

San Francisco City Attorney's Office

Spring 2025 Law Student Internship Program

The San Francisco City Attorney's Office (the Office) is committed to introducing law students to the rewarding and impactful practice of municipal law through our Spring 2025 Law Student Internship Program (the Program). The Program offers law students an opportunity to work in an award-winning municipal law office, which is nationally recognized by the American Bar Association for outstanding excellence.

The Office practices civil law and works to protect and advance the rights and interests of the City and County of San Francisco and its residents. The Office provides exceptional legal services to the City's Mayor, Board of Supervisors, officials, and over 100 City departments that comprise San Francisco's municipal government. Our work empowers City leaders with effective, responsive, and creative legal solutions and representation, and our affirmative advocacy enhances the lives and wellbeing of San Francisco's residents and visitors.

The Office recognizes that diversity in the backgrounds, identities, ideas, and lived experiences of our interns and employees enriches our workplace and enhances our work. We aspire to recruit, employ, retain, and promote capable individuals representing the full spectrum of our community, and welcome all candidates, including candidates of any race, religion, national origin, gender, gender identity or expression, sexual orientation, and age, and candidates with disabilities.

About the Law Student Internship Programs

The Office is looking for qualified and motivated law students to join us for our Spring 2025 Program.

Each intern is assigned to work on one of the teams within the Office that are organized by legal practice areas. Interns work closely with deputy city attorneys who serve as mentors on a wide variety of legal research and writing projects. Attorneys work to ensure that interns benefit from their assignments, are engaged in team and client interactions, and are fully immersed in the Office's attorney-client relationships with City departments, commissions and officials.

Depending on their assignments, interns can take part in client meetings with department staff and elected officials; attend trials, settlement conferences, court hearings, and depositions; observe public meetings and closed sessions with City commissions and the San Francisco Board of Supervisors; and attend press conferences related to the Office's work.

Interns also benefit from events, tours and lectures that aim to educate Program participants about the work of the Office and municipal government. Special programming offers an inside-view of important and sometimes surprising work required of lawyers for a city as innovative and unique as San Francisco.

Practice Teams

Attorneys in the Office are organized into teams based on practice areas. The Office pairs interns with a practice team that aligns with the student's professional goals and interests. We encourage candidates to identify three preferred practice teams in their cover letter, although the Office cannot guarantee placement on a preferred team.

Internships may be available on any of the following teams:

- Airport (located at SFO)
- Code Enforcement*
- Complex & Affirmative Litigation*
- Dependency & Mental Health*
- Public Contracting & Construction Team
- Privacy & Data Task Force
- Energy and Telecommunications
- Ethics & Elections
- Government*
- Health & Human Services
- Labor*
- Land Use*
- Litigation*
- Port of San Francisco (located at the Ferry Building)
- Public Utilities
- Public Integrity & Investigations
- Real Estate & Finance
- Transportation
- Workers' Compensation*
- Workers Protection*

* Teams that handle litigation matters.
