

City and County of San Francisco
OFFICE OF THE CITY ATTORNEY
Request for Qualifications for Securities Litigation Evaluation and Reporting Services

QUESTION AND RESPONSE REGARDING RFQ
(Issued October 9, 2024)

On September 25, 2024, the Office of the City Attorney (“Office”) issued a Request for Qualifications for Securities Litigation Evaluation and Reporting Services (“RFQ”), seeking Qualifications Statements from firms interested in being considered to provide securities litigation monitoring and evaluating services for the San Francisco City and County Employees’ Retirement System. Under the RFQ, interested firms could submit questions or requests for clarification regarding the RFQ through October 3, 2024. By that deadline, the Office received one question. This question and its response is set forth below.

1. Regarding the insurance requirements, are proposers able to raise current limits to the required amounts if selected?

Response: The Office requests detailed information regarding a proposer’s current insurance limits and coverage as described on page 7 of the RFQ. If selected, proposers may increase insurance coverage to required limits before entering into a contract.
