7, 0800 hrs - unclear what was redacted
- Page 8 - all redactions in final table column
- Page 16 - location of incident publicly disclosed by Oakland PD PIO
- Page 18 - full para redacted
- Page 25 - location
- Page 26, all locations, firearm serial #
- Page 31 - location of incident report 6254(f)(2)(A)
- Page 31-39 - incident report: unredact all except private info of persons, under 6254(f)(2)(A). Note that the deputy's

girlfriend, who is alleged as a victim, is not private, unless it qualifies as follows: "The name of a victim of any crime defined by Section 220, 261, 261.5, 262, 264, 264.1, 265, 266, 266a, 266b, 266c, 266e, 266f, 266j, 267, 269, 273a, 273d, 273.5, 285, 286, 288, 288a, 288.2, 288.3, 288.4, 288.5, 288.7, 289, 422.6, 422.7, 422.75, 646.9, or 647.6 of the Penal Code may be withheld at the victim's request, or at the request of the victim's parent or guardian if the victim is a minor."

Remember however that we are challenging *all* redactions in the linked document.

Sincerely,
Anonymous

You have cited no legal justification for your desire to restrict who can access these public records - neither a statute nor a court case. What "security reasons" would stop anyone in the public from lawfully accessing and viewing copies of these records? Is it not the case that every single person has an equal right to access these SB 1421-disclosable public records?

You cannot in fact impose any end-user conditions on access to these public records - Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301.

If you refuse to provide a completely open, public link to the records, imposing no end-user conditions, by CoB Monday, we will file further complaints. You may want to consult your peers in SFPD, Police Commission, etc. and ask why they have not tried to restrict access to their SB 1421 records.

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency.

Your initial response is required by Feb 25, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records.

Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253).

Your non-exhaustive obligations:

- All withholding of any information must be justified in writing by specific statutory authority (SFAC 67.27).
- All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26).
- You must respond to emailed requests (SFAC 67.21(b)).
- You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)).
- You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)).
- Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in or Terms of Service.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

In simple terms, I want all SB 1421 records you have retained, and I want a quantity/existence/form statement, even if you believe their contents are exempt. Just like the AG in Becerra v Superior Court, if you retained any SB 1421 records you must release your own copies, regardless of what any other agency does. Here's the full request:

1. Pursuant to Becerra v Superior Court (First Amendment Coalition, 2020), provide all records (where "record(s)" is defined specifically by Penal Code 832.7(b)(2), and REGARDLESS of whether they are prepared by or for your agency or

its employees) of all incidents involving the discharge of a firearm at a person by a peace officer or custodial officer; all incidents in which the use of force by a peace officer or custodial officer against a person resulted in death, or in great bodily injury; all records relating to an incident in which a sustained finding was made by any law enforcement agency or oversight agency that a peace officer or custodial officer engaged in sexual assault involving a member of the public; all records relating to an incident in which a sustained finding was made by any law enforcement agency or oversight agency of dishonesty by a peace officer or custodial officer directly relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another peace officer or custodial officer, including, but not limited to, any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence. Note: The potential exception that the State AG may have under Gov Code 6255 / public-interest balancing test, which the Court of Appeal found may apply if Becerra had asked for it, DOES NOT APPLY TO YOUR OFFICE, pursuant to SFAC 67.24(g and i).

2. Please also provide an SFAC 67.21(c) written statement of the existence or quantity of these records in #1 (even if you believe their contents to be exempt) within 7 days (no extensions)

Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations.

FYI - If you haven't read *Becerra v Superior Court*, the Court of Appeals held: "We conclude, as a matter of statutory interpretation, that section 832.7 generally requires disclosure of all responsive records in the possession of the Department, regardless whether the records pertain to officers employed by the Department or by another public agency and regardless whether the Department or another public agency created the records. Although we also determine, as a matter of statutory interpretation, that the so-called "catchall exemption" of the CPRA, codified at Government Code section 6255, may apply to records that are subject to disclosure under section 832.7, our independent review leads us to conclude the Department did not adequately demonstrate that the public interest served by nondisclosure of the records at issue clearly outweighs the public interest in their disclosure. "

However, no San Francisco agency or official can use the catchall exemption/6255 due to SF Admin Code 67.24(g and i).

Thank you for your anticipated cooperation in this matter.

Sincerely,
Anonymous

This is a follow up to request number 20-881:

Supervisor of Records,

This is a 67.21(d) petition against Sean Elsbernd and the Office of the Mayor regarding the following records production:
https://cdn.muckrock.com/foia_files/2020/09/15/March_-_April_SE_Calendars_Redacted.pdf

We are challenging specifically those redactions which fall under this justification from Hank Heckel: " Further, information relating to negotiations concerning labor issues and hotel procurement has been redacted because it constitutes bargaining information, the disclosure of which would place the city at a competitive disadvantage, and because the balance of the public interest disfavors production regarding such sensitive contracting and procurement information. See SF Admin Code 67.23(a)(2), (e); Cal. Gov. Code 6254(a); 6255(a). " Note that Heckel believes which redactions fall under this category are self-evident, so while I cannot be certain which ones fall under that justification, perhaps you can be.

Please determine one or more parts of records currently withheld are public and order Sean Elsbernd and Office of Mayor to disclose those parts.

Sincerely,

a) all Outlook meeting invites or calendar entries currently in the Trash, Deleted Items, or similar feature (whether in a server or local deleted area) for Sean Elsbernd, London Breed, Andrea Bruss.

This is also a regular records request for:

b) the full 2020 calendar, (future and past): specifically, each calendar item individually printed from Outlook *not the timeline view you just gave*, for Sean Elsbernd, London Breed, and Andrea Bruss (including ALL calendars, Prop G or non Prop G, personal or . Your output should look like:

Anonymous,

Please see the attached calendars of Sean Elsbernd responsive to your request below.

Please note that personal contact information, dial-in numbers, conference call pass codes, web and video conference links and access codes and the like have been redacted pursuant to the official information privilege. Cal. Evid. Code Sec. 1040(b)(2). Attorney/Client privileged information has been redacted as indicated in the document. See Gov Code §§ 6254(k), 6276.04; Admin Code 67.23(k); Cal. Evid. Code § 950 et seq. Further, information relating to negotiations concerning labor issues and hotel procurement has been redacted because it constitutes bargaining information, the disclosure of which would place the city at a competitive disadvantage, and because the balance of the public interest disfavors production regarding such sensitive contracting and procurement information. See SF Admin Code 67.23(a)(2), (e); Cal. Gov. Code 6254(a); 6255(a). Those redactions are clearly indicated by the topic headings of certain entries.

Moreover, where entire entries have been redacted this is because the entries relate to personal and other non-city business related matters, the disclosure of which would constitute an unwarranted invasion of personal privacy. Gov Code § 6254(c), California Constitution, Art. I, Sec. 1.

As you can see, such calendar information is currently retained for at least 37 days, which is our current practice. If you have any questions, please let us know.

Subject: Your City and County of San Francisco public records request #20-881 has been closed.

City and County of San Francisco

Hi there

Record request #20-881 has been closed and published. The closure reason supplied was:

We have finished conducting a diligent search and identified documents responsive to your request.

As we wrote to you previously, due to Sandra Zuniga's suspension, we do not have access to her personal calendar. Further,

As we previously noted, Public Works staff devoted a significant amount of time trying to determine how to release records in the format you have requested. Our IT team said they are unaware of a way to edit an .ics file or convert an .ics file to a format that can be edited. These documents require extensive review for redaction of personal information and potential security issues, requiring additional staff time. We worked with you to determine if there was a format that would allow us to redact information and followed your instructions on some test files. You told us, however, that those documents did not contain the information you requested. Our IT team was unable to identify any way to either personal information or information that may pose a security concern from ics files. For that reason, we have withheld records responsive to your request on the basis that the information contained may reveal vulnerabilities to, or otherwise increase the potential for an attack on, an information technology system of a public agency. (Cal. Govt. Code 6254.19). In addition, we have withheld records on the basis of personal privacy (Cal. Govt. Code Secs. 6254(c), 6254(k); California Constitution, Art. I, Sec. I).

Please note that pdf versions of these files have been produced in response to your request #20-880.

We now consider your request closed.

City and County of San Francisco

Hi there

Record request #20-880 has been closed and published. The closure reason supplied was:

As we wrote to you on Feb. 28 and March 9, we have been unable to search for additional potentially responsive documents because we were unable to access Sandra Zuniga or her personal device(s).

Because the department still does not have access to Ms. Zuniga's devices at this time, we now consider your request closed. If, however, the department comes into possession of the device(s) and has the ability to extract the information, we will reopen your request.

Anonymous,

We have received your recent correspondence noting that you were lifting your voluntary waiver of certain request deadlines during the pandemic response. Note that we are continuing to process your pending requests. We will begin providing responsive records on a rolling basis, beginning tomorrow.

Regarding this specific request, please note that it is neither simple nor routine nor readily answerable and requires consultation with other departments. Accordingly, we will respond within the full 10 day period for a regular request, barring the need for a further extension. See Cal. Gov. Code 6253 and Admin. Code 67.25(b).

Subject: California Public Records Act Request: Permanent Calendar Archive - Immediate Disclosure Request
Mayor Breed, Andrea Bruss, Sean Elsbernd, and the Office of the Mayor,

**** NOTE: Redact your records correctly. This is a public mailbox, and all of your responses (including disclosed records) may be automatically and instantly available to the general public on the MuckRock.com service used to issue this request (though I am not a MuckRock representative). ****

This is a new immediate disclosure request under the Sunshine Ordinance and under the CPRA for:

1) IMMEDIATE DISCLOSURE: an electronic copy of all of London Breed's, Andrea Bruss's and Sean Elsbernd's ("Named Custodians") government calendars (all of them, Prop G and non-Prop G, including but not limited to 'PropG, Mayor (MYR)', 'Calendar, Mayor (MYR)', 'Breed, London (MYR)', 'Elsbernd, Sean (MYR)', 'Bruss, Andrea (MYR)' and all successors to or renames of these accounts), scheduling entries, appointments, and meeting invitations from the Requested Dates: October 27, 2019 to November 9, 2019 (inclusive). For calendars, you may provide this by directly exporting to PDF any Outlook view that shows for each and every event at least Subject, Location, Start, End, Recurrence, Meeting Status, Organizer, Show Time As, Required/Optional Attendees, Categories, Importance, Description/Body/Message, and preserving full color, formatting and text-searching. For meeting invitations, you should convert the invitations directly and individually to PDF. This includes declined or not-yet-accepted invitations, and those both sent and received for events on those days. Printing and scanning will be appealed. Use of PDF images as opposed to selectable text will be appealed. For examples of proper production, see DPW's PDF provision here: <https://sanfrancisco.nextrequest.com/requests/19-4150> - they provide PDFs of each item, and a screenshot of all of the attendee status. I am explicitly asking for those same parts of these records. All Attachments should also be provided and in their original electronic format.

2) IMMEDIATE DISCLOSURE: Furthermore, I request that a City of San Jose v Superior Court (2017) search be performed of each Named Custodian to provide: calendar items, scheduling entries, and meeting invitations for the Requested Dates that are present on their personal calendars/email or on personal accounts/devices/property (solely to the extent the record or portion thereof relates to the public's business). Any electronic format easily generated by the Named Custodian is acceptable here. Notwithstanding Gov Code 6253.3(b)(1), you may redact the Named Custodian's personal email addresses "used by the employee to conduct public business, or necessary to identify a person in an otherwise disclosable communication."

3a) regular disclosure: Furthermore, I request .ICS copies of each record identified in #1.

3b) regular disclosure: Finally, the following information, regardless of format, for each record identified in #1:

- i) creation timestamp,
- ii) modification timestamp,
- iii) creator identity,
- iv) timezone,
- v) name, email address, and acceptance status of each attendee
- vi) categories
- vii) importance
- viii) organizer name and email address
- ix) subject
- x) location
- xi) description/body

If you provide all of (i)-(xi) in 3a, you may disregard this 3b. For 3b you may use whichever format you wish as long as this public information, which is not an information security record, is not withheld.

It is likely that you will refuse some portion, and I will appeal all withholdings, exemptions, delays, and refusals. Preserve originals of all records during my appeals.

All records must be provided in rolling fashion. Every withholding (including redactions) must be justified with clear reference to a statute or case law.

Provide only those records without fees.

My purpose is to maintain a permanent record of the Mayor's business, including through her top surrogates, regardless of how you wish to destroy records internally. Such requests will be made continually and periodically to retain this permanent record, both forward- and backward-looking. If you would like to suggest a change in the form of future

periodic requests that would provide *all* of the same information I've requested, with less work, I may consider such suggestions - however that will not affect this request.

Sincerely,

Anonymous

4. Pg C-13 - This meeting is on City property, and thus the topic and attendees must be recorded. If they are recorded on the redacted line, they must be disclosed (SFAC 67.29-5).
5. Pg C-25, 29 - If the first redaction is the physical location of the meeting (as opposed to a virtual conference pin code etc.), it must be disclosed (SFAC 67.29-5, and SOTF 19108 Anonymous v City Attorney).
6. Pg C-49, 53, 61, 77, 83 - If this meeting is on City property or with one of the specified persons listed in SFAC 67.29-5 or in their home or business, the details must be disclosed.
7. Pg C-63 - Unredact the issue discussed if it is in the title (SFAC 67.29-5).
8. Pg D-1 - Unredact the second redaction about what they discussed.
9. Each email listed as fully withheld in Exhibit E "Set 1" and "Set 2" should instead be minimally redacted.

Subject: Re: California Public Records Act Request - December 7, 2019
To Whom it May Concern:

Thank you for contacting the Fine Arts Museums of San Francisco. This email is in response to your public records request submitted on Saturday, December 7, 2019, for:

*1. the specific calendar required to be kept by SF Admin Code 67.29-5 (aka "Prop G calendar") for your Department Head (whether an employee or elected

official, defined pursuant to SF Charter 2A.30 para 1), with each and every meeting/item for Nov 10 - Nov 17, 2019 (inclusive). Since these dates are more than 3 business days prior to this request, you must immediately provide them. You may use any format to provide this calendar as long as it provides at least the location, exact start and end times, general description of topics, and (as required by 67.29-5) identity of meeting participants for every meeting. If all 67.29-5 information is not visible in a summary view, you must print out the individual meeting entries*.

Attached you will find the responsive records pertaining to your request.

2. every meeting/entry on every calendar for your Department Head for Nov 10-17, 2019 (inclusive). This specifically includes both the SFAC 67.29-5/Prop G calendar, and all other calendar records (aka "non-Prop G" calendars) prepared, owned, retained, or used by your Department Head or agency staff (see SOTF Order 19047). Calendars and meeting entries are requested in their original electronic format or in .ICS format, with all non-exempt headers and metadata, and you must preserve all attachments, exhibits, formatting, hyperlinks, images, colors, email addresses, invitees and their attendance status, recurrences, exact start/end times, locations, titles, and descriptions. Daily, weekly, or monthly summary views are non-responsive - each individual meeting entry is requested.

There are no additional responsive records for this request. All records have been provided in our response to Item 1.

3. every meeting/entry on every calendar for your Department Head for future dates Dec 16-23 (inclusive). Daily, weekly, or monthly summary views are non-responsive - each individual meeting entry is requested.

Attached you will find the responsive records pertaining to your request.

4. the most recent 5 emails sent by your Department Head via their government email account. Emails are requested in their original electronic format, or in .EML or .MSG format, with all non-exempt headers and metadata, and you must preserve all attachments, exhibits, formatting, hyperlinks, images, colors, and From/To/Cc/Bcc email addresses.

Subject: RE: California Public Records Act Request: Calendars and Emails - Immediate Disclosure Request (SF FAMSF)

RE: BCC Emails - Immediate Disclosure Request

Department Head:

Below are new Immediate Disclosure Requests (SF Admin Code 67.25(a)) directed to your agency and the department head. Your response is required by Feb 11, 2020. Rolling records responses are requested (SFAC 67.25(d)) if you are unable to immediately produce records. Exact copies of every responsive record are requested (Gov Code 6253(b)) - do not: provide mere URLs, print and scan electronic records, convert native files to PDFs, or provide black and white versions of any color record. Provide only copies of records not requiring fees and in-person inspection of all other records (GC 6253). Emails are requested in the easily-generated EML or MSG formats (SFAC 67.21(l)).

I am now auditing how the City appears to unlawfully withhold the BCC recipients of emails when they print out emails in certain formats. The identity of BCC recipients is not exempt. BCC is not an information security record that reveals vulnerabilities or increases chance of an attack. The BCC names was typed in by a human being and are not metadata. You must provide BCC just like you provide To or CC recipients. There is no legal authority to keep secret the identities of persons communicating with government officials, unless they are specifically confidential informants and such. If you withhold the BCC names, I will file complaints, separate and apart from email metadata complaints (which I have now already won, see ruling in SOTF 19044).

Your non-exhaustive obligations: All withholding of any information must be justified in writing (SFAC 67.27). All withholdings by masking or deletion (aka redactions) must be keyed by footnote or other clear reference to the specific justification for that redaction, and only the minimal exempt portion of any record may be withheld (SFAC 67.26). You must respond to emailed requests (SFAC 67.21(b)). You must notify us of whether or not responsive records exist and/or were withheld for each below request (Gov Code 6253(c), 6255(b)). You must state the name and title of each person responsible for withholding any information (Gov Code 6253(d)). Do not impose any end-user restrictions upon me (Santa Clara Co. vs Superior Ct, 170 Cal.App 4th 1301); so if you use a third-party website to publish records, please make them completely public without any login or sign-in.

Your agency must do all of the above things in your response, and you cannot wait until we file complaints.

***** We have no duty to, and we will not again, remind the City of its obligations. Instead, we will file complaints for every Sunshine Ordinance or CPRA violation. We will continue to file complaints until the City's procedures are modified to fully comply with the Sunshine Ordinance and CPRA, without caveat or exception. *****

1. An exact copy with all email headers (incl. but not limited to the BCC identities), attachments, color, formatting, hyperlinks, images, and all other parts of the record of the most recent 5 emails which have any BCC recipients which were sent by your Dept Head on any government account . Note that you will have to search directly from the person's computer or account in their Sent folder specifically (In many email systems, no other method will allow you to see the BCC recipients). In modern Outlook systems, the search query is as follows: (bcc:*)

Do not destroy or discard any responsive records - we will appeal all withholdings or Sunshine violations.

NOTE: Please be certain you have properly redacted all of your responses. Once you send them to us, there is no going back. The email address sending this request is a publicly- viewable mailbox. All of your responses (including all

responsive records) may be instantly and automatically available to the public online via the MuckRock.com FOIA service used to issue this request (though the requester is an anonymous user, not a representative of MuckRock). Nothing herein is legal, IT, or professional advice of any kind. The author disclaims all warranties, express or implied, including but not limited to all warranties of merchantability or fitness. To Whom It May Concern:

We write to provide an update on the status of our consideration of your petitions. You have submitted twenty-six separate petitions to the Supervisor of Records and numerous other follow up communications concerning prior petitions. We have already responded to eighteen of your petitions.

Due to the volume of petitions and the complexity of the issues raised, we are continuing to invoke the rule of reason and will respond to your petitions within a reasonable time period with the goal of addressing each petition within 30 days of submission. We understand you disagree with this basis. As we recently explained in response to one of your complaints with the Sunshine Ordinance Task Force, we strive to respond to petitions within the 10-day period specified in Section 67.21(d), but we don't view it as an absolute deadline. Particularly here, where you have submitted numerous petitions over a short time period, responding within 10 days is not feasible because doing so would unreasonably impinge on our ability to perform our other responsibilities. Thank you.

Re: Scheduled Closure of Petitions

To Whom it May Concern:

We write concerning your pending petitions to the Supervisor of Records. On March 10, 2021, our office wrote to you regarding your then-outstanding petitions. A copy of that correspondence is attached. When we issued that letter, you had filed 135 petitions in less than two years. Given the unprecedented number of petitions, we informed you that, beginning in 2022, our office would respond to six of your petitions per calendar year.

Following our March, 2021 letter, you filed an additional 54 petitions. There are still 93 petitions currently outstanding, ranging in date from August 25, 2020 through October 20, 2022, with 68 of those petitions dating from more than two years ago. A chart listing the dates and topics of the 93 open petitions is attached. The last petition we received from you was on October 20, 2022.

In late 2022, you publicly announced your retirement from your practice of seeking public records from the City and County of San Francisco. At around the same time, you asked the Sunshine Ordinance Task Force to dismiss 50 pending complaints you had filed against various City departments and officials. The Task Force dismissed those complaints. While you did not ask our office to similarly close the 93 pending Supervisor of Records petitions, closing those petitions would be consistent with closing the Task Force complaints.

At the rate of 6 petition responses per year, it will take our office more than 15 years to respond to your 93 outstanding petitions. Because of the age of the majority of your outstanding petitions, the anticipated time and resources it will take our office to respond, the likelihood that our response already is or will be moot by the time of issuance, and because of your dismissal of the pending Task Force complaints earlier this year, we believe it prudent to close all of the 93 outstanding petitions. However, if you would like our office to keep any of your pending petitions open, please notify us at supervisorofrecords@SFCITYATTY.org by no later than October 31, 2023. Otherwise, we will close all of your pending petitions.

Very truly yours,

DAVID CHIU
City Attorney

Re: Further Invocation of the Rule of Reason

To Whom It May Concern:

We write concerning your petitions to the Supervisor of Records. You have filed approximately 135 petitions with the Supervisor of Records since May 2019. In the past three months alone you have filed 64 petitions. This is an unprecedented quantity of petitions from any single person and far outpaces the number of petitions we typically receive from all sources combined on an annual basis. Indeed, in the ten-year period between October 2008 and December 2018, we received a total of 161 petitions for an average of 16 petitions per year. At your current rate of submission, you will have submitted more petitions in two years than we received from all sources over a ten-year period.

The burden you have placed on this office is unreasonable, and undermines the City Attorney's ability to devote time and resources to its other duties under the Charter, Municipal Codes, and State law. Responding to each petition typically involves communications with departments, review of records and redactions, and legal analysis, and it requires attorneys in our office to defer their other obligations providing advice and representation to City departments. While approximately 70 of your petitions are resolved, there are still many outstanding. Addressing your outstanding petitions in a timely manner will be so burdensome and time consuming that it will unreasonably impinge on our other duties.

On September 16, 2019, we wrote to you to invoke the rule of reason due to the complexity and volume of your petitions, and we informed you our goal was to address your petitions within 30 days. In light of your excessive submission of petitions over the past year and a half and the burden it has imposed, we now further specify how we will handle your petitions going forward. We have already responded to 25 of your petitions since January 1, and we plan to review and respond to six more of your petitions this year. Beginning in 2022, we will respond to six of your petitions per calendar year, which will allow our office capacity to dedicate time to petitions submitted by other petitioners while also carrying out our many other duties for the people of the City and County of San Francisco. You may provide us a list identifying your preferred prioritization of outstanding petitions. If you prefer to withdraw any of your petitions, please let us know that as well. Thank you.

Very truly yours,

DENNIS J. HERRERA
